The easy-to-use PT105 provides portable big-screen fun when connected to game consoles, computers, video players and even hand-held devices. Project a 60-inch widescreen image onto a wall or ceiling from less than 10 feet away. Instant on and off and cool operation makes it convenient to move from room to room. The PT105, with its low power consumption, uses 80 percent less power than a 42-inch LCD television. Take it with and let the fun follow.
