Comfort Foot Memory Foam Insoles

Category.....Orthotics, Insoles
 Price.....MYR 38.00

Description

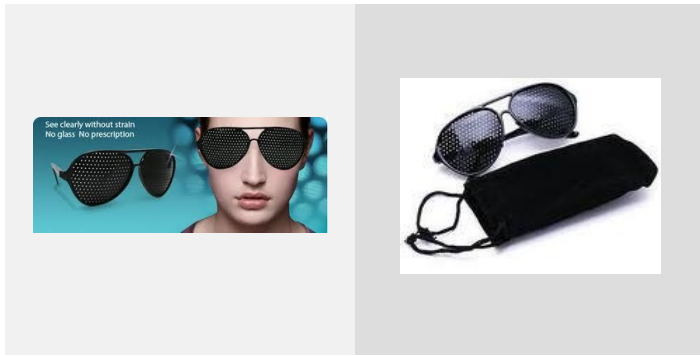

One Pair of Comfort Foot Memory Foam Insoles. Molds to your feet for unbelievable comfort! Gives you custom comfort from your heel to your toes! No more tired and achy feet!

Comfort Foot Memory Foam Insoles. Fits any shoe size: Men 6-11 or Women 5-10. Molds to your feet for unbelievable comfort. An excellent option for people with foot conditions seeking added comfort. Men and women discover instant comfort. You may have read that the average person takes 8,000 to 10,000 steps a day, as we age, our feet tend to lose the fatty pads that cushion the bottom of our feet and the extra pounds we gain can also affect the structure of bones and less ligaments and cause our feet to spread. Arthritis, gout, heel spurs, and countless other foot problems can also add to our foot pain. Relieves pressure on the ball of your foot, bunions, swollen feet and joints. Prevents heel shock by cushioning your every step. Supports your arch Increases your stability by cradling your foot and preventing foot roll. Gives you custom comfort from your heel to your toes. Provides much needed rest for your tired, achy feet.

Features include:

- Fits all sizes of shoes men's and women's (unisex)
- Insoles can be trimmed to any size
- Relieves pressure on the ball of your foot, bunions, swollen feet and joints.
- Prevents heel shock by cushioning your every step
- Supports your arch. Increases your stability by carding your foot and preventing foot roll.

Pin Holes Glasses

Category.....Sunglasses
 Price.....MYR 35.00

Description

Now you can have healthier eyes and clearer eyesight with PinHole Glasses suitable for all ages. PinHole Glasses is a proven tool using the pin-hole principle to improve eyesight by helping the wearer to be less dependent on prescription glasses or contact lenses, and also inculcate good vision habits to eyesight improvement using the 86-year-old Bates Method.

Natural Look! Natural Eyesight! Natural Care!

*** Restores vision for shortsightedness, longsightedness, astigmatism, lazy eye & crossed eye.**

Stronger eyes make more sense than stronger glasses or contact lenses!

PRODUCT DESCRIPTION

PinHole Glasses allows your brain to find the point of focus using your natural vision and this regular exercise helps your eyes' focusing system. Your eyes, mind and body will learn how to coordinate and adapt optimally to bring about improved vision every day.

Frequent use of PinHole Glasses with no time limit for indoor activities (TV, computer, reading) will experience 10-20% vision improvement over the next 2-4 weeks.

PinHole Glasses BENEFITS:

- No Risk, No Surgery, No Drugs
- 100 %SAFE & NATURAL
- NO Prescription (Scientific Pin – Holes)
- NO Eye Testing
- Reducing the prescription of your glasses and contact lenses
- Prevent progressive myopia, presbyopia and astigmatism
- Improves Vision Clarity & Resolution
- Eliminates Eye Strain
- Keeps Vision Intact
- Clear & Central Vision at all Distances
- Increases Object Brightness
- Breaks Dependency on Glasses
- Lightweight
- One Pair for Life
- Attractive Design
- Very Affordable

USER GUIDELINES

How do you exercise your eyes with PinHole Glasses?

Put on your PinHole Glasses:-

STEP 1:

Close your eyes and count 1 – 10 then open. Move both your eyes from side to side 10 times.

STEP 2:

Slowly rotate your eyes in a clockwise direction, 10 times. Then repeat in an anti – clockwise direction. Close your eyes and count 1 – 10.

STEP 3:

Yawn and blink your eyes to allow your brain to adjust.

STEP 4:

Take a magazine or book. Hold it at arms length and choose a word. Concentrate on the word and slowly move your arms toward your eyes

as closely as you can focus. Then slowly move to arms length again, still concentrating on your chosen word. Repeat 5 times.

STEP 5:

Yawn a few more times, blink your eyes and start enjoying your reading, TV or computer.

FAQ

1. When to use?

You can use PinHole Glasses during stationary activities such as reading, writing, using a computer, watching TV, watching a theatre performance or reading notes on a school blackboard. EyeAerobic is NOT recommended for activities where you are in motion, such as driving or in any situation where good peripheral vision is essential.

2. How long should I use PinHole Glasses?

Use it frequently with no time limit. The more you substitute your glasses with PinHole Glasses, the more your vision will improve.

3. Who should use PinHole Glasses?

PinHole Glasses can be used by anyone who requires visual correction between plus or minus 6 diopters. They can be worn by small school children who develop myopia (nearsightedness) due to excessive reading or by people in their 40s or older who have presbyopia, the farsightedness which develops with middle age. Also suitable for lazy eyes and crossed eyes.

4. Why I see double vision?

Most people adapt to the use of PinHole Glasses immediately. Some people may need 3 days to a week to adjust their eyes and minds to PinHole Glasses.

5. If I wear my strong glasses after using PinHole Glasses, won't I undo the benefits?

PinHole Glasses are not meant as an alternative to conventional glasses. Eye exercise, like any other exercise does not need to be continued all day to obtain benefit. While exercising, you are actually resting your eyes from the prescription glasses.

6. Will I have to keep on getting my prescription changed as my eyesight improves?

PinHole Glasses helps to build up flexibility in the eyes. You may be able to change to a lower prescription to help your eyes to improve further.

7. How do I know my vision has improved?

You are likely to experience 10 – 20% vision improvement in 2 – 4 weeks. Your existing pair of glasses should begin to feel over – powered and the world should look super – sharp.

8. Can PinHole Glasses really let you see as clearly as glasses do?

Yes! Even people who have worn glasses or contacts for years can see clearly with PinHole Glasses. PinHole Glasses will help to preserve a person's eyesight and prevent further deterioration from taking place.

9. The difference between glasses and PinHole Glasses?

Glasses and contact lenses clear up blurry vision artificially and temporarily. When your eyes are placed behind glasses, you will no longer use the focusing muscles in your eyes to the fullest. This important ciliary's muscle begins to weaken, requiring visits to your eye doctor for stronger and stronger glasses. PinHole Glasses is 100% natural and safe because it allows eye muscles to see for itself, forcing the muscles to exercise and prevent progressive myopia.

Product Material: Plastic

Wiper Wizard

Category.....Other Car Accessories

Price.....MYR 30.00

Description

So you're looking for some New Wiper Blades!?

But there's a FAR better option to changing your blades over every time they get a bit worn....No buying a new set....No fighting to change them....No increasing pollution by dumping the old set in the garbage.

- Easy to store in your car

You receive the Wiper Wizard plus 5 Wiper Wizard Wipes are included FREE!

QUIXX Scratch Remover

Category.....Car Workshop Supplies

Price.....MYR 40.00

Description

Remove Ugly Scratches, Scuffs and Small Marks Quickly and Easily with QUIXX

The Only Product that Completely Removes Scratches from All Paint Finishes!

Imagine using a scratch remover on your vehicle that actually repairs and completely removes the scratch, rather than just cover it up only to have it reappear again after a few car washes.

QUIXX Scratch Remover is a unique repair system that through a German engineered process called Plastic Deformation, effectively removes scratches from all paint finishes quickly and safely, saving you thousands of dollars in auto body costs. Engineered and produced in Germany.

German Engineered and Proven to Eliminate Scratches, Small Marks and Scuffs!

Features

- **Simple to use**
- **Immediate results**
- **Proven effectiveness - Certified by the world's leading inspection and testing agency**
- **Can be used on any painted surface (even metallic) including motorcycles, ATV's, jet skis, motorhomes and boats**
- **Environmentally friendly: water-soluble and non-toxic**

Frequently Asked Questions

Q: What is Plastic Deformation?

A: Plastic deformation is a permanent distortion of a material, in this case, the paint at the scratched spot. The paint material surrounding the scratch is mechanically deformed so that it flows into the scratch gap and the scratch is filled with the vehicle's original paint.

Q: Where does the scratch go?

A: The paint material surrounding the scratch is mechanically deformed so that it flows into the scratch gap and the scratch is filled with the vehicle's original paint.

Q: Does it work on all type of Paints?

A: It works on all kind of vehicle paints (clear coats, metallics, non-metallic). On Nano paints, scratch removal is limited to minor scratches (see next question).

Q: I have a Nano technology painted car, will work?

A: Due to the thin "scratchproof" Nano layer, scratch removal on Nano paints is limited to minor scratches. The QUIXX POLISH No.1 component (1stTube) is so powerful (effective) that it can even remove the Nano layer, it should not be used on Nano paints. The QUIXX FINISH No.2 component (2ndTube) can be used on Nano paints, but is not as powerful as QUIXX POLISH No.1 component so that only minor scratches can be removed on Nano paints.

Q: Why does QUIXX use a 2 step process?

A: The 2 step process is essential for the high performance of the product. Step 1 is very effective for removing deeper scratches while step 2 removes minor scratches plus gives the surface the final shine.

Q: Does QUIXX go thru clear coats and metallic paints?

A: QUIXX works on clear coats as well as on metallic and "normal" paints and will not damage them in any way.

Q: Does QUIXX remove key scratches?

A: As long as they are not too deep that you can see primer or metal, QUIXX can remove them. If the key scratches are very long (from front to back), it takes a lot of time to do the job. Even if primer or metal is exposed, a color specific or clear coat touch-up paint pen from the car manufacturer can be used to cover the primer/metal. Then, the result of the touch up pen can be significantly improved with the QUIXX Repair system using the included extremely fine wet sanding papers and the 2-step process.

Q: Where is QUIXX produced?

A: QUIXX is engineered and produced in Germany.

QUIXX Scratch Repair Kit Includes

- **1 Tube QUIXX Polish (No. 1)**
- **1 Tube QUIXX Finish (No. 2)**
- **1 Polishing cloth**
- **4 Strips special sandpaper**
- **Complete instructions**

Testimonials

I must say that I'm impressed of that QUIXX repair system. Amazing, I never believed that it was so good. I even removed a bird-spill-etching from my car. I have had it since I bought the car.

Regards,

Steve Magnusson
Karishamn, Asarum
Sweden

I just wanted to let you know that the QUIXX car scratch remover I bought worked beautifully! I'd need a microscope to see those scratches now, and some of them were bad. Fabulous product, and more than worth the money I paid for it. Thanks!

Bo Miller

Stockton, CA

I just wanted to let you know that I am very impressed! I own a Black Ford Lightning that my wife blessed with a few scratches and the kit made them almost dissappear! Very Cool.

Bill Billing.

Carlsbad , CA

I purchased your Quixx Repair System last month for my wife's car. I finally had the time and inclination to give it a try this morning. I'm absolutely amazed at your product and I just got off the phone raving to my family about this great product. You gained a loyal customer who at worst can be a cynic.

Thank You,

Kenneth Frazer

- Enhances new cellular rejuvenation.

Auto Fan - Solar-Powered Auto Air Ventilation

Category.....Lamps, Lighting, Ceiling Fans
 Price.....MYR 40.00

Description

Auto Fan - Solar-Powered Auto Air Ventilation

Product Description

The solar powered car ventilation is the original solar-powered ventilator that silently and efficiently helps rid your vehicle of hot, stale and stuffy air, even on scorching summer days! While your windows remain securely closed, the solar powered car vent eliminates hot air and odors from your vehicle and replaces it with fresh air from the outside, ultimately reducing the interior temperature of the vehicle. Auto Air Ventilation exchanges the air inside your vehicle approximately every 20 minutes.

Since the Auto Air Ventilation runs directly on natural, FREE solar energy, there is no drain on your vehicle's battery and no batteries to replace or recharge. Installation is easy! Simply attach the included weather proof fitting strips to the Auto Air Ventilation, place the Auto Air Ventilation on top of the window edge and roll the window closed - that's it!

The Auto Air Ventilation helps preserve and protect your vehicle's interior, valuable stereo and electronic equipment from the damaging effects of extreme heat build-up. Auto Air Ventilation also assists in reducing the strain on your air conditioning system during start-up.

Features

- Blows hot air out of parked car
- Solar Powered – Needs no battery
- Fits any car window
- Size : Fan : 15 (L) x 11 (W) x 5.5 (H) cm ; Belt : approximately 80cm

What this product will/won't do: This is not an air conditioner, it is a ventilation system, and it will reduce the interior temperature of your vehicle, but not cool it (like an air conditioner would). The system will not work with cars whose windows are dark tinted, nor will it work well on cloudy days.
