

# Video Door Entry System

## user manual

**Manual covers Cronus Master and Cronus Slave Monitors**

## Precautions

- Connect this unit ONLY to other compatible units. Do not connect it to any other type of alarm or auxiliary device. Connecting anything else to this unit may damage it or prevent it from operating properly, and will invalidate the warranty.
- Do not place cables from the AC/DC adapters, camera or monitor where they can be damaged or stepped on. Protect the cables by keeping them out of the way of children, pets and routine household traffic. Do not place heavy objects on power cables; do not cover them with rugs or carpet.
- Unplug the AC/DC adapters from the wall outlet when the system is not in use for a long time.
- Slots or openings in the back of the monitor, are provided for ventilation and to ensure reliable operation of the video monitor or equipment and to protect it from overheating. These openings must not be blocked or covered. The monitor should never be placed near or over a radiator and should not be placed in a built-in installation or enclosure unless proper ventilation is provided.
- All parts should be protected from violent vibration. Impact shocks and dropping may damage the product and should be avoided.
- Installation of doorbell camera facing into direct sunlight may affect quality of the video.
