

SMART Click User Manual

9/18/2015

Futures trading is not suitable for all investors, and involves the risk of loss. Futures are a leveraged investment, and because only a percentage of a contract's value is required to trade, it is possible to lose more than the amount of money deposited for a futures position. Therefore, traders should only use funds that they can afford to lose without affecting their lifestyles. And only a portion of those funds should be devoted to any one trade because they cannot expect to profit on every trade.

All references to options refer to options on futures.

Getting Started

SMART Click is a self-managed, centralized user profile service that authenticates access to CME Group applications and services. CME Group customers and staff use the SMART Click interface to register, manage their profile and access integrated CME Group [applications](#).

SMART Click tool offers several important features and benefits to its users. Specifically:

- **Unique User ID**
 - One SmartClick ID is required per user (unless instructed otherwise).
 - ID belongs to you, even when changing companies. Users that require reassignment of a SMART Click Profile at a new company should access the SMART Click Profile page to change their [contact](#) information or contact [Enterprise Application & System Entitlements \(EASE\)](#).
 - Login information should never be shared with anyone.
 - CME Group will never ask for your password, except when changing the password on the [SMART Click Profile](#) page.
- **Single Sign-on:** From the [Common Navigation Menu](#), access SMART Click enabled applications and services with one user ID and password.
- **Permission:** Access to CME Group applications with permissions for multiple clearing firms, when appropriate.
- **Maintain One ID:** The unique user ID is retained when changing clearing firms or employers. Retrieve forgotten User IDs and passwords online without contacting [Firm Support](#).
- **Online Update:** Once established the SMART Click profile is updated online. Users spend less time registering for multiple applications and completing paperwork. Registration information can be updated online, anytime.

By registering and logging into SMART Click you agree to the Privacy Policy and Terms of Service which is a legal agreement between you and CME Group Inc.

Note: To view additional benefits and information, refer to the CME Group SMART Click [webpage](#).

Access SMART Click

Using an internet browser, navigate to the following URL: <https://login.cmegroup.com>.

The login page appears.

Use your CME Group SMART Click credentials to sign in. By logging in you agree to the [User License Agreement](#).

User ID

*

*

Login

→ Need to register? **A**

→ I forgot my password **B**

→ I forgot my user ID **C**

→ Contact us **D**

→ More info **E**

From the Login page the following functions are available:

- [Register](#) a new SMART Click profile.
- Reset a forgotten [password](#).

- C. Receive a [User ID](#) reminder, by email.
- D. View phone and email support [contact](#) information.
- E. View the [SMART Click webpage](#) for additional information.

Additional Resources

Click the following link to view an introductory video for the SMART Click registration process:  - [SMART Click registration](#)

Included in the video are the following topics:

- Overview
- Registration Process
- Entering Contact, Login, Security information
- Confirming registration
- Two-factor authentication
- Forgot User ID / Password
- Additional Support

Additional information about managing system to system authentication, using SMART Click, is detailed in the [Managing API IDs](#) section.

What's New

The list below illustrates the updates made to the SMART Click User Manual.

Date	Author	Topic	Description
9/18/2015	MR	Notification Center	From the Common Navigation menu, displays application specific and user directed message and alerts.
4/27/2015	MR	Getting Started Managing API IDs	Updated overview description of SMART Click API ID note summarized
2/27/2015	MR	Registering for a SMART Click Profile Managing API IDs	For the primary phone number, country code is required. For API IDs, API_ prefix is required.
10/13/14	MR	SMART Click video	A video tutorial describe the SMART Click registration process.
8/8/14	MR	Managing API ID	API Management functionality - Enables system to system connection via an Application Programming Interface.
6/20/14	MR	Various	This is the initial release of the SMART Click user manual .

Registering a SMART Click Profile

The SMART Click registration process consists of the following steps:

1. Enter profile registration information.
2. Enable [two-factor Authentication](#).
3. [Review](#) and Confirm.
4. Receive registration email and Confirm.
5. Login to [SMART Click](#).
6. Generate Token and provide to [Application](#) Administrator¹.

▶ To create a SMART Click account:

1. If you are registering a new profile, click **Need to Register**.

An entry form appears. Required fields are indicated by a red asterisk (*) and a red halo (First Name is required), that appears when the field is selected.

Contact Information * Required

First Name * Last Name *

Country * United States

Address * City *

State * Zip Code *

Select State

Primary Phone Number * -

Country code Phone number Ext.

Mobile Phone Number * -

Country code Phone number

I accept

By entering your mobile phone number and enabling texting, you will no longer be required to reset your password every 90 days. Standard text messaging rates may apply.

2. Enter **Contact Information**:

- **First and Last Name**
- **Country and Address** (including City, State and Zip Code)
- **Primary Phone Number** (no dashes) and **Country Code**
- **Mobile Phone Number** (no dashes): optional. Enables the additional security of [two-factor authentication](#)².

Adds a login step that requires entry of a [security code](#) prior to accessing SMART Click.

NOTE: The password expiry period is set for 90 days. To remove the expiry period and self-manage passwords, provide a mobile phone number and enable text messaging by checking "**I accept**".

¹The application administrator uses the token to complete registration for the CME Group SMART Click integrated application.

²Enhanced authentication measures incorporate two of three factors of multi-factor authentication. 1. Knowledge - The User ID and password. 2. Possession - The mobile phone to which a verification text message is sent upon initial login or when logging into additional browsers or devices. An additional authentication factor is utilized for application access.

Login Information

4. Enter or select **Security Questions and Answers:**
 - At least one and up to three security questions and answers must be selected or entered.
5. Select the **reCAPTCHA** acknowledgment, then click **Continue**.
A confirmation page appears with registration informed grayed out.
6. On the Registration Confirmation page, review the registration information, then Confirm.
The registration profile is validated against existing accounts and password rules, and the Email Activation screen appears.
7. Do not close the window, proceed to the [Activation](#) instructions.

Additional options:

- To modify information, click **Make Changes**. To specify another password, click "I would like to change my password"

I would like to change my password

Activating the SMART Click Account

Following profile registration confirmation an activation email is sent to the entered [Email](#) address. Activation is necessary to login to the account.

▶ To activate the SMART Click account:

1. In the SMART Click Account Activation Email, click the verification **link**.

The link can be used once. Additional activation attempts, using the same link, will result in an error.

NOTE: Unactivated accounts will be removed seven days after the activation email is sent. After deletion, attempts to activate an account will result in an error message.

The Account Activation screen appears.

Account Activation

Your account has been successfully activated. If the *Email Activation* screen is still up, please click the *Next* button in the *Email Activation* screen to continue. Otherwise, you can proceed to [login](#) to your account.

* Confirm Email Address

Update My Email

NOTE: If the Account Activation email has not been received after a few minutes, click **Re-Send Activation Email**.

The SMART Click Account is activated.

3. Using the registered User ID and password, [login](#) to SMART Click.

Logging In and Out

Users initially login to SMART Click following registration and activation.

Upon a successful SMART Click login, users will receive an application token to their registered mobile phone number and must perform two factor authentication to gain access. This must be performed on each device or whenever the cache is cleared.

▶ To Login to SMART Click:

- Using an internet browser, navigate to the following URL: <https://smartclick.cmegroup.com>.

The login page appears.

CME Group

Use your CME Group SMART Click credentials to sign in. By logging in you agree to the [User License Agreement](#).

User ID

* → [Need to register?](#)

Password

* → [I forgot my password](#)

→ [I forgot my user ID](#)

→ [Contact us](#)

→ [More info](#)

Login

- Enter the **User ID** and **Password**, then click **Login**.

- Account Lock** - Login can be attempted up to five times before an account is locked. If an account is locked, due to failed login attempts, it will be unlocked automatically after three hours or to unlock the password, without requiring a password change, [contact EASE](#).

Enabling a mobile phone number adds an additional login step, which requires entry of a security code to access SMART Click. Following User ID and Password authentication a text message is sent to the registered mobile number.

The additional login step appears at the initial login or when logging in from a new device or location.

Protect your CME Group Account

We do not recognize your device. Please enter the security code that was texted to your mobile phone. If you are unable to receive text messages, please contact *CME Group Enterprise Application & System Entitlements* at +1 312 456 1560 (US), +44 203 379 3802 (Europe), or +65 6593 5536 (Asia).

Security Code * Required

*

This is a public or shared computer
Select this option if you are connecting from a public computer. Be sure to log off and close all browser windows to end your session.

This is my personal computer
Select this option if you are the only person using this computer. By selecting this option, we will store cookies on your computer to maintain your session.

Continue

- Enter the **authentication code**, then specify whether this access is from a [public/shared](#)¹ or [private](#)² computer.

- Click **Continue**.

The SMART Click profile page appears.

Additional functions:

- [Need to register](#)
- [Forgot Password](#)
- [Forgot User ID](#) - Users can receive a reminder of their SMART Click User ID sent to their registered email address.
- [More info](#) - Navigates to the CME Group SMART Click webpage, which displays additional information and references.

Generating a Token

Following the initial login users access SMART Click to generate a token to facilitate access to CME Group [applications](#) and services. The token is provided, by the user, to the application administrator.

▶ To Generate a token:

- Using an internet browser, navigate to the following URL: <https://smartclick.cmegroup.com>.

The login page appears.

- Enter the **User ID** and **Password**, then click **Login**.

The SMART Click profile page appears.

The screenshot shows the SMART Click profile page. At the top is the CME Group logo with the tagline 'How the world advances'. Below the logo are two tabs: 'SMART Click Profile' (selected) and 'API Management'. Under the 'SMART Click Profile' tab, there is a section titled 'Token' with a blue button labeled 'Generate New Token'. Below this is a section titled 'Contact Information' with a '* Required' label. It contains two input fields: 'First Name' with the value 'sc' and 'Last Name' with the value 'user'.

- Click **Generate a New Token**.

¹At the next login, from this computer, an authentication code will be sent to the registered mobile phone and must be entered before accessing SMART Click.

²The additional authentication step will not be performed, until the internet cookie, which is stored on this computer, is deleted.

A system generated token appears.

Token

The expiration date of this token is **26 Jun 2014 14:47**

000000

Please provide this token to your administrator as needed.

[Generate New Token](#)

This token is provided to application administrators, who use it to provision access the requested application.

NOTE: Tokens have a specified validity period, which is seven days from the request date.

Forgot Password

Follow the instructions below to reset forgotten passwords.

▶ **To reset your password:**

1. On the [login](#) page, click **I forgot my password**.

The Reset Your Password page appears.

2. Enter your **User ID**.
3. Enter the **Word Verification** characters.
4. Click **Submit**.

Instructions to reset the password will be sent to the email address associated with the entered User ID.

5. On the SMART Click Password email, click the change password **link**.
- The Reset Password page appears, with a challenge question.
6. Enter the response, then click **Submit**.
 7. On the Reset Password page that appears, enter and confirm the new **password**, then click **Submit**.

If the password cannot be reset, contact [Enterprise Application & System Entitlements \(EASE\)](#). Upon EASE password reset, the password must be changed upon the subsequent login.

Forgot User ID

Follow the instructions below to retrieve forgotten User IDs.

▶ **To retrieve your User ID:**

1. On the [login](#) page, click **I forgot my User ID**.

The Forgot Your User ID page appears.

Forgot Your User ID

This functionality is currently only for SMART Click accounts. If your account is not a SMART Click account, please contact the Customer Support Group.

Email Address * Required

*

* I'm not a robot  reCAPTCHA
Privacy - Terms

2. Enter your **email address**.
3. Confirm you are not a bot or automated device by selecting the **reCAPTCHA¹ acknowledgement** checkbox.
4. Enter the **Word Verification** characters.
5. Click **Submit**.

The User ID, will be sent to the registered email address.

¹reCAPTCHA is a risk analysis technology that helps minimize automated software login abuses.

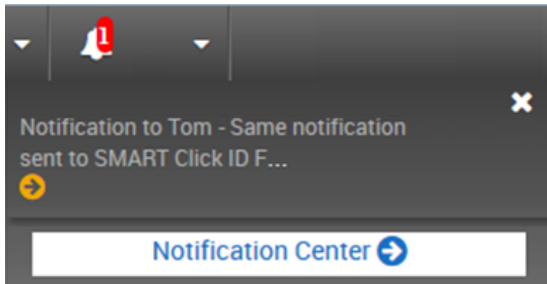

Common Navigation Menu

CME Group SMART Click integrated applications, include a common navigation menu from which applications and reports can be selected from categorized groups.

Notification Center

The notification center is a message feature used to access application specific and user directed messages and alerts from a central location.

To view a list of messages, click the Notification Center icon (🔔).

Note: A red number indicates the number of unread messages.

To view the entire message select the orange message arrow (➡). The Notification Center displays the entire message, which is available for 180 days.

Turning Off Compatibility View

Compatibility View is an Internet Explorer setting that displays certain web pages in a mode differently than designed.

Deactivating compatibility view will resolve display errors that may occur on SMART Click or integrated applications in Internet Explorer.

Example: Notification center displays with an error. `{{notifications.count}}`

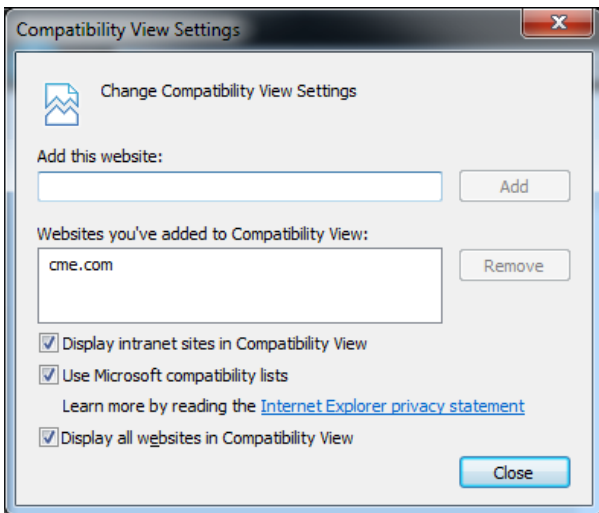

To turn off Compatibility View:

1. On the Internet Explorer browser that displays the error, access the **Tools** (Alt+X) menu:
2. From the **Tools** menu select **Compatibility View settings**.

Additional methods to access Tools:

- Right-click the Toolbar and select **Menu Bar**
 - **Alt +** select **Tools**
3. On the Compatibility View Settings window that appears, **uncheck** the following:

- Include updated website lists from Microsoft
 - Display websites sites in Compatibility view
 - Use Microsoft compatibility lists
4. To finalize selections, click **Close**, then **Refresh** the web page.

Updating Profile Information

SMART Click IDs are assigned to users and retained when users change firms, registration information, User ID or password.

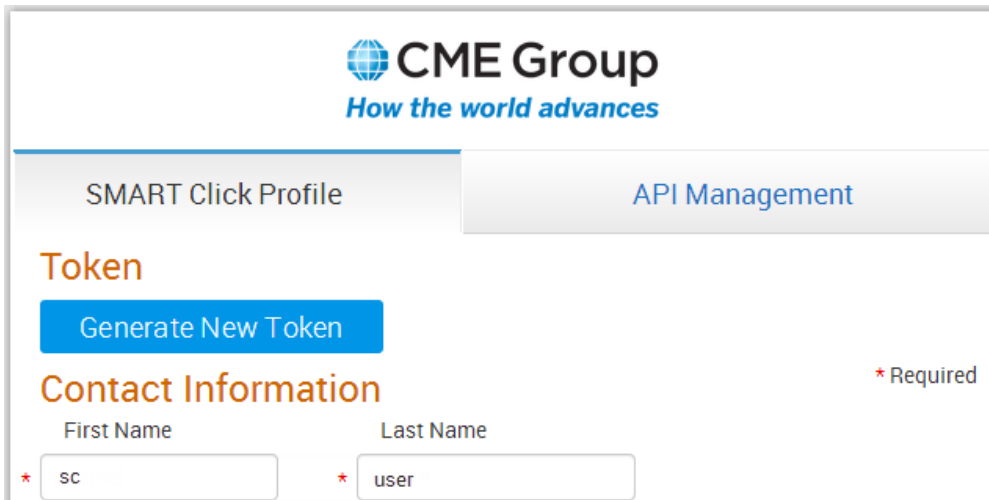

▶ **To Update the SMART Click Profile:**

1. Login to SMART Click.
2. If the profile page does not appear, select **My Profile > My Information** from the Common Navigation menu.

3. Click **Edit My Profile**.

The page appears in an editable format.

A screenshot of the SMART Click Profile page. At the top is the CME Group logo with the tagline 'How the world advances'. Below the logo are two tabs: 'SMART Click Profile' (selected) and 'API Management'. Under the 'SMART Click Profile' tab, there is a 'Token' section with a blue button labeled 'Generate New Token'. Below that is the 'Contact Information' section, which is highlighted with a blue border. It includes two input fields: 'First Name' with the value 'sc' and 'Last Name' with the value 'user'. Both fields have a red asterisk to their left. To the right of the 'Contact Information' section is a red asterisk followed by the text '* Required'.

Modify [Contact](#) Information, [Login](#) Information, and [Security](#) Questions, as necessary.

3. When done, click **Submit**.

API Management

The SMART Click API ID Management functionality is used to create and manage IDs that are used to authenticate system-to-system communication to CME Group SMART Click [integrated](#) applications, via an Application Programming Interface (API).

To gain access to API applications, [contact EASE](#).

The following functionality is available:

- [Create API ID](#)
- [Claim API ID](#)
- [Manage API ID](#)
 - [Change Password](#)
 - [Unclaim API ID](#)

Create/Claim IDs

▶ To Create an API ID:

1. From the SMART Click Profile page, click the **API Management** tab.

SMART Click Profile API Management

API Management

By creating and/or using an API ID, you agree to our [Terms of Service](#).
[What are API IDs?](#)

Show entries Search:

2. Click **Create API ID**.
3. On the screen that appears, enter:

Required fields are indicated by a red asterisk (*).

Create an API ID

* Required

*

*

*

Password rules:

- Between 8 and 32 characters long
- Must not contain your user ID
- Must have at least 3 types of the following characters: upper case (A-Z), lower case (a-z), number (0-9), and symbol (!, #, \$, etc.)

[Cancel](#) [Create API ID](#)

Note: The API ID is required, must begin with the prefix **API_** and must not already be registered to another user. It does not need to be the same as the SMART Click ID.

4. Click **Create API ID**.

System validation is performed and the API ID appears in the table.

To Claim an API ID:

Claiming an API ID makes an association with the currently logged in SMART Click ID. An API ID can only be associated with one SMART Click profile. To change assignment it must be [unclaimed](#) from the current profile.

1. From the **API Management** page click **Claim API ID**.
2. On the screen that appears, enter:

Claim an API ID

API ID * Required

*

Password

*

Cancel Claim API ID

- **API ID** - The API ID must begin with the prefix **API_**.
- **Password**

3. Click **Create API ID**.

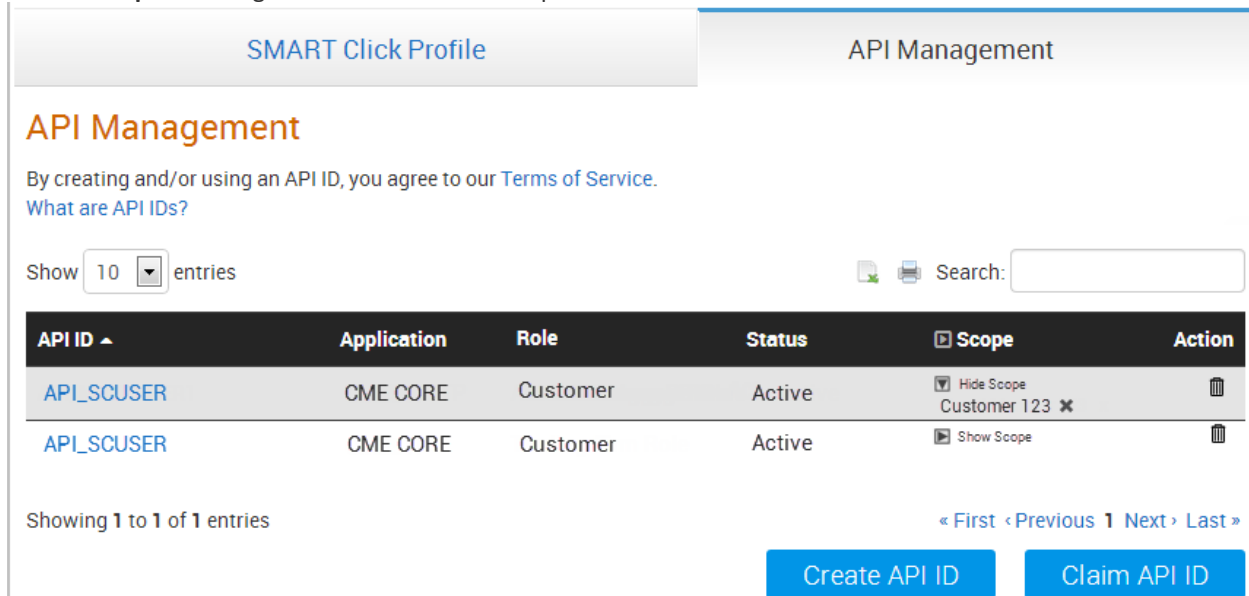

The API ID is validated and, if authorized, added to the table.

Manage API IDs

On the API Management page, user **Roles** and **Scope** are specified.

Additional functions:

- **Show/Hide** -  / 
- **Roles** - Clicking  revokes the role for the specified firm.
- **Scope** - Clicking  deletes the API ID scope.
