idt INTEGRATED DUAL FEED

The ORIGINAL
– only from Pfaff,
for over 35 years!

Choosing a Pfaff machine with IDT (Integrated Dual Feed) is choosing that extra sewing advantage.

During sewing the fabric feeds evenly from the top and the bottom, whatever the stitch length. For perfect patterns and seams, fine fabrics and layers it makes sewing so easy.

Create

YOUR OWN EMBROIDERY DESIGNS

With your computer and Pfaff creative 3D software the possibilities are limitless. Whatever your ideas, you can embroider them out with your creative embroidery machine.

creative 3D Suite

The complete software package with creative 3D Suite allows you to turn pictures, sketches, and photos into beautiful embroideries – even into decorative cross stitch patterns. Add text, corners or borders to your designs, combine them with further patterns, and reduce the thread changes (ColorSort). Change the size of the embroideries and adjust them as you wish. You can also develop and adjust 9 mm and Maxi stitches for your embroidery machine. Use stitches from your machine as motifs within your embroideries.

Over 300 embroidery designs including 50 beautiful Pfaff exclusive embroidery designs are included.

Packages that are available to purchase separately

creative 3D Embroidery Artist, creative 3D Digitizing, creative 3D Cross Stitcher, creative 3D Stitch Editor, creative 3D Organizer.

inspira

Inspira offers a wide selection of contemporary and classic Embroidery Designs. The designs are easy to sew and delivered on a multi format CD that can be used by almost any house hold embroidery machine. Thread chart and additional useful information are conveniently included on the CD.

New Inspira collections are continuously released, each offering great value for money.

The Pfaff trolley bag fits any size Pfaff machine comfortably and is great to transport your machine from home to class, or to take away on holidays!
