STAIRCLIMBERS

Step up to a full line of cardio

Stairclimbers complete our family of cardio products and add even more depth to your offering. The technology and ergonomic design of these virtually maintenance-free, self-powered, independent-motion stairclimbers will give your facility a leg up on the competition.

Performance Features

- **SMOOTH-STEPPING EXERCISE**
The IsoTrack™ climbing system with mono-roller, belt-driven design ensures a smooth, low-impact exercise experience.
- **HEART RATE MONITORING**
Lifepulse™ digital heart rate monitoring hand sensors are conveniently placed on the ergonomically correct handlebars to provide precise heart rate monitoring, and Polar telemetry provides accurate, “hands-free” heart rate monitoring.
- **MOTIVATING WORKOUT VARIETY**
Zone Training+™ workouts automatically adjust the resistance level to keep users in their target heart rate zone. Goal-based workouts and interval workouts keep users motivated.
- **SELF-POWERED CONVENIENCE**
You can place your stairclimbers anywhere in your facility.
- **PLUG-IN OPTION**
Provides a lower operating resistance, which appeals to novice and deconditioned users.

(See specifications on page 67 for plug-in option availability.)

- **ERGONOMIC EXPERTISE**
The ergonomically angled linear slide mechanism mimics a natural stepping motion and develops each leg independently for balanced results. Handlebars provide support and help ensure biomechanically correct posture.

HIGHLIGHTED FEATURE

- **SUPERIOR BELT-DRIVEN SYSTEM**

Exercisers get the smooth, popular independent stepping action they want, and you get the virtually maintenance-free belt-drive system you need. Only Life Fitness combines these great features in one outstanding stairclimbing machine.

See specifications on page 67 for feature availability. Models with Personal Entertainment Solutions require external power source.

□ 955e

- IsoTrack™ Climbing System
- Ergonomically designed handlebars for support and proper upright position
- E³ Integrated LCD™ System with Touch Screen Technology
 - FM radio-ready; up to 180 available TV channels
 - Workout Landscape™ Perspectives; Pace Goal
- Heart Rate Monitoring: Lifepulse™ hand sensors and Polar® telemetry
- 26 workouts, including 5 ZoneTraining+™ workouts and Fit Test protocol
- Up to 13 different languages
- Integrated reading rack and accessory holder

□ 955i

- IsoTrack™ Climbing System
- Ergonomically designed handlebars for support and proper upright position
- Dual-level alphanumeric LED console
- Heart Rate Monitoring: Lifepulse™ hand sensors and Polar® telemetry
- 26 workouts, including 5 ZoneTraining+™ workouts and Fit Test protocol
- Up to 9 different languages
- Integrated reading rack and accessory holder
- Self-powered; optional plug-in accessory
- Available with Attachable TV with E-Z TV™ Console or Attachable TV System*

□ 935i

- IsoTrack™ Climbing System
- Ergonomically designed handlebars for support and proper upright position
- Alphanumeric LED console
- Heart Rate Monitoring: Lifepulse™ hand sensors and optional Polar® telemetry in North America
- 15 workouts, including 2 ZoneTraining+™ workouts and Fit Test protocols
- Up to 9 different languages
- Integrated reading rack and accessory holder
- Self-powered; optional plug-in accessory
- Available with Attachable TV System*

□ 905

- IsoTrack™ Climbing System
- Optional ergonomically designed handlebars for support and proper upright position
- Alphanumeric LED console
- Heart Rate Monitoring: Lifepulse™ hand sensors and optional Polar® telemetry in North America
- 6 workouts
- Up to 9 different languages
- Integrated reading rack and optional accessory tray
- Self-powered
- Available with Attachable TV System*
