

# Skalflex Wall Impregnation

## Safety data sheet

Last printed on 23.03.2007

---

### 1. Identification of substance/preparation and manufacturer

Product name: Skalflex Wall Impregnation

Product No.: N/A

Application: Impregnation

Packaging: 2.5 and 10 litre containers

Manufacturer: SKALFLEX A/S

Industrivej 20b

DK-8800 Viborg

Tel. +45 8661 2299 Fax +45 8661 2199

---

### 2. Composition/information on ingredients

Ingredients	CAS No.	Weight%	Classification
-------------	---------	---------	----------------

Does not contain any contents subject to disclosure.

### 3. Hazards identification

Repeated or prolonged contact with skin may cause irritation.

---

### 4. First-aid measures

Inhalation:

Seek fresh air.

Skin contact:

Wash off skin in plenty of water and soap. Get medical assistance if irritation persists.

Eye contact:

Avoid contact with skin and eyes. If skin contact is unavoidable, use protective gloves, if necessary. See item 8.

Store product in tightly sealed original container in a frost-free place and out of the reach of children.

Fire rating: -

---

## **8. Exposure controls/personal protection**

Code No.: 00-1 (1993)

The following contents are subject to disclosure regulations and have exposure limits in accordance with executive order C.0.1, 2005:

None

If necessary, the following personal protective equipment is recommended:

Respiratory protection:	-
Gloves:	Rubber/Neoprene
Eye protection:	Goggles/guard, if necessary
Hygiene:	Immediately change soaked clothes

---

## **9. Physical and chemical properties**

Appearance:	Liquid	Solubility in water	Completely
Odour	Vinegar	Distribution coefficient	*
pH	4-6	Flash point	*
Boiling temperature	100°	Auto ignition temperature	*
Melting temperature	*	Explosive limit	*

Steam pressure	*	Viscosity	*
Bulk density	Approx. 1	Other	*

**\*: no data or not relevant**

---

## **10. Stability and reactivity**

Stable under normal conditions of use.

---

## **11. Toxicological information (properties posing a risk to human health)**

Inhalation:

Inhalation of aerosols may be irritating to airways.

Skin contact:

Repeated or prolonged contact with skin may cause irritation.

Eye contact:

Contact with eyes may cause irritation.

Ingestion:

Ingestion may cause nausea, discomfort and possibly vomiting.

---

## **12. Environmental information (on contents)**

Hazard to the water environment:

Insufficient data to apply environmental hazard classification in accordance with regulations from the Danish Ministry of the Environment.

Hazard to other ecosystems:

Insufficient data

---

## **13. Disposal considerations**

The product is not considered hazardous waste. Dispose of spills and residues according to municipal guidelines, e.g. at a municipal chemical waste receiving facility.

European Waste Catalogue Code (EWC Code): 08 01 03 00

Chemical waste group: H

---

## **14. Transport information**

The product is not considered dangerous goods for transportation.

---

**15. Regulatory information**

Hazard label on container:

No classification required in accordance with regulations from the Danish Ministry of the Environment.

**Code No.: 00-1 (1993)**

Application limitations: None

Requirements for special training: None

In addition, the product is subject to the following special executive orders:

Order on work with code-numbered products, no. 302 of 13 May 1993.

---

**16. Other information**

The user must receive thorough instructions in performance of work and know the contents of this user manual.

General update of entire safety data sheet.
