DECORATIVE DECALS

Design is in the decals

The SEAT Leon already boasts unmistakably good looks. But for even greater confidence and a sporty look and feel, decorative decals are a must have accessory. The exterior decorative decals come in lines or as a flag decal and can compliment your new SEAT Leon individually. Or can be combined with the lines running from the hood to the roof, and the flag decals, placed alternately on the front and rear bumpers. All decals are designed to compliment the SEAT Leon throughout its life so are highly resistant, withstanding temperature and moisture changes.

INTERIOR

Feel at home

Interior accessories are the perfect way to make the SEAT Leon your car. Customise all aspects so you and your family feel at home. The accessories are designed with two simple aims in mind. To be practical and pleasing to the eye. With all the use you expect to get out of your new SEAT Leon it is important that the interior is adaptable and functional.

"The new interior of the Leon is designed with the driver in mind, it really does allow them to enjoy the dynamism, precision and comfort in each detail."

Jaume Sala Renart (Chief Designer – interiors)

INFOTAINMENT

A driver's best friends

SEAT Accessories have introduced new systems that make driving that much safer. The Tiredness Recognition System keeps you alert and safe on long trips. Meanwhile the Speed Control System is designed to help drivers respect speed limits. With technology like this, the Leon will always keep you on the right track.

SPEED CONTROL SYSTEM.

Speed regulating system designed to help drivers respect speed limits. For more comfort on long drives and when transporting trailers. The speed can be fixed from 30 km/h via the steering wheel.

5F0054690 / 5F0054690A

TIREDNESS RECOGNITION SYSTEM.

The tiredness recognition function helps to minimise risk of accidents due to loss of driver attention. Once activated, the vehicle sensors analyze driver behavior and set standards for operation. If the system senses any change in the driver's behaviour, it activates an audible and visual alarm for 5 seconds. If during the next 15 minutes the driver does not stop to rest, it re-activates the alarm.

During long trips, the system is programmed to warn drivers to take a break every 4 hours. The system is prepared to prevent drivers falling asleep but does not alert the driver if he is already asleep.

SECURITY

Strap in

There is no better feeling than being behind the wheel knowing that you and those you love are safe and comfortable. From child safety to sun protection, the SEAT Leon is accessorized to make your ride the best it can be.

CHILD SAFETY

Little treasures

SEAT Accessory child seats are engineered to offer children the maximum protection possible. They are adapted to the age and weight of the child, with cushions that don't put any strain on the head or neck. There are safety belts with multiple anchorage points and iSOFiX systems that attach the seats to the chassis for extra stability. They mean more comfort and security for your children and they take a weight off your mind.
