**IMPORTANT - MAINTAIN AND KEEP THIS MANUAL IN A SAFE, DRY AND EASILY
ACCESSIBLE LOCATION. DO NOT DISCARD THIS MANUAL AT ANY TIME.**

WARNING!

YOU MUST READ & UNDERSTAND ALL THESE INSTRUCTIONS BEFORE YOU ASSEMBLE AND OR OPERATE THIS SUPER•BIO•FUEL™ BURNER. If you do not UNDERSTAND any part of these instructions DO NOT ASSEMBLE OR OPERATE the SUPER•BIO•FUEL™ Burner.

| | |
|---|--|
|  | If the information and WARNINGS in this manual are not followed exactly, a fire or explosion may result causing property damage, SEVERE BURNS or DEATH. |
|  | NEVER allow anyone to operate this SUPER•BIO•FUEL™ Burner without them fully reading and understanding all warnings, dangers & operations. |
|  | NEVER LEAVE SUPER•BIO•FUEL™ Burner UNATTENDED AT ANY TIME. Doing so is extremely dangerous. Never leave any fire unattended. |
|  | MAKE SURE you assemble product as specified in this Owner's Manual. |
|  | ONLY use a long-stemmed kitchen / BBQ lighter to light burner. NEVER use a cigarette lighter or matches to light fire. |
|  | Only use specified Super SUPER•BIO•FUEL™ as specified in this Owner's Manual – NEVER use any other type of fuel including ETHANOL fuels. We recommend that you use NO more than 1.0 liters of Super•Bio•Fuel™ for each burning session. Do not store any fuel near burner at any time. Failure to follow manufacturer's directions and owner manual's instructions will void any liability and warranty. |
|  | Do not allow the 'Wicks' In the SUPER•BIO•FUEL™ Burner to become wet. When not using the burner, safely store it empty (i.e. free of fuel) and inside a protected space. |
|  | WHAT TO DO IN THE EVENT OF UNCONTROLLABLE FIRE: Fire extinguisher – MAKE SURE YOU USE CORRECT FIRE EXTINGUISHER for the specified fuel. Do NOT place yourself in harm's way. Notify others and evacuate premises immediately. Call Fire department / Emergency Services. |
|  | Never allow children under the age of 18 to handle or operate burner or SUPER•BIO•FUEL™ at any time. Keep all fuel secure and well away from children and any pets. |
|  | NEVER consume / use non prescription or psychological/recreational drugs or alcohol prior to and or during the operation of the SUPER.BIO.FUEL™ Burner. Doing so may cause impairment of good judgment and common sense. Never allow others under the influence of non prescription or psychological drugs or alcohol to operate the burners at any time during operation. Use of non prescription drugs and or alcohol is dangerous and can lead to uncontrollable fire, severe burns and possibly death. |

DANGERS and WARNINGS: FOR YOUR SAFETY

GENERAL WARNINGS

DO NOT SIT or STAND ON TABLE—ONLY USE THE TABLE IN THE MANNER IN WHICH IT IS INTENDED

Warning—For your Safety: If the information in this instruction manual is not followed exactly, a fire or explosion may result causing property damage, personal injury or loss of life.

IMPORTANT NOTICE: Read and understand all warnings and precautions prior to assembly and use of your SUPER•BIO•FUEL™ Burner.

NOTE: The use and installation of this product must conform to local, state and federal codes. It is your responsibility to check that this burner conforms to Fire & Safety codes in your local area.

NOTICE: BUYER ASSUMES ALL RESPONSIBILITY FOR SAFETY AND USE THAT IS NOT IN ACCORDANCE WITH INSTRUCTIONS AND WARNINGS

Minimum Clearance From Unit to Combustible Construction: 72" (182.9cm) from the top: 48" (121.9cm) from all sides and back. **DO NOT** locate this appliance under overhead, unprotected combustible surfaces.

- Improper installation, adjustment, alteration, service or maintenance can cause injury or property damage. Read the installation, operation and maintenance instructions thoroughly **BEFORE** INSTALLING the SUPER•BIO•FUEL™ Burner
- Keep these instructions for future reference. If you are installing this unit for someone else, give this manual to him or her to read and keep for future reference.
- The SUPER•BIO•FUEL™ Burner shall **ONLY** be used in conjunction the Horizon Collection table(s) it is shipped with (replacement burners must also **ONLY** be used with original table(s)). This burner is **NOT INTENDED** to be used with any other table other than what is shown in this User Manual. Should this Burner be used with any other table (other than defined in this User Manual) then User / Buyer assumes all responsibilities and consequences of his/her actions.
- Never **LEAVE** this SUPER•BIO•FUEL™ Burner burning / unattended without a responsible adult being in permanent attendance.
- Always discuss with all children the importance of fire safety and the dangers associated with fire and extreme heat generated from the SUPER•BIO•FUEL™ Burner (and the Ceram glass guard) – The SUPER•BIO•FUEL™ Burner and Ceram fire glass guard become hot very quickly once the SUPER•BIO•FUEL™ Burner is lit.
- NEVER permit children or pets to play on, near or around the table(s), the SUPER•BIO•FUEL™ Burner and the Ceram glass fire guard at any time.
- **MAKE SURE** once the SUPER•BIO•FUEL™ Burner has been extinguished and the SUPER•BIO•FUEL™ Burner vents have been closed that children and pets are not permitted within the vicinity of the table, SUPER•BIO•FUEL™ Burner and Ceram fire glass guard for **AT LEAST 1 hour (60 minutes)**.
- This SUPER•BIO•FUEL™ Burner and Ceram fire glass guard is **NOT** to be touched or operated **AT ANY TIME** by children. Young children need to be very closely supervised when in the vicinity of this SUPER•BIO•FUEL™ Burner and Ceram fire glass guard. **NEVER** leave an unsupervised child alone near a lit burner.
- **ALWAYS** inspect the SUPER•BIO•FUEL™ Burner and Ceram fire glass guard **BEFORE** using it – The SUPER•BIO•FUEL™ Burner must always be in good condition (No dents, holes, leaks, metal arms on burners must hold Ceram Glass Fire Guard safely and securely). Check for debris and any other foreign material (such as spider webs or nests in this area should be removed) in the fuel tank reservoir and **ALWAYS** check the Ceram fire glass guard for chips, cracks or breaks **EVERY TIME** before you light the SUPER•BIO•FUEL™ Burner. **NEVER** use the SUPER•BIO•FUEL™ Burner and /or the Ceram fire glass guard if any part is in any way damaged or deteriorated.
- If the SUPER•BIO•FUEL™ or Ceram fire glass guard appears flawed, damaged or is in a state of deterioration it must be replaced before the SUPER•BIO•FUEL™ Burner is used. If you suspect that the SUPER•BIO•FUEL™ Burner or Ceram fire glass guard is compromised in any way do **NOT** use or light the SUPER•BIO•FUEL™ Burner at all. A SUPER•BIO•FUEL™ Burner and Ceram fire glass guard specified by the manufacturer can only replace the SUPER•BIO•FUEL™ Burner and Ceram fire glass guard that you purchase or is shipped to you. Contact the original store or design firm from whom you purchased this product.
- Do **NOT** operate, light or use the SUPER•BIO•FUEL™ within 6 feet of combustible walls, structures or buildings.
- Storage of the Horizon Dining and lounge table with the SUPER•BIO•FUEL™ Burner is permissible only when the SUPER•BIO•FUEL™ Burner is not in use and there is **NO** Super SUPER•BIO•FUEL™ liquid stored in the SUPER•BIO•FUEL™ reservoir tank.
- Do **NOT** place any combustible materials (including but not limited to table decorations) within 40" (1.0M) of the liquid SUPER•BIO•FUEL™ Burner. Keep the SUPER•BIO•FUEL™ Burner and table at least 80" (2.0M) away from curtains, tents or draperies.

DANGERS and WARNINGS: FOR YOUR SAFETY

- The SUPER•BIO•FUEL™ Burner must use ONLY the specified and recommended SUPER•BIO•FUEL™ DO NOT USE ANY OTHER TYPE OF FUEL – NOT ONLY IS THIS EXTREMELY DANGEROUS AND HAZARDOUS, YOU SHOULD KNOW AND UNDERSTAND THAT THIS BURNER IS NOT DESIGNED FOR STANDARD ETHANOL FUEL OR ANY OTHER TYPE OF LIQUID OR GEL FIRE FUEL. FAILURE TO FOLLOW THIS INSTRUCTION COULD LEAD TO AN EXPLOSION, UNCONTROLLABLE FIRE, SEVERE BURNS AND OR DEATH – PLEASE BE VERY CAREFUL AT ALL TIMES.
- Do NOT burn solid fuels such as: paper, wood, charcoal briquettes, lump charcoal, driftwood, trash, leaves, cardboard, plywood or stained or pressure treated wood with this SUPER•BIO•FUEL™ Burner.
- Do NOT toast or cook any type of food (e.g. Marshmallows) over a lit SUPER•BIO•FUEL™ Burner. Fuel is a toxic liquid, cooking or toasting food over a lit SUPER•BIO•FUEL™ Burner can result in the food dropping or falling into the SUPER•BIO•FUEL™ Burner. This may lead to the person cooking to want to lean over burner or retrieve the food – Do NOT allow this action – THIS IS DANGEROUS.
- DO NOT store any combustible materials in the table base enclosure.
- The use of alcohol, prescription or non-prescription drugs may impair an individual's ability to properly assemble or safely operate this SUPER•BIO•FUEL™ Burner. Do Not serve or consume high alcohol beverages (i.e. alcoholic drinks that contain 70 percent alcohol (140 proof) e.g. Absinthe and or Bacardi 151). Alcoholic drinks that contain a high alcoholic content level are flammable and should not be served near any open flame / burner and specifically not within 6 feet (72" inches) of the SUPER•BIO•FUEL™ Burner. The Burner could be a source of ignition for the alcoholic drink.
- DO NOT operate the SUPER•BIO•FUEL™ Burner in an explosive atmosphere. Keep the SUPER•BIO•FUEL™ Burner / table clear and free of combustible materials, gasoline and other flammable vapors and liquids – this includes ethanol and or any other flammable liquid fuel.
- The SUPER•BIO•FUEL™ Burner is not to be installed or used in or on recreation vehicles and / or boats.
- Do NOT use this SUPER•BIO•FUEL™ Burner near automobiles, trucks, vans or recreational vehicles.
- Always use in accordance with all applicable local, state and national codes. Contact your local fire department for details on outdoor / indoor burning. Observe and closely follow burn bans and all associated warnings at all times.
- Use the same precautions you would with any open fire when operating the SUPER•BIO•FUEL™ Burner.
- Do NOT alter the SUPER•BIO•FUEL™ Burner or the Horizon table(s) in any manner.
- Do NOT use / light this SUPER•BIO•FUEL™ Burner until it is COMPLETELY assembled and all parts are securely positioned as specified in this User Manual.
- Do NOT store or operate a liquid propane (LP) gas tank within 20 feet (6.0 Meters) of this SUPER•BIO•FUEL™ Burner / table while it is in operation and or you are about to fuel the SUPER•BIO•FUEL™ Burner.
- Avoid using near or under overhanging trees and shrubs.
- We strongly recommend using SUPER•BIO•FUEL™ Burner on a hard, level, non-combustible surface such as concrete, ceramic tile, rock or stone. An asphalt or blacktop surface may not be acceptable for this purpose.
- Do NOT use this SUPER•BIO•FUEL™ Burner if any part of it contains rain water or other liquid other than specified fuel.
- Do NOT wear flammable or loose long-sleeved clothing when operating this SUPER•BIO•FUEL™ Burner. When operating the SUPER•BIO•FUEL™ Burner / table do NOT wear articles of clothing that contain synthetic fibers (e.g. polyester, nylon, polypropylene etc). In the event of fire becoming uncontrollable and catching light to any part of your body, the synthetic fibers contained in some articles of clothing will melt very fast causing extreme pain and severe burns.
- Make sure you ALWAYS tie back long hair when lighting or extinguishing the SUPER•BIO•FUEL™ Burner.
- Do NOT smoke while setting up, lighting or extinguishing the SUPER•BIO•FUEL™ Burner. Never leave lighters or matches on the table or close to the SUPER•BIO•FUEL™ Burner.
- Do NOT use or operate SUPER•BIO•FUEL™ Burner / table in windy conditions. Sudden and strong wind gusts can cause fire to become uncontrollable, which can lead to a dangerous operating environment and can place you and others at risk. If wind picks up and you notice that the fire appears to be rising uncontrollably above the Ceram fire glass guard, shut the burner down immediately. If safe to do so, close the burner vents and if the fire is out of control, immediately use an ABC or other appropriate fire extinguisher (use fire extinguisher according to manufacturer's instructions) as a last resort.
- Do NOT overfill the SUPER•BIO•FUEL™ Burner with fuel. Using a fuel funnel (supplied with this table and burner) we strongly recommend that you only fill the burner with 1.0 liter of Super•Bio•Fuel™ per burning session. AVOID THE TEMPTATION TO FILL FUEL TO THE TOP OF THE BURNER, THIS IS UNSAFE, UNNECESSARY AND DANGEROUS
- Keep all electrical cords away from a hot outdoor SUPER•BIO•FUEL™ Burner.

DANGERS and WARNINGS: FOR YOUR SAFETY

- Certain areas of this SUPER•BIO•FUEL™ Burner and table when in use will become too hot to safely touch. DO NOT touch any Ceram fire glass guard or burner surface until the burner has been extinguished and allowed to cool down for at least 30 minutes. **WARNING: BE VERY CAREFUL, DO NOT PUT YOURSELF OR OTHERS AT RISK. MONITOR CHILDREN CLOSELY AT ALL TIMES.**
- Do NOT hang or place clothing or other flammable materials on, above or near the SUPER•BIO•FUEL™ Burner.
- Do NOT attempt to move or store this SUPER•BIO•FUEL™ Burner and the table until ALL parts are cool to the touch. Doing so is extremely dangerous and could cause burns or damage to the table.
- Do NOT leave or store any SUPER•BIO•FUEL™ in the burner tank reservoir for any period of time unless you are planning on using the Super SUPER•BIO•FUEL™ Burner within the next 30 minutes.
- For your safety, we strongly recommend that you Do NOT throw or pour anything into the SUPER•BIO•FUEL™ Burner when the unit is in operation / lit or burning. If you wish to re-fuel the burner, wait until the flames are fully extinguished before re-fueling. When fueling or adding fuel to the SUPER•BIO•FUEL™ Burner, make sure you always wipe up any fuel spills before lighting the burner. If you spill fuel while adding fuel to a lit burner, immediately close the SUPER•BIO•FUEL™ Burner vent / fuel port and when safe to do so, wipe up all fuel spills. SUPER•BIO•FUEL™ is water soluble and can be wiped up with a damp paper towel or cloth. A cloth or rag contaminated with SUPER•BIO•FUEL™ should be rinsed out immediately and then placed in your washing machine for regular washing. DO NOT leave contaminated fuel rags lying around in locations where they may be prone to combustion or where pets and or children have access to them.
- Do NOT place yourself, others and property at risk – Always think of SAFETY at ALL times.
- Should the SUPER•BIO•FUEL™ fire become uncontrollable, call the Fire Department / Emergency services. Warn others and evacuate to a safe location. Do NOT put yourself or others in harm's way trying to tackle an out of control fire.
- Do NOT cover or decorate the burner with any items that may hide Warning and caution symbols and messages. It is important that the operator and your friends and family can always see and understand the warning messages on the SUPER•BIO•FUEL™ Burner at ALL TIMES. Keep your burner surface clean so that Warning symbols and messages can be easily read.
- **DO NOT ALLOW OTHERS TO OPERATE THE SUPER•BIO•FUEL™ BURNER UNLESS THEY HAVE READ AND FULLY UNDERSTAND HOW TO SAFELY OPERATE THE SUPER•BIO•FUEL™ BURNER SO AS TO AVOID LOSS OF PROPERTY, SEVERE BURNS AND/OR DEATH.**

SUPER•BIO•FUEL™ DANGERS, WARNINGS & FUEL SPECIFICATION

Transport: super•bio•fuel / Hazard Class: 0
Poses No Shipping Hazards / Non-Flammable, Class 65
Approved for Ground + Air Shipments / HMIS 0-1-0

SUPER•BIO•FUEL™ DANGERS, WARNINGS & FUEL SPECIFICATION

SUPER•BIO•FUEL™ SAFETY

This table and burner is for use with SUPER•BIO•FUEL™ ONLY. No other fuel is acceptable.

READ, UNDERSTAND & CLOSELY FOLLOW all Warnings and Danger signs and notices and closely follow SUPER•BIO•FUEL™ Manufacturer's instructions prior to use. This fuel is flammable and should be treated with caution at all times. View labels and the Material Safety Data Sheet on the following pages that provide instruction as to how to safely use this type of fuel – for additional safety information, visit manufacturer's website at: www.luminaproducts.com/superbiofuel/safety

SUPER•BIO•FUEL™ can be used indoors (well ventilated spaces) or outdoors. There are no toxic emissions, just water vapor and CO2 like ethanol.

IMPORTANT INFORMATION: NO OTHER FUEL TYPES SHOULD BE USED IN THIS BURNER AS THERE COULD BE RISKS OF INJURY OR DEATH. THIS BURNER IS DESIGNED ONLY TO USE SUPER•BIO•FUEL™

When used outdoors it's important that rain or other liquids do not get into the burner and more importantly, the burning wick. The wick must remain dry at all times (apart from contact with fuel).

The flash point of SUPER•BIO•FUEL™ is 200° F

Unlike ethanol type fuels, this SUPER•BIO•FUEL™ can be used to re-fill a burner during burning of fuel. The fuel manufacturer recommends re-fueling the burner when you notice that the flames are low and almost at a point of extinguishing. If you allow the burner to completely extinguish, allow for 10 minutes to pass before re-fueling to allow non-toxic gases to escape.

Note SUPER•BIO•FUEL™ does not evaporate like most other fuels or like water. A droplet on the table will remain until it is wiped off or removed. Please be safe with this fuel, wipe up any spills after pouring or fueling the Burner.

Please carefully read the following Material Safety Data Sheet information and read all labels included in this User Manual BEFORE USING OR DISPENSING ANY FUEL. Failure to do so may lead to damage to property, cause explosions, severe burns and or death. Make sure you know and understand how to safely fuel, extinguish SUPER•BIO•FUEL™ at all times and in the event of ingestion or fires becoming uncontrollable, how to seek First Aid / safely extinguish fire from this fuel.

At a minimum keep an up to date and serviced ABC class Fire Extinguisher available and close at hand at all times. At a minimum, **we strongly recommend** that you have an ABC fire extinguisher within 8 feet of the fire.

**SUPER VALUE!
LONGER BURNING
THAN ETHANOL!**

6
more fuel

burns

**Revolutionary NEW SUPER-BIO-FUEL™
... IS FUEL REDEFINED!**

NON-FLAMMABLE / SAFE HANDLING

English + French Label

Available in:
1-Liter 4-Liter

smart resource group
renewable • sustainable • planet friendly

super·bio·fuel™

SUPER-BIO-FUEL™ - A SUPERIOR FUEL THAT PROVIDES SUPER BENEFITS:

- **Non Flammable** for safe handling, yet Combustible for economic burning.
- **Most Cost Effective Ethanol Fuel Alternative** - burns up to 40% longer than ethanol fuels.
- **Suitable for INDOOR or OUTDOOR use** - generates no harmful or toxic exhaust.
- **Versatile** - ideal for a wide range of decorative burning devices (requires wicking technology).
- **Easy Shipping** - even by AIR, there are no restrictions for either 1 Liter or 4 Liter bottles.
- **Planet Friendly** - it's recycled, purified, sustainable and generates no harmful exhaust.
- **Clean Burning** - No Soot, No Smoke, No Toxins and No Residue.
- **Laboratory Tested** - and Certified for emissions and safety.
- **Made in the USA!**

SUPER-BIO-FUEL™ - The Revolutionary New Fuel for Ventless Fireplaces, Firepots, and all Wicked Devices; it's uniquely **NON FLAMMABLE** (flash point 200° F) providing ultra-safe handling; but it is also **COMBUSTIBLE** and burns efficiently in any device that utilizes batting or wick to provide the necessary wicking action.

Due to it's high flash point, **SUPER-BIO-FUEL™** naturally eliminates flash fires and flare ups. Pouring **SUPER-BIO-FUEL™** into a burning flame only puts the fire out! And it's not hazardous, generating no harmful exhaust or odor. In fact, the only exhaust is CO₂ + Water Vapor (in similar amounts to human exhalation).

Other Important Features of SUPER-BIO-FUEL™

SUPER-BIO-FUEL™ is **CLEAN BURNING**. No Soot, No Smoke, No Smell, and No Residue left behind.

SUPER-BIO-FUEL™ is not considered 'dangerous goods' by the Department of Transportation (DOT). Therefore no special requirements or restrictions when shipping either the 1-Liter or 4-Liter bottles, therefore, making it less costly to ship than hazardous flammable fuels. It can even be shipped by air, and unlike ethanol fuels, is suitable for transport by all common carriers, couriers, and US Postal Service.

SUPER-BIO-FUEL™ burns longer than other fuels; it's the consumers' most economical fuel choice.

- Available in convenient **1-Liter bottles** and economy sized **4-Liter bottles**.
1-Liter bottles available in 6-pack or 12-pack cartons.
4-Liter bottles available in 4-pack carton. (most economical)
- Less expensive, safer and cleaner to burn than ethanol or petroleum based fuels.

SUPER-BIO-FUEL™ has no special storage requirements. It's rated non-flammable and should not impact facility insurance coverage unlike other more dangerous flammable fuels. Of course, always store in a cool place, away from any source of heat or ignition, out of direct sunlight and out of the reach of children.

SUPER-BIO-FUEL™ is safe to use and store indoors; it's uniquely suited for RV and MARINE use.

SUPER-BIO-FUEL™ is **NOT** a Fossil Fuel. It's renewable, sustainable and Planet-Friendly... and a great clean-burning alternative to Ethanol and Canned Ethanol Gel Fuels.

SUPER-BIO-FUEL™ is Proudly made in the USA! It's a purified + enhanced recycled product. ♻️

SUPER - Economical

SUPER - Versatile

SUPER - Safer ...greatly reduces chance of accidental misuse.

SUPER-BIO-FUEL™ IS FUEL REDEFINED!

* For best results use devices fitted with TecWick™ engineered batting + wicks.

Virtually any type of fireplace or burner can be converted to burn **SUPER-BIO-FUEL™** with the proper insert. Conversion kits are available for most popular brands of FirePots, Party Lites and PatioGlo burners. Visit www.tecwick.com to learn more.

1. IDENTITY

super•bio•fuel™

Smart Resource Group Inc (Manufacturer)
301 South Henry Street
Stoneville, North Carolina 27048

For Information: +1 336.644.4192
Online Safety - Emergency Info www.super-bio-fuel.com/safety
Chemical Name: ORGANIC SUPER-BIO-FUEL™ / NON-FLAMMABLE*
Manufacturer's Code: SBF Formula 8-888
Trade Name: SUPER-BIO-FUEL™
HMIS:
Health: 0
Flammability: 1
Reactivity: 0

Product Appearance and Odor:

Clear, colorless liquid; mild sweet antiseptic smell (astringent), odorless when burned.

2. INTENDED USE

Fuel for Indoor and Outdoor Ventless Fireplaces, Party Lights, Fire Pots, Fire Pits and Wicked Devices. Requires engineered fiberglass batting or wicks to start and sustain a flame. Not for human or animal consumption.

3. HAZARDOUS INGREDIENTS / INFORMATION ON INGREDIENTS

May cause eye or skin irritation with susceptible persons. May be harmful if swallowed. No components are believed to be hazardous, or listed in the NIOSH Recommendations for Occupational Safety and Health Standards 1988 or are listed as hazardous by SARA, CERCLA, or RCRA. No OSHA PEL's are established for any of the other ingredients. Not a dangerous substance or mixture according to the Globally Harmonized System (GHS)

Non Hazardous Components* [* trade secret, name withheld; hazards and treatments fully disclosed]

| | | |
|------------------------|-------|-----------------|
| Proprietary Diol | CAS * | Weight: 75%-95% |
| Proprietary Additives | CAS * | Weight: 2%-15% |
| Proprietary Ingredient | CAS * | Weight: 2%-7% |

4. FIRST AID PROCEDURES / NO KNOWN IRRITANTS

| Acute Effects: | Possible Effect | Remedy |
|----------------------------------|---|---|
| Eyes: | May cause slight irritation. | Flush area with cool water for 15 minutes. |
| Skin: | May cause slight irritation. Repeated exposure may cause skin dryness or cracking. | Rinse area well with soapy water as a precaution. |
| Ingestion: | May be harmful if swallowed. | Drink water to dilute, seek medical attention. |
| Inhalation: | Avoid sustained breathing of vapors or mist from liquid. Repeated, excessive exposures may cause central nervous system effects. | Move to fresh air and ventilate area. |
| Chronic Effects: | Central Nervous System | |
| Aggravated Medical Conditions: | See Section 11 for additional information | |
| Potential Environmental Effects: | See Section 10 for additional information | |
| Toxicological Information: | | |

5. FIRE FIGHTING INFO

Flammable Properties: May ignite if exposed to intensive heat and a source of ignition. Unable to ignite under 200° F. Material may pose a fire risk hazard because it is dispersed (or spread) by water stream.

Suitable Extinguishing Media: Extreme wetting and cooling agents (STOPPHEFAST®), Dry Powder, Alcohol-resistant foam, Carbon dioxide (CO2). Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable Extinguishing Media: Do not use a solid water stream as it may scatter and spread fire.

Unsuitable Combustion Products: Thermal decomposition (bulk spill) can lead to release of irritating gases and vapors, Carbon monoxide (CO) and Carbon dioxide (CO2).

Explosion Data:

| | |
|----------------------------------|---|
| Sensitivity to impact: | No information available. Highly unlikely. |
| Sensitivity to static discharge: | No information available. Highly unlikely. Flash Point: 200° F (unable to ignite under 200° F) |
| Specific Hazards: | Risk of ignition above 200° F. Keep product and empty container away from heat and sources of ignition. |

NFPA:

| | |
|----------------|--------------------------|
| Health 0 | Stability & Reactivity 0 |
| Flammability 1 | Physical Hazard - |

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Ensure adequate ventilation. Avoid high-pressure washing or generation of aerosols. Use personal protective equipment. Material can create slippery conditions.

Environmental Precautions: Prevent further leakage or spillage if safe to do so.

Cleanup Methods: Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

7. HANDLING & STORAGE

Handling
Storage

Ensure adequate ventilation.
Keep in a dry cool place. Reseal containers after opening. To maintain product quality, do not store in heat or direct sunlight. Keep at temperatures not exceeding 104° F.

8. PHYSICAL CHARACTERISTICS

Appearance: Clear liquid.
pH: No information available.
Odor: Mild Sweet antiseptic (Astringent) Does not contain D-Limonenes.
Flash Point: 200° F / Will not ignite below 200° F.
Auto-Ignition: Above 1,000° F.
Water Solubility: Miscible.
Shelf Life: Five (5) Years when stored in closed containers between 32°F and 95°F. Avoid freezing and thawing.
Residue: Non after burning.

9. STABILITY & REACTIVITY

Chemical Stability: Stable under normal conditions.
Conditions to Avoid: Extremes of temperature and direct sunlight.
Incompatible Materials: Strong acids. Strong bases. Strong oxidizing agents.
Hazardous Decomposition Products: No Information Available.
Hazardous Reactions: Hazardous polymerization does not occur.

10. TOXICOLOGICAL INFORMATION

ACUTE TOXICITY, Product Information.

LD50 Oral: No Information Available.
LD50 Dermal: No Information Available.
LD50 Inhalation: No Information Available.

TOXICOLOGICAL DATA FOR THE COMPONENTS

| Chemical Name | Weight % | LD50 Oral | LD50 Dermal | LD50 Inhalation |
|------------------------|----------|------------------|---------------------|-------------------------------|
| Proprietary Diol | 75-95% | 20,000 mg/kg Rat | 20,800 mg/kg Rabbit | >317042 mg/m ³ air |

WE RECOMMEND THAT YOU ORDER THE FOLLOWING PROTECTION PRODUCTS:

STOPFIRE!FAST - SUPPLEMENTAL, PERSONAL FIRE SUPPRESSANT

Always plan on having an up to date fire extinguisher close by for immediate use in extinguishing small to medium sized fires BEFORE they become uncontrollable. The STOPFIRE!FAST is a personal fire suppressant that provides you with a convenient rapid response supplemental fire fighting tool to take control of fire fast. This simple and easy to use spray tool is effective in fighting most small to medium household fires (this includes Super•Bio•Fuel™ fires). Just point the aerosol can towards the fire and push the button to extinguish the fire FAST! The suppressant instantly suffocates small fires with a chilling and encapsulating foam that inhibits re-ignition and by rapidly stealing away heat many times faster than water and further inhibits re-ignition. NOTE: THIS PRODUCT DOES NOT REPLACE THE NEED FOR A CONVENTIONAL ABC FIRE EXTINGUISHER, IT IS A SUPPLEMENTAL PERSONAL FIRE SUPPRESSING SPRAY TOOL DESIGNED TO PUT OUT SMALL FIRES QUICKLY. **NOTE: NOT FOR USE OR PURCHASE BY RESIDENTS IN THE STATE OF CALIFORNIA**

ABC FIRE EXTINGUISHER

Make sure your house, garage and workshop are prepared for potential fires by acquiring an ABC Fire Extinguisher (Available from Home Depot® or other Hardware Stores). This fire extinguisher is suitable for use on fire involving household materials, including fabrics, plastics, wood, paper, flammable liquids and electrical equipment.

ADDITIONAL ITEMS THAT YOU NEED TO PURCHASE TO OPERATE THE SUPER•BIO•FUEL™ BURNER:

- A long-stemmed, high-powered, flexible, Butane BBQ or Kitchen lighter

HOW TO ORDER

STARTER PACK

This starter pack consists of:

- 1.0 liter Super•Bio•Fuel™ - 4 bottles
- 1 x STOPFIRE!FAST™ supplemental personal fire extinguisher - 16 oz

SUPER•BIO•FUEL™ - FUEL PACKAGE OPTIONS

- Super•Bio•Fuel™ – 4 x 4-Liter Pack
- Super•Bio•Fuel™ – 6 x 1 Liter Pack
- Super•Bio•Fuel™ – 12 x 1 Liter Pack

Image is not to scale.

Explanation of Danger & Warning Signs and Symbols

The following Warning symbols and labels are intended to help you understand and look out for hazards and dangers. Read and look for all these Warning symbols. Understand the importance of each warning and symbol and be on the look out for each as you check your product parts list and on parts of your SUPER•BIO•FUEL™ Burner, on the glass guard and on the specified Super SUPER•BIO•FUEL™ you purchase

| | |
|--|--|
|  <p>WARNING WARNING</p> | <p>A triangle indicates caution or danger. A triangle with an orange background and an exclamation mark (or point !) is intended to indicate the importance of extreme caution and is intended to warn the user of the possibility of bodily injury or even death in the event that warning / installation and operation notices and or instructions are not closely followed.</p> |
|  <p>FIRE HAZARD</p> | <p>A triangle with an orange background is intended to indicate that the product is extremely flammable and used incorrectly, a fire hazard. Be extremely cautious and take WARNING that failure to follow detailed instructions either with operation or use of fuel can result in uncontrollable fire</p> |
|  <p>DANGER HOT SURFACE</p> | <p>A triangle with a heat / HOT warning indicates that the surface of the burner will become very HOT. Do not touch hot surfaces such as the SUPER•BIO•FUEL™ Burner surface and or Ceram fire Glass Guard while in operation. Doing so may result in SEVERE Burns. Keep children and pets away from HOT surfaces at all times.</p> |
|  <p>NO CHILDREN NEAR FIRE</p> | <p>A circle with a line through it representing the image of a boy and a girl means that no child under the age of 18 should ever touch or operate the SUPER•BIO•FUEL™ Burner at any time AND no child should ever be left unattended and unsupervised near a lit or HOT burner at any time.</p> |
|  <p>NO PETS NEAR FIRE</p> | <p>A circle with a line through it representing the image of a dog indicates that all pets must ALWAYS be kept well away from a lit or HOT SUPER•BIO•FUEL™ Burner at all times</p> |

Explanation of Danger & Warning Signs and Symbols

NEVER TOUCH THE CERAM GLASS GUARD ONCE THE SUPER•BIO•FUEL™ BURNER HAS BEEN LIT. THE GLASS GUARD BECOMES EXTREMELY HOT VERY QUICKLY AND CAN LEAD TO SEVERE BURNS AND POSSIBLY DEATH. DO NOT TOUCH THE GLASS FOR AT LEAST 30 MINUTES AFTER THE SUPER•BIO•FUEL™ BURNER HAS COMPLETELY BEEN SHUTDOWN AND ALL SUPER•BIO•FUEL™ BURNER VENTS ARE CLOSED. APPROACH THE GLASS GUARD AND BURNER WITH EXTREME CAUTION BEFORE TOUCHING THE GLASS GUARD. USE COMMON SENSE AND DO NOT TOUCH THE GLASS GUARD WITH YOUR NAKED HAND. WARNING! NEVER PERMIT CHILDREN TO BE LEFT ALONE NEAR THE BURNER AND TABLE EITHER DURING A BURNING SESSION OR FOR AT LEAST 60 MINUTES AFTER A BURNING SESSION.

THIS IS A QR CODE (QUICK RESPONSE CODE), WHICH CAN PROVIDE YOU WITH DETAILED INFORMATION ON HOW TO SAFELY OPERATE YOUR SUPER•BIO•FUEL™ BURNER. TO ACCESS THE INFORMATION LINKED TO THIS QR CODE, YOU WILL NEED A SMART PHONE AND A QR CODE READER APP – MANY QR CODE READERS APPS ARE FREE. BEFORE YOU SCAN THIS QR CODE, CHECK THAT THE QR CODE READER WORKS (TEST IT ON OTHER QR CODES).

ALTERNATIVELY, USING THE INTERNET, VISIT THE FOLLOWING WEBSITE URL: <http://www.SeasonalLiving.com/qr/superbiofuelburners>. THE QR CODE AND WEBSITE URL CONTAIN USER AND OWNER'S MANUAL INFORMATION AND ARE INTENDED TO HELP YOU AND OTHERS OPERATE THE BURNER SAFER.

Parts List and Descriptions

Make sure you have all of the Horizon table Super•Bio•Fuel™ components as listed and shown below:

**STAINLESS STEEL LID
(FOR USE WHEN BURNER NOT IN USE)**

**3 X PERFORATED STAINLESS STEEL
WICK CUPS**

**3 X BURNER WICKS/
CARTRIDGES TO BE INSERTED
INTO PERFORATED WICK CUPS**

**4 X CURVED PANELS OF
CERAM FIRE GLASS GUARD**

SUPPORTIVE STAINLESS STEEL RING

STAINLESS STEEL BURNER

FUEL FUNNEL

**SUPER•BIO•FUEL™
MEASURING JUG/PITCHER**

Parts List and Descriptions

- Unpack all items and have someone to assist you to assemble the table
- Unpack all of the SUPER•BIO•FUEL™ Burner and table items on top of a towel or soft blanket. Make sure that you have all the items / parts as shown in the parts list.
- Remove all outer packaging and check that the SUPER•BIO•FUEL™ Burner is in good condition – free of dents, tears, and holes. If you find damage to your SUPER•BIO•FUEL™ Burner, DO NOT USE IT and contact your retailer or designer immediately.
- Using a soft cloth, wipe the new SUPER•BIO•FUEL™ Burner to make sure that you have removed any dust or excess packaging. Check that no foreign objects have fallen inside the SUPER•BIO•FUEL™ Burner tank.
- Your Horizon SUPER•BIO•FUEL™ Burner is shipped with 3 'wicks' installed in perforated stainless steel cups. To remove the wicks use a pointed tool e.g. a screw-driver to lift the cups from the burner. However this is not necessary to do unless you are replacing the wicks or emptying the burner of rain water and or fuel.
- Set your SUPER•BIO•FUEL™ Burner aside.
- Open the liquid SUPER•BIO•FUEL™ Burner vent and check that there are no blockages, debris, or dirt stuck in the SUPER•BIO•FUEL™ Burner. Check that the open and closing vent (see following instructional drawings) works smoothly and that you can easily move the vent turn table back and forth (open and close). If this does not operate easily, DO NOT USE THE SUPER•BIO•FUEL™ BURNER. Contact your retailer or designer for assistance.
- Open the package containing the Ceram fire glass guard. Carefully remove the 4 enclosed pieces of glass and place on a soft padded surface. Check the glass for chips, minor cracks, or flaws / faults. If you find any faults at all, DO NOT USE THE GLASS GUARD and contact your retailer or designer. Retain all packaging, and do not discard any part of the glass or packaging until advised to do so by the distributor, retailer or designer who sold this product to you.
- Read and make sure you understand the warning message on the Ceram fire glass guard and on the SUPER•BIO•FUEL™ Burner. If you do not understand the warning label, contact your retailer or designer for clarification.
- Before using the SUPER•BIO•FUEL™ Burner remove any plastic or paper warning stickers from the Ceram fire glass guard. Use a regular glass cleaner or warm soapy water to clean the Ceram glass guard. Make sure that the glass is completely dry BEFORE lighting the SUPER•BIO•FUEL™ Burner.
- These are the only pieces you will use to assemble and operate the SUPER•BIO•FUEL™ Burner.

WHEN UNPACKING CONTENTS OF LARGE AND HEAVY PACKAGES, BE SURE TO ALWAYS LIFT WITH YOUR KNEES. ASSEMBLY OF THE TABLE WILL REQUIRE TWO ADULTS TO SAFELY ASSEMBLE THE PARTS.

Horizon Collection Tables Suitable for the Super•Bio•Fuel™ Burner

The Horizon SUPER•BIO•FUEL™ Burner may only be used and operated with one of these tables shown below:

Horizon Lounge Table - Large
Horizon Lounge Table - Small

Horizon Lounge Tables – 63" and 49"

How to Assemble & Operate Super•Bio•Fuel™ Burner

1

BE SURE TO ASSEMBLE THE TABLE ON A FLAT, SMOOTH SOLID STONE SURFACE, AWAY FROM OVERHANGING TREES, OVER HANGS, BUILDINGS, AND OTHER STRUCTURES THAT COULD BECOME A FIRE HAZARD.

YES

NO

How to Assemble & Operate Super•Bio•Fuel™ Burner

2

CENTER COVER/CAP TO PLACE OVER HORIZON ACCESSORY HOLE WHEN NOT USING ANY HORIZON ACCESSORIES. DO NOT DISCARD THIS CENTER CAP – STORE IN A SAFE PLACE AND REPLACE INTO CENTER OF TABLE WHEN BURNER OR OTHER ACCESSORIES ARE NOT IN PLACE.

3

REMOVE CENTER COVER/CAP TO ALLOW SUPER•BIO•FUEL™ BURNER TO SIT DOWN INTO THE CENTRAL TABLE CAVITY.

How to Assemble & Operate Super•Bio•Fuel™ Burner

4

TAKE NOTE OF THE METAL RODS THAT SEAT INTO THE CENTRAL TABLE CAVITY TO ALLOW THE SUPER•BIO•FUEL™ BURNER TO SUSPEND IN THE CENTRAL TABLE CAVITY AND FOR THE BURNER TO REMAIN LEVEL

How to Assemble & Operate Super•Bio•Fuel™ Burner

5

CAREFULLY LOWER THE EMPTY SUPER•BIO•FUEL™ BURNER INTO THE CENTRAL TABLE CAVITY.

MAKE SURE THE SUPER•BIO•FUEL™ BURNER IS CENTERED IN THE CENTRAL TABLE CAVITY WITH THE METAL RODS POSITIONED ON THE INNER LIP OF THE CENTRAL TABLE TOP CAVITY. CHECK THAT THE SUPER•BIO•FUEL™ BURNER IS SITTING LEVEL IN THE TABLE TOP.

How to Assemble & Operate Super•Bio•Fuel™ Burner

6

SUPER•BIO•FUEL™ BURNER

**WITHOUT CERAM GLASS
SAFETY GUARD PANELS**

**BEFORE
CERAM GLASS SAFETY GUARD PANELS**

**AFTER
CERAM GLASS SAFETY GUARD PANELS**

SUPER•BIO•FUEL™ BURNER

**WITH CERAM GLASS
SAFETY GUARD PANELS**

How to Assemble & Operate Super•Bio•Fuel™ Burner

7

Before installing the ceram fire glass guard, check that all glass panels are clean and suitable for use. Your glass guard will have a slight amber tint to it – this is Ceram fire glass that has been specifically designed and Manufactured in Germany for this type of SUPER•BIO•FUEL™ Burner/ fire. This is **NOT** safety / tempered glass, but this glass is more suited to use for fire glass guards. **BECAUSE THIS IS NOT TEMPERED GLASS, BE SURE TO HANDLE GLASS SAFELY. DROPPING OR MIS-HANDLING OF THE GLASS CAN LEAD TO WOUNDS TO SKIN AND IN EXTREME CASES SEVERE CUTS TO BODY/LIMBS AND OR DEATH IF NOT HANDLED SENSIBLY.**

THE CERAM SAFETY GUARD PANELS WILL NEED TO BE SLID IN AT AN ANGLE, ONE AT A TIME. CAREFULLY SLIDE (ONE AT A TIME) EACH CURVED PANEL OF CERAM SAFETY GUARD INTO THE UPRIGHT POSTS. BE CAREFUL TO NOT FORCE THE GLASS AS GLASS MAY CRACK OR BREAK. WEAR SAFETY GLOVES, WHICH ALLOW COMPLETE HAND FLEXIBILITY.

AFTER ALL OF THE CERAM SAFETY GUARD PANELS HAVE SUCCESSFULLY BEEN INSTALLED YOUR SUPER•BIO•FUEL™ BURNER WILL LOOK LIKE THIS.

How to Assemble & Operate Super•Bio•Fuel™ Burner

8

HANDLE CLOSED = FUEL PORT CLOSED = VENTS CLOSED

THE SUPER•BIO•FUEL™ BURNER WITH VENTS AND FUEL PORT CLOSED.

9

HANDLE OPEN = FUEL PORT OPEN = VENTS OPEN

THE SUPER•BIO•FUEL™ BURNER WITH VENTS OPEN AND FUEL PORT OPEN.

AFTER THE CERAM GLASS SAFETY GUARD PANELS HAVE BEEN INSTALLED YOU CAN NOW PREPARE TO ADD THE SUPER•BIO•FUEL™ INTO THE SUPER•BIO•FUEL™ BURNER.

How to Assemble & Operate Super•Bio•Fuel™ Burner

10

LOCATE THE FUEL PITCHER/JUG AND FILL IT WITH THE SUPER•BIO•FUEL™ INTO THE FUEL FUNNEL. WE RECOMMEND YOU ONLY FILL 1.0 LITERS OF THE FUEL AT ANY ONE TIME INTO THE SUPER•BIO•FUEL™ BURNER.

How to Assemble & Operate Super•Bio•Fuel™ Burner

11

**THE SUPER•BIO•FUEL™ BURNER
WITH VENTS CLOSED AND FUEL PORT OPEN.**

**INSERT THE FUEL FUNNEL INTO THE
SUPER•BIO•FUEL™ BURNER FUEL PORT**

12

**AFTER SAFELY FILLING THE SUPER•BIO•FUEL™ BURNER, MANUALLY CLOSE FUEL PORT,
AND CAREFULLY CHECK ONCE MORE FOR SPILT FUEL ON THE SUPER•BIO•FUEL™ BURNER
AND/OR CERAM FIRE GLASS AND TABLE TOP SURFACE. YOUR SUPER•BIO•FUEL™ BURNER
IS NOW READY TO BE LIT.**

YOUR SUPER•BIO•FUEL™ BURNER SHOULD NOW LOOK LIKE THIS.

How to Assemble & Operate Super•Bio•Fuel™ Burner

13

TAKE NOTE: THIS PAGE INTENDS TO DEMONSTRATE AN EXAMPLE OF THE BIO•SUPER•FUEL™ BURNER IN AN STEP BY STEP MOTION EXPLAINING THE PROCESS TO OPEN AND CLOSE THE BURNER. NOTE: FUEL PORT IS ONLY OPENED AND CLOSED MANUALLY.

How to Assemble & Operate Super•Bio•Fuel™ Burner

14

IT IS IMPORTANT NOT TO LEAVE ANY RESIDUAL/SPILT FUEL ON THE BURNER OR TABLE TOP SURFACE. NOT ONLY CAN THIS BECOME A FIRE HAZARD, IT MAY ALSO DAMAGE YOUR TABLE TOP OR STAIN THE TABLE TOP AND/OR STAINLESS STEEL BURNER SURFACE.

PROPERLY DISPOSE OF ANY PAPER TOWELS THAT WERE USED TO WIPE UP SPILT FUEL. CAUTION! IMPROPER DISPOSAL OF CLEANING WIPES/ MATERIALS COULD IGNITE AND BECOME A FIRE HAZARD.

THE SUPER•BIO•FUEL™ BURNER WITH VENTS CLOSED AND FUEL PORT CLOSED.

How to Assemble & Operate Super•Bio•Fuel™ Burner

15

ONLY USE A LONG STEMMED, HIGH POWERED BUTANE FUEL KITCHEN/BARBEQUE LIGHTER TO IGNITE THE SUPER•BIO• FUEL™ BURNER. FOR YOUR SAFETY, NEVER USE A CIGARETTE LIGHTER OR MATCHES.

THE SUPER•BIO•FUEL™ BURNER SHOULD ONLY BE LIT IN THE MANNER AS SHOWN ABOVE. OVER THE TOP OF THE GLASS.

SUPER•BIO•FUEL™ IGNITES AT 200 DEGREES FAHRENHEIT / 93.3 DEGREES CELSIUS. BECAUSE OF THE HIGH IGNITION RATE, THE SUPER•BIO•FUEL™ REQUIRES A POWERFUL BUTANE FLAME BARBEQUE/ KITCHEN LIGHTER WITH A FLEX NECK HOSE TO LIGHT EACH OF THE HORIZON SUPER•BIO•FUEL™ BURNERS. MAKE SURE YOU PURCHASE A LIGHTER THAT PRODUCES A STRONG BUTANE FUEL BURNING FLAME (SOMETIMES REFERRED TO AS DUAL FLAME TECHNOLOGY). THIS TYPE OF LIGHTER NEEDS TO PRODUCE A STRONG HOT FLAME TO MAKE SURE THAT THE SUPER•BIO•FUEL™ CATCHES ALIGHT.

NOTE: THIS FUEL WHEN FIRST LIT TAKES TIME FOR THE BURNER TO BUILD A STRONG FLAME, BE PATIENT AND WAIT FOR THE BURNER TO BUILD UP HEAT TO FULLY IGNITE THE FLAME. WHEN LIGHTING EACH OF THE BURNERS, HOLD THE POWERFUL BUTANE LIGHTER CLOSE TO EACH OF THE BURNERS.

TO ORDER A WIND-RESISTANT FLEXIBLE HOSE BARBEQUE/KITCHEN BUTANE LIGHTER, VISIT YOUR LOCAL HARDWARE STORE OR HOME DEPOT® OR SIMILAR STORE.

How to Assemble & Operate Super•Bio•Fuel™ Burner

16

OUTDOOR USE

**ALWAYS BE AWARE OF YOUR SURROUNDINGS,
BE VIGILANT AND ALWAYS WATCH OUT FOR
UN-SAFE ACTIONS OR BEHAVIORS OF OTHERS
WHEN THE BURNER IS IN OPERATION**

YES

**UNSAFE, CARELESS BEHAVIOR AROUND ANY
TYPE OF FIRE IS EXTREMELY DANGEROUS -
DO NOT PUT YOURSELF / OTHERS IN HARM'S WAY**

OUTDOOR USE

NO

How to Assemble & Operate Super•Bio•Fuel™ Burner

17

TABLE SHOULD BE GOOD DISTANCE FROM DRAPES AND OTHER UPHOLSTERED PRODUCTS
NO HEAVY TABLE DECORATIONS PUSHED NEXT TO BURNER • CHILDREN KEPT AWAY FROM
TOUCHING BURNER • NO ONE SITTING ON THE EDGE OF THE TABLE • CALM ENVIRONMENT
NO SMOKING WHEN LIGHTING OR EXTINGUISHING BURNER AND FOR HANDLING FUEL
KEEP LOOSE CLOTHING AWAY

INDOOR USE

KEEP ABC FIRE EXTINGUISHER NEARBY
KEEP USER MANUAL NEARBY

INDOOR USE

NO

How to Assemble & Operate Super•Bio•Fuel™ Burner

18

SHOULD YOU NEED TO REPLACE YOUR 'BURNER WICKS', REMOVE THE PERFORATED CUPS FROM THE BURNER (CHECK THAT THERE IS NO SUPER•BIO•FUEL™ LEFT IN THE BURNER). WEAR PROTECTIVE/DISPOSABLE GLOVES AND REMOVE EACH OF THE WICKS FROM THE PERFORATED CUPS. REMOVE AND DISCARD THE OLD 'BURNER WICKS' AND REPLACE THEM WITH NEW 'BURNER WICKS'. MAKE SURE THAT WHEN YOU INSERT THE NEW /BURNER WICKS' THAT THE GRAIN OF THE WICKS IS FACING UPWARDS. THE GRAIN OF EACH 'BURNER WICK' MUST BE VERTICAL IN THE PERFORATED CUP AND EACH WICK MAY REQUIRE A LITTLE SEPARATION—GENTLY SEPARATE SOME OF THE FIBERS OF THE WICK TO ALLOW MORE FUEL TO BE ABSORBED THROUGH THE WICK FIBER. THE WICKS SHOULD FILL OUT EACH PERFORATED CUP SNUGLY BUT HAVE ENOUGH OF THE WICK FIBER EXTENDING OUT OF THE BOTTOM OF THE PERFORATED WICK CUP SO AS TO BE ABLE TO HAVE COMPLETE CONTACT WITH THE SUPER•BIO•FUEL™. SOMETIMES NEW WICKS MAY REQUIRE YOU TO POUR A SMALL AMOUNT OF SUPER•BIO•FUEL™ ON TO THE TOP OF THE PERFORATED CAGE ONCE IT CONTAINS THE WICK AND IS INSTALLED BACK INTO THE BURNER—THIS MOISTENING OF THE NEW WICKS HELPS TO LIGHT THE BURNERS BEFORE THE FUEL IS FULLY ABSORBED THROUGH EACH OF THE WICKS.

How to Assemble & Operate Super•Bio•Fuel™ Burner

19

REMEMBER WHEN NOT IN USE TO STORE YOUR BURNER SAFELY. AVOID THE BURNER WICK/CARTRIDGES FROM GETTING WET AND RAIN WATER GETTING INTO THE FUEL TANK. IF RAIN OR OTHER LIQUID GETS INTO THE BURNER TANK DISPOSE OF ALL FUEL IN THE TANK AND/OR MAKE SURE ALL WICKS ARE COMPLETELY DRY BEFORE USING BURNER AND LIGHTING WICKS AGAIN. AT A MINIMUM USE THE STAINLESS STEEL PROTECTIVE TOP/COVER AND MAKE SURE BURNER VENT IS ALWAYS CLOSED IF YOU LEAVE THE BURNER OUTDOORS.

YES

NO

Product Care, Cleaning and Maintenance

SUPER•BIO•FUEL™ BURNER CARE

Regular maintenance protects you, others, and your product. Follow these steps to keep your SUPER•BIO• FUEL™ Burner in good, working order.

Always check all components of your Horizon SUPER•BIO• FUEL™ Burner are in excellent operating condition before you fill it with Super SUPER•BIO•FUEL™

Do NOT use the Ceram fire glass guard or Horizon SUPER•BIO•FUEL™ Burner if they have any damage, dents, or holes. This could cause fuel leakage. Failure to follow these instructions can lead to uncontrolled fire.

When not using the Horizon SUPER•BIO•FUEL™ Burner, ensure it is clean and empty of Super•Bio•Fuel™. Store it indoors in a safe place along with the Ceram fire glass guard (where none of these products be accessed by children or pets. Keep the stainless steel vent in the SUPER•BIO• FUEL™ Burner firmly closed to keep dirt and other foreign objects out of the burner.

Regular cleaning will help you to maintain a nice clean stainless steel appearance and also allow family and friends to easily see warnings and warning symbols on the SUPER•BIO•FUEL™ Burner.

To clean your SUPER•BIO•FUEL™ Burner

- Remove all Ceram Fire Glass Guard panels prior to emptying Super•Bio•Fuel™ from the Burner.
- Read the MSDS (Material Safety Data Sheet—see page 8) for disposal of Super•Bio•Fuel™.
- Periodically, use a non-abrasive stainless steel cream oven cleaner such as Godard's Oven Cleaner along with a Scotch-Brite® No Scratch sponge pad (and, if required, a small brush to access areas that are difficult to reach) to remove fuel burn brown marks. These products should be available at your local hardware store or online.
- DO NOT use abrasive cleaners or abrasive pads aggressively over etched Warning symbols and directions.
- If you see dirt build up inside the SUPER•BIO•FUEL™ Burner, make sure the burner is cold, then use regular dish washing soap with warm water to carefully rinse it.
- Clean the Ceram fire glass guard regularly with warm soapy water or a glass cleaner that does not have alcohol or another flammable substance.

If you live close to the ocean and wish to leave your SUPER•BIO•FUEL™ Burner outdoors, purchase one of our table covers to protect the item. When not using the SUPER•BIO•FUEL™ Burner, apply a thin coating of stainless steel protection spray evenly all over it to reduce the chances of rust spotting. Wait until the protection spray has fully dried before using the SUPER•BIO•FUEL™ Burner again. WE STRONGLY RECOMMEND THAT YOU DO NOT SPRAY ANY OIL BASED PROTECTIVE LIQUID ON TO THE SUPER•BIO•FUEL™ BURNER WHILE IT IS ON, IN OR AROUND THE CONCRETE TABLE, THIS MAY CAUSE STAINING TO THE CONCRETE TABLE.

*****MAKE SURE TO STORE IN A SAFE PLACE
AWAY FROM CHILDRENS REACH*****

**WHEN SUPER•BIO•FUEL™ BURNER IS NOT
IN USE, SAFELY STORE BURNER AND GLASS
GUARD ALONG WITH LID IN A SAFE PLACE
FROM WEATHER. MAKE SURE THERE IS NO
RESIDUAL SUPER•BIO•FUEL™ LEFT IN THE
BURNER BEFORE STORING IN A COOL AND
SECURE WELL VENTILATED AREA.**

Warranty Information

LIMITED MANUFACTURER'S WARRANTY: Ceram Fire Glass Guard

You must inspect your glass guard at the time of purchase. Your ceram fire glass guard is warranted against manufacturer's defects for a period of 6 months from date of purchase.

LIMITED MANUFACTURER'S WARRANTY: HORIZON SUPER•BIO•FUEL™ Burner

This product includes a 1 (one) year limited manufacturer's warranty against manufacturing defects only. This does not include:

- Rust spotting and or rusting on any part of the burner,
- Negligence and poor product care,
- Operating damaged or defective product,
- Any part of the burner or table that has been changed, altered or adapted unless authorized by the manufacturer
- Operating the SUPER•BIO•FUEL™ Burner with anything BUT the specified Super SUPER•BIO•FUEL™ as shown in this User Manual
- Use of the product in any way other than what it is described in this document,
- Staining on the metal burner,
- Damage from transportation, incidental or consequential use,
- Warranty request without original request.

General Wear and Tear

The manufacturer warrants its **SUPER•BIO•FUEL™ Burner** to be free from manufacturing structural defects for a period of 1 (one) year from date of original purchase. Manufacturer, as its sole obligation, will repair or replace (at its option) any product, part, or component covered by this Limited Warranty, which fails under normal use and correct product maintenance as a result of a defect in material or workmanship. Manufacturer will repair or replace the aforementioned product, part, or component with a comparable product, part, or component.

This Limited Warranty extends only to the original purchaser (original invoice customers only) who acquires the product new from Manufacturer. Any product, part, or component must have been installed, used, and maintained in accordance with the written instruction of Manufacturer, if any, included with the product or otherwise provided to purchaser. This Warranty covers defects in materials and manufacturing only; it does not include normal wear and tear, misuse, or abuse of product, or damage caused by lack of proper care and maintenance. Any modification to the original product voids this Limited Warranty. If within 1 (one) year of purchase, the Product is found to be defective due to quality of craftsmanship, a written claim must be immediately filed with supporting photographic evidence and a detailed description with dates detailing when defects were first encountered. Any transportation costs are NOT included in the Limited Warranty.

Inspection of your products

You are required to inspect your products when you take delivery of them. If the packaging is removed or damaged on delivery then you will be required to note any damage on the delivery documentation that is presented to you by the carrier for signature. FAILURE TO DO SO, VOIDS ANY CLAIM YOU MAY HAVE. You are required to contact us in writing within 48 business hours of receipt of the merchandise for any concealed damage, providing us with complete detailed photos and a clear and precise written description of all damages. We will not be liable for any damage to any of the Product(s) unless we are notified within the time periods specified above.

TO INSURE THAT THE LIMITED WARRANTY IS VALID, CUSTOMER MUST PROVIDE CLEAR PHOTOGRAPHIC AND WRITTEN DESCRIPTIONS / EVIDENCE OF FAULTY PRODUCT AND BE PREPARED TO PRESENT ALL FAULTY MERCHANDISE OR SAMPLES TO MANUFACTURER. SHOULD THE CUSTOMER CHOOSE NOT TO RETAIN DAMAGED MERCHANDISE, THEN THIS WARRANTY IS VOID.

TO THE EXTENT PERMITTED BY LAW, ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED AND TO THE EXTENT THEY ARE LEGALLY REQUIRED, ARE LIMITED IN DURATION TO THE DURATION OF THIS LIMITED WARRANTY. TO THE EXTENT PERMITTED BY LAW, MANUFACTURER SHALL NOT BE LIABLE FOR ANY INCONVENIENCE, COMMERCIAL LOSS, OR INCIDENTAL OR CONSEQUENTIAL DAMAGES. REPAIR OR REPLACEMENT OF THE PRODUCT UNDER THIS LIMITED WARRANTY IS THE PURCHASER'S EXCLUSIVE REMEDY. Some states (USA) do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply. In such cases, this Limited Warranty shall be deemed amended solely to the extent

Warranty Information

limited by such applicable state law. This Limited Warranty gives the purchaser specific legal rights and the purchaser may also have other rights, which vary from state to state

THIS LIMITED WARRANTY IS ONLY APPLICABLE TO CUSTOMERS WITHIN THE UNITED STATES OF AMERICA FOR PRODUCT USE WITHIN THE UNITED STATES.

Contact by post/mail: Seasonal Living, 211,
East Alpine Road, Austin, TX 78704, USA.

No other forms of communication are acceptable. We strongly recommend that any mailings by post / mail are by registered delivery either with the US Postal Service and or FedEx / UPS or other standard courier companies
