 **HENRY SCHEIN®**
IRELAND LIMITED

Everything Dental and more...

To run a successful and profitable business, you need everything dental from a supplier that's easy to do business with. A supplier who is committed to delivering first class customer service, with a team of dedicated consultants, engineers and highly trained specialists.

Don't just take our word for it...
this is what our customers have to say

“ It's the personal approach that makes Henry Schein Ireland different from the other companies. They provide a full turnkey solution, from practice design, capital equipment and digital solutions. I wouldn't hesitate recommending them to anyone looking to get the very best out of their practice. ”

Dr Christine Sweeney,
Dental Studio Greystones, Co. Wicklow.

“ I chose my Pelton & Crane equipment based on impartial advice from Jim Way, Equipment Sales Specialist from Henry Schein Ireland. He informed me of all the options available so I could be better equipped to make the right choice. I never felt pressured at any stage of the planning and I am still very happy with the choices I made. ”

Dr Nicola Zammet,
Malahide Co. Dublin.

“ As a busy practice, we rely heavily on our support services. We invested in a Sirona Orthophos XG5 OPG with Ceph from Richard McLoughlin the Technology Specialist with Henry Schein Ireland. The level of customer service is excellent and I'm very impressed with the after-sales support and training from Richard and Henry Schein. ”

Dr Leo Tobin,
Tobin Dental Care Centre Castlebar, Co. Mayo.

Advanced Business Management

Overview

This 6 month advanced management course is designed specifically for managers and practice owners to come together as a leadership team and up-skill their management processes.

Every vision needs the whole team on board, but you have to obtain the right knowledge to support your vision to be able to empower your team. This course is delivered by the passionate Horton team who are all still working in real time and understand the systems and their specific relationship to dentistry. Over a 6 month period you will not only learn the theory but also a practical application of elements that will provide you with the confidence to master difficult skills. The course will cover leadership, financial, marketing, production, HR protocol and is ultimately designed to support you as practice managers or owners who wish to grow your business combined with the approach of enhancing your work life balance.

Speakers:
Laura Horton, Michael Bentley

Venue:
Dublin (starts July)

Cost:
€1,200 inc VAT per delegate

USING INNOVATION TO MAKE YOUR LIFE EASIER. **SIRONA'S TENEO.**

The Sirona Teneo treatment centre uses hi-tech innovation to streamline your workload.

◆ **An integrated digital workflow.**

The Teneo is intuitive and comes with an EasyTouch user interface. It also has integrated implantology and endodontic functions with an ApexLocator. It's also internet friendly.

◆ **Comfortable for you and your patient.**

The Teneo has you in mind with its a motor-driven sliding track and wireless foot control. ErgoMotion, OrthoMotion lumbar support and thermo upholstery means a better patient experience.

◆ **Improves understanding.**

With its autofocus camera SiroCam AF+ and the SIVision monitor which is touchscreen, both you and your patient can accurately review what's on the screen and discuss treatment options easily.

From just under €767* a month, you could own a fantastic state-of-the-art treatment centre today.

Call your local equipment sales specialist Jim Way 086 8353812 or Richard Kenny 086 6069628

* Subject to financial approval. Terms and conditions apply.

CERASMART Hybrid Ceramic Block

GC

NEW

“ GC cerasmart is a cutting edge product that combines functionality, aesthetics and practicality.

I have every confidence using it in my clinical practice, knowing I will have a pleased patient with clinical satisfaction.

Mr Vik Vohra BDS MJDF RCSEng PGCert Pros
Dental Surgeon, Oradi Dental.

- Flexible hybrid ceramic CAD/CAM blocks for CEREC® milling machines.
- Combination of high strength and high flexibility helps ensure the best marginal integrity.
- Ultra-fine homogeneously dispersed fillers for a long-lasting polish and less wear to the opposing dentition.
- Balanced fluorescence and opalescence almost identical to those of natural teeth.

Hu-Friedy

PERMA SHARP®

THE SUTURE DESIGNED FOR DENTISTS

NEW
FROM ONLY
€35.00

Hu-Friedy Perma Sharp® Sutures are designed specifically for dental, ensuring efficient and reliable soft tissue closure.

- 300 Series Stainless Steel, the ideal alloy for dental suture needles, ensures a strong sharp needle pass after pass
- Manufactured from a stronger alloy composition, increasing ductile strength – if the needle does bend, it is less likely to break when reshaping.
- Finer point geometry for smooth tissue penetration, requiring up to 20% less force than other suture needles
- Laser-drilled needles for reduced tissue disruption

For full range of Perma Sharp® Sutures see the Henry Schein Ireland catalogue pages 135 - 136

Hu-Friedy's full range of class leading Everedge and Resin8 hand scalers

For full range of Hu-Friedy Curettes see the Henry Schein dental catalogue pages 762 - 765
