Getting started with Grammatikus

Grammatikus is designed specifically for student and teacher needs. It comprises the following:

1. Website: www.grammatikus.com

Contains general information about Grammatikus.

2. Teacher Interface: Dashboard

In the teacher dashboard, you can create a curriculum for your classes, assign homework tasks and view student progress.

Here you will find the **Virtual Library**, a bank of resources designed to be used in conjunction with Grammatikus.

The dashboard allows you to view the student interface to see how your curriculum looks when your students log in.

3. Student Interface

The student interface has been designed to look and feel like a game.

All tasks are clearly visible and have been designed to accommodate a variety of learning styles.

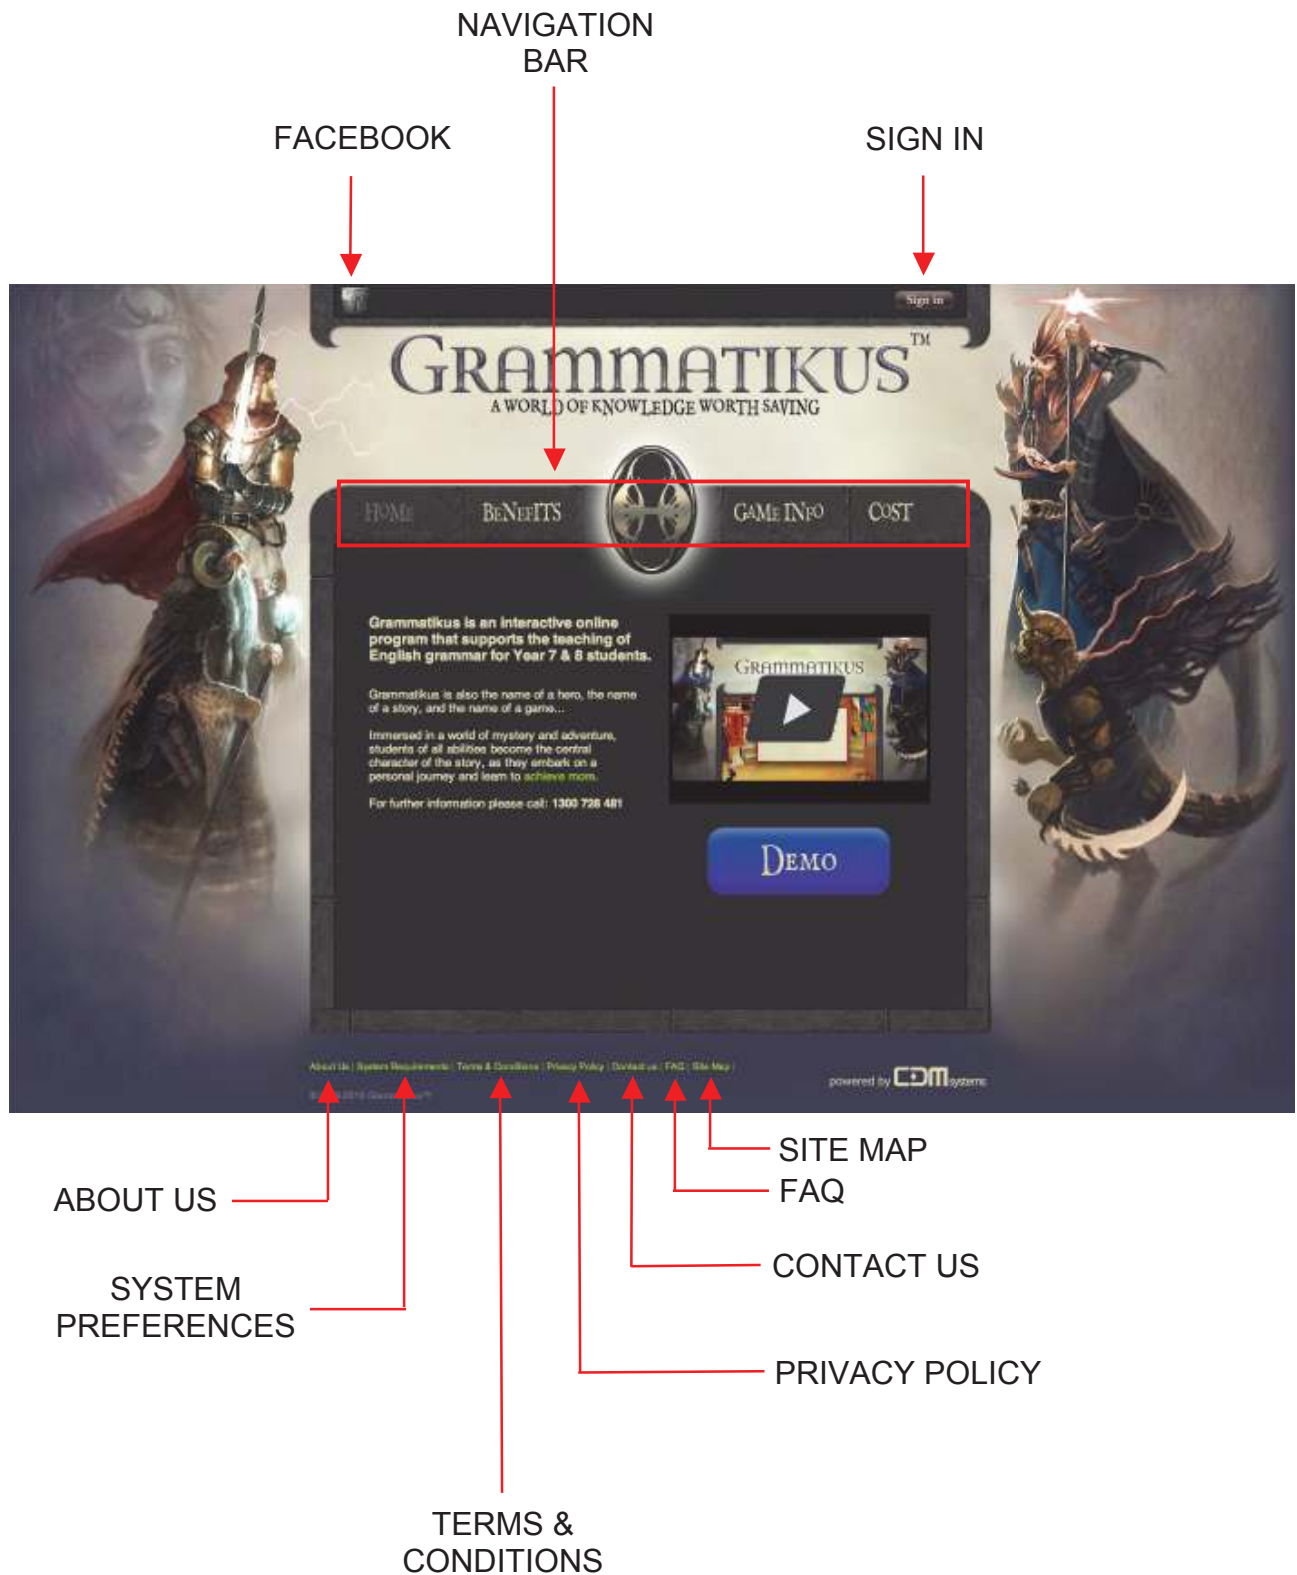

Students are rewarded for their grammar and gaming skills with gold coins called 'donet', which they can spend in the shop to customise their avatar.

We recommend spending a few minutes familiarising yourself with the Grammatikus home page before logging in to the teacher dashboard.

We hope you enjoy the Grammatikus journey with your students.

The Grammatikus Team

Grammatikus Home Page

Grammatikus Home Page → Benefits

Here you will find information regarding the overall benefits of using Grammatikus.

Grammatikus Home Page → Benefits → Teachers

This section highlights the various benefits for teachers.

Grammatikus Home Page → Benefits → Australian Curriculum

This section explains how Grammatikus has been designed to complement the Australian National Curriculum.

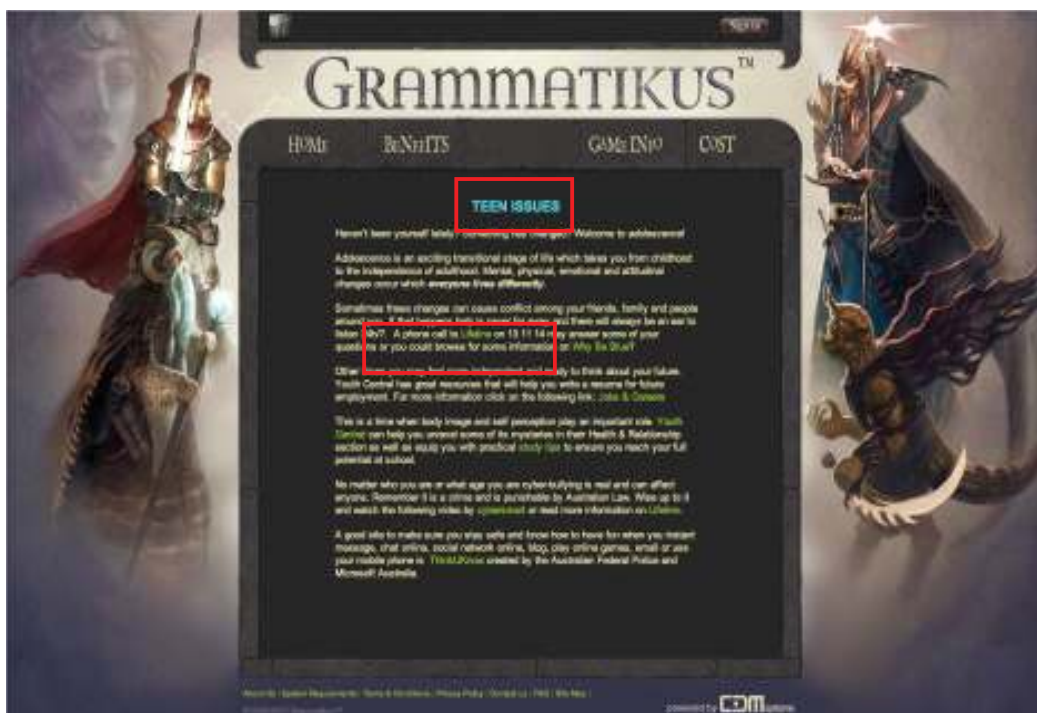

Grammatikus Home Page → Benefits → Students

This section provides information for students and summarises their role in the game.

The **Teenagers' portal** provides a link to **teen issues** and explores topics such as study tips, applying for jobs, health and wellbeing, and being cybersmart.

Grammatikus Home Page → Benefits → Parents

This section explains to guardians/parents how Grammatikus benefits their child/children.

Grammatikus Home Page → Game Info

This link provides a map of the land, details of the story, characters and communities. Please note: this information also appears in the student interface.

Grammatikus Home Page → Game Info → The Story

An outline of the story.

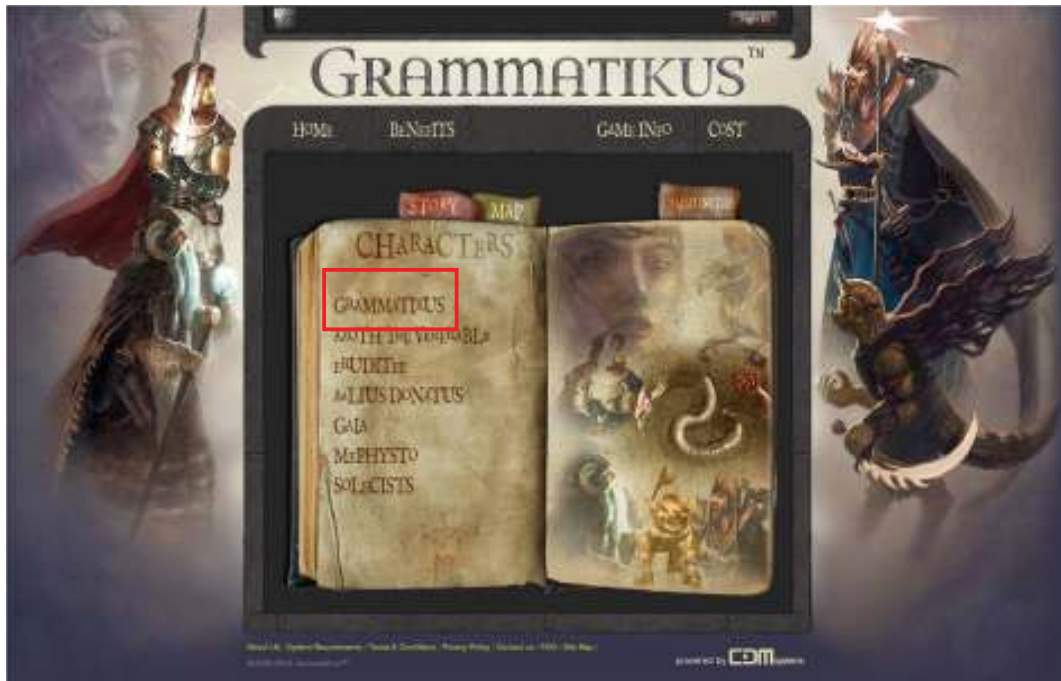

Grammatikus Home Page → Game Info → Map

View the map of Gramadach and click on the places to read a description.

Grammatikus Home Page → Game Info → Characters

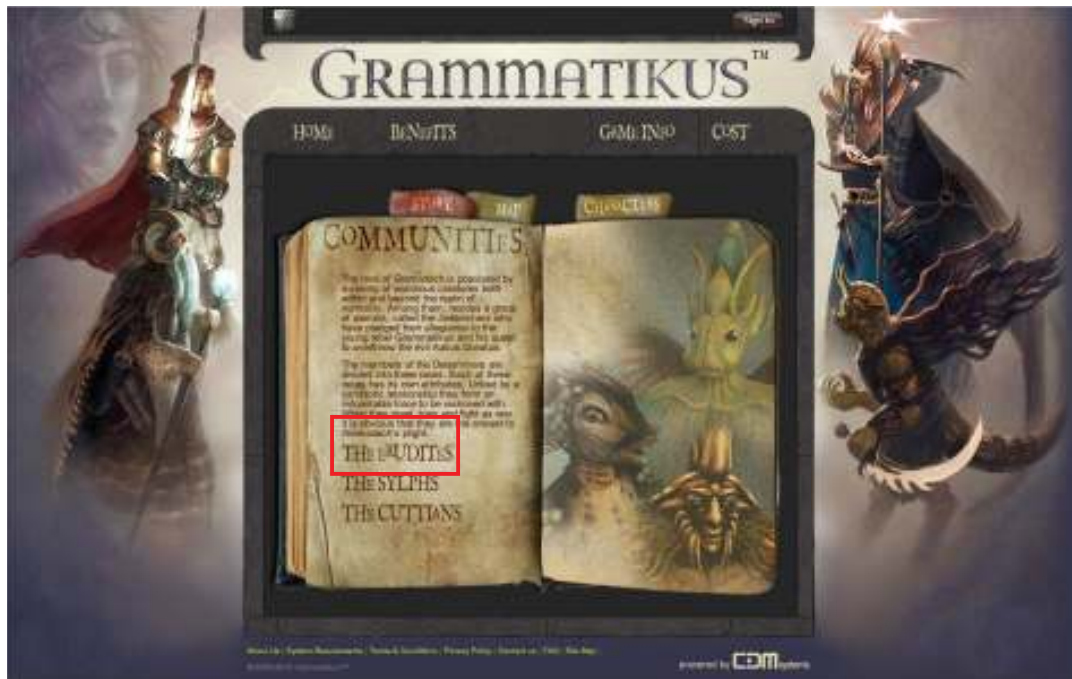

View a list of the primary characters.

Click on the link to read more about each character.

Grammatikus Home Page → Game Info → Communities
Read about the communities.

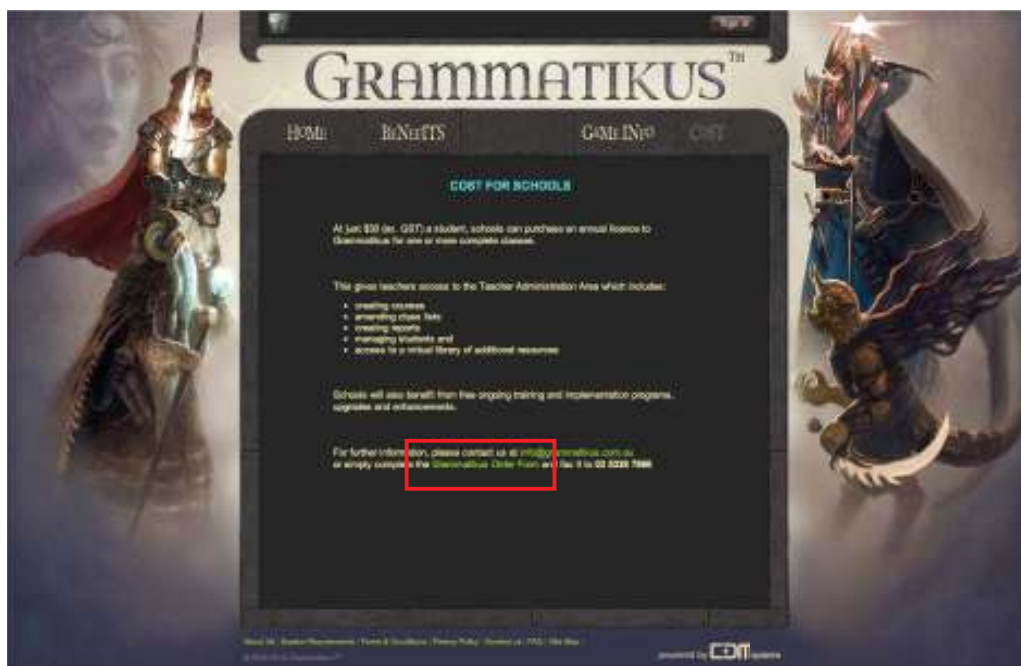

Click on the link to read more about each community.

Grammatikus Home Page → Cost

Highlights cost and subscription information.

Grammatikus Home Page → About us

Discover more about the team at Grammatikus and read about our stance on the environment.

Grammatikus Home Page → System Requirements

Ensure you have all the following requirements for optimum use of Grammatikus.

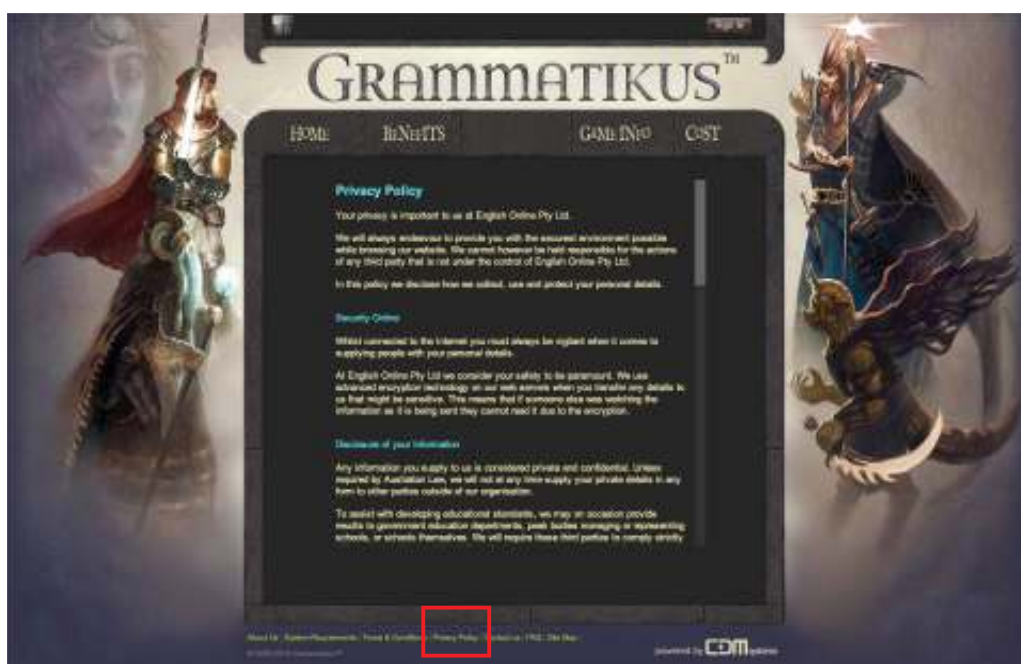

Grammatikus Home Page → Terms & Conditions

General terms and conditions are clearly listed for all users of Grammatikus.

Grammatikus Home Page → Privacy Policy

Understand how we collect, make use of and disclose personal information.

Grammatikus Home Page → Contact Us

Find details on the various ways to contact us.

Grammatikus Home Page → FAQ

Find a list of Frequently Asked Questions (FAQ).

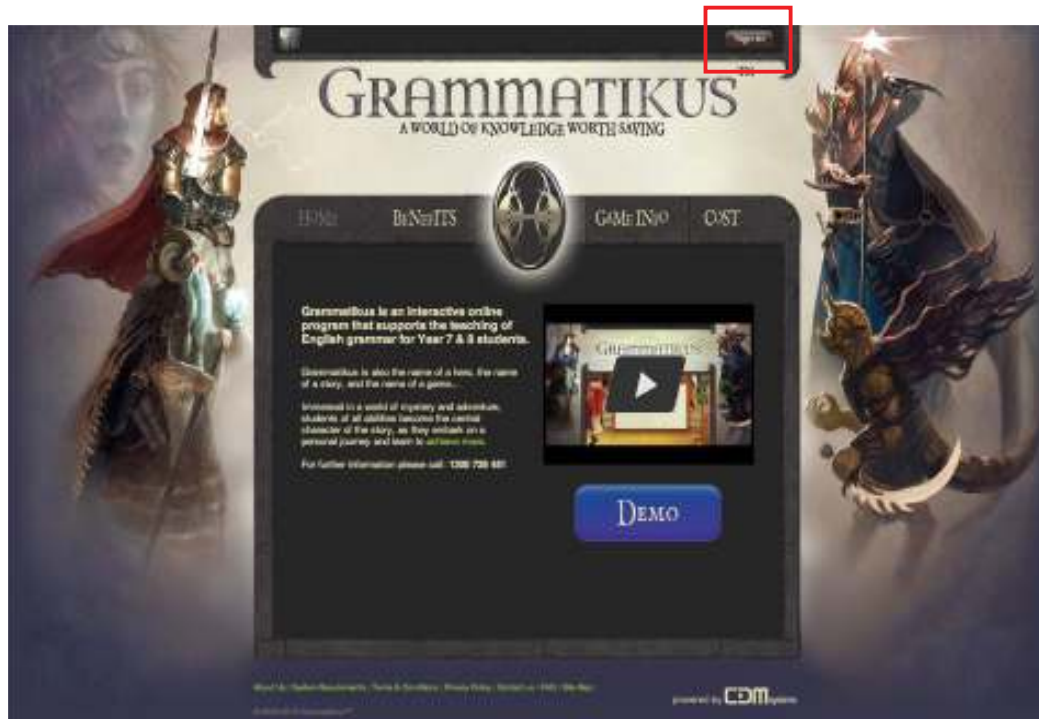

Grammatikus Home Page → Site Map

Navigate easily around Grammatikus.

Grammatikus Home Page → Sign In

The sign in button is located in the top right hand corner.

Username = email

Password = (unique to all users).

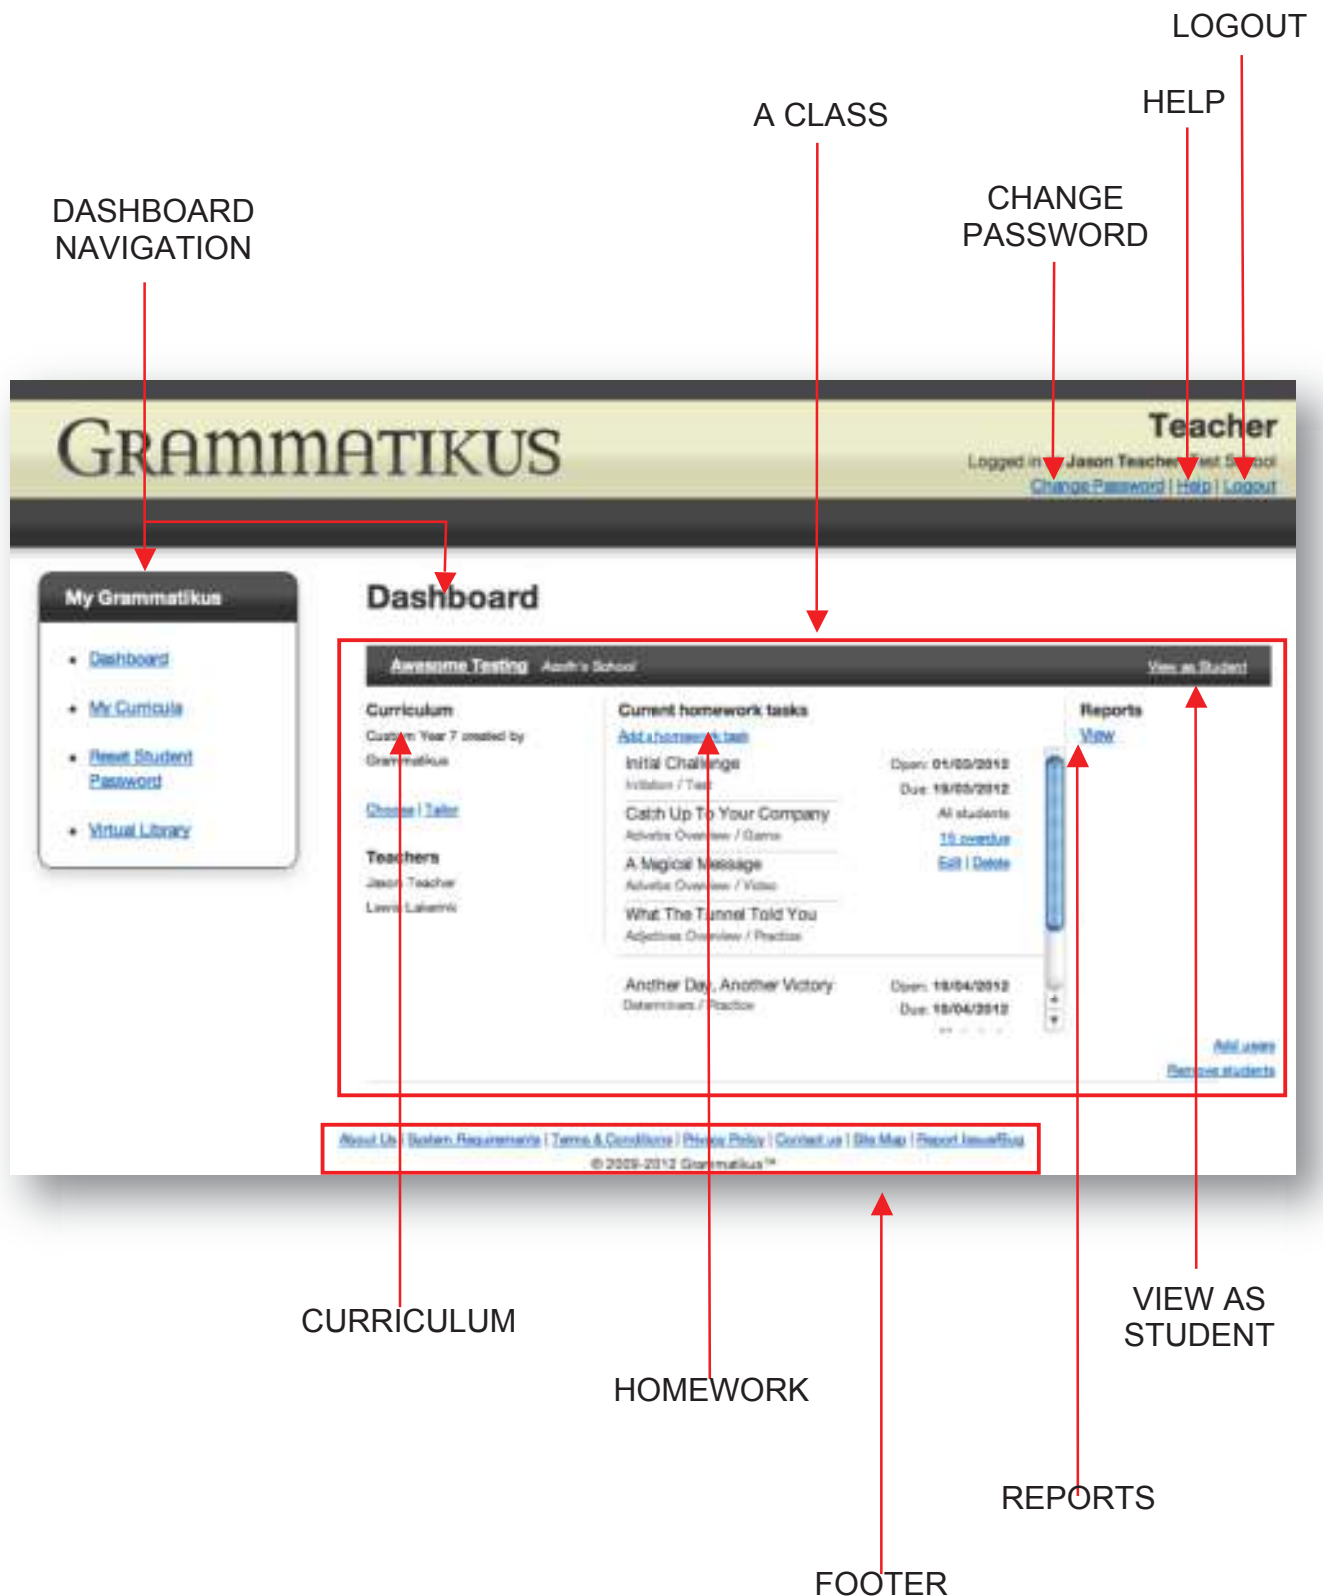

I've forgotten my password.

Dashboard Overview

The Dashboard allows you to design and set a curriculum for your classes, assign homework tasks and view reports.

Dashboard → Curriculum

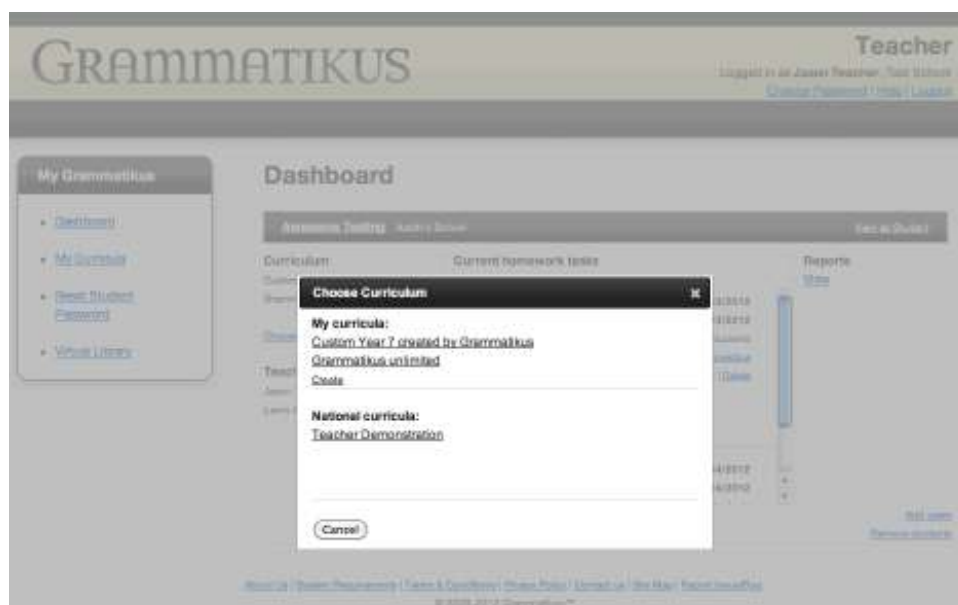

Choose an existing curriculum or design your own for each class.

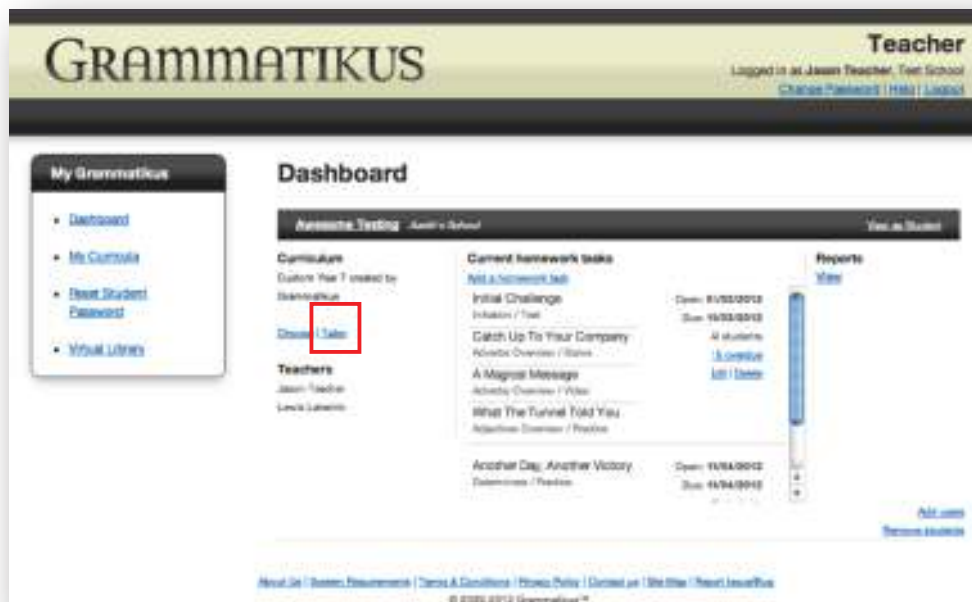

Dashboard → Curriculum → Choose a curriculum

STEP1: To assign an existing curriculum, click **choose**.

STEP 2: Click on your preferred curriculum to select it.

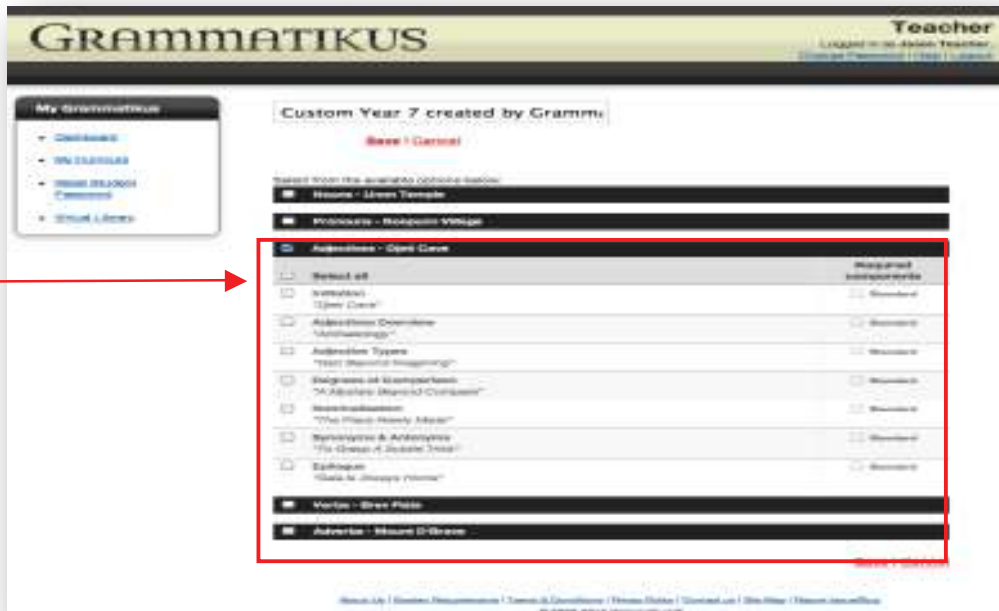

Dashboard → Curriculum → Tailor a curriculum
STEP1: To create custom made curriculum, select **tailor**.

STEP 2: Select the parts of speech you wish to assign to your class. This will expand the field, allowing you to choose specific grammar points.

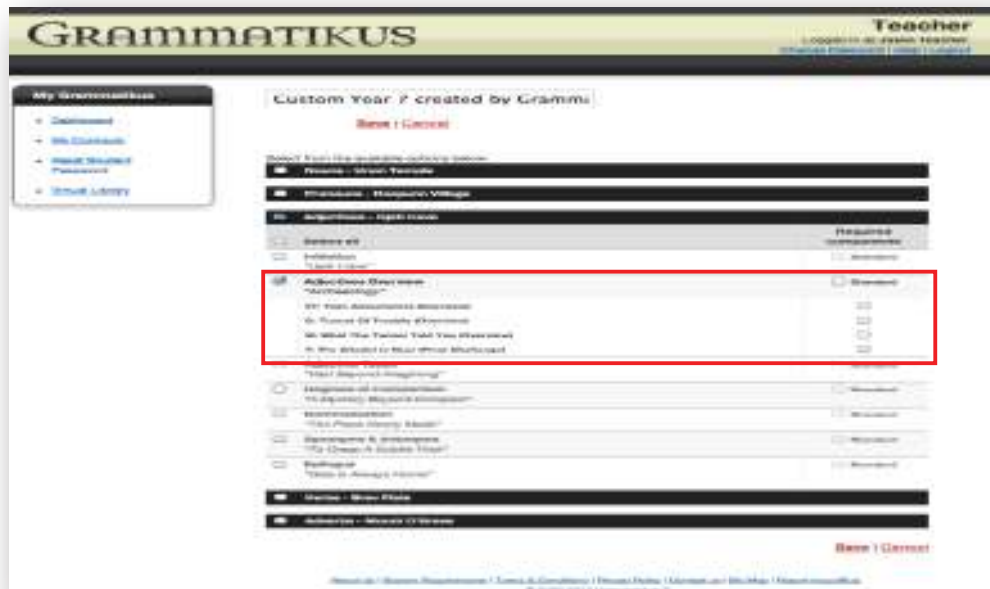

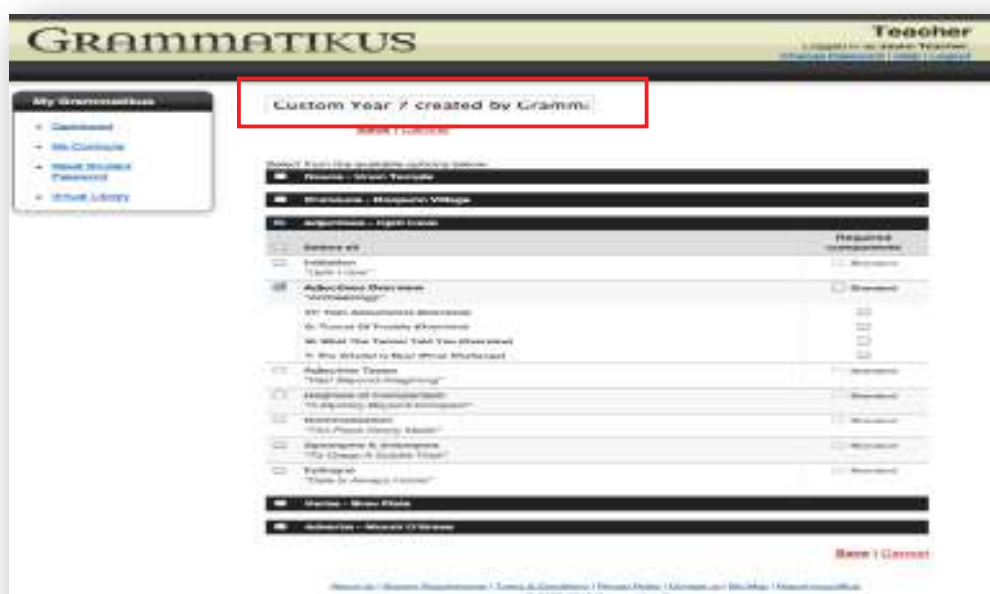

STEP 3: To further customise your program un-check.

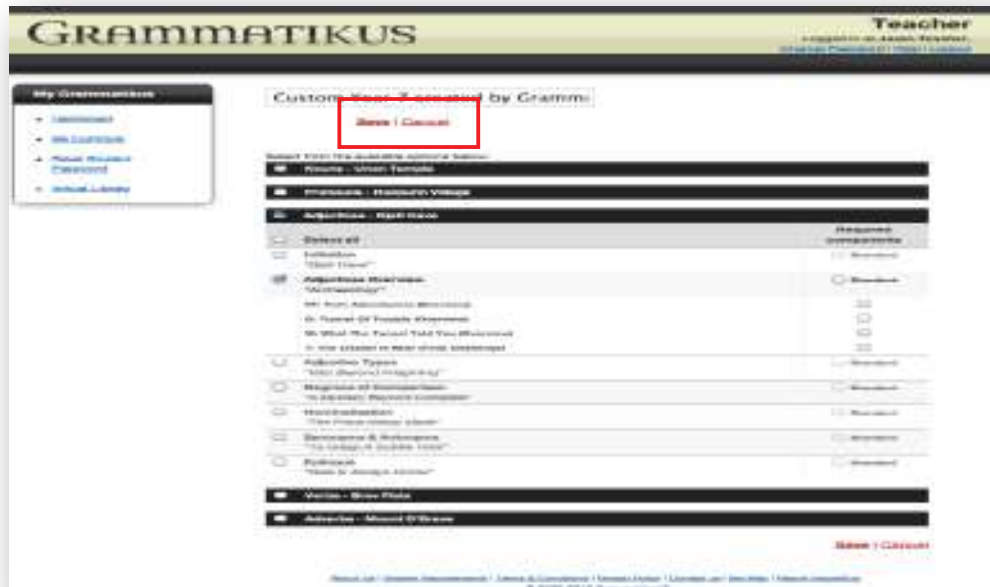

STEP 4: Select from the list of virtual tutorials (VT), games (G), worksheets (W) and tests (T). Repeat for each part of speech.

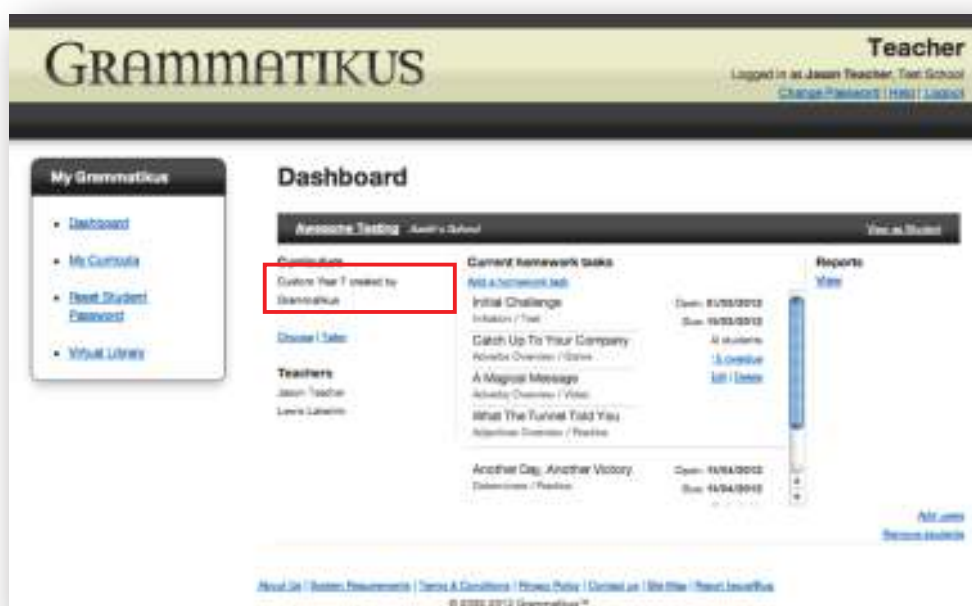

STEP 5: Name your curriculum.

STEP 6: **Save** to create your custom-made course.

STEP 6: Here you'll find confirmation the course has been assigned.

Set class or individual student homework tasks, set completion dates and view students' progress here.

STEP 4: Get an insight into student homework progress and identify overdue tasks.

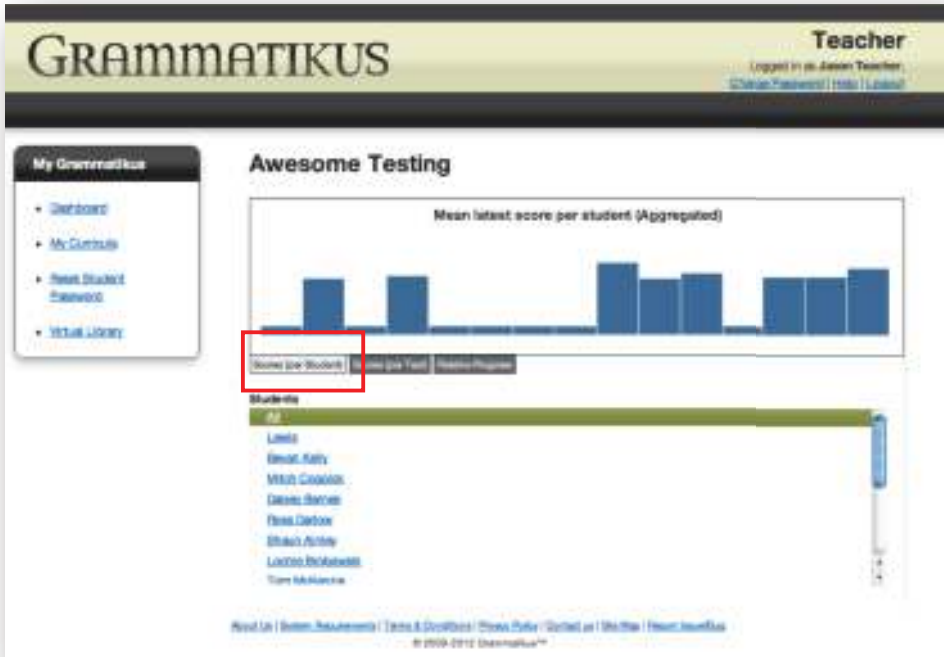

Dashboard → Report

View class and individual student achievement and progress.

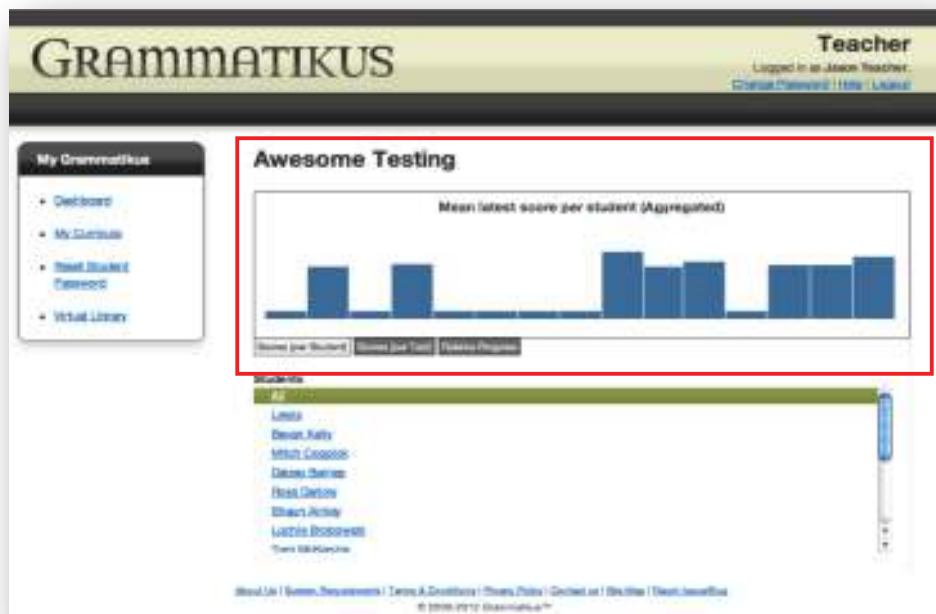

The screenshot shows the Grammarikus Teacher Dashboard. On the left is a sidebar with 'My Grammarikus' containing links to Dashboard, My Curriculum, Report Student Performance, and Virtual Library. The main area is titled 'Dashboard' and includes sections for 'Awesome Testing', 'Current homework tasks', and 'Teachers'. A red box highlights the 'Reports View' link in the top right corner of the dashboard area, with a red arrow pointing to it from the word 'SELECT'.

STEP 1: To view students' progress in class click **Score (per Student)**, then select a bar and click to reveal results.

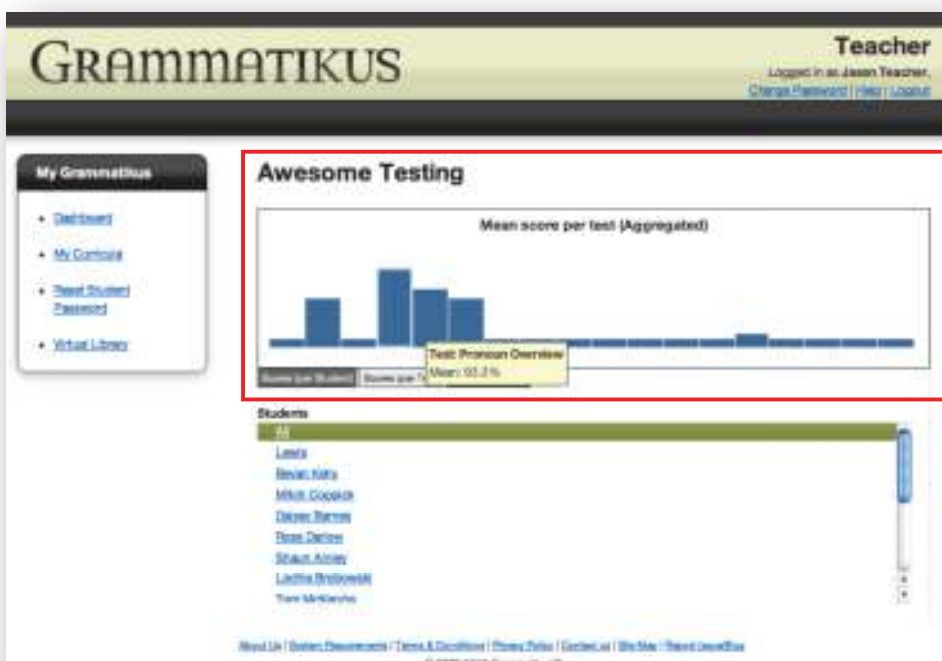

The screenshot shows the 'Awesome Testing' page in the Grammarikus Teacher interface. It features a bar chart titled 'Mean latest score per student (Aggregated)'. Below the chart, there are three tabs: 'Score (per Student)', 'Score (per Year)', and 'Student Progress'. The 'Score (per Student)' tab is highlighted with a red box. Below the tabs, a list of student names is visible, including 'Liam', 'Emmet Kelly', 'Mikah Crockett', 'Darius Barnes', 'Fiona Gordon', 'Shane Kelly', 'Liam McManus', and 'Tom McManus'.

STEP 2: Hover the cursor over the bars to reveal individual student progress.

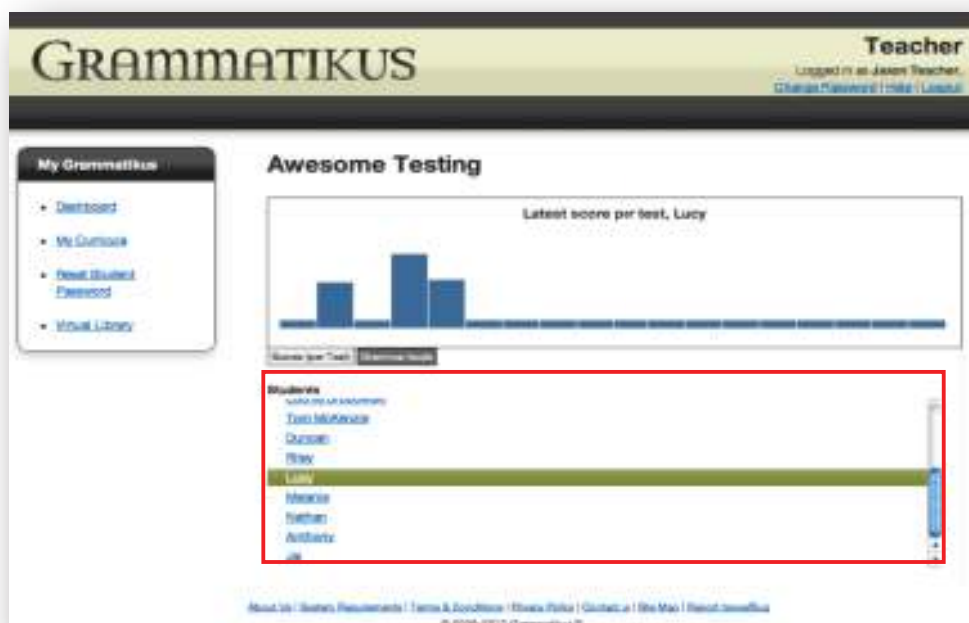

STEP 3: Select **Scores (per Test)** to view class average scores per grammar point. Hover the cursor over each bar to view results per grammar point.

STEP 4: **Relative Progress** indicates students' progress in relation to the set curriculum. Hover the cursor over each bar to reveal results.

STEP 5: To view individual student progress, select the student in the field below the graph. To return to class results, select **ALL**.

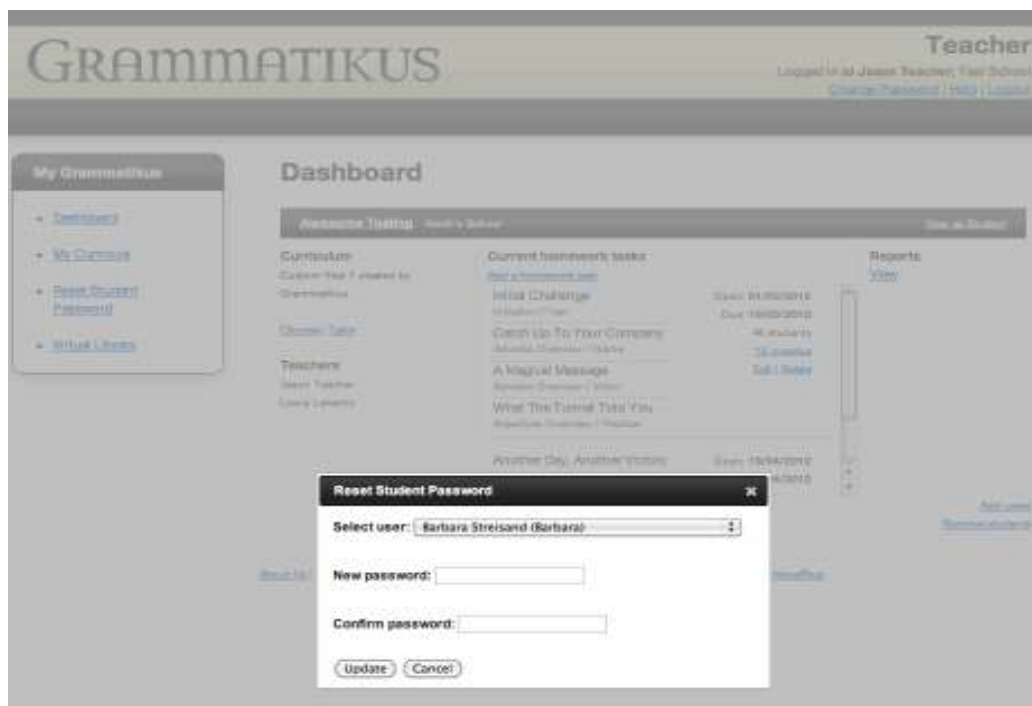

My Grammatikus → My Curricula

Active curricula are the curricula currently in use. Inactive curricula are the curricula that have been previously created and saved for later use.

My Grammatikus → Reset Student Password

Reset a student's password easily.

My Grammatikus → Virtual Library

Bank of resources designed to be used in conjunction with Grammatikus.

Dashboard → View as Student

To view your set curriculum for the class and homework tasks, click view student.

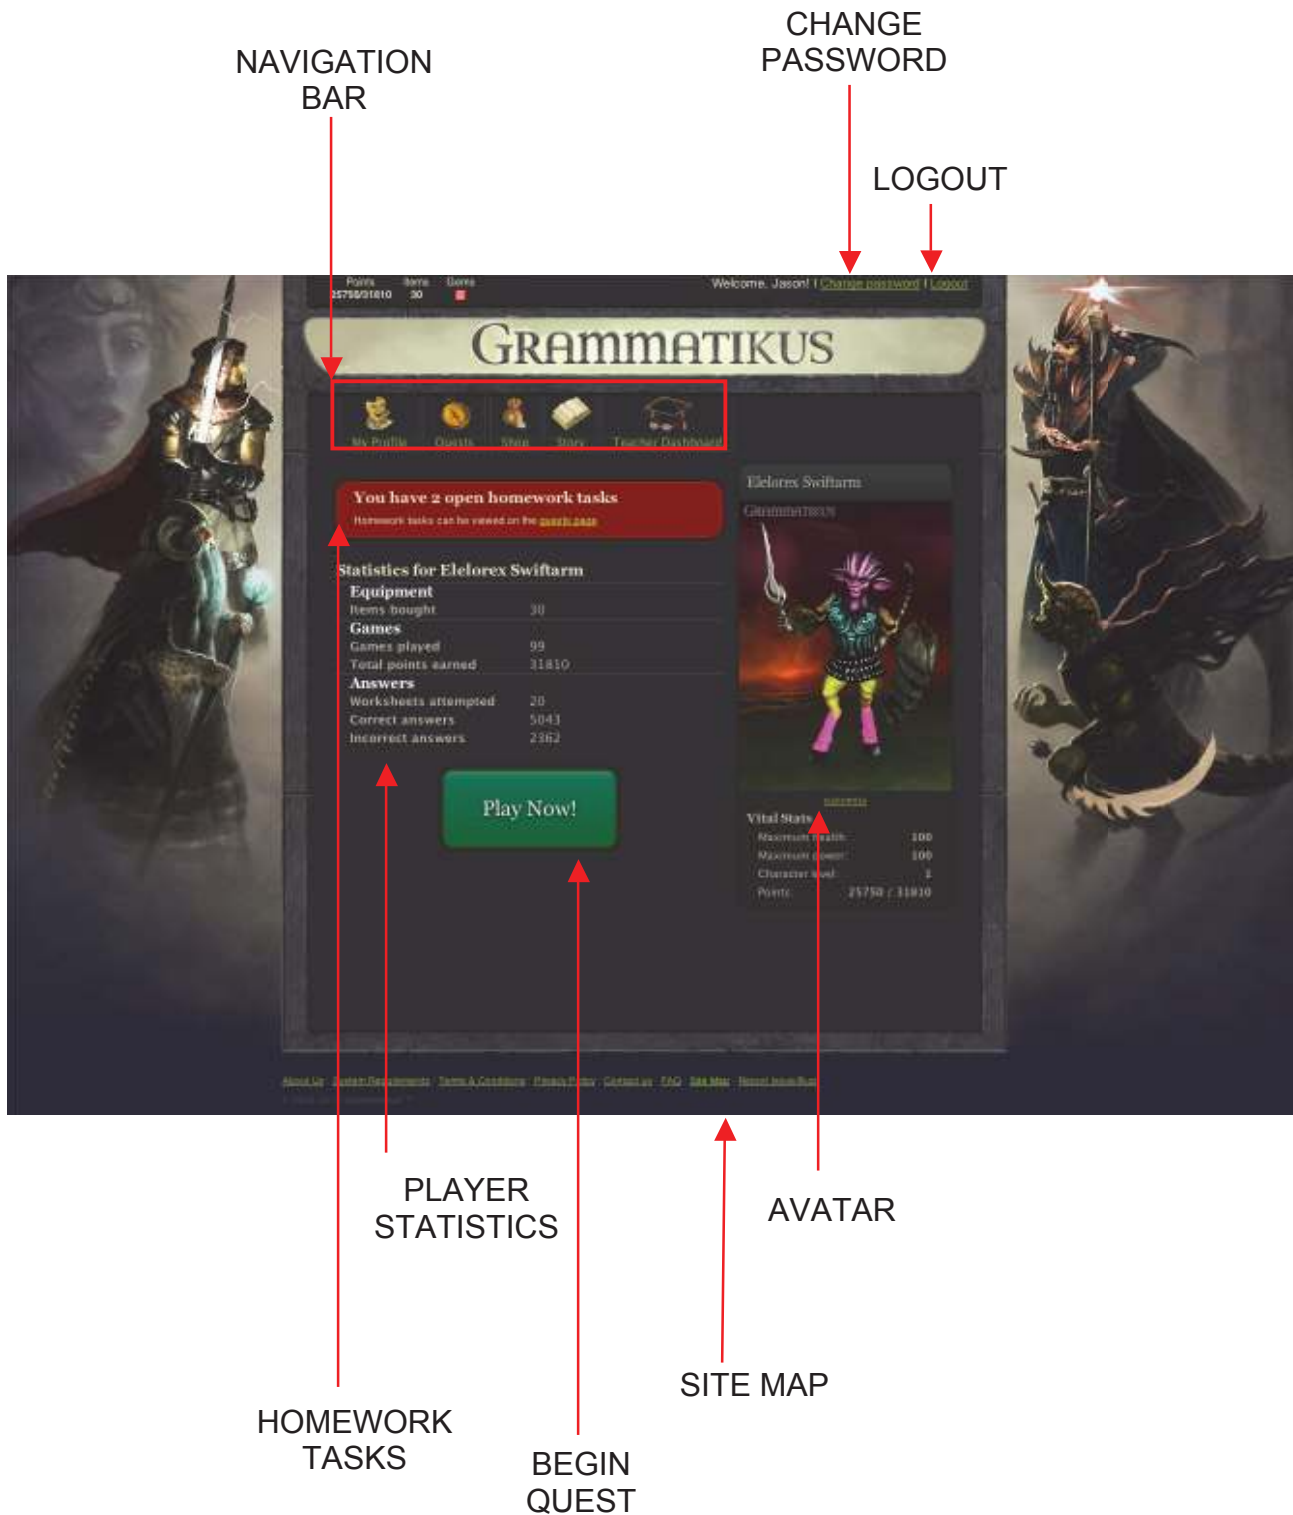

To return to the teacher dashboard at any stage, click **Teacher Dashboard**.

Dashboard → View as Student → My Profile

This is the student interface which teachers have access to via the teacher dashboard.

Dashboard → View as Student → Quests

View the set curriculum and assigned homework tasks. Below indicates there is a homework task set for both nouns and adjectives.

Click on **a part of speech** to reveal set curriculum and any homework tasks.

To begin the journey, click on the story. Once this has been viewed the next component, virtual tutorial will be unlocked.

Each component will be unlocked once the previous one has been completed and passed. This is indicated by **passed** or **prerequisites not met**. If a homework task has been set, students must pass the components above to unlock it.
