

## RANGE COMPOSITION

A range of 400 litre refrigerators designed to satisfy the food-conservation requirements of professional caterers who want the high performance and reliability of a commercial unit but who have limited space in the kitchen. The AG I Series refrigerators have separate storage areas for different types of food and indeed separate cabinets. The range consists of white pre-painted steel models, stainless steel models, glass door models and wine models. The models detailed in this sheet are 2 black pre-painted wine refrigerators with glass door.

## AG I SERIES

### 400LT GLASS DOOR WINE REFRIGERATOR **ZANUSSI** PROFESSIONAL

## FUNCTIONAL AND CONSTRUCTION FEATURES

- ◆ Internal structure in polystyrene, external structure in black pre-painted steel with the top and back in galvanised steel. Height-adjustable plastic feet.
- ◆ All models use CFC free R134a
- ◆ High-density expanded polyurethane insulating foam, 45 mm in thickness, with cyclopentane injection, guarantees exceptional, long-term insulation and notable energy savings
- ◆ The rational use of the internal space of the refrigerator guarantees a large storage area suitable to contain 600 x 400 mm grids.
- ◆ A reversible self-closing door equipped with a magnetic door seal to guarantee perfect closure. 180° maximum door opening and doors stay open at 95°. All the doors are fitted as standard with locks and keys.
