

WAGAN Corp. Limited Warranty Registration Form

All WAGAN Corporation products are warranted to the original purchaser of this product. Warranty Duration: This product is warranted to the original purchaser for a period of one (1) Year from the original purchase date, to be free of defects in material and workmanship. WAGAN Corporation disclaims any liability for consequential damages. In no event will WAGAN Corporation be responsible for any amount of damages beyond the amount paid for the product at retail. In the even of a defective item, please ship the item, prepaid, with a complete explanation of the problem, your name, address and daytime phone number. WAGAN Corporation will, at its option, replaces or repair the defective part. This warranty is void if the product has been damaged by accident, in shipment, unreasonable use, misuse, neglect, improper service, commercial use, repairs by unauthorized personnel or other causes not arising out of defects in materials or workmanship. This warranty is effective only if the product is purchased and operated in the USA and does not extend to any units which have been used in violation of written instructions furnished.

Warranty Disclaimers: This warranty is in-lieu of all warranties expressed or implied and no representative or person is authorized to assume any other liability in connection with the sale of our products. There shall be no claims for defects or failure of performance or product failure under any theory of tort, contract or commercial law including, but not limited to negligence, gross negligence, strict liability, breach of warranty and breach of contract.

Warranty Performance: During the above one (1) Year warranty period, a product with a defect will be replaced with a comparable model when the product is returned to WAGAN Corporation with an original store receipt. The replacement product will be in warranty for the balance of the one (1) Year warranty period.

3 IN 1 AIR COMPRESSOR WITH INFLATOR/DEFLATOR™

User's Manual

3-In-1 Air Compressor with Inflator / Deflator by Wagan Tech

USER'S MANUAL — Please read before using this equipment.

Thank you for purchasing the 3-In-1 Air Compressor with Inflator / Deflator by Wagan Tech. Please read this manual thoroughly before operating your new product as it contains the information you need to become familiar with its features and obtain the performance that will bring you continued enjoyment for many years. Please keep this manual on file for future reference.

IMPORTANT

PRIOR TO USE, READ AND UNDERSTAND ALL WARNINGS, CAUTIONS AND INSTRUCTIONS INCLUDED IN THIS INSTRUCTION MANUAL, AND THOSE PUBLISHED BY YOUR VEHICLE BATTERY MANUFACTURER AND MANUFACTURER OF ANY DEVICE INTENDED TO BE USED WITH THIS UNIT. RETAIN THESE INSTRUCTIONS FOR FUTURE REFERENCE.

INFLATOR OPERATION (High Volume – Low Pressure)

1. Attach High Volume – Low Pressure Hose to inflating outlet
2. Select and attach correct adapter to the hose and insert into inflatable item
3. Plug the 12 Volt power cord into the vehicle's cigarette lighter socket
4. Turn the Power Switch to "I" (Inflator). The inflator will now ready for operation
5. Monitor inflatable item to prevent over inflation. After you have completed inflating beach ball, air mattress, raft etc. to the desired pressure, turn the switch back to "O" (Off) position and remove the adapter from the item

AIR COMPRESSOR OPERATION (Low Volume – High Pressure)

1. Attach the valve adapter to the valve stem for tires or insert the appropriate nozzle adapter for the low volume, high-pressure inflatable item
2. Push the valve adapter lever down to lock into place

3. Plug the 12 Volt power cord into the vehicle's cigarette lighter socket
4. Turn the Power Switch to "II" (Air Compressor). The compressor will now ready for operation

CAUTIONS:

- Make sure vehicle battery is fully charged prior to use this device
- Do not use additional attachment other than recommended or provided by manufacturer
- Start your car to ensure maximum power to unit while continuous using
- This unit is recommended to operate in 10-minute intervals
- Allow unit to cool down before next operation
- Keep away from water and do not expose to rain
- Inflating items only to manufacturers recommended pressure or less. NEVER OVERINFLATE AN ITEM. Over inflation can cause damage to the item and possible personal injury
- Always prevent hoses from kinking
- Make sure all connections no leaking while inflating
- DO NOT insert compressor or inflator into objects while unit is running. Always turn unit off before attach hoses & accessories
- Check inflation pressure of items regularly with pressure gauge
- NEVER leave unit running under unattended

ACCESSORIES:

- 3 pieces of nozzle adapters
- Low pressure extension hose with 1 adapter to connect with the unit
