1.2 Product Features

*The console is integrated with 15" LCD/keyboard,/touch-pad In 1U high

* Rack mountable in 19"system rack

* 15"LCD TFT Flat Panel Display, high contrast, high brightness, high resolution

* Support PS/2 thinness Keyboard with 105keys(88+17)

* Support PS/2 Touch-Pad

* Front panel lock / unlock

* Guide rail automatically lock and unlock

1.3 Product Specification

LCD1U15-15-8KVM Specifications

Item	Specification		Note
LCD TFT Display	Display area	304.1(H)×228.1(V)	15" TFT LCD
	Display colors	16.7M (true)	
	Number of pixels	1024×768	
	Typical white	250 nit (typ)	
	Luminance	8mA	
	Contrast ratio	400：1	
	Pixel pitch	0.297×0.297(mm)	
	Power Consumption	20w (power on)	＜3w (stand by)
	MTBF	LCD＞50,000hrs,backlight ＞30,000hrs	
Key Board	Key number	105 Keys(88+17)	
	Interface	PS/2	
	Keystroke life	10 million	
	O/S support	Microsoft Windows 9x/me/NT/2000/XP	
Touch Pad (with 2 button)	x/y position resolution	＞1,000 points/inch(40points/mm)	
	Interface	PS/2	
	O/S support	Microsoft Windows 9x/me/NT/2000/XP	
	Rated life	＞1 million uses	
Power Supply	Input voltage DC	90~264V AC/12V DC/48W	
		47Hz ~ 63Hz	
	MTPF	＞100,000hrs(25℃)	
Enclosure	Steel or Aluminium		
Color	Black or optional		
Net Weight	12 kg		
Dimensions	448 × 420 × 42 mm(W×D×H)		
Shipping weight	13.5 kg		
Shipping size	608×672×143 mm（W×D×H）		
Rack mounting depth range	400mm~810 mm	with rear brackets	
Temperature angle	0~50℃(Operating)	-20~60℃(Storage)
