

A Quick Start Guide to Some of Your Kia Vehicle's Features

For Kia vehicles equipped with Navigation Systems

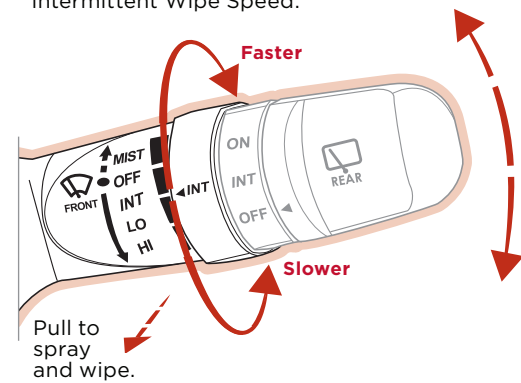

Your Features and Functions Guide contains much more information on these, and other available features of your Kia vehicle.

You can also view Features and Functions Videos to learn more about using the many new features of your vehicle by visiting www.KuTechVideos.com.

Windshield Wipers and Washers*

Windshield Wipers & Washers Controls:

Rotate ring to adjust Intermittent Wipe Speed.

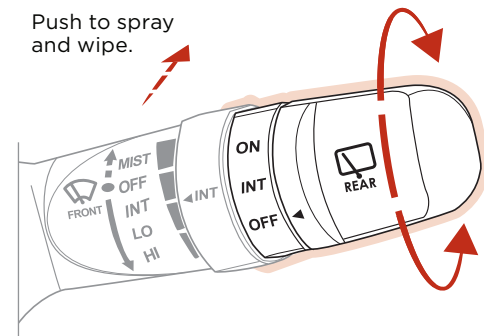

Move lever Up/Down to change Wiper modes.

- MIST:** Single wipe
- OFF:** Wiper off
- INT:** Intermittent wipe
- AUTO*:** Auto Control function
- LO:** Slow wipe
- HI:** Fast wipe

Rear Wiper & Washer Controls*:

Push to spray and wipe.

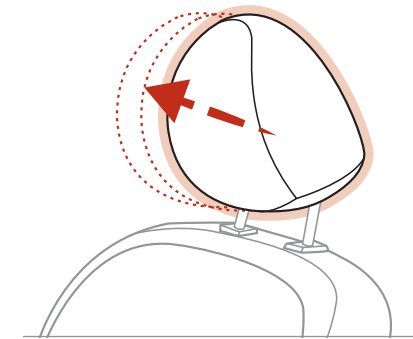

Rotate Rear Wiper Switch to change Wiper modes.

- ON:** Normal wipe
- INT*:** Intermittent wipe
- OFF:** Wiper off

Steering Wheel Adjustment

When adjusting the steering wheel in and out, the effort is reduced if the wheel is lifted upward when pulling out or pushing in.

Front Seat Headrest Adjustment

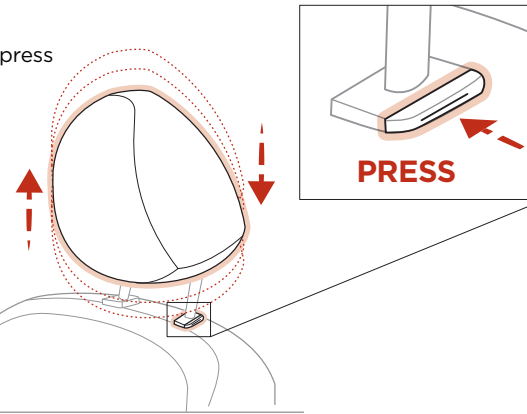

To adjust headrest forward*: Pull headrest forward at an angle to one of three positions.

To adjust headrest back*: Pull headrest completely forward at an upward angle, then release.

To raise headrest: Pull headrest up.

To lower headrest: Press lock, then press the headrest down.

For any questions regarding the features of your vehicle, please contact Kia Consumer Affairs at (800) 333-4542

Reference your Owner's Manual or Digital Navigation System User's Manual, for more information on these features.

Warning: Driving while distracted can result in a loss of vehicle control that may lead to an accident, severe personal injury, or death. The driver's primary responsibility is the safe and legal operation of a vehicle, and use of any handheld devices, other equipment or vehicle systems which take the driver's eyes, attention and focus away from the safe operation of a vehicle or which are not permissible by law should never be used during operation of the vehicle.

While the information contained in this guide is accurate at the time of printing, Kia may change vehicle specifications without notice in advance or after the fact, and assumes no liability in connection with such changes.

Always check your Digital Navigation System User's Manual for complete operating information and safety warnings.

Audio / Navigation System Voice Commands

The voice commands for this system are divided into **Global** and **Local** commands.

- **Global** commands (•) operate in **all modes**
- **Local** commands (◦) operate only in **corresponding modes**

PHONE COMMANDS

- Call Name [e.g., say, "Call name" after system beep. Wait for system response, then speak name as it appears in your contact list (e.g., "Robert Smith")]
- Dial Number
- Redial
- Recent Calls

RADIO COMMANDS

- Radio
- Radio AM
- Radio FM
- FM 1 / FM 2
- AM <frequency> [e.g., say "AM 640"]
- FM <frequency> [e.g., say "FM 101.3"]
- AM Preset <1 to 6>
- FM <1 to 2> Preset <1 to 6>
- Preset <1 to 6>
- Seek Up
- Seek Down

SIRIUS COMMANDS

- SIRIUS
- SIRIUS <1, 2, or 3>
- SIRIUS Channel <0 to 223>
- SIRIUS <1, 2, or 3> Preset <1 to 6>
- Preset <1 to 6>
- Channel Up
- Channel Down

MP3 COMMANDS

- Disc
- CD
- MP3
- Next File
- Previous File
- Next Folder
- Previous Folder
- Pause
- Play

USB COMMANDS

- USB
- Next File
- Previous File
- Next Folder
- Previous Folder
- Pause
- Play
- Scan

CD COMMANDS

- Disc
- CD
- CD Track <1 to 665>
- Track <1 to 665>
- Pause
- Play

iPod COMMANDS

- iPod
- Next Song
- Previous Song
- Repeat Song
- Pause
- Play

My Music COMMANDS

- Pause
- Play

eServices COMMANDS

- Roadside Assist
- eServices Guide
- Vehicle Diagnostics
- Twitter

OTHER COMMANDS

- Audio ON
- Audio OFF

NAVIGATION COMMANDS

- Map Current Location
- Zoom In
- Zoom Out
- North Up
- Show <POI Name> [e.g., show ATM]

DESTINATION COMMANDS

- Find Address
- Find Nearest <POI Name>
- Go Home

ROUTE COMMANDS

- Distance to Destination
- View Route
- Start Guidance

*If equipped

Pair Your Phone via *Bluetooth*® Wireless Technology

NOTE: Vehicle **MUST** be in "P" or Park.

- 1 On your Audio System, press the **PHONE** key, then press **Connection** on the display screen, followed by **Add New**
- 2 In the *Bluetooth*® menu of your phone, select **Search for *Bluetooth*® Devices** (or **Find, Discovery, Connect**, etc.). Select the name of your vehicle displayed on your phone, then press **OK/Enter**
- 3 On your phone, enter the 4-digit passkey associated with the vehicle name, and press **Ok** (or **Send, Enter, Done**, etc.) to complete the pairing

NOTE: This process may take a few minutes. Radio may play during the wait

NOTE: Some phones (i.e., iPhone, Android and Blackberry phones) may offer an option to allow acceptance of all future *Bluetooth*® connection requests by default

NOTE: Phonebook transfer will occur automatically at initial pairing. Wait until complete before placing a call

NOTE: Visit www.Kia.com/#/bluetooth for additional information on pairing your *Bluetooth*® enabled mobile phone, and to view a phone compatibility list

🕒 QUICK TIPS

Voice Recognition and Phone Contact Tips

The Kia Voice Recognition System may have difficulty understanding some accents or uncommon names. When using Voice Recognition to place a call, speak in a moderate tone, with clear pronunciation

To maximize the use of Voice Recognition, consider these guidelines when storing contacts:

- Do not store single-name entries (e.g., "Bob", "Mom", etc.). Instead, always use full names (including first *and* last names) for these contacts
- Do not use special characters (e.g., '@', '-', '*', '&', etc.)
- Do not use abbreviations (i.e., use "Lieutenant" instead of "Lt.") or acronyms (i.e., use "County Finance Department" instead of "C. F. D."); Be sure to say the name exactly as it is entered in the contacts list

Contacts Sync (Phonebook Download)

The Contacts Sync feature allows you to choose whether your phone contact list will transfer to your vehicle contacts each time your phone is connected or only at the initial phone pairing. To enable or disable Contacts Syncing:

- 1 Depending on the equipped options of your Audio/Navigation System, press the **i** key or the **INFO / SETUP** key, as equipped, then **Setup** → **Bluetooth** → **Contact Sync Settings**
- 2 On the display screen, press **Phone, Settings, Advanced Setup** and **Contacts Sync**, then press **On** or **Off** to change the setting

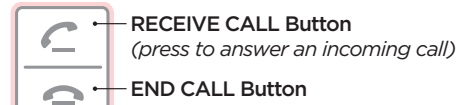

🕒 QUICK TIPS

- If Contact Sync is set to **ON**, contacts stored your phone will download each time your phone is connected. There may be a delay before the system is available to place a call.
- If Contact Sync is set to **OFF**, your phone contacts will download only at the initial pairing. This allows you to make calls without waiting for your phone contact list to download.

Using Steering Wheel Control Buttons

These buttons on your steering wheel provide you with "hands free" control over your mobile phone equipped with *Bluetooth*® wireless technology, Audio System, and Digital Navigation System.

NOTE: Remember to always wait for the beep before speaking any commands

Media Mode

Media mode includes a variety of modes, such as Audio CD, MP3 CD, USB Music, USB Image, iPod®, *Bluetooth*® Audio, Aux, and My Music

NOTE: Only MP3 and WMA files may be played or copied to My Music

- 1 Insert your media (if not already inserted). Press the **MEDIA** key to display a list of media devices. Select the desired device by pressing its name on the display screen
- 2 To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

Copying Songs to My Music

Media Mode allows you to copy songs from MP3 CDs and USB Devices, and store them in My Music

- 1 While the song is playing, press **Menu** on the display, then press **Copy**
- 2 Once copying is complete, you can listen to the copied music file in My Music by pressing the **MEDIA** key, then pressing **My Music** on the display

Listening to your iPod®

- 1 Connect an iPod® device or, if an iPod® device is already connected, repeatedly press the **MEDIA** key, then press **iPod®** on the display

NOTE: Use the iPod® cable that was supplied with your device

NOTE: Wait for the song catalog transfer to complete

- 2 To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

Manually Selecting iPod® Music

- 1 Turn the **FILE / TUNE** knob on the Audio System to scan through the music selections
- 2 When you find the desired file, press the **FILE / TUNE** knob to play the file

Selecting iPod® Music from a List

- 1 Press **LIST** on the display screen, then press **Category**
- 2 Select the song you wish to play from the list

Listening to Music from your *Bluetooth*® Wireless Technology Device

- 1 If not already done, pair your *Bluetooth*® wireless technology device to the Audio System
- 2 Press the **MEDIA** key, then select *Bluetooth*® Audio by pressing it on the display screen
- 3 Press the **▼ Seek/Track ▲** key to scroll through music files
- 4 To pause a track or song streaming from your *Bluetooth*® wireless technology device, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

UVO eServices

Setting up eServices

- 1 On the Internet, visit MyUVO.com and create an account.
- 2 Using a compatible smartphone to access your App Store, download the free Kia UVO app
- 3 On your smartphone, open the Kia UVO app and enter your MyUVO log-in credentials
- 4 In your smartphone's settings, *ensure that Location Services are enabled*
- 5 If not already done, pair your *Bluetooth*® wireless technology smartphone to the system
- 6 Press the **i** key on the system, then press **Setup** on the display, then **UVO eServices**
- 7 Press **UVO eServices Activation**, then press **Activate** to confirm

Using Parking Minder

- 1 After parking, and with the vehicle in Park (P), *but before turning off the ignition*, press **eServices** on your display screen, then select **Parking Minder** on the display
- 2 The Kia UVO app will register your vehicle's current parking location. When this is completed, press **OK**, then turn the ignition off
- 3 The Kia UVO app on your Smartphone will now help locate your parked Kia when required

NOTE: Visit www.MyUVO.com to view a phone compatibility list for eServices

Using Your Navigation System

At start up of the Navigation System, a message will display to caution you against driving your vehicle while distracted. The first time you use your Navigation system, you may be directed to select the desired language for information displayed in your system

Retrieve Traffic Information:

Press the (**>**) symbol near the bottom of the display screen, then select **Sirius Traffic**.

NOTE: It may take the Navigation System a few minutes to retrieve information on traffic conditions

Set Destination:

- 1 Press the **DEST** key, then press **Category** on the display.
- 2 To enter a new destination, select **Address**. Enter (or select) the **City Name**, then the **Street Number** and **Street Name**
- 3 To confirm destination, select **Set as Destination** on the display screen

Climate Control System

Climate Control System functions differ between systems and vehicles. Presented below are descriptions of the most common control functions:

NOTE: Climate Control System options and the appearance and location of icons on the system in your vehicle may differ, as equipped.

🕒 QUICK TIPS

Automatic and Manual Defrosting / Defogging

Defrost Outside Windshield:

- 1 Select **Defrost**  Mode
- 2 Select **Max Fan Speed**
- 3 Set **Temperature** to Hot

Defog Inside Windshield:

- 1 Select **Defrost**  Mode
- 2 Select **Max Fan Speed**
- 3 Select a warm **Temperature** setting*

*If moisture appears on windshield, adjust **Temperature Control Knob** to a warmer temperature

🕒 QUICK TIPS

- Keep inside glass as clean as possible to reduce window fogging
- Defrost  Mode activates A/C and opens Fresh Air Vent
- When Automatic Climate Control is set to Auto Operation, the A/C indicator will NOT illuminate. The fan speed, air intake, air flow and air conditioning may automatically engage at any time to reach desired temperature and reduce humidity

*If equipped
