						OK Cancel

By opening the file you wish to upload, the mediafile properties window will popup. Here you can set the properties of you file such as title (a proper title is recommended), vendor, release/expire date etc.

Select [OK] to publish the file.

The file will now be uploaded to Databeat's mediaserver, then distributed to all mediaplayers that subscribes to the channel. Upload progress is found at the bottom of the window. When the system has finished uploading the file (successful upload), server status will get a green checkmark.
