1. Please insert CD in CD-Rom Slot

The package provides setup CD. If the setup CD is missing or damaged, please download setup files from <u>http://www.vitiny.com</u>. Please see the following steps to complete the MICROSCOPE installation.

- Step 1: Please insert CD into CD-Rom.
- Step 2: Install MICROSCOPE application program.
- Step 3: Install MICROSCOPE driver.

To uninstall **MICROSCOPE** AP and driver in your PC, please follow below 2 steps to complete the Uninstall.

- Step 1: Uninstall MICROSCOPE AP.
- Step 2: Uninstall MICROSCOPE USB digital video driver.

Please insert the product CD to the CD-Rom. The computer will read the CD automatically and will pop up a window shown below:

Fig.1-1 Setup window

Microscope Installation Instruction

If the shown setup window does not pop up, please open the files on the CD from your desktop and choose Autorun.exe file(see fig 1-2), then the same window (Fig 1-1) will pop up.

Fig.1-2 Autorun.exe icon

2. Install/Uninstall MICROSCOPE application program

Please select the Fig 1-1 Install program and setup application program button to install MICROSCOPE program.

- 2.1 Install application program
- 2.1.1 Start setup program

Click setup application program, after it will pop up (please select a language) window on Fig.2-1, the initial language will follow up the pc OS system. If you want to cancel setup please click "Cancel" then click "OK".

Fig.2-1 Setup language window

2.1.2 Welcome to the MICROSCOPE Setup Wizard

After choosing the language, go to welcome to the MICROSCOPE setup wizard window see Fig.2-2, then please click "Next" then continue. If want to cancel please click "Cancel" button. In the following figs, "name" represents MICROSCOPE's application program name, "X.XXX.XXXX" represents the application program version.

Fig. 2-2 Welcome to the MICROSCOPE setup wizard

5
