**MOTPRO****MOT TESTERS - DON'T JUST FAIL THE VEHICLE - FIX IT!**

The MOTPRO is based on Autel's latest diagnostic platform, it is simple & easy to use and has been designed for professional technicians and bodyshops to service individual specialised systems, like Engine, Transmission, ABS, Air Bag, EPB, Climate Control, Steering Wheel, TPMS, Oil Service Reset. It provides a quick and easy solution to everyday tasks in the workshop that cannot be completed without the use of a diagnostic tool. With the combination of all the single application systems including OBD and EOBD the tool enables the technicians and garages to read & clear any vehicle warning light & puts you back in the driving seat.

**TBT0701**  
**£499.99**

**The Next Big Thing For MOT Testers**

**Portable Brake Meters**

The **G Meter** is a portable decelerometer that measures the braking performance for the MOT test.

**TME0500**

### Class I & II MOT Package

One of the most popular Brake Testers in the UK.

- MoT Approved, • Built-in weighing facility
- Remote control operation
- One year warranty
- Printer option
- Diagnostic memory facilities
- Headlamp Tester
- Wheel Alignment Bars
- Installation & Training

**FROM....  
£36.00**

Per Week, 5 Year Lease

This price also includes MOT Tools Board, Notice Board & Signage Pack.

### Service & Repairs

Our engineers carry a comprehensive range of replacement parts on their vehicles. Often we can repair a lift at the time of the 1st visit. This van stock is backed up by significant parts held at our office including replacement motors, PC's for brake testers and many other parts.

**Full Service  
Site drawings  
Building Works  
Installation**

**All products  
are  
manufactured  
in Europe**

### OPTL Equipment MOT4

Including:

- 4 Ton 4 Post Lift •
- 4560mm Platform Length
- Play Detectors • Radius Plates
- Headlamp Aligner •
- Jacking Beam
- ATL Mirrors • Pedal Depressor

**FROM....  
£58.36**

Per Week, 5 Year Lease

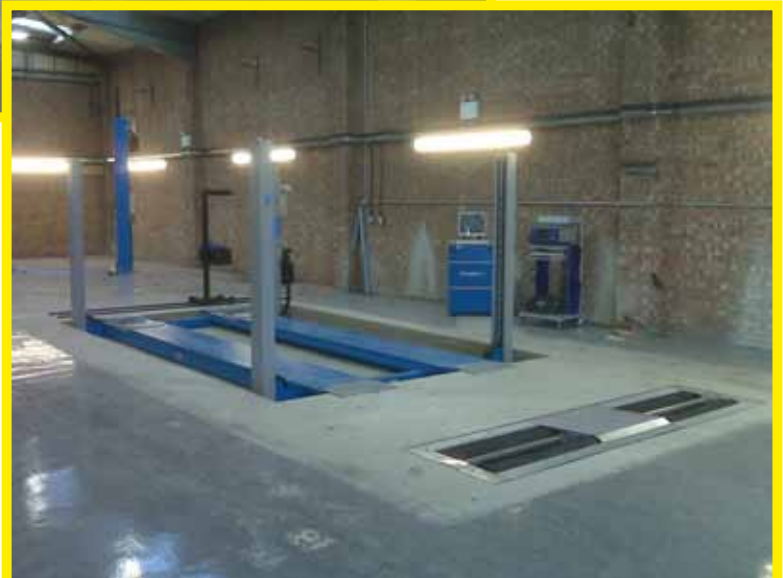

### MOT7

Including:

- 4 Ton 4 Post Lift •
- 5200mm Platform Length
- Play Detectors • Radius Plates
- Headlamp Aligner •
- Jacking Beam • ATL Mirrors •
- Pedal Depressor

**FROM....  
£63.67**

Per Week, 5 Year Lease

### ATL Equipment

- Play detector set
- Roller brake tester
- Radius plates
- Headlamp beam tester
- Jacking beam
- Mirror kit &
- Brake pedal depressor.

**FROM....  
£84.90**

Per Week, 5 Year Lease

### Automatic Tyre Changer

Automatic Tyre Changer  
Variable Speed Motor  
Reinforced Frame  
Extra Height Vertical Post to  
Allow Tyres of 17" width  
External Clamping 10" > 26"  
Internal Clamping 12" > 28.5"  
Can be used with Plus 83 Assistor

**G7645D.26**  
**£2,295**

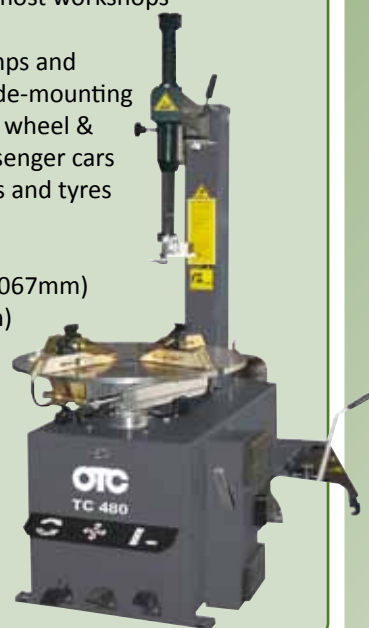

5 Year Lease £12.18 p/wk

### Manual Tyre Changer

Manual tyre changer suitable for most workshops

Large chassis, quick adjusting clamps and integrated bead sealer allows for de-mounting and mounting of a wide variety of wheel & tyre combinations from small passenger cars to light commercial vehicle wheels and tyres

Clamping Range 10" - 24"  
Maximum Wheel Diameter 42" (1067mm)  
Maximum Rim Width 16" (400mm)  
Bead Breaker Pressure 14075N  
Working Pressure 8 - 10 bar  
Motor HP 1.1KW  
Turntable Speed 6-8 RPM  
Turntable Torque 1070Nm  
Voltage 220V - 240V 50Hz 1ph

**TWC481**  
**£895.00**

### Semi-Automatic Tyre Changer

Tyre changer suitable for cars, motorcycles and light commercial vehicles. Heavy duty structure to guarantee proper working conditions at all times.

Adjustable angle and rotation.

Self-centring chuck:  
two-way rotation, high torque,  
high clamping force (two  
operating pistons).

High performance chuck:  
10" - 20" external  
12" - 22.5" internal  
3 Phase (400v) Power Requirement

**G7240.20**  
**£1,195**

5 Year Lease £6.34 p/wk

### Semi-Automatic Tyre Changer

Semi-automatic operation and large turntable where speed and flexibility are important.

Strong tilt-back mounting arm operation, integrated bead sealer and a powerful turntable motor combined with large chassis suitable for most popular wheel and tyre combinations found on cars, 4WD, and light commercial vehicles.

Clamping Range 10" - 26"  
Maximum Wheel Diameter 42" (1067mm)  
Maximum Rim Width 18" (407mm)  
Bead Breaker Pressure 14075N  
Working Pressure 8 - 10 bar  
Motor HP 1.1KW  
Turntable Speed 6-8 RPM  
Turntable Torque 1070Nm  
Voltage 220V - 240V 1Ph & 410V 3Ph

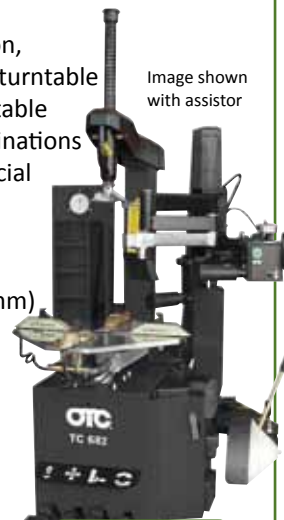

Image shown  
with assistor

**TWC682**  
**£1,595**

5 Year Lease £6.97 p/wk

### Tyre Changer Assistor

Bead top pressing and tyre lifting device. Bead press roller  
Tyre lifting disk, Rim press cone for rim clamping  
Additional rotating arm and roller assembly for preloading  
tyre bead, to assist  
fitting and removal of tyres, particularly low profile and  
RUN-FLAT tyres.

**PLUS83**  
**£1,095**

5 Yr Lease £5.81 p/wk

### Semi-Automatic Tyre Changer c/w assistor

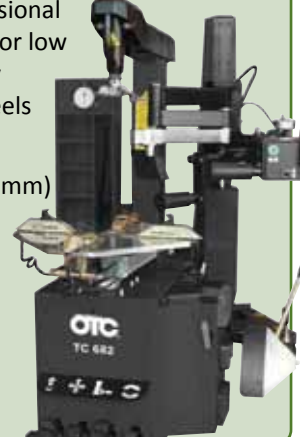

Multi function assist arm and strong large chassis for tyre bays and professional workshops

Strong tilt-back mounting arm operation, integrated bead sealer, powerful turntable and assist arm combined to offer a professional and versatile tyre changing machine for low profile hard wall tyres found on many modern vehicles fitted with alloy wheels

Clamping Range 10" - 26"  
Maximum Wheel Diameter 42" (1067mm)  
Maximum Rim Width 18" (407mm)  
Bead Breaker Pressure 14075N  
Working Pressure 8 - 10 bar  
Motor HP 1.1KW  
Turntable Speed 6-8 RPM  
Turntable Torque 1070Nm  
Voltage 220V - 240V 1Ph & 410V 3Ph

**TWC682RMB**  
**£1,995**

5 Year Lease  
£8.47 p/wk

### 4 Wheel Laser Wheel Aligner

Fast, simple and accurate alignment of both front and rear wheels.  
Optimises vehicle performance and set up after installation or modification of steering or suspension components.

Ideal for the busy professional workshop and has a fast return on investment  
- potentially adding value to every steering or suspension job.  
Works on practically all cars and light commercials with rim diameters between 320mm and 540mm.

Supplied with steering wheel clamp, wheel turn plates and wheeled storage rack.  
Contents:  
Portable Mounting Storage Rack with  
Castor Wheels,  
2 x Laser Alignment Heads  
2 x Wheel Alignment Hangers  
2 x Dished Turning Plates  
1 x Steering Wheel Clamp

**GA70**  
**£949.00**

### Automatic Wheel Balancer

Fully automatic operation and multiple weight position modes, combined with smooth DC motor providing versatility and ease of operation. Stylish presentation, weight storage, mount adaptor storage and rotating screen will compliment any workshop or tyre bay

- LCD display
- Manual brake for weight mounting
- Automatic rim measurement (inner & outer)
- 6 Aluminium weight position modes
- Large weight storage tray
- Tyre optimisation

**KWB503**  
**£1,295**

5 Year Lease  
£10.59 p/wk

Balance Accuracy 1g  
Cycle Time 7 seconds  
Balancer Shaft Diameter 40mm  
Rim Measurement Range 8" - 26"  
Maximum Wheel Diameter 40" (with guard)  
Maximum Wheel Weight 70Kg  
Voltage options 220V - 240V, 50Hz 1ph

### Wheel Balancer - Low Speed

Low Speed  
Motorised  
Balancer  
c/w Wheel Cover.  
Backlit Graphic  
LCD Display.  
Power Supply  
230v.  
Complete with car  
cone adaptors .  
Handwheel Quick  
Fit Nut.  
ALU S program  
For Alloy Wheel  
Balancing.

**G2.117H**  
**£1,495**

5 Year Lease  
£7.94 p/wk

### Wheel Balancer - Professional

Professional Motorised Balancer suitable for the most demanding operator.  
This unit comes complete with...

Wheel Cover  
Automatic Spin When Cover is Lowered  
Backlit Graphic LCD Display  
Auto measurement of distance and diameter up to 26"  
Power Supply 230v  
Complete with car cone adaptors  
Handwheel Quick Fit Nut  
ALU S program For  
Alloy Wheel Balancing  
Hidden Weight Program

**G2.124**  
**£2,395**

5 Year Lease £12.71 p/wk

### Wheel Alignment System

6CCD Sensor  
Data Bluetooth® transmission  
Data management and display program  
in Windows® environment.  
Data bank with more that 20000 vehicle data sheets already entered and further blank sheets to be filled.

#### STANDARD EQUIPMENT

- 1 control unit complete with PC, TFT monitor, key-board, printer and battery charger.
- 2 front measuring heads.
- 2 rear measuring heads.
- 2 sets of 4 Point Clamps
- 1 pair of Radius Plates
- 1 brake pedal depressor.
- 1 steering wheel lock.
- Instruction manual

**RAVTD1760WS**  
**£6,995**

5 Year Lease £37.13 p/wk

**FINI compressors have almost 60 years of experience.**

**A large range of compressors manufactured in house to suit all applications from the smallest workshop to the largest user. Capacities from 3 to over 70 cfm for reciprocating machines & from 25 to over 1000 cfm for screw compressors. A full range of accessories including dryers, filters & receivers completes the range offering a solution for all applications.**

**Gastech Mobile Extraction Unit 240v - Car**

The Gastech mobile exhaust system is of modern design, easily portable, handy, compact and with a limited cost, it is a simple though effective alternative solution to extracting exhaust fumes in small garages, making it possible to work without breathing in harmful gases, in full compliance with current regulations.

The Gastech has been designed respecting the fundamental rules of aerodynamics, minimizing leakage giving top suction efficiency.

Practical because it is trolley-mounted and therefore can be positioned anywhere, Gastech is also height-adjustable to allow it to be positioned at the vehicle's exhaust pipe. Ideal for cars and light vans.

Comes complete with 0,55Kw fan giving 420m3/h Airflow  
6m light flexible hose ASPIREFLEX 121mm Diameter.  
Working height 250mm > 750mm

**5000**  
**£595.00**

Height: 710mm  
Weight: 107kg  
Sump: 1100ltr  
UDL: 1500kg

**FLB0060**  
**£565.00**

### EBS/ABS Sensor Master

Any workshop requires fast, accurate and effective tools to diagnose faults easily and quickly. A high percentage of brake EBS/ABS faults are around the sensor or the sensor itself.

The ABS Sensor Master is an easy to use device which will confirm each EBS/ABS sensor is operational and effective. By connecting to the sensor socket on each wheel, individual sensor faults can easily be identified. The Master also tests the exciter ring and the distance between the ring and sensor.

- ABS Sensor Master is powered by a 9 volt battery,
- A warning light indicates a low battery.
- The Ideal Tool For Any Commercial Repairer
- Tests Each ABS Sensor
- Tests The Pole Ring & Exciter
- Very Easy To Use
- Tests Complete Without Wheel Removal

Quickly identifying and clearing the fault can save time and money, rather than calling in a dealer or diagnostic expert.

**TBT0901**  
**£239.99**

### Delphi Fuel Analyser

Features & Benefits:

- First phase fuel analysis for diesel/biodiesel
- Displays biodiesel percentage +/-1%
- One button to take the measurements
- One button to calibrate tool
- Holds more than 250 records
- Provides print-out of analysis
- Stainless steel easy clean sensor
- Programmable limits and error codes
- Immediate identification of contaminated fuel

**YDT553**  
**£1,350**

Contents:

- Hand held unit: USB Cable
- Mains adapter with interchangeable European & American adapters
- 3 x 50ml measuring tubes
- Quickstart guide featuring the error code table & error descriptions
- CD, including complete user manual and reporting software.

# Waste Oil Heaters

**Do You Pay To Dispose of Your Waste Oil?****CHEAP CLEAN HEAT AT COOL PRICES****You  
Won't buy  
cheaper**

We offer two types of waste oil heaters; **Manual or Automatic Ignition.**

## Manual Ignition

Efficient, Clean heat produced from waste oil out of diesel or petrol engines, gearboxes, transmissions, hydraulic systems, diesel oil or any combination of these. All models come complete with built-in fuel tank, filters, fuel pump and overflow protection for the burner dish.

The AT306 is recommended only for workshops where there is no explosive vapours present as it produces radiant heat only.

The AT307 produces radiant heat and 1000 cubic metres per hour of hot air which is blown from the thermo blower. The AT400/500 models have a high capacity axial fan providing a heated air flow of 3,000 cubic metres per/hr.

## Free Standard Flue Kit with All Heaters

## Automatic Ignition

Clean combustion and high efficiency with high capacity air distribution fans. These units offer summer ventilation facility as well as having a thermostat to control the temperature more effectively. The auto range also boast high capacity fuel tanks however an optional motor and pump kit can be purchased for connection to bulk oil tanks. Also available for the SB range is a Quartz 7 day timer and temperature clock.

All prices listed are for supply only as they are relatively simple to install.

Installation prices are available on request.

We offer a full service on all machines, we also stock a wide range of waste oil heater spares.

Please contact our sales department for more information.

# AIR OPERATED

## Coil Spring Compressor

See the unit in operation on-line at [www.jhmbuttco.net](http://www.jhmbuttco.net)

**NEW LOW PRICE**

**9901**  
**£699.99**

Carriage charges may apply

## UNIVERSAL

This unit is very easy to use and needs little or no training. You can disassemble and re-assemble the shock absorbers (Mc Pherson type) in seconds!

## SAFE

The unique system of hooking the spring on four points assures the greatest stability in the compression process. The unit cannot be operated unless the front protective bar is in position.

## PRACTICAL

Why waste time and effort when you can do the job in a fraction of the time with very little effort!

## FAST

The most precious commodity in the workshop these days is TIME - This is where you benefit. You can strip a strut in literally seconds!

## RELIABLE

This top quality machine is made from quality materials and components giving you a strong and sturdy design - Works every time!

## ACCESSORIES

### Universal Top Plate

**H5200** £59.99

If you cannot compress the spring using the clamps then it is suggested you use the top plate.

### Wheel Set

**H5100** £39.99

Make the unit mobile to easily move around the workshop

**Tyre Inflator**

The Hi-FLO MK3, handheld linear air line gauge.

SA37/93  
£39.99

**Airline Gauge c/w 2.75mtr Hose & Clip**

Manufactured to comply with EU Directive 86/217. Linear pressure scale, dual calibrated in psi and bar. Fitted with 2.75mtr hose with clip-on connector

Range: 0-9.5bar(0-140psi)  
Air Supply Minimum: 6.9bar(100psi)  
Air Supply Maximum: 13.8bar(200psi)  
Inlet: 1/4" BSP Female

Battery Care - Battery Care - Battery Care - Battery Care - Battery Care - Battery Care - Battery Care - Battery Care - Battery Care - Battery Care - Battery Care - Battery Care

**Owned a few booster packs before? Didn't last too long?  
Wouldn't always start a car or van?**

There are two reasons for this: **QUALITY** - Many booster packs use critical components such as batteries made in the Far East or are made in the Far East.

**POWER** - Booster pack power should be measured by **CRANKING AMPS** - The power available to turn over the engine. It should not be measured by **PEAK AMPS** - this is the power generated when the battery short circuits - it is of no relevance. If you want to reliably start cars, vans & 4 X 4, especially those equipped with larger diesel engines you need plenty of **CRANKING AMPS**. Typically a Far Eastern product will be advertised as offering around 1000 Peak Amps - this is only going to give you about 400 **CRANKING AMPS**.

Of course a pack made in the Far East giving 400 **CRANKING AMPS** will be low cost - low power output - but you need power when you use it!

We are pleased to recommend an alternative.  
Instead of spending £100 on something that really won't do a very good job & most likely won't last very long invest £250 on an SOS Booster Pack.

**Why buy SOS?**

Lifetime warranty on the case  
2 year warranty on all other components  
Superb high quality components - all made in Western Europe including:  
Excellent super heavy duty clamps & cables  
Illuminated Volt Meter - shows condition of booster & vehicle alternator output  
The best quality batteries giving:  
700 **CRANKING AMPS** - it will start!

**Specification:**

Voltage - 12v  
Cranking Amps - 700CA  
Peak Amps - 1860  
Cable length - 1.3 Metre  
Cable Diameter - 25mm<sup>2</sup>  
Clamp Length - 160mm  
Clamp Opening - 40mm  
Automatic Charger - 1.3A  
Weight 9.5 kilo  
Size - 37.5 x 11 x 32cm

### On Car Brake Pipe Flaring Tool

- Quick-release chuck for positive engagement of the punch.
- Fast-turn coarse thread on hydraulic ram, for quick assembly.
- Locking bolt with swivel pin, for fast tightening.
- Inter-changeable dies, held in place by magnets.
- Enhanced bridge unit for greater strength.
- Hydraulic power unit provides ultimate power for precision flaring.
- Creates SAE & DIN single and double flares (3/16" and 4.75mm pipe).
- Flaring pipes on-the-vehicle allows for accurate repair sections to be splice-in following repair work or accident damage.

**TBT0070**  
**£125.99**

### Off Car Brake Pipe Flaring Tool

- Produces accurate automotive double flares on most common sizes of brake pipe.
- Cam-action body mounts in bench vice for ease of use.
- Supplied with 3/16", 1/4", 5/16" and 3/8" dies.

**TBT0035**  
**£149.99**

**TEL: 01302 718226**

### Brake Piston Windback Kit. 18 Pc

Master set of adaptors for a wide range of vehicle applications. Suitable for push back and wind back brake pistons. Includes left and right handed thrust bolt assemblies. Precision made adaptor plates with thrust bolt assembly and reaction plate. Helps prevent damage to pistons and seals.

Applications: Alfa, Romeo, Audi, BMW, Citroen, Fiat, Ford, GM, Honda, Jaguar, Mazda, Mercedes, Mitsubishi, Nissan, Opel, Peugeot, Renault, Rover, Saab, Seat, Skoda, Subaru, Toyota, Vauxhall, Volkswagen,

**WBT0001**  
**£45.99**

### 12V Brake Bleeder

No more messing around with air supplies or hand pumps. Operation can be completed by a single operator in around 15 minutes. Fluid can be changed as well as bleeding the system. The unit is run off a 12v supply - car's own battery. Suitable for clutch bleeding as well as brake bleed.

**TBT0505**  
**£235.00**

### Air Operated Windback Kit

Air Operated Brake Piston Windback Tool Kit which is suitable for left or right hand windback operations. Fast and easy to use.

**WBT0002**  
**£69.99**

### Brake Disc Removal Tool

Removes the front brake discs without damaging the bearings on FWD and RWD Ford Transits from 2001 onwards. On some models it may be necessary to remove the near side ABS sensor to locate the removal tool.

**4288**  
**£57.50**

### Brake Pipe Pliers

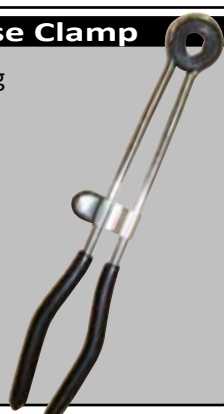

- Bends 3/16" and 1/4" brake pipe up to 90°.
- Forged steel jaws with anti-corrosion finish.
- Soft grip handles for comfort and control.

**TBT0050**  
**£17.50**

### Brake Hose Clamp

Suitable for clamping flexible brake and clutch pipes.

**11534**  
**£3.15**

### Brake Spring Tool

For removing and replacing retaining washers that hold brake shoes to the back plate.

**TBT0059**  
**£4.99**

## 110v Wall Mounted Cable Reels

Series 5000/XF Cable Reels have an external case manufactured from shock resistant plastic and are suitable for applications both with cable manually controlled and fitted on machines with automatic cable retraction. This range of drums features a ratchet stop every 50cm which can be easily disconnected if constant traction of cable is required. All slippers have brass rings and brushes.

Cable Size: 3c x 2.5mm<sup>2</sup>  
Cable Payout: 8.5 + 1.5m  
Cable Diameter: 10mm  
Circuit Breaker: Yes  
Max Power (Coiled): 1850 Watt  
Max Power (Un-Coiled): 2500 Watt

**5826XF**  
**£242.00**

Cable Size: 3c x 1.5mm<sup>2</sup>  
Cable Payout: 11 + 1.5m  
Cable Diameter: 8.5mm  
Circuit Breaker: Yes  
Max Power (Coiled): 1200 Watt  
Max Power (Un-Coiled): 1800 Watt

## Nitrogen Analyser

The AN300 Derived Nitrogen Analyser is a hand-held device designed to analyse the balance of nitrogen in vehicle tyres where nitrogen has been used as an inflation gas.

Nitrogen inflation is becoming increasingly popular for road use, as well as being used extensively in specialist applications such as aircraft and motorsport tyres.

The AN300 offers a low-cost, easy to use nitrogen analysing solution.

- Microprocessor controlled for enhanced performance.
  - Large, easily-read backlit LCD display.
  - Auto calibration.
  - Battery strength indicator.
  - Auto diagnostics with fault codes.
  - Auto power off-function after ten minutes.
  - Coiled sensor cable extendable to 3 metres.
  - Supplied with 8 mm Twin Hold-On .Connector for most automotive tyres
- AN300**  
**£210.00**
- 

## Cast Steel Bench Vices
