

Screen Cleaner

For LCD, LED and Plasma flat panel TVs & Desktop or Laptop monitors

Product Description

All-in-one cleaning kit containing cleaning puck with 30ml of cleaning gel spray.

Features & Benefits

- Screen cleaning gel for LCD, LED & Plasma flat panel TVs and desktop & laptop computer monitors
- Gentle yet effective anti-static bristles for removing dust and particulates
- Alcohol-free, anti-run cleaning gel spray cleans screen without penetrating any screen scratches
- Washable microfibre cleaning pad cleans screen without scratching delicate screen surface
- Simple 3-stage cleaning action: remove dust using bristles, spray cool screen with 1-2 squirts of gel, wipe screen clean with microfibre pad
- Always consult User Manual for AV equipment before use to ensure product is suitable

Suitable for

**CLEAN
YOUR SCREEN
SAFELY!**

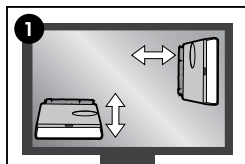

Many cleaners 'suitable' for LCD and Plasma screens use alcohol.

Regular cloths or dusters can leave microscopic scratches on the delicate screen surface.

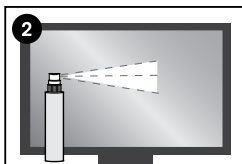

Alcohol can penetrate these scratches, seeping into the electronics behind the screen.

This can not only degrade picture performance, but also lead total failure of the screen that may not be covered under warranty.

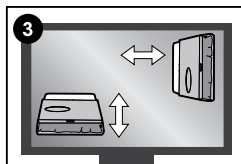

Peerless cleaning gel does not use alcohol and the gentle yet effective microfibre pad cannot scratch the screen surface!

Remove dust using bristles using straight left-to-right or up-and-down movements

Spray the screen with 1 or 2 squirts of cleaning gel

Wipe the screen with the microfibre pad using straight left-to-right or up-and-down movements
