

3-Way Center Channel Speaker

Model: CCS-33B

User Manual

Thank you for purchasing the Dayton Audio® 3-way Center Channel Speaker. This speaker is specifically designed for use in home theater surround sound systems. It uses two 3-3/4" polypropylene woofers, a 5/8" polycarbonate tweeter, and piezo supertweeter for extended highs. This arrangement provides great sonic performance from any listening position.

Connection: Use a high-quality wire to connect your speakers to your amplifier; 16 or 18 gauge is recommended. Be sure to connect this speaker with the same polarity as the rest of the system using the red binding post as positive in all speakers in the system.

Placement: The center channel speaker should be located directly in the center of the home theater system, either above or below the viewing screen. For best sound, it should be located in the same plane as the viewing screen, i.e. not back in behind the TV.

Specifications: • Dual 3-3/4" Polypropylene woofers with rubber surrounds • 5/8" polycarbonate tweeter with ferrofluid • 5/8" piezoelectric supertweeter • Frequency response: 100 – 20,000 Hz • Impedance: 8 ohms • Power handling: 50 watts RMS/100 watts max • Sensitivity: 87dB 1W/1m • Dimensions: 4-1/2" H x 12-1/2" W x 6" D.

Warranty Information

Dayton Audio® products are designed and constructed by industry experts, and are thoroughly tested before shipment. Dayton Audio products are warranted for the period of five years. This warranty is limited to manufacturer defects, either in materials or workmanship. Dayton Audio is not responsible for any consequential or inconsequential damage to any other unit or component or the cost for installation or extraction of any component of the audio system. In the rare case of a product failure, please contact your place of purchase or call our Customer Support Department at (937) 743-8248.

Warranty Limitations

There are no other warranties, either express or implied, which extend the foregoing, and there are no warranties of merchantability or fitness for any particular purpose. The warranty will not cover incidental or consequential damage due to defective or improper use of products, including abuse or environmental damage.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Non-Warranty Service: If non-warranty service is required, the product may be sent to the Company for repair/replacement, transportation prepaid, by calling (937) 743-8248 for details, complete instructions, and service fee charges.
