Long Description – 100 Words

The RemotePoint Wireless Presentation Desktop Suite pairs a rechargeable media keyboard, rechargeable desktop mouse and a presentation remote control with green laser pointer. With its 100-foot wireless range, the Presentation Suite is ideal for meeting rooms, lecture halls, churches and public speaking venues.

The wireless Media Keyboard, with integrated trackball, mouse buttons and 12 media hot keys, is ideal for control of video, audio and Internet streaming media. The paired desktop mouse, with laser tracking technology, operates on almost any surface; while the included presentation remote provides effortless control of PowerPoint presentations. All devices share a common USB receiver dongle.

FEATURES AND BENEFITS

Reliable 2.4GHz Long Range Radio Frequency
- One receiver dongle supports the keyboard, mouse, and presenter, thus only one USB port required
- Provides up to 100-foot/30-meter of reliable data transmission range for all 3 devices
- Patented reliable auto-pairing technology enables secured and accurate RF connection
- Multiple RF channels with auto-scan and channel switching eliminate potential interference
- Ideal for lecture halls, classrooms, conference rooms, churches, and any public-speaking settings that require reliable, long range wireless data transmission

Earth-friendly Recharging Capability Saves Operating Costs
- Keyboard and mouse designed with recharging feature to eliminate the need to replace disposable batteries
- Keyboard and mouse conveniently recharge via included USB charging cable while in use
- Never lose productivity due to power-out or dead batteries
- Designed with auto sleep mode helps conserve battery power
- Built-in LED power-low indicator to signal when to recharge
- Ideal for institutions and individuals that are conscious about saving operating costs and reducing hazardous waste to the environment

Slim Media Keyboard with Built-in Cursor Control Functions
- Slim key construction features reduced key travel distance and minimizes finger fatigue
- Built-in optical trackball provides convenient cursor control with integrated mouse buttons offer full-function mouse controls right on the keyboard.
- Built-in 12 preprogrammed media hot keys enhance productivity for home theater as well as for conference room and lecture hall environments.

Matching High-resolution Laser Mouse
- Three selectable resolutions offer precision and accuracy for the ultimate mousing experience
- High resolution laser tracking engine enables the mouse to work on most surface types including fabric and reflective desktops

Professional-grade Presentation Remote with Green Laser Pointer
- Built-in green laser pointer with 10x brightness of conventional red laser pointer offers green highlight visible from distance away and shows on bright screens
- User-programmable buttons can be customized to send any key combinations for the ultimate ease of use

True Plug-and-Play for Ease of Use
- The 2.4 GHz radio frequency is pre-paired to eliminate the need for pairing
