# Getting to Know Your Phone

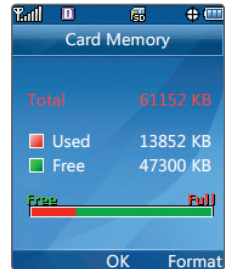

## Transferring Music

Store up to approximately 960 songs on the AX565 using an optional 4GB microSD card. You can even transfer files directly from your computer!\*

1. Insert your microSD card into the memory port with the gold contacts facing up.
2. The first time you transfer music, you must format the card. Press , then select **Settings (9) > Memory (8) > Card Memory (3)**.
3. Press the **Right Soft Key** for **Format**, then select **Yes (1)**.
4. Press  to exit.
5. Connect a USB cable\* from the phone to your PC.
6. The PC will recognize the phone as a **Removable Disk** and a screen will appear. Drag and drop music files on your PC into the **My\_Music** folder.
7. When done, disconnect the phone.

\*microSD card and USB cable required. Sold separately.

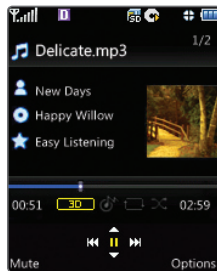

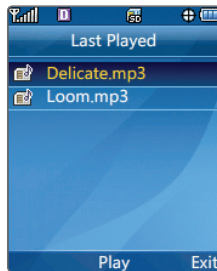

## Playing Music

Notice the front of the AX565? The external Music Touch Keys let you keep your favorite songs at your fingertips!\*

1. Insert a microSD card containing music.
2. With the flip closed, press and *hold* the side **Music Key** to activate the music player.
3. Tap ► to begin playing the highlighted song.
4. Tap ►► or ◀◀ to go to the next/previous song. Tap ▲ or ▼ to view the song list.
5. Tap ► to pause/play the music. To exit the music player, open the flip and press **END** twice.

\*microSD card required. Sold separately.

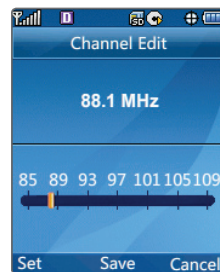

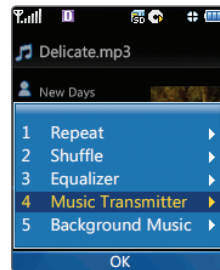

**Note:** You can play music in the background while doing other tasks. Once you have exited the music player with background music enabled, press the side **Music Key** from the idle screen to return to the player.

## Transmitting Music to FM Radio

Don't let the AX565's slim design fool you – this little device can broadcast to your car radio or home stereo system using its innovative FM transmitter!

1. Press the side **Music Key**.
2. Press  to begin playing a highlighted song.
3. Once the song begins, press the **Right Soft Key** for **Options**.
4. Select **Music Transmitter (4)**, then **On (1)**.
5. Set your radio to 88.1 FM (the phone's default setting) to listen.
6. To change the transmit frequency, press the **Right Soft Key** for **Options** > **Music Transmitter (4)** > **Change Channel (3)**. Then use the Navigation Key to select a new channel and press .

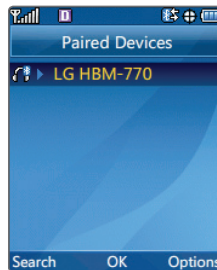

## Bluetooth® Pairing

Enjoy wireless communication like never before, thanks to cutting-edge Bluetooth technology. Connect to headsets, phones, speakers, and more – without ever plugging in a cable!

1. Set your Bluetooth accessory into pairing mode.\*
2. Press , then select **Settings (9) > Bluetooth (5) > Paired Devices (1)**.
3. Press the **Left Soft Key** for **Search**. When prompted to turn on Bluetooth, press .
4. Press  to begin a new search.
5. Once the Bluetooth device has been found, highlight it and press .
6. Enter the passcode\* (typically “0000” – 4 zeroes) and press .
7. Press  to connect with the device.

*\*Refer to your Bluetooth accessory's user manual for information about initiating pairing mode and the passcode.*

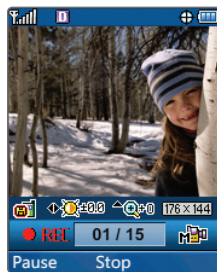

## Taking a Picture/Recording a Video

Don't let moments slip away. With the AX565's integrated 1.3 megapixel camera and camcorder, you'll be able to instantly capture photos and record videos.

1. To take a picture, press and *hold* the side  **Key**.  
To record a video, quickly press  and select **Record Video (2)**.
2. Press **left** or **right** on the Navigation Key to adjust the brightness and **up** or **down** for zoom.\* Press the **Right Soft Key** to adjust other camera/video options.
3. Press  to take the picture or start/stop recording.
4. To send your picture/video, press .

*\*Camera setting of 1280x960 pixels does not support zoom function.*

**Note:** To take self-portraits with the flip closed, press and *hold*  and use the external **Touch Keys** to take a photo or record a video.
