8.4 Attorneys Fees. If either party employs attorneys to enforce any rights related to this agreement, the primarily prevailing party will be entitled to recover its reasonable attorneys' fees, costs and other expenses.

8.5 Governmental Regulation

(a) **Applicable Laws and Regulations.** The Software and their OPKs are subject to U.S. and European Union export jurisdiction. Releases or versions of certain Software and their OPKs may be subject to particular restrictions under the laws and regulations of a certain country or territory. Refurbisher must comply with all international and national laws and regulations that apply to the Software. These laws include

- (1) U.S. Export Administration Regulations,
- (2) all applicable anti-corruption laws, including the U.S. Foreign Corrupt Practices Act; and
- (3) importation, manufacturing, end user, end-use and destination restrictions issued by U.S. and other governments.

For additional information on exporting Software from the U.S., see <http://www.microsoft.com/exporting/>.

(b) **Government Approvals.** Refurbisher must obtain any required local government approvals, at their own expense.

(c) **Additional Information.** Refurbisher may require additional information about the Software in order to comply with applicable laws and regulations. Upon request, MS will provide Refurbisher with non-confidential Software information that Refurbisher reasonably requires, if available.

9. GENERAL TERMS

9.1 Entire Agreement. This agreement and the attachments, any addendum licensing additional Microsoft products to Refurbisher, and other documents made part of this agreement by their terms, constitute the entire agreement between the parties. This agreement may be modified only by a writing executed by each of the parties.

9.2 Relationship of the Parties. The parties agree that this agreement will not be construed as creating a partnership, joint venture, agency relationship or as grant a franchise.

- 9.3 No Waiver.** No waiver of any breach of any part of this agreement will be a waiver of any other breach. Any waiver must be in writing and signed by an authorized representative of the waiving party.
- 9.4 Severability.** If a court of competent jurisdiction finds any term of this agreement illegal, invalid, or unenforceable, the remaining terms will remain in full force and effect.
- 9.5 Assignment.** Refurbisher may not assign this agreement in whole or in part (by contract, merger, operation of law, or otherwise). Any assignment in violation of this provision will have no effect.
- 9.6 Interpretation.** The headings and titles of the provisions of this agreement are for convenience only and do not affect the interpretation of any provision.
- 9.7 Limited Distribution.** Distribution and use of the Software is by license only. MS does not authorize any portion of the Software to be “issued to the public,” “put into circulation,” or subject to a “first sale” as the copyright laws may use those (or similar) terms.
- 9.8 Non-Exclusivity.** Nothing in this agreement restricts Refurbisher from supporting, promoting, distributing or using non-Microsoft software or hardware.
- 9.9 Force Majeure.** “Force Majeure Event” means fire, casualty, or an act caused exclusively by forces of nature, riot, terrorist act, war, labour dispute, material changes in applicable law or regulation, or decree of any court. Force Majeure does not include theft. Neither party will be liable for failing to perform under this agreement to the extent that a Force Majeure Event caused the failure. The party subject to the Force Majeure Event must give the other party notice within a commercially reasonable time. As soon as the Force Majeure Event stops, the party must perform the obligations that were not performed. In no event shall the damage to, or destruction or disappearance of, COA label(s) on account of a Force Majeure Event relieve Refurbisher of its payment obligations in connection therewith.
- 9.10 Limitation of Liability.** The total cumulative liability (if any) of MS, and Refurbisher's exclusive remedy for that liability, shall be limited to Refurbisher’s direct damages incurred in reasonable reliance upon MS up to an amount not to exceed 100% of the amount having actually been paid by Refurbisher to MS during the three-month period preceding such damages under this agreement. MS disclaims liability for all lost profits, indirect, consequential, incidental, economic, special and punitive damages.

The limitations in this section apply to

- the Software and claims of breach of contract;
- breach of warranty or condition;
- strict liability; or
- negligence or other tort claims.

The limitations also apply even if Refurbisher is not fully paid for any losses, or MS knew or should have known about the possibility of damages. Refurbisher also releases MS from all liability in excess of the limits in this section. This release includes any claim for indemnification or contribution even if such claims arise under local law.

- 9.11 Taxes and Other Charges Excluded.** Refurbisher is responsible for any taxes, duties, fees, excises or tariffs imposed on any of its activities in connection with this agreement. Refurbisher must pay these charges, taxes and other fees.

9.12 Anti-Piracy. Refurbisher must not engage in the distribution of counterfeit or pirated Software. If Refurbisher suspects any infringement of Microsoft intellectual property, it must report it to Microsoft as soon as possible. Refurbisher must also cooperate with the investigation.

9.13 Technology Transfer. This agreement does not create a “technology transfer” agreement, as defined by applicable law because

- (a) the technology here is not an integrated part of a technology chain for production or management purposes; and
- (b) the technology will have its own license.

Refurbisher will not hold themselves out as MS technology recipients. Refurbisher will not attempt to identify MS as a technology provider under this agreement.

9.14 Notices
