Complete User's Guide

## Safety Precautions

### On Battery

- Charge the battery only in temperature that ranges from 0 to 35 degree Celsius.
- Do not charge reader if the battery is found damaged or leaking.

### On Operation

- Never subject reader to extremes of light, temperature, moisture or vibration.
- Do not use or store reader in a location subject:
  - A. Extreme high temperature, such as in a sun-heated car
  - B. Direct sunlight
  - C. High humidity or places with corrosive substances
  - D. Sub-zero condition, especially during winter.

### On Micro SD/SDHC card

- After inserting a Micro SD/SDHC card, if the reader has no response, please take out and insert again.
- Do not remove Micro SD/SDHC card or turn off reader during data writing or reading to prevent damage to data and to the reader.
- Make sure the Micro SD/SDHC card is unlocked before writing or deleting data in the Micro SD/SDHC card.
- Backup your files and data before formatting the Micro SD/SDHC card. Please format the Micro SD/SDHC card in FAT.

### Parts and Control

**1. Power button** – press and hold for 3 seconds to turn on/off. Press and hold for 6 seconds to restart.

**2. Charging indicator**

**3,4. Page up/Page down button**

**5. Return button** – press once to return to previous menu, press and hold to return to Main menu.

**6. Earphone jack**

**7. Micro USB jack** – for data transfer and charging

**8. VOL +/- button**

**9. Mini SD/SDHC card slot** – supports Mini SD/SDHC card

**10. Speaker**

### **Power On and Off the Reader**

- Press and hold the [Power] button for 3 seconds to turn on reader.
- It may take a few moments for reader to turn on and loading the content.
- If Reader does not turn on, charging is required.
- To turn off reader, press and hold [Power] button for 3 seconds.

### Charging the Reader

- You need to charge the reader prior to using it for the first time or when battery power is low.
- Charge the reader using AC adapter with output 5V, 1.2A.
- Charging through PC may not be able to fully charge the reader due to the low output charging current from PC USB port.
- Please turn the reader to standby mode to shorten the charging process.
- It will take about 6 hours to fully charger the reader in standby mode (LCD off)
- When DC /USB power cable is connected to the reader for charging, the reader will enter into standby mode after remains idle for 60 s. Press the [Power] button to wake up the reader. The battery status is displayed at the bottom left corner.

### Importing contents

#### From Computer

- The Reader supports USB Mass Storage Device function.
- To import contents (ebooks, video, audio, photo etc) into the reader, connect the reader to PC via the supplied USB cable.
- Upon successful connection to PC, the reader will enter USB mode and all operation will be halted.
- Go to [My Computer], double click on the reader's disk to open.
- Perform the file management operation like USB device.

#### From memory card

This device supports Micro SD/SDHC card up to 16GB

##### To insert a Memory card

Insert the card correctly with the contact pin facing downwards as illustrated below. Pushing the card in, then you should hear a click when the reader is seated correctly. You may damage the card and the reader if Micro SD/SDHC card is not inserted correctly.

To remove Micro SD/SDHC card, push the card once

again until it contact the back of the slot.

When the card is inserted or removed, it will take several seconds to update content.

Please avoid inserting or ejecting the card when other operation is running as this may cause the system hang.

Do not remove the card if the content inside the card is being played. This will halt the operation of the reader and cause the reader to restart.

### **Importing DRM Contents**

The Reader supports Adobe DRM contents. Adobe Digital Editions (ADE) is required.

#### **Installing Adobe Digital Editions (ADE)**

- The ADE installer is preloaded into the Reader.
- Connect the Reader to PC via the supplied USB cable and open the reader as removable disk. Go to [My Computer], double click on the reader's disk to open.
- Make sure your computer is connected to internet
- Double click on the [digitaleditions\_172] file to open the installer.
- Alternatively, you can download the installer from <http://www.adobe.com/products/digitaleditions/#fp>.
- For first time user, you will need to get a free adobe ID from adobe website. click on the [get an Adobe ID online] link as illustrated:

# Chapter 1 Basics

- Enter your email address and complete the online form as per instructed.

## Authorizing PC and Reader

- Upon registration, return to the ADE window. Enter the user name and password to activate your Adobe account.
- After activation, connect the Reader to PC. ADE will detect the Reader and you are prompted to authorize device.
- After authorization, you will be able to find the Reader recognized in ADE as below. Contents inside the Reader will be displayed on the right hand windows.

- You can now start downloading or buying ebooks from online Ebook stores supporting Adobe DRM.
- Purchased or downloaded ebooks will be stored in [My Digital Editions] in [My Documents].

## Transferring DRM ebooks to Reader

- From ADE menu, click on [All Items] on the left hand column.
- Items in [My Digital Editions] will be listed down in right window.
- Select the desired item(s) to be transferred, <Shift> + <Left click> to select multiple files.
- Drag and drop the selected item(s) into the Reader's Drive located on the last row of the left side column as illustrated below.

No  
Ea  
includes the  
master device (the reader) and the slave device (Micro

SD/SDHC card).

When the reader is restored to default settings, ALL DRM activation record and data (including DRM books purchased) will be erased from the reader. You are required to authorize the device with your ADE ID again.

When the number of authorized device has exceeded the allowable amount, you will come across the following error message:

To request for extension and reset of your ADE ID, go to <http://www.adobe.com/support/digitaleditions/> → [Submit a web case]. You are required to key in your ADE ID info.

### Home screen

When the reader is turned on, it will enter the Home screen. Press the Return button anytime to return to the Home screen.

- Battery has been fully depleted. Please charge the reader via USB or USB AC Adapter.

### **Battery Life seems short**

- The operating temperature is below 5°C. this is due to the characteristics of battery and not a malfunction
- The battery is not used for prolonged period. Please recharge the battery of the reader again
- The battery is not fully charged. Please charge the reader for 4 hours.
- The battery needs to be replaced. Please consult the authorized dealer for service.

### **A Book cannot be read**

- Copyright protected books cannot be read on any device other than the authorized one.
- Check if the book has expired.
- Check if the book format is supported by the reader.

### **The reader cannot be operated during USB connection**

- The reader cannot be operated while it is connected to PC.
- Eject the reader from computer to resume operation.
- To use the reader while charging, click on the [Safely Remove Hardware] icon located on the left lower corner to disconnect data connection with computer. After the reader is safely removed, computer will only charge the reader and you can now resume normal operation.

### Maintenance

- If reader does get wet, turn off reader immediately. Wait for reader to dry completely before turning on again.
- Clean the screen with a soft cloth; be careful not to wipe it with anything abrasive. When carrying your reader in bag, keep reader in the protecting case supplied to avoid scratches.
- If reader needs service, please consult the authorized dealer through the contact information provided in the warranty card. Faulty service may void the warranty.

### Product Specifications

#### Display

7 inch TFT LCD Display, 800x480 pixels  
Brightness: 200cd/m<sup>2</sup>

#### Storage memory

Built in memory: xxx GB (FAT format)  
Supports Micro SD/SDHC card up to 16GB (FAT32 format)

#### Media File Format supported

Ebook: epub, pdf, txt, fb2,pdb  
Audio: mp3, wma, wav, ogg, aac,flac  
Photo: jpg, bmp, gif,png  
Video: mpeg 1, mpeg 2, mpeg 4, xvid, divx, h.263, h.264, wmv9/vc-1,rmbv, up to HD 1080p resolution

#### Connectivity

Data transfer: USB 2.0 High Speed  
Audio: 3.5mm audio jack  
Power: USB jack

### **Miscellaneous**

Built in speaker  
Clock / Date  
Real time battery indication

### **Battery life**

Reading – up to 6 hours  
Music – up to 30 hours (with backlight off)

### **Charging**

Power supply: 5.0V, 1.2A  
Duration: 6 hours (approx)

### **Minimum system requirement (USB Mass Storage)**

Windows 2K, XP, Vista, Win 7, Linux, Mac OS 10x and above

### **Physical properties**

Dimension: 202.8 x 124.7 x 12.8 mm (approx)  
Weight: 280g (approx)

※ Optional Features are not available in all models unless specified.

※ Design and specifications are subject to change without prior notice

### Certification information

#### On FCC

This equipment has been tested and found to comply with limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in

residential installations. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**WARNING: THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THE DEVICE. ANY SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.**

#### On CE

The symbol means that the unit complies with

European safety and electrical interference directives.

### **Copyrights and Trademark Notice**

Copyright laws prohibit copying the data of this product or the contents of this manual (illustrations, related documents, etc.) in whole or in part without the permission of the copyright holder. Additionally, use of the data of this product or the contents of this manual is not allowed without vendor's permission except for personal use.

Microsoft, Windows, Windows Vista and Windows Media are trademarks or registered trademarks of Microsoft Corporation in the United States and / or other countries.

Macintosh and Mac OS are trademarks of Apple Inc., registered in the U.S. and other countries.

Adobe, the Adobe logo, Reader and PDF are either registered trademarks or trademarks of Adobe Systems Incorporated in the United States and/or other countries.

MPEG Layer-3 audio coding technology and patents licensed from Fraunhofer IIS and Thomson.

The Reader contains Adobe® Reader® Mobile software under license from Adobe Systems Incorporated, Copyright © 1995-2009 Adobe Systems Incorporated. All rights reserved. Adobe and Reader are trademarks of Adobe Systems Incorporated.

### Disposal and Recycling Information

Your Reader must be disposed of properly according to local laws and regulations.

Because this product contains a battery, the product must be disposed of separately from household waste. When your eBook reader reaches its end of life, contact your local authorities to learn about recycling options.

#### Battery Replacement:

The rechargeable battery in it should be replaced only by an authorized service provider.

This symbol on the product or in the instruction means that your electrical or electric equipment should be disposed at the end of its life separately from your household waste. There are separate collection systems for recycling in the EU, For more information, please contact the local authority or your retailer where you purchased the product.

### Disclaimer

All the information, design and specifications contained in this manual were correct at the time of publication. However, as the product is under continuously upgrading, the final device may have a slightly difference in appearance or modified functionality than presented in this manual.
