

- Illuminated side printer makes it easy for employees to clock IN and OUT.
- Stamps date, time and messages on any document or form.
- The SP-250 comes pre-programmed with 13 standard comments, and allows managers to add unlimited custom comments to employee timecards.
- Ready for use right out of the box.

Icon Time Systems® SP-250™ Electronic Time & Date Stamp

With the ability to stamp date, time and minutes, add customized comments—and save money on payroll and extraneous meter costs—this multipurpose clock will become a business necessity.

The SP-250 Electronic Time & Date Stamp

- Supports unlimited employees
- Uses side printer for multiple printing formats
- Enables automated or manual print options
- Permits customized comments on employee timecards and documents
- Adjusts automatically for Daylight Saving Time, short months and leap year
- Allows AM/PM or 24-hour format selection

How easy is it?

SETUP

The SP-250 is ready to go, right out of the box. Just follow the easy to understand step-by-step instructions in the User Manual, mount on the wall or table and you're ready to go.

CLOCK IN OR OUT

Employees can use the illuminated printing area to ensure proper timecard alignment. The electric coil print system punches cards precisely, ensuring accurate timekeeping for payroll.
