### GAMES FAMILY USER MANUAL

Thank you for purchasing this product. For your convenient to understand this system operation, we hope you read this manual detail.

#### FEATURE INTRODUCTION:

- 1. Protect JAMMA  $\rm I/O$  from damage of incorrect connection
- 2. Use Intel G31 motherboard, Celeron Daul-Core CPU, 1G DDR II memory.
- 3. Installed multi game emulators software.
- 4. Allow coins inserted before game selection.
- 5. After power on player can insert coin at any time
- 6. Support 4 people play mode.
- 7. Support one game / multi games business mode.
- 8. Support 3D games.
- 9. Support video mode: VGA (31KHZ).
- 10. Support two-channel stereo audio.
- 11. Faster I/O response and more stable system operation.
- Classified all games to Stage, Flying/Shooting, Wrestle/Fighting, Maze/Puzzle, Adult, Sport, Misc./Others, and Special/Classical game list.
- 13. Each game list can be hided or showed.
- 14. Each game in list can be deleted or called back.
- 15. Support simple Chinese and English.
- 16. Game configurations are adjustable.
- 17. Support coin counter.
- 18. Set all games coin and credit value by one DIP SW.
- 19. Support new games update.

### JAMMA CONNECTOR PIN OUT DEFINITION:

SOLID SIDE	PART SIDE
