Extreme Renegade - HD 720p Sports Camera and DVR (Weatherproof, 4GB)

Product code: CVVO-I153

Extreme Renegade - HD 720p Sports Camera: durable high-definition weatherproof action DVR complete with mounting accessories.

Designed to capture high definition point-of-view videos of your favorite action sports such as skydiving, motor biking, skyscraper climbing or stunt skating, this rugged helmet camera is the best way to capture all your exhilarating moments forever! Be ready to relive, admire and share your exploits in stunning quality right on your HD giant flat screen.

This high resolution camera can be used in your next action sports video or even as a

way to expose your talent and gain company sponsorship. But you don't need to be a professional to use this simple device. Beginners and amateurs can easily capture their performances and build their confidence as they watch a video timeline of their progress from the beginning to the present day!

When first holding this HD Sports Camera you will instantly notice the solid feel and robust build quality. That's because the Extreme Renegade is built using a top grade water resistant metal casing. The rugged design is able to withstand medium to medium-high impacts and can tolerate harsh weather conditions without any fault. This is truly a well built device made with performance and durability in mind.
