

RANGE COMPOSITION

Zanussi Professional have designed and produced a complete range of refrigerated tables, that combines the dual function of worktop and refrigerated table. This versatility allows notable savings in space whilst offering functional and modular solutions to kitchen requirements.

The main benefit of this innovative new range is total flexibility: you have the possibility to compose your table to your exact personal requirements. You can order each individual unit and combine them together: structure, top, door, drawer and refrigeration unit.

We offer a basic range of 38 models but the choice is infinite.

The range presented here consists of 3 models with rear upstand with a temperature from -2° to +10°C. Models are available with 4 doors; 3 doors and 2x½ drawers.

PT 3 SERIES

REFRIGERATED TABLES & UPSTAND 2200 ZANUSSI PROFESSIONAL

TECHNICAL CHARACTERISTICS

- ◆ Constructed entirely in AISI 304 stainless steel with satin finish and polished interior guaranteeing maximum reliability. 2" height-adjustable AISI 304 stainless steel feet (-15 to +80 mm). Completely removable grid support structure in AISI 304 stainless steel.

- ◆ The worktop has a height of 50 mm and is slotted into place for easy removal.

- ◆ High-density expanded polyurethane foam, 60 mm in thickness, with cyclopentane injection, guarantees exceptional, long-term insulation and notable energy savings.

- ◆ The design of the refrigeration unit allows maximum usage of the available space in the compartment. It is also mounted on a pull-out system to facilitate maintenance and cleaning.

- ◆ The new central position of the refrigeration unit allows perfect air circulation in the different compartments and temperature uniformity.

- ◆ These appliances are suitable for use in tropical climates (+43°C) ensuring high performance even in extreme ambient conditions.

- ◆ The base, with water drain, is pressed and features rounded internal corners to guarantee perfect cleaning.

- ◆ Completely automatic defrosting and automatic evaporation of defrost water obtained by hot gas.
- ◆ The refrigerated tables feature: reversible, self-closing doors; recessed ergonomical handles.
- ◆ The drawers feature: fully removable, telescopic runners in AISI 304 stainless steel;

perforations for improved ventilation.

- ◆ Doors and drawers are interchangeable on site.
- ◆ CFC and HCFC free.
- ◆ All models comply with the standards required by the main international approval bodies and are H marked.

CHARACTERISTICS	MODELS	
	TRNA224A 113173	TRNA224B 113174
