Stun Guns

Stun guns use high voltage and low amperage to temporarily disable an attacker for several minutes. The stun gun does not rely on pain for results. The energy stored in the gun is dumped into the attacker's muscles causing them to do a great deal of work rapidly. This rapid work cycle instantly depletes the attacker's blood sugar by converting it to lactic acid. In short, he is unable to produce energy for his muscles, and his body is unable to function properly. The stun gun also interrupts the tiny neurological impulses that control and direct voluntary muscle movement. When the attacker's neurological and muscular system is overwhelmed and controlled by the stun gun, he loses his balance. Should the attacker be touching you, the current will not pass to your body!

STUN MASTER® has been a leading brand in the stun gun industry since 1994 making it a true icon in the world of self-defense. Maintaining this level of success for so many years in such a competitive field is the finest recommendation any product could be given. Stun Master stun guns have a **LIFETIME WARRANTY**.

The **STUN MASTER® L'IL GUY 12 MILLION VOLT STUN GUN WITH FLASHLIGHT** and Nylon Holster Black This little stun gun is small and compact. It has a super bright LED flashlight built in charger and comes with a nylon case. It measures only 3 3/4" x 1 1/2" x 3/4". Don't let the name Stun Master Lil Guy fool you. It has a beast inside just waiting to be released. Just press the shock button and the Lil Guy thrashes 12 Million volts out of the metal probes. The safety switch is off when in the down position, middle position is the super bright LED flashlight, and in the up position the shock is turned on once the trigger is pressed. Available in 4 colors Black, Pink, Red and Purple.

THE RECHARGABLE 20 MILLION VOLT RUNT is easily concealable, and virtually undetectable in the hand of a woman or a man. What your attacker doesn't see will drop him like a roach who has ingested a little too much Black Flag. The Runt uses a new cutting edge micro-technology to deliver super powered protection. You can carry the Runt in your hand or pocket. If you would like to wear it like a pager there is a heavy duty nylon belt loop holster included. It now comes with a flashlight and wrist strap disable pin. Safety on/off switch. Available in Black, Pink, Red, and Purple. **LIFETIME WARRANTY**.

SM-MULTI • \$49.95

4¾" x 2½" x 1"

The **KNUCKLE BLASTER STUN GUN** is a 950,000 volt stun gun designed to give you a punch with power. Just touch your attacker to instantly repel them and it will give you time to get away. Longer contact will cause further disorientation and after some seconds may drop them to their knees. Uses 2 Lithium batteries (included FREE). Comes with a *free* nylon belt holster (\$15.00 value) designed to allow quick access and deployment of this amazing stun weapon. This patented device has a soft rubber skin and is sized to accommodate all hand sizes. A safety switch is built in and accessible to your thumb. Once you grab the Knuckle Blaster stun gun you can flip off the safety and fire with the same hand. No need to use two hands. One year warranty.

ZAPBK950 • \$69.95

4⅝" x 3¼" x 1⅛"

The **DOUBLE TROUBLE STUN GUN** is like having two stun guns in one. *Twice* the contact - totaling 1.2 million volts - *twice* the stopping power! Very effective because of the space between the contacts. The greater the space, the greater the effect. Most stun guns only have 1.5 inches between contacts, the Double Trouble has 5 inches between contacts. It has a rubber coated soft contour grip to make it easy to hold and hang on to. The Safety switch is on the top with a red LED on/off indicator to let you know if the stun gun is ready to fire.

Uses 3 CR123A batteries (included FREE) it also comes with a hand strap and a *free* Nylon Carrying Case with Belt Clip, a \$15.00 Value. One year warranty.

ZAPDT • \$89.95

6" Long - 6.9 oz.

The **STUN MASTER® 3 MILLION VOLT RECHARGEABLE LIPSTICK STUN GUN** with **FLASHLIGHT** is secretly disguised in a decorative tube of lipstick.

Its innovative design makes it one of the coolest things we have added to our product line in recent years. Its small size makes this stun gun unique and super portable. It's only 5" tall, and whether you're carrying an oversized purse or an evening clutch, this SM-LIPSTICK-B • \$22.95 5" x 1" Black

This little beauty is powered by a built-in rechargeable battery and includes a power cord. Under the cap there are 2 buttons: one for the bright flashlight and one for the stun gun.

The compact dimensions are 5" x 1" and this baby will really surprise the heck out of the poor slob who messes with the lady carrying this. Available in 4 colors Black, Pink, Red, and Purple.

The **STUN MASTER® 8.5 MILLION VOLT RECHARGEABLE FASHION STUN GUN** with **FLASHLIGHT** is an ultra thin stun gun with a mean bite. It's about the size of a small electric shaver and comfortably fits in small hands. The safety switch is located on the side of the stun gun and has three positions: off, flashlight only, and stun gun only. The activating switch is the round, red button just below the flashlight.

This stun gun has a built-in nickel-cadmium rechargeable battery and comes with an easy to use integrated charger. Simply plug the charger into the stun gun and then into an electrical outlet. The LED charge light will turn on. The Stun gun may have a small charge when it arrives but you will need to charge it for 12 hours. The flashlight is 60 lumens. After the initial charge and long periods of inactivity we recommend recharging the stun gun for 2 hours.

The **PRETENDER 4.5 MILLION VOLT CELL PHONE STUN GUN** pretends to be a camera cell phone... but it's not. It's a powerful 4.5 Million volt stun gun. This stun gun will really give you the edge since an attacker will think you are just carrying a cell phone. It also has a very bright built-in 6 LED flashlight. All PRETENDER Stun Guns come with a LIFETIME WARRANTY.

To prevent accidental discharge, two levels of safety have been built in. The safety switch must be in the ON position (this will cause an LED warning light to come on) and the trigger button pressed before the unit will operate. The standard model operates on 3 CR2 batteries which are included free (\$12.00 value). The rechargeable model comes with a built-in rechargeable battery and an easy to use integrated charger. Simply plug the charger into the stun gun and then into an electrical outlet. Free holster also included. Note: None of these Products work as Cell Phones - Only as a Stun Gun and Flashlight.

Comes with FREE Holster and a LIFETIME WARRANTY

The **STUN MASTER® HOT SHOT** is only 3 inches long and looks like a Blackberry or other hand-held mobile device. No one will even notice you have 11 million volts of self-protection on your hip. With a dazzling 11 million volts, it has the effect of a baseball bat, combined with the element of surprise.

This uniquely designed stun gun is equipped with a safety on/off switch and an illuminated red light that tells you it's ready to unleash pain on your attacker. Uses 3 Lithium CR123A batteries (included free), a \$10.00 value. Comes with a free nylon holster with belt loop. LIFETIME WARRANTY.

SM-HS • \$26.95
2 1/4" x 2" x 1 1/8"

The **STUN MASTER® 18 MILLION VOLT FLASHLIGHT STUN GUN** with **MOBILE CHARGER** is made of high quality aircraft aluminum and delivers a shocking blow when used as a stun gun, flashlight, or baton. You can carry 18,000,000 volts of stopping power almost anywhere with no one even knowing because the stun gun is concealed in the flashlight. It also has a built in USB charger to charge iPods, iPad, iPhone, iPhone 5, and a mini USB to charge most other smart phones. Light up any attacker and leave them wishing they had never approached you. It measures 9 1/4" x 1 1/2" and has a lifetime warranty.

Light up any attacker and leave them wishing they had never approached you. It measures 9 1/4" x 1 1/2" and has a lifetime warranty.

We recommend the **EVEREADY ENERGIZER ALKALINE 9 VOLT BATTERY**. Other batteries will not work as well. Warranty will only be honored if Energizer Eveready Batteries are used. You do not have to purchase them from us, but you do have to use them.

B-1 • \$3.00

STUN MASTER® 20 MILLION VOLT BAD ASS METAL STUN BATON and FLASHLIGHT - Blind,

Buzz and Bash! Introducing the all new Stun Master Bad Ass! This 3 in 1 baton is the first combination of its kind made out of aircraft quality aluminum. It features a high end tactical flashlight and a powerful 20,000,000 volt blast of electricity that will put the biggest, baddest attacker on well.... his ass.

Often imitated but never quite duplicated, the Bad Ass Baton is made of some of the strongest material known to man. The 120 Lumen super bright LED flashlight will provide that beacon of light in a dark and scary world. With its firm rubberized grip and wrist strap the Bad Ass Baton can easily be used as a heavy duty clubber. At the front end of the baton is a jaw dropping 20,000,000 volt stun gun. The baton emits an electrifying shock with the simple ease of pushing a button. The baton Includes charger cord. Measures 14 ¾" x 1 ½" and has a lifetime warranty.

SM-BADASS • \$49.95
14 ¾" x 1 ½"

STUN MASTER® 9 MILLION VOLT STUN GUN FLASHLIGHT

This rechargeable stun gun flashlight is made from a strong ABS plastic and a high technology polymer coating. This gives the flashlight stun gun a very solid construction. Not only is it tough but it has a high voltage stun gun that will have any attacker begging for mercy. The FREE nylon holster can easily attach to a belt. The unit comes with a recharging cord, safety wrist strap and an ON/OFF safety switch.

SM-FL • \$27.95
7 ¼" x 1 ½"

The **STUN MASTER® COVERT STUN MASTER STUN GUN FLASHLIGHT** is a great addition

to your arsenal for self defense. The hidden probes make it look like it is just an ordinary flashlight. If given the chance this ordinary looking flashlight will light you up and will pump 9 million volts right into any attacker. It is rechargeable in two different ways. It can be charged with the supplied wall charger and a cigarette lighter adaptor so it can be charged on the go. It comes with a standard wrist strap and has a rubberized coating to help secure a firm grip.

SM-FL-C • \$35.00
7 ¼" x 1 ½"

The new and improved **MULTIPURPOSE 10 MILLION VOLT STUN ALARM FLASHLIGHT** is rechargeable and has led bulbs in the flashlight. It features a stun gun function, 150 db alarm with steady red light, bright led flash light, led red flash light, led red flashing light for signaling, and shoulder strap. This is a great item for police, security, and for self defense. Length 15.5", flashlight 2.75", handle 1.5"

FL-LG • \$41.95

The **STUN MASTER TELESCOPIC STUN BATON** has three ways to protect you: a light, a loud 120 dB alarm and, of course 7.5 million volts of stopping power. It's rechargeable so you never have to buy batteries and folds down to make it easier to hide and easier to carry. Its 21½ inches long when fully extended, and only 13 inches long when collapsed. Just push the tip of the baton to make it retract. The full length of the metal rod is electrified including the tip. A push of the trigger immediately expands the Telescopic Stun Baton and starts shocking. It also has a wrist strap with a disabling safety pin, once the pin is removed the stun gun will not work. Very easy to use.

SM-FLEX • \$59.95 21½" Long (fully extended)

If the attacker tries to grab the Telescopic Stun Baton from you, he will be shocked. But don't worry about getting shocked yourself if the attacker is touching you because it won't happen! The design of the Stun Master Telescopic Baton ensures that the current will not pass to you, but will shock your target through half of an inch of clothing. **LIFETIME WARRANTY.**

Only 13" Long when collapsed - Comes with a **free** holster (a \$15.00 value) for easy carrying.

STUN MASTER® 4.5 MILLION VOLT MINI BATON comes with a rechargeable battery, LED Flashlight, Safety Switch, Safety Wrist Strap and Pull Pin. Special conductive screws will shock anyone trying to grab the stun baton from you. If they touch anywhere near the screws on the barrel of the stun baton they will be shocked and forced to let go. The innovative screw system has replaced the outdated strip which had a tendency to come off.

SM-MINIBATON • \$45.00

Child Internet Safety

While online computer exploration opens a world of possibilities for children, expanding their horizons and exposing them to different cultures and ways of life, they can be exposed to dangers as they hit the road exploring the information highway. Advances in computer and communication technology allow your children to connect with complete strangers in a countless number of ways.

THE INTELLISPY™ ULTIMATE CHILD INTERNET SAFETY KIT gives you the ability to track what your child does every time they get on the computer. You have a right to know and to protect your child. Works on Windows 2000, XP, Vista and 7.

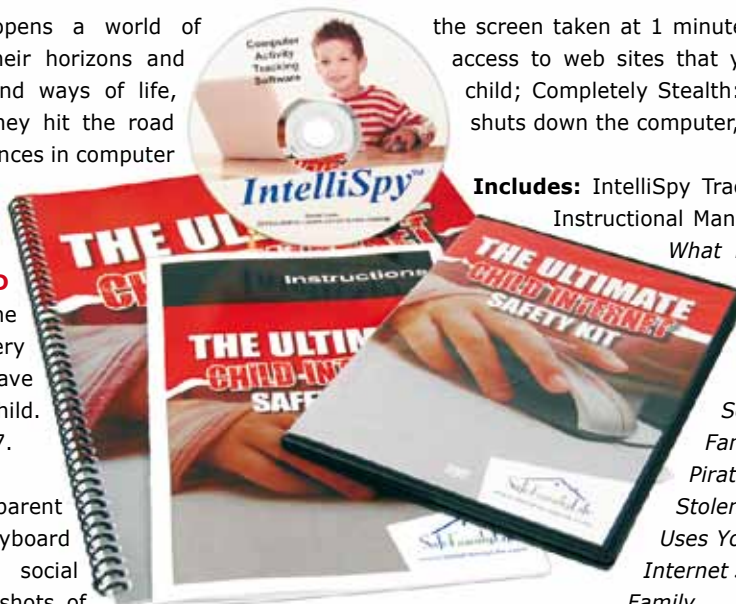

Features: Key Logging, that lets the parent see everything typed onto the keyboard including emails, instant messages, social networking activity; Screenshots, snapshots of

the screen taken at 1 minute intervals; Block web sites to limit access to web sites that you feel are inappropriate for your child; Completely Stealth: if someone closes the program or shuts down the computer, the program will restart.

Includes: IntelliSpy Tracking Software, Digital and Printed Instructional Manual and these 7 Safety Reports: **1)**

*What is the Internet and How Powerful is it? **2)** Top Five Dangers to Kids with Unsupervised Internet Access **3)** What Your Family Needs to Know About Cyber Predators **4)** Social Networking. What Life is Your Family Living Online? **5)** Modern Day Pirates: Does Your Computer Contain Stolen Property? **6)** How to Track Who Uses Your Computer and What They Do **7)** Internet Safety: How to Protect You and Your Family*

Animal Repellents

The **GUARD ALASKA® BEAR SPRAY** ultra hot pepper spray has proven so effective at repelling bears, it is the only one registered with the EPA as a repellent for *all species* of bears! It is absolutely the most effective and powerful bear defense spray available. It is safe for the environment in that it does not contain flammable or ozone depleting substances.

The formula is scientifically proven superior, and it even works on wet bears because the specific gravity of the carrier is heavier than water.

Endorsed by the Alaska Science & Technology Foundation. 9 oz Supersize. Range: 20 ft.

BEAR PEPPER MACE® SPRAY. Great news for true outdoor enthusiasts! Now you can protect yourself against possible bear attacks, with safe, humane Bear Pepper Mace® Spray. This powerful Magnum Fogger sprays up to 30 feet! Empties in approximately 5.4 seconds. 260 grams.

Upon direct contact with eyes, respiratory system and mucous membranes, the active ingredients in the pepper spray will cause eyes to slam shut, coughing, and an intense burning sensation to the skin. Effects should lessen in approximately 45 minutes.

The **SUPER DOGCHASER** uses the latest ultrasonic technology in two ways to repel a dog. One is a discomforting but not harmful high frequency sound (20,000Hz - 25,000Hz), audible to dogs but not to humans. And, the second is a super bright LED flashing strobe that temporarily blinds and confuses the dog. Helps stop the approach of unwanted dogs up to 40 feet. Also has a training setting. Requires one 9 volt battery (not included) and can *also* be used as a flashlight.

DC-2 • \$19.00
4¾" × 1¾" × ¾"

NYLON/VELCRO HOLSTER for either Bear Spray. Comes with belt loop.

MACE® MUZZLE® is EPA approved and provides safe, effective and humane protection against canine attack. Ideal protection for walkers, joggers, cyclists or delivery personnel. "The Wildfire 18% formula is one of the hottest, and more importantly, one of the fastest reacting spray we've ever tested. This spray immediately permeates the pores of the skin, closes the eyes, and inhibits the respiratory system. What makes this product so effective is the purity of the pepper used in formulating this product. Only food grade 3 million or 4 million Scoville Heat Units pepper used." - Larry Harris, Washington Labs

WILDFIRE® 18% PEPPER GEL

The Wildfire 18% pepper gel is a sticky pepper spray that comes in 3 convenient sizes. The 2 and 4 oz. models are easy to conceal and great for personal use and self-defense. The 9 oz. model can be kept at home and has a pistol grip for dead-on aim. Once sprayed this Pepper Gel acts like glue to your assailant. If the attacker attempts to wipe or rub the Pepper Gel away it begins to permeate the skin leaving your attacker in pain.

If used properly indoors you don't have to worry about overspray, as it will stay in the direction where its sprayed and will not affect others in close proximity. Pepper Gel is ideal for a car, recreational vehicle, camping, or home.

This Pepper Gel has many convenient features including: longer distance range, stronger pepper mixture, sticks to the target like glue, it's also less contaminating, and non-flammable.

Home Protection

TELESPY™ INTRUDER ALERT is a clever and reliable combination of a telephone, a motion sensor, and a microphone. The TeleSpy is an ordinary telephone that doubles as a monitoring system. Simply enter any phone number you want the unit to call and turn the motion sensor switch to "on". Should motion be detected the phone will dial the number entered and upon answering you will be able to listen in via the amplified microphone on the unit.

The TeleSpy allows you to decide from a safe location if it is a friend or foe before you call the police. The listening period is about 30 seconds, then the TeleSpy disconnects and instantly re-arms to detect again and again. TeleSpy operates from any phone line, requires no installation, and is completely portable. No monitoring fees, no false alarms.

TELESPY • \$75.95
8" x 3" x 3"

The **OUTDOOR HOMESAFE WIRELESS HOME SECURITY MOTION SENSOR** can detect motion from up to 10 meters away and has an adjustable 150 degree motion detection angle. It has a wireless radio frequency range of 300 feet. When triggered the RF signal activates the alarm. Uses one 9-volt battery (not included). Easily protect every window and door of your home. Comes with wall mount and requires 3 AA batteries not included. Can be used with the HA-SYSTEM and EWD-1.

HA-MOTION-OD • \$24.95

The 100db **GLASS BREAKAGE ALARM** is an effective low cost vibration alarm that can be used for securing windows or doors. The glass alarm can also be used as a personal property alarm to protect computers, TVs, stereos, cabinets, etc.

HP-GLASS • \$9.95
2" x 2½" x 1"

The **WIRELESS OUTDOOR SIREN** has a 120db high output alarm. It has 3 alarm functions siren + signal light, signal light only, siren only, delay timer 0-10s. It can be used as a siren alarm with the HA-SYSTEM. The Siren can also be used as a stand-alone siren by connecting up to 8 additional sensors, HA-MOTION, HA-SENSOR, HA-MOTION-OD. Once one of these sensors detects motion it will sound the alarm. The siren has an automatic shut off. Every 30 seconds the alarm will turn on and off once the alarm is triggered until its reset. The siren comes with power adaptor and wall mount. It will work with 4 AAA batteries (not included).

HA-SIREN • \$39.95

LIFETIME GUARANTEE

45½" Extended

The **DUAL FUNCTION DOOR BRACE** works on Hinged Doors and Sliding Doors. This door brace features a non-marring yoke (removable for sliding doors) that helps protect against finish damage; a padded foot that provides sure grip on most floor surfaces and protects against finish damage. The door brace is composed of a high strength steel tube: 20-gauge steel for greater strength and is portable (collapses to 31 inches to fit in most suitcases and garment bags).

DOORBRACE • \$15.95

This **HOMESAFE® WIRELESS SAFETY ALERT & DRIVEWAY PATROL ALARM** has a unique passive infrared system that concentrates on the protected area you select. Whenever the unit is set with the alarm in the ON position, the motion detector will monitor the protected area.

Once movement is detected the alarm will turn on. The Driveway Patrol Alarm also has a chime mode to alert you as well. This alarm has many functions. It can be used to let you know when a child is leaving the home. It can be used to alert store owners when customers arrive. Keep an eye on almost anyone of your assets. You can use multiple units in 1 location. Only 1 sensor can be used per receiver.

Very Easy to Install, portable security wherever you need it; Home, Apartment, Trailer, Boat, Storage, Motor Homes, Camping, Hotel, Attic, Driveway.

DW-ALARM • \$29.95

The 105db **HOMESAFE® WIRELESS HOME SECURITY SYSTEM** is an affordable solution to your home or office security needs. This easy to operate security system will sound an alarm and dial up to 5 preset phone numbers to let you know motion has been detected or a door or a window has been opened in your home. A land line with tone dialing is required. It works on all analog phone lines, Does not work on all digital phone lines. You can add multiple remotes for additional family members.

HOW IT WORKS:

1. When the door/window sensor or motion detector is triggered, it sounds an alarm and sends a signal to the base unit.
2. The base unit dials the first telephone number of your programmed list.
3. The person answering the call will hear a prerecorded alert message.
4. That person will have the option to listen in on the room, broadcast their voice through the base unit, or disarm the system.
5. If there is no answer, or if the person doesn't disarm the system, it will dial the next number on your programmed list.

Includes 1 base unit with AC adaptor, 1 window/door sensor (wireless transmission up to 250 feet), 1 motion detector (range 8 yards) and 1 remote control with panic feature for arming and disarming the unit. You can add 14 additional sensors. A total of 16 sensors can be used for detection. Additional remotes and sensors are available.

HA-SYSTEM • \$119.95

**More than 900 children between 1 and 14 die each year in drowning accidents.
In California, drowning is the number one cause of accidental death for children 1-4 years of age.**

**But, do you really need these statistics to convince you to do everything you can
to prevent this from happening to your child or grandchild?**

The Safe Family Life **POOL ALARM** is an electronic monitoring system that automatically sounds an alarm when children or pets fall into your unsupervised pool. It's portable, self-contained and light weight. The unit is simple to operate. Entry into the pool will be detected by the Pool Alarm's electronic sensor, triggering a loud pulsating alarm at the unit and inside your house from the remote receiver. The Pool Alarm installation is very easy. It sits on the pool deck as shown in the picture. It is very easy to use with control button operation and will automatically arm the unit once you are done swimming.

The Pool Alarm comes with a remote receiver with flashing light which can be mounted in your home up to 300 feet from the main unit. It comes with a 12 volt power supply. The Pool Alarm uses 6 D batteries (not included) which should last approximately one year. There is an audible low battery indicator which will sound at the poolside alarm and the remote receiver.

POOLALARM • \$159.00
10 1/2" x 11"

Pool Protector sits right on the pool deck

VOICE ALERT SYSTEM-6 is a new annunciation system featuring wireless PIR (Passive Infrared motion detector) sensors, transmitters and a remote receiver/speaker base unit. Users record their own alert messages and are then notified with their own voice message when activity in a monitored zone is detected.

For instance, Zone 1 could be for a driveway alarm - "Car coming up the driveway!" Zone 2 could guard a side entrance against intruders. When this PIR detects movement the Base Unit could play back "Someone's on the patio" and trigger a floodlight using one of the four "C" relays included on the base unit. Zone 3 could be used by the entrance to the backyard pool. When triggered, this Zone plays back "Kids are by the pool." Zone 4 might be used to detect movement in your prized garden. You could record "Is there a deer in the garden?" to be played when the sensor for this zone is triggered near your garden. System-6 can monitor all four zones simultaneously and still have two additional zones available (along with their own custom messages), if required.

VA-6000S • \$149.95
8" x 5 3/4" x 1 3/4"

Create your messages and place the wireless sensors wherever you wish. Voice Alert System-6 sets up in minutes and can be completely customized to fit your individual needs. The wireless PIRs feature: all weather protection, adjustable mounting and sensitivity, and can send a signal 300 feet through walls and up to 1000 feet in open space.

Features:

- Wireless Driveway Alarm
- Residential and Small Business Security
- Child Monitoring and Pool Safety
- Allows up to six user recorded messages.
- Each message is specific to each zone.

**Add as many
VOICE ALERT SENSORS
as you need per zone**

\$7.95
2 1/2" x 1" x 1 1/4"

The 105 db **MOTION ALERT ALARM** passive infrared system detects motion in any selected area. It mounts easily (vertically or horizontally) near any entry area and is battery operated, eliminating any need for wiring.

Unit can be coded with a personal security code and can be set to utilize a two-tone entry chime, instead of the alarm sound. Mounting screws and AC connector included. 9 volt battery (not included).

HA-125 • \$32.95
3 1/2" x 5 1/2" x 2"

This multifunctional **HOMESAFE® BARKING DOG ALARM** system uses an electronic radar-wave sense control. This technology allows it to "see" through wood, cement, brick, glass, etc. When an intruder enters the guarded area, it automatically begins barking like an angry dog. From outside, it sounds like you have a very unfriendly dog inside. It also can announce visitors with a chime or alarm.

The radar sensitivity is adjustable from 10-20 feet, volume is also adjustable. Stands 9 inches tall. Powered by AC power supply. Also takes 8 AA back-up batteries (not included)

Unit needs to face in the direction you want to detect motion. Detection is limited from the sides and rear. The included remote control lets you Arm and Disarm the system, as well as set off a Panic alarm. You can also connect up to 16 additional sensors to monitor larger areas; **HA-MOTION** or **HA-SENSOR**.

EWD-1 • \$99.00
6" x 7" x 4 5/8"

Use the **SUPER DOOR STOP ALARM** as an entry alarm and to block a door from being opened. If anyone tries to open the door, this 120 dB alarm will sound. There is a movement sensor with adjustable sensitivity that will activate the alarm if it's tampered with. ON/OFF switch is on the back of the alarm. Uses one 9 volt battery (not included).

DSAL-2 • \$15.00
6 3/8" x 1 3/4"

Blowguns

These **BLOWGUNS** are .40 caliber, precision manufactured with seamless T-6061 aircraft aluminum tubing and guaranteed for life. They are not toys but the real thing. With all the new improvements, you can expect ranges over 250 feet and muzzle velocities as high as 350 feet per second or more! In fact, the darts can penetrate 1/4" of plywood with no problem! 100% USA made. Each Blowgun comes with 12 target darts, mouthpiece, muzzle guard, foam grip and two dart quivers. Available in various lengths.

Personal Alarms & Safety

CHILD GUARD PANDA - Have you ever experienced the terror of thinking your child is missing or lost? We have all had the gut-wrenching

feeling of turning around on a busy street and finding that our child is nowhere in sight. Now this could be prevented with the new improved CHILD GUARD PANDA. Worn by the child, the cartoon animal-shaped transmitter sends a constant signal to the receiver, which is held by the adult. The signal is adjustable - from a distance of 3 to 21 feet, so when the child goes beyond the set distance, the adult's receiver starts to beep, letting them know that the child is starting to wander off. The Child Guard is worn on the child's wrist.

YS-088 • \$25.50

Dimensions for child unit: 2 1/8" x 1 9/16" x 5/8"
 Dimensions for parent unit: 2 1/2" x 1 1/2" x 1/2"

You don't even have to blow this compact **ELECTRONIC POCKET WHISTLE** - just push a button. Emits a loud 120 dB whistle for as long as you push the button. Useful in various situations such as sporting events, a locator in emergencies (earthquakes, collapsed buildings), referee whistle, traffic use for police, military training, dog handling and as a safety alarm for crime prevention. 4 inches long. Uses 4 LR44 batteries (included).

HP-388 • \$19.95
 4 1/8" x 5/8"

The **KEYCHAIN ALARM WITH LIGHT** combines the two best deterrents against attack - a 130 dB alarm and a flashing light. The alarm is activated when the pin attached to the keychain is pulled or by pressing the alarm button on the top of the unit. Can be used as a flashlight without activating the alarm to provide additional night time safety. Two AAA batteries included.

PAL-130L • \$10.00
 3" x 1"

The **MINI TRAVEL ALARM** with PIR SENSOR is an effective low cost motion alarm that can be used to effectively deter an assailant. It can be activated by just pulling the alarm cord located at the top of the unit or can detect motion up to 9 feet away. Emits a loud 15 second, 100 dB blast making an impending criminal cower and run.

Just slide the cover down exposing the infrared sensor and the OFF/AUTO switch. Turn the switch to auto, and the sensor will start detecting motion in 60 seconds. Contains an LED flashlight, and its convenient size makes it perfect for concealing and traveling. Uses three AG13 batteries (included).

PAL-100TR • \$14.95

2 7/8" x 1 3/8" x 1"

This is a **2 IN 1 PERSONAL/DOOR ALARM**. It acts as a burglar alarm and a personal alarm. Hang it on any door knob (non-metallic doors) and it instantly and automatically sounds when an intruder touches the door knob.

Carry it with you and just pull out the metal chain to sound the alarm and deter an assailant. The alarm is 120 dB. Requires one 9 volt battery (not included).

AL-2 • \$10.95

4 1/4" x 2 1/4" x 1"

Designed to draw attention to any crisis, our **130 dB PERSONAL ALARM** is as loud as eight 100 dB alarms. The alarm is activated when the strap attached to the alarm pin is pulled. Travels easily on your belt or in your purse.

The Door Alarm accessory converts the Personal Alarm into a portable door or window alarm. Great for home, hotel rooms, college dorms, etc. Requires one 9 volt battery (not included).

PAL-1 • \$9.95

2 1/8" x 2 3/4"

The **MINI PERSONAL ALARM LED FLASHLIGHT** with Belt Clip and keychain which has a very sleek and compact design, but don't let its small stature fool you. This easily activated alarm will emit an ear piercing 120dB alert that will send your aggressor fleeing for the confines of a sound proof room. You can deactivate this alarm just as easily as you activated it, with the click of a perfectly located button. This alarm fits easily in your pocket, purse, can be clipped onto your belt, or attached to a key chain. The built in LED flashlight allows you to shed some light on any situation. Anyway you chose to carry it, it will be nothing but beneficial to your safety. Uses 3 replaceable LR44 batteries (included). Available in 2 colors Black and Pink

PAL-120-BLK • \$5.95

3" x 1 1/2" x 1/2"

PAL-120-PINK • \$5.95

3" x 1 1/2" x 1/2"

The **WATER OVERFLOW SENSOR ATTACHMENT** easily connects to the PAL-1 or PAL-1LIGHT. The overflow sensor protects against water overflow or flooding. If the sensor comes in contact with water it will sound the alarm. This is great for use near a washing machine, water heater, bathtub, and in basements. The attachment comes with a suction cup for easy mounting.

PAL-OVERFLOW • \$2.00

The new **3 IN 1 130db PERSONAL ALARM WITH LIGHT** is the only alarm that can act as a flashlight, personal alarm, laptop computer alarm, and window or door alarm. It has 2 attachments. The first is a standard smart hook that can be used on your belt loop or purse. Second is the window or door alarm attachment that can be used on a window, door, or as a laptop alarm. When the alarm is activated there is a strobe light to attract attention. The unit also has a button for the flashlight function. It runs off of one 9 volt battery (not included).

PAL-1LIGHT • \$11.95

3" x 2" x 1"

The **NAP ALARM** is for anyone who has ever felt drowsy while driving. Some of us have actually fallen asleep only to be awakened by the blaring horn of an oncoming car. The Nap Alarm is an innovative, potentially lifesaving anti-drowsiness alarm. It is worn over the ear and has an electronic position sensor. When your head nods forward, it sounds a loud alarm to instantly wake you and alert your passengers.

The Nap Alarm is not only designed for drivers, it is also perfect for people who need to be fully alert while on duty, for example, security guards, machine operators and even students while studying or where concentration is required. Makes a perfect gift. Uses three AG13 alkaline button cell batteries (included).

NZ-1 • \$9.95
1 7/8" x 2 1/4" x 5/8"

PET BLINKIES are vibrant, multi-color lights that attach easily to a collar, leash or harness. Pet Blinkies are waterproof and visible up to 1/2 mile away. Available in 3 blinking, vibrant colors: Blue/White, Pink/Jade, Red/White/Blue

PETBLIN • \$7.99

These **BIKE SAFETY LIGHTS** are a safe and convenient way to illuminate your bike. These lights are visible at distances up to a mile. Convenient rubber strap that attaches to any bike. Long lasting LED rated at 100,000 hours of use.

Micro Bike Lights have a rubber strap and curved inner surface that allows the lights to be securely attached to your seat post, handlebars or bike frame. Front and Rear Safety Lights have 2 settings; Steady and Flashing. Requires 2 CR2032 Replaceable Lithium Batteries (included).

F-SH-213 • \$10.95
2 7/8" x 1 1/4"

The sleek, slim design of this **PERSONAL ALARM WITH FLASHLIGHT** fits easily into small hands, purses and even a pocket. The activation pin is connected to a wrist strap and when the pin is removed the alarm sounds at an ear piercing 130 dB. The alarm is also equipped with a flashlight, useful for dark parking lots or when entering a dark building. Perfect for real estate agents, night-shift employees and even children! Uses two AAA batteries (included).

PL-6 • \$9.95
3 1/2" x 2 1/2" x 1/2"

MACE® SCREECHER AEROSOL ALARM

- This alarm emits an ear-piercing blast readily recognized as an emergency call for help. Its high-pitched shriek can be heard up to 1/4 mile away. Convenient size for pocket or purse. 10 gram unit has a push-top activator. Contains approximately 30 short blasts.

80145 • \$9.95
4 3/4" x 7/8"

PETAG-3 • \$4.99
12 Pack
Replacement Batteries

Super bright **9 LED FLASHLIGHT** can go anywhere with you. Red metal body with on/off switch and small strap at the base. 9 shock resistant LED lights. Uses 3 AAA batteries (not included).

FL-9L • \$5.50
3 3/4" long, 1" diameter

The **BICYCLE HEAD LIGHT** includes an easy to use handlebar mounting bracket that allows for convenient quick release when not in use. Can also be used as a flashlight. Super Bright White LED's Requires 3 AAA Batteries (included).

The **BICYCLE TAIL LIGHT** has 180 degrees of illumination, ensuring you will be seen from both sides, as well as from behind. 5 Super Bright LED lights have 2 Functions: Steady and Flashing. Requires 2 AAA Batteries (not included).

Q1014 • \$14.95 7" Long

The **AUTO EMERGENCY TOOL** is clearly a lifesaver! With 4 emergency functions in one, this car emergency tool is the most versatile on the market. The super bright flashlight can be used at night in any situation. The blinking emergency light activates automatically upon removal from its base.

If trapped inside a car, use the unit as a hammer to break the window for escape or use the blade to cut the seat belt. A snap-on base allows for fast removal in any emergency while the magnetic head keeps the unit handy when working on the car. The housing is water resistant. Easy installation requires no tools. Includes: Super Bright Flashlight, Blinking Emergency Light, Window Escape Hammer and Seat Belt Cutter. *Takes 2 AA batteries (not included)*

DRINK GUARD™ DATE RAPE DRUG DETECTOR-

Each test kit comes with 10 Test cards, each card has 2 test on each card. Each card is the size of a business card. The test is easy to preform just put a drop of your drink on the test area and wait until it dries. You will then know if your drink is safe to drink or may have a hidden drug inside. If it turns dark blue, don't drink! Use these test strips to detect the possible presence of illicit Date Rape drugs like GHB and Ketamine in alcoholic and non-alcoholic beverages. Drug-facilitated sexual assault, commonly know as "Date Rape", occurs when illicit drugs are slipped into an unsuspecting victim's drink. Each book measures 3 1/2" x 2 1/2" and weighs 4 ounces

DRINKGUARD • \$9.95

Diversion Safes

DIVERSION SAFES - the best place to hide anything is in plain sight. The Chicago Crime Commission states that a burglar spends an average of 8 minutes in the victim's home. Put the odds in your favor, hide your valuables in plain sight. The diversion safes are a unique home-security product. We offer a wide variety of personal care, household products and food containers with removable tops and bottoms. Valuables can be discreetly stored inside these look-a-like containers and kept in their seemingly rightful places. Each is indistinguishable from the genuine product and is even weighted to feel full.

SafeFamilyLife™ Safety Kits

SafeFamilyLife™ combines our products with product instructional DVDs, manuals, and new extensively researched reports into special purpose "kits." This is an innovative, unique approach unlike anything currently available in the personal/family security field. SafeFamilyLife™ is all about its name: giving families the information, education, motivation, resources and highest quality affordable products they need to create a safe family life at home, while traveling, for their children away at school, or for their senior parents living alone. As the economy suffers, more and more people are concerned about their safety. People still need help protecting themselves, their loved ones and their property. 1 in 6 women will be sexually assaulted in their lifetimes. College age women are 4 times more likely to be assaulted. People are not provided with any training in Personal, Family and Home Security, and if they looked for products on their own, they had no one source and no knowledgeable assistance...until now. Simple, fact-based education on these matters can and does save lives! All products are non-lethal, safe and covered by warranties. All products backed by satisfaction guarantees.

SFL-APARTMENT • \$119.00

The SafeFamilyLife™ **ULTIMATE APARTMENT SURVIVAL KIT** is specifically structured for apartment security. From the door stop alarm, to a mini infrared alarm, to a diversion safe for your valuables, to your personal safety with pepper sprays.

- Diversion Safe - Dried Soup (1)
- ½ oz. Pepper Spray with Visor Clip (1)
- Glass Breakage Alarm (1)
- Magnetic Door Alarm (2)
- Mini Alert Alarm (1)
- 2 oz. Pepper Spray with Wall Mount (1)
- Door Stop Alarm (1)
- Cell Phone Lite (1)
- All Batteries Included

SFL-OFFICE • \$679.00

Instructional Fighting DVDs

FRANK CUCCI - Spent 12 years as a Navy SEAL (including four years in SEAL Team Six), the most elite division in the SEALs - the guys who always get the juiciest and toughest assignments.

UNARMED COMBAT COURSE - You'll learn skills specifically designed for situations where top soldiers suddenly found themselves without a gun or even a pocket knife - possibly wounded - surprised by ambush - out-numbered - and with the violence around them reaching the point of life and death! Minimal athletic ability is required, and each move must have a high consistency of success.

DVD-CUCCI • \$69.00 1 Hr. 55 Min.

VLADIMIR VASILIEV - A former Russian soldier in the elite Spetsnaz secret service of the Russian Army (so well-trained in every aspect of combat that even the dreaded KGB was terrified of them). When Vladimir escaped to Canada from Russia, everybody wanted him - including the U.S. military, eager to learn his combat secrets - and the U.S. military still doesn't have these amazing fighting secrets! You cannot find a qualified teacher of these vicious hand-to-hand fighting secrets *anywhere* in the United States. This stuff is hands-down the best-kept secret among insiders in the world of serious combat.

RUSSIAN FIGHTING SYSTEM - This unique and almost lost art is the only hand-to-hand fighting system taught to the feared and deadly Russian Spetsnaz soldiers!

DVD-RUSSIA • \$97.00 4 Hrs.

CHRIS CLUGSTON - As a bouncer, kick-boxer, shoot boxer and experienced street fighter, Christopher Clugston knows how stupid it is to master any martial art style that has "rules". The real world of street fighting has no rules!

COMBAT JKD - Chris is very aggressive in his teaching methods. He demonstrates running attacks and how to deal effectively with multiple attackers.

These techniques are quick and easy to learn and don't necessarily require a partner to practice and master them. This is the most honestly brutal, BAM-BAM-and-you're-done kind of fighting you could ever imagine ... and the best part is, it's especially easy for "non-fighting" types of people to master quickly!

DVD-SECRET • \$97.00 3 Hrs. 45 Min.

JACOV BRESSLER - Began his training at age 16 with an Argentinean master instructor who is a direct disciple of legendary Okinawa Karate master Gogen Yamaguchi's Son. That style - Goju Ryu Karate - is still one of the most "hard core" martial art styles in the world today.

FAST AND FURIOUS - There are two DVD's in this set. First, Jacov reveals his most important "single lesson to street level fighting mastery" material. This is the "speed-learning" shortcut hand-to-hand tactics he teaches cops and soldiers who don't have time for practice. Second, he does the *best* job of teaching

RANDALL BROWN - When Randall Brown discovered his heritage (he's Cherokee/Apache/Irish) he began a journey that took him all over the U.S. and Canada, to reservations, small towns, and finally to the Great Plains, to learn everything he could. **INDIAN FIGHTING SKILLS** - There's not an ounce of "Asian Martial Arts" to this system. This is nothing but pure, distilled, untouched "Plains Indian" fighting techniques. Astonishing hand to hand "instant take out" moves that you've never seen before, it's what Plains Indian Braves used every day to survive in the brutal reality of their daily lives.

DVD-INDFIG • \$97.00 2 Hrs. 15 Min.

BOB TAYLOR - Was born a little man with a smart mouth and a bad attitude. So he had to learn how to fight - and win. Perhaps the best self educated street fighter around. He developed his unique style of dirty fighting during his 40 years of formal training. He's worked as a private eye, a personal armed bodyguard to superstar rock groups (like Aerosmith, the Who and Led Zepplin), and a canine handler for 11 separate jurisdictions.

SMALL MAN'S ADVANTAGE - In the most sizzling display of raw fighting savvy you'll ever witness, little man Taylor *proves* you can quickly learn, and just as quickly use, his personal Bag O' Nasty Tricks to completely obliterate someone twice your size. In fact, these vicious tricks work best when you're outweighed, outsized and out-muscled by your opponent!

DVD-SMALL • \$69.00 1 Hr. 46 Min.

DELTA SEAL CAMP - This is a series of elite combat courses that were hosted by actual Navy SEAL and real U.S. Army DELTA veteran trainers. DELTA SEAL CAMP - For 4 incredibly intense days, shared everything they knew about close-quarters weapons and unarmed combat. We brought together former Navy SEALs and DELTA Force soldiers to teach their spec-op level armed and unarmed skills to a small group of ordinary civilians for 4 intense days, word quickly got back to Washington - and the whole thing sent shockwaves throughout the entire Defense bureaucracy! These camps were the most complete training in elite level military hand-to-hand and firearm expertise ever offered to anyone outside the Special Forces.

DVD-CAMP • \$177.00 7 Hrs.

civilians about improvised weapons. (This is a SPECIAL ART, and one that Jacov perfected long ago, during the days where he *had* to fashion weapons out of thin air to survive.)

Last, Jacov insisted on providing an extra lesson showing you how to use these simple new skills in *real* situations. It was expensive setting up these real-life scenarios, but oh my god it was worth it. Just watching these lessons will give you access to stunning new (and very simple) fighting skills that will make you almost *invulnerable* in any real-world fight. Best part: You can learn it super-fast.

DVD-FASTFURIOUS • \$69.00 3 Hrs. 27 Min. **37**

BEN COOLEY - Is a professional SWAT Team Trainer and a key member of an elite Federal Tactics Team that protects sensitive government installations. He has over 14 years of intense hands on experience in hostage rescue and SWAT operations. He's also a Two Time Soldier of Fortune Three-Gun Champion. He's won 7 separate State and Regional Gun Championships - a two-time Championship Team Leader at the USPSA National Championship.

FIGHTING MINDSET - In case you didn't know, home invasions are the most deadly and most horrible of all attacks. It's the surprise that can defeat you if you don't know how to deal with it. Bennie gives you special skills that not only prepare you to respond to a surprise attack - but you'll know how to take control over the situation in the blink of an eye!

DVD-MINDSET • \$97.00 4 Hrs. 30 Min.

NIR MAMAN (pronounced Near) - Is a former Israeli special forces commando and top hand-to-hand combat instructor. His long-range reconnaissance unit (the feared Sayeret Golani) roamed deep into enemy territory, fighting, capturing and eliminating terrorists and insurgents. Usually, there were only 4 men in his unit. Alone, without back-up, miles from safety - and with less than one-fourth the training U.S. Spec Op soldiers receive

- these men faced constant, unrelenting and vicious counter-guerilla combat. These men did not have the luxury of long training. Israel has a limited population, and the men who join the Special Forces must get up to speed *faster* than any other soldier in the world.

ISRAELI CONNECTION - This is a 2-disc package that covers hand-to-hand fighting, including moves no one outside the Israeli Spec Op world has ever seen before! The ground fighting video and the knife and gun disarming lesson.

DVD-ISRADV • \$129.00 3 Hrs. 30 Min.

DVD-SAFE

1 Hour

PAUL VUNAK - Without a doubt one of the most respected and dangerous men in the world at hand-to-hand combat. He specializes in teaching Navy SEALs, FBI, and CIA and a dozen police department SWAT teams how to be the most deadly and efficient soldiers on the planet. Paul's fighting systems can be learned quickly and used with brutal efficiency!

STREET SAFE - This package presents the eight basic tools of JKD that will get you out of 95% of any street confrontation. The instruction is clear, concise, and easy to learn.

R.A.T. FIGHTING SYSTEM - Paul originally designed this R.A.T. fighting system for "hot duty" professionals who had zero time to practice, often had no previous fighting skills, but whose lives depended on learning a simple "end the fight right now" set of skills.

SHANNON STALLARD - Mr. Shannon Stallard is a former bodyguard and leading expert in hand-to-hand and weapons tactics. He specializes in training those who need effective skills in life and death situations. With a lifetime of study, holding teaching positions in numerous styles of martial arts, you can now learn from his elite, hard-won expertise that others have come to trust with their very lives. **THE ADVANCED COMBATIVE TACTICS (ACT)** system is a set of nine

expandable and evolving strategies that transform you into a close quarter's battle expert. Whether your intent is self-defense, arrest and control or threat elimination the act system has it all from hand to hand to small arms. On this DVD you will learn: Tactics for multiple attackers, psychological tools that prevent freezing and deadly mistakes, devastating strikes that work in any street encounter to diminish the power of a bigger person through control of the spine and much, much more.

DVD-ACT • \$69.00 1 Hr. 35 Min.

GREGG WOOLDRIDGE - Is one of the nicest guys you'll ever meet, but he's also known as one of the baddest cats walking the planet. He was a street cop for 11 years before joining the most famous executive protection group in the world. He protected not just top executives of big companies, but also musicians and performance stars from all parts of the entertainment world. Remember the gangsta rapper Biggie Smalls? Well Gregg quit in disgust when his warnings of sloppy security around the star went unheeded. Less than

24 hours later, Smalls was murdered by rival gang members. It all pissed Gregg off to the point that he decided to do something drastic - make his simple and highly effective fight strategies available to average civilians. Guys who will *listen* and do what it takes to protect the lives of their loved ones.

BE THE BODYGUARD - This special training is *not* hard and it's super easy to master. You'll learn how a street-savvy fighter uses the escalation of force to overwhelm larger opponents, even when you're surprised from behind. You'll also learn how street-wise fighters use psychology to scare even tough, big men, and how to make yourself impossible to strike. You'll be the one that is safe and be able to help while everyone else is panicking. The improvised weapons instruction is very cool and it means you will *never* be without a weapon, no matter where you are. Advanced gun disarmament too. He's had to do it. This is not theory. This is what works, and what you *need* to know.

DVD-BODYGUARD • \$69.00 4 Hrs. 6 Min.

JIM WEST - Is simply one of the most feared men on earth. He has earned a half dozen medals in Iraq during Operation Desert Storm, has spent 15 years in the black bag arm of the Green Berets, trains special forces and Justice Department agents in hand-to-hand combat, and has actually been in over 600 bloody hand-to-hand street fights - never losing - ever!

FIGHT TO WIN - Jim quickly teaches you the Dark Art of truly nasty, vicious no-rules fighting. He teaches you how to punch, movement patterns, kicks, choke holds, joint manipulations, pressure points and floor moves, plus much more

DVD-WIN • \$97.00 4 Hrs. 4 Min.

Security Scanners

The **CSI PRO-POINTER™ with HOLSTER** Pinpointing Metal Detector speeds the search and recovery efforts of crime scene evidence. This highly-sensitive pin pointer has both audible and vibrating alarms and requires no tuning. Proportional alarms increase in intensity based on target's proximity to quickly pinpoint weapons, shell casings, projectiles and crime scene evidence. Search walls and tight spaces for hidden items like metal pipes or studs, can also check wood for nails. Features a scraping blade to sift through soil and is also water resistant - can be washed in running water or used in the rain.

Automatically adjusts - Microprocessor circuitry ensures maximum sensitivity with no tuning necessary. Pinpointing tip and 360° side scanning capability in one pin pointer. Scan with the side of the detector to quickly cover an area, then use the tip to precisely pinpoint the target. Static detection (no motion required) speeds target recovery. LED flashlight assists in low light recoveries. *Woven belt holster included.*

1166020 • \$169.95
9" x 1½"

The **GARRETT TACTICAL HAND-HELD METAL DETECTOR (THD)** is the most rugged, compact metal detector on the market. Has a silent vibrating alarm indicator. Ultra sensitive response to metal objects. Works well for all law enforcement operations, but it is also particularly effective for use in schools, bars, clubs, and for corporate security. Built-in flashlight is ideal for law enforcement and night operations. Highly-sensitive - Powerful 4" length, 360° detection area

Accurate detection of all ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects. Bright LED flashlight for low light and night operations. Useful for scanning IDs and for searching pockets, handbags. Silent vibrating with Red LED alarm indicator. Sealed water-resistant construction. Easy ON/OFF battery cover. 9 volt battery (included), ballistic weave holster (included); mounts easily on belt or in car. Optional rechargeable battery kit.

1165900 • \$199.95
8.43" x 1⅝"

Garrett's **METAL DETECTORS RECHARGE BATTERY KIT** Includes two (2) environmentally friendly Cadmium-free Ni-MH batteries and charger. For use with CSI PRO-POINTER, SuperWand, THD, and SuperScanner V.

1612000 • \$24.95
3"x 2" x 2½"

The **SUPERWAND** has a 360° detection field that provides uniform sensitivity and tip pinpointing to detect weapons and other metal objects with extreme accuracy. From airports to sporting events, the lightweight SuperWand is the hand-held of choice for today's security screener. High-volume screening detector with versatile dual alarm mode which allows audible or silent search. Detects ferrous, non-ferrous and stainless steel weapons, contraband and other metal objects.

Self-calibrating: digital microprocessor technology eliminates the need for periodic sensitivity adjustments. Easy and convenient to use with one-touch button and three color LED lights. Clear audible or Silent /Vibrate LED alarm signal. Rugged injection molded construction including structurally isolated coil for added impact absorption. Ergonomically designed grip fits comfortably in virtually any size hand. Easy ON/OFF battery cover: standard 9 volt battery included. *Optional rechargeable battery kit available.*

1165800 • \$229.95
19" x 3¼" x 1¼"

Garrett's **SUPERSCANNER V** is the most recognized hand-held metal detector in the world. The industry leader for more than 25 years, the SuperScanner V is backed by ongoing state-of-the-art Garrett engineering. Ultimate sensitivity: detects medium sized pistol from 9" distance; large knife from 6"; razor blades and box cutters from 3" distance; foil-wrapped drugs and tiny jewelry from 1". Large 8" scan surface for quick, thorough scanning.

The SuperScanner V is self-calibrating, the digital microprocessor technology eliminates the need for periodic sensitivity adjustments. Rugged, high-impact ABS case with reinforced coil compartment keeps the internal components safe. Three-color LED indication, sharp audible alarm and bright red LED indicates the detection of metal. Momentary push button helps pause detection of nearby ambient metal, like rebar, metal walls, etc. 9 volt battery (included). Optional rechargeable battery kit available.

Hidden Cameras

These everyday items have tiny cameras hidden in them. They are easy to use and easy to install. Use these hidden cameras to protect your property at your home, office, your children, and your pets to give you peace of mind. Many of them are very portable, easily moved from room to room or place to place. Any of the DVRs we carry (pg. 57) will work with these cameras. You get the cables, connectors and multi power supplies (pg. 65 - 67) you need too. All of them are hand-crafted in the USA. Our Wireless cameras transmit up to 1000 feet line of sight and about 300 feet through walls. Black and white cameras feature .003 Lux which allows best possible images in almost complete darkness. Camera requires some ambient light (night light, television).

ALARM CLOCK HIDDEN CAMERA - Sleep peacefully with the Alarm Clock hidden camera. A fully functional FM/AM radio alarm clock with large LED display. Includes a double alarm, easy-to-see alarm indicator, sleep button and alarm volume control. Battery back-up on the clock in case of electricity loss. Red tuning needle is fixed in place to prevent camera obstruction, but radio station can still be adjusted with tuning dial.

- Only wireless cameras include **free** 2.4 GHz receiver (a \$272.00 Value)
- Black & White Cameras feature .003 LUX which allows best possible images in almost complete darkness. Camera requires some ambient light (night light, TV)
- See page 52 for the self-contained, built-in DVR version.

Hidden Cameras with Internal DVRs

AIR FRESHENER HIDDEN CAMERA - No one will ever be able to tell this air freshener conceals a hidden color camera and mini DVR with an SD card to record what the camera sees. The air freshener is powered by a 10 hour rechargeable battery pack, no wires or cords to plug in. The battery can be easily swapped out with a fully charged battery. Extra batteries sold separately (pg.67). The battery also has an on/off switch to save power consumption when camera is not in use. You'll be able to see everything happening in the room.

This hidden camera features motion-activated recording that starts as soon as motion is detected. With motion-activation, you won't have to fast forward through hours of uneventful recording. Also has Motion Detection Area Masking. For example, if you have a dog or cat and don't want it to set off the motion detector, you can mask the lower quarter of the field of vision so it does not detect motion.

You can view your recordings by using the included RCA cable to connect to your TV. You can insert the SD card into your computer for easy viewing. **FREE 8GB SD-CARD Included. Does NOT function as an air freshener.**

Features: Motion activated and scheduled recording, Motion Detection Area Masking, Time and date stamp, Remote Control operation, MPEG4 file format, Composite video out Color Camera

DVR Specifications: System: NTSC, Storage Media: 8GB SD Card included, Frame Rate: 30 fps at 320x240 or 12 fps at 640x480, Codec: MPEG4-SP ASF

Camera Specifications: Image Sensor: 1/3" Sony CCD, Resolution: 420 Lines, Min. Illumination: .1 Lux (Color), Lens: 3.7mm Wide Angle, Power Required: 12V Battery and Charger Included

This **PEN HIDDEN CAMERA** is a super small camera with a mini DVR to record all the action. It even writes like a normal pen. No drivers or outside power source needed. It will charge when it is plugged into the computer. Perfect camera for "body worn" applications. Just click it like you would any ball point pen to start recording. Can record for a full two hours on a single charge. Recordings can be later downloaded via high speed USB 2.0 to your PC for viewing and storing. You can even use it as a thumb drive to move files from one computer to another. Will hold 4 GB of files. Supports Windows 98/98SE/2000/XP/VISTA and Linux, auto identifies the operating system, installs related drivers, no need to manually install (except Windows 98).

Features: Ball-point pen shape with video, working ball point pen with exchangeable standard ball-point refill, suitable for any computer and other equipment with USB 2.0 Standard port, no need of drivers and external power supply. Supports Windows 7.

Specifications: Image Sensor 1/6" Color CMOS, Resolution = 352 x 288, Memory: 4 GB, Video Format: AVI, Pixels = 300,000, View Angle = 50°

HC-PEN • \$34.00 Portable Pen Hidden Color Camera with Built-in DVR

EARPIECE CAMERA DVR - Our latest hidden camera blends in perfectly with today's on the go technology. Looking just like a bluetooth earpiece that you see everyone using these days, no one will know that you're discreetly taking color video recordings of everything! This unit is simple to use yet features several recording modes to perfectly suit your needs.

Specifications: Video resolution: 640 x 480, Still image resolution: 1280 x 1024, Battery type: Internal rechargeable li-ion, Storage: Internal 4GB, Video Format: AVI, Support System: Windows98/ME/2000/XP/2003/Vista; Linux, Battery lifespan: 1 hour, Charging Voltage: DC-5V, Battery Type: High Capacity Polymer Lithium, 1.3-megapixel

Features: Records color video, Capable of taking still images, Looks just like a Bluetooth earpiece.

HC-EARCM-DVR • \$63.00 Earpiece Color Camera with Built-in DVR

HC-WATCH • \$51.00 Watch Hidden Camera with Built-in DVR

FLASH DRIVE COLOR CAMERA - This unique color camera can record 1280x960 resolution video for about 2 hours on its built in battery. Unlike most of our other body worn cameras, this USB flash drive camera will also record while plugged into a computer!

Just pop the drive into any computer and you won't have to worry about battery life! The USB drive camera can be used to record HD video on motion activation, take covert snapshots, or function as a regular flash drive. This product also features a date/time stamp to know exactly when events occurred. This camera features a silent notification by vibration alert when powered on/off, when recording is started or stopped, which makes this one of the most covert cameras on the market. Sometimes when you're trying to get video in a sensitive situation, it's really important to have the right hidden camera. A USB flash drive is something that's used every day by office workers, people at home, and really in any situation where computers are used. In other words, you can use it almost anywhere, anytime without arousing suspicion. Common uses include personal protection, evidence of workplace harassment, secret shopping, and undercover investigations.

Just load a micro SD card into the slot above the USB attachment and use the easy 3 button configuration to set the device to record. You can also set to record based on motion activation. To view your recorded video you have two options. You can simply plug the USB drive into your computer or take the micro SD card out and plug it into a card reader. Then just double click on the file you want to watch. It's that easy! This product includes a USB extension cable and instruction manual.

Camera Resolution: Color Camera, 720*480 Video (AVI), 1600*1200 Images (JPG), Battery lifespan: About 120 minutes, Battery Capacity: 300mAh, Charging Voltage: DC-5V, Battery Type: High Capacity, Polymer Lithium, 1.3-megapixel, Weight: 120g, Function: Photo/Video/Motion Detection Video, 4GB SD card

HC-FDCAM-DVR • \$36.00 Flash Drive Color Camera with Built-in DVR

This complete surveillance system includes the following, plus mouse and remote:

- (1) Stand Alone 4 channel DVR 500GB Hard Drive (SA-DVR-4, pg 57)
- (4) Day/Night Color Wired Cameras (BC-30WC-DN, pg 59)
- (4) 100 Ft Video Cables (CA-100, pg 66)
- (1) 19" Widescreen LCD Monitor **(Optional)** (LCD-19, pg 67)

If you bought the CS-4-M system separately it would cost you **\$962.00**. By purchasing the CS-4-M complete system you only pay **\$788.00** - a savings of **\$174.00**. **If you would like to create your own system start with our 4 CH DVR and 19" monitor then choose your cameras and cables.**

- 2 Year Warranty on Complete Systems -

4 CHANNEL WIRELESS DIGITAL VIDEO RECORDING COMPLETE SYSTEM - This surveillance system allows you to install up to 4 wireless cameras to digitally record all activity. This DVR has full networking capability and uses an embedded DVR which allows you to view live video on the Internet. This 2.4 GHz Digital Wireless 4 Channel - H.264 DVR System has network function and uses MPEG4 and H.264 compression design. Its wireless camera has 24 IR LEDs for night vision, and its wireless DVR is designed for mixed use wired and wireless interface. Has a graphical interface and supports 3G Mobile Phones surveillance and E-mail function. Backup file supports windows media player.

Features: 4 Channel system 16AM/QPSK/BPSK digital modulation, 4 Channel Wireless or 2 Channels Wired optional H.264 DVR system with network function, Graphical Interface, Long recording time up to 40 days

with 1 TB HDD @ 30 fps, Easy to Use, Camera has 24 IR LEDs for night vision, Supports dual coding stream, Supports network file sharing function, Supports 4 channel simultaneous playback, Supports 3G mobile phone surveillance and E-mail function, Transmission distance up to 300 feet (clear line-of-sight), Motion Detection, Sensor Activated, Timer, Playback Method= Normal Play, Fast Forward, Rewind, Single step

Specifications: Video Format= H.264 and MPEG4 Compression, Image Sensor= 1/3" SONY Color CCD, Minimum Illumination= 0 LUX (24 IR LEDs on 30 feet), Lens= F 3.6 mm / 90 degree wide angle, Resolution= 420 TV Line, Video Input/Output Format= Output: 1 Ch BNC (composite), Storage Capacity= up to 1 TB HDD, Recording Time= Up to 20 days with 500 GB HDD at continuous recording mode @ 30 fps, Alarm Input / Output= 4 alarm inputs; 1 alarm output, Network Interface RJ45; Ethernet Auto Detect, USB 2.0 Interface, Flash Drive, Operational Range= Up to 300 feet (clear line-of-sight), Serial Interface Supports 1 RS485, Software= Supports USB firmware upgrade, Voltage Input / Output= AC:110-240V input; DC:12V/5A output, Power Supply= DC 12V/1A (Camera); 12V DC/5A (DVR), Operating Condition= Indoor & Outdoor use (camera); Indoor usage recommended (DVR)

Includes: Built-in removable HDD rack, Manual, Remote control or USB mouse operating

If you would like to create your own system start with our 4 CH DVR and 19" monitor then choose your cameras and cables.

24 INFRARED ILLUMINATORS DAY/NIGHT BULLET CAMERA DVR SYSTEM This high resolution fully weatherproof system lets you mount virtually anywhere indoors or outdoors. The built in DVR and rechargeable Li-ion batteries let you record without the need for external power or recording device. The battery life for this system is up to 12 hours and with motion activation you will not need to look through hours of video. This unit takes two batteries, one to power the DVR and one to power the camera. The batteries can easily be swapped out with fully charged batteries. Extra batteries sold separately (pg.27). The batteries also have on/off switches to save power consumption when the camera and DVR are not in use. This system can be used to monitor remote locations like, Garden/Backyard, Constructions Sites, Club houses, Boats/RV's, Camp sites, or as a Hunting/Trail cam. This camera system can be mounted to just about anything and has an adjustable camera bracket.

This color bullet camera has a high quality digital CCD chip that automatically switches from color to black & white in low light conditions. To enhance low light visibility it has 24 built-in high infrared illuminators for a range of 60 feet. With 600TVL of resolution this camera and DVR captures the highest quality footage.

Features: Weatherproof IR Camera and DVR, SHARP 600TVL, 24 pcs IR-LED, IR Range 60 feet, Built-in 3.6 mm Board Lens @ 92° Field of View, Motion activated and scheduled recording, Motion Detection Area Masking, Time and date stamp, Remote Control operation, MPEG4 file format, Composite video out

Camera Specifications: Image Device: 1/3 SHARP, Resolution: 600 TVL, Picture Elements: PAL: 752(H) × 582(V); NTSC: 768(H) × 494(V), Min. Illumination: 0.2 Lux /F2.0, TV System: PAL/NTSC, Lens Furnished: 3.6 mm Board Lens, Infrared Luminary: 24 pieces 5 mm IR-LED, Illuminate Distance: 60 feet, Wavelength: 850 nm, Waterproofing Criterion: IP 66, Operation Temperature: -10°C ~ +50°C RH95% Max, Dimension: 9 ½ x 7 ½ x 8 inches as pictured

DVR Specifications: System: NTSC/PAL, Storage Media: 8GB SD Card Included (Supports up to 32GB SD cards), Frame Rate: 30 fps at 320x240 or 12 fps at 640x480, Codec: MPEG4-SP ASF, Power required: 12V battery and charger included

BC-30-DVR • \$494.00 Bullet Camera DVR System

56 INFRARED ILLUMINATORS DAY/NIGHT BULLET CAMERA DVR SYSTEM This high resolution fully weatherproof system lets you mount virtually anywhere indoors or outdoors. The built in DVR and rechargeable Li-ion batteries let you record without the need for external power or recording device. The battery life for this system is up to 12 hours and with motion activation so you will not need to look through hours of video. This unit takes two batteries, one to power the DVR and one to power the camera. The batteries can easily be swapped out with fully charged batteries. Extra batteries sold separately (pg.27). The batteries also have on/off switches to save power consumption when the camera and DVR are not in use. This system can be used to monitor remote locations like, Garden/Backyard, Constructions Sites, Club houses, Boats/RV's, Camp sites, or as a Hunting/Trail cam. This camera system can be mounted to just about anything and has an adjustable camera bracket.

The color bullet camera has a high quality digital CCD chip that automatically switches from color to black & white in low light conditions. To enhance low light visibility it has 56 built-in high infrared illuminators for a range of 150 feet. With 600TVL of resolution this camera and DVR captures the highest quality footage. It has a Varifocal 4-9mm lens that will provide a field of view from 70°-35°. With this you can zoom in closer to the area under surveillance.

Features: Weatherproof IR Camera and DVR, Sony 600TVL, 56 pcs IR-LED, IR Range 150feet, Varifocal 4-9mm Board Lens, Motion activated and scheduled recording, Motion Detection Area Masking, Time and date stamp, Remote Control operation, MPEG4 file format, Composite video out

Specifications: Image Sensor: 1/3" Sony, Resolution: 600TV Lines, Min. Illumination: 0.0 Lux (Infrared On), Lens: 4-9mm Wide Lens (can be adjusted from back panel), Dimension: 14 x 8 ½ x 8 inches as pictured

DVR Specifications: System: NTSC/PAL, Storage Media: 8GB SD Card Included (Supports up to 32GB SD cards), Frame Rate: 30 fps at 320x240 or 12 fps at 640x480, Codec: MPEG4-SP ASF, Power required: 12V battery and charger included

BC-30GC-DN • \$363.00 2.4 Ghz Wireless Day/Night Professional Bullet Camera

HIGH RESOLUTION DAY/NIGHT COLOR CAMERA W/ WIDE ANGLE - 700 TV LINES

This is the highest resolution analog night vision security camera on the market. This features the newest, state of the art image signal processor called SONY EFFIO-E that allows for CCTV Video resolutions much higher than previous technology. This security camera has a resolution of 700 TV Lines (TVL), which is 30% higher than normal CCTV Cameras.

It has 72 infrared LEDs for night vision for a minimum of 150ft in complete darkness and farther if there is other lighting around. The lens on this camera is manually adjustable. You can set it from 2.8mm to 12mm zoom length, meaning you can go set the camera to get a 130 degree wide angle view to cover a large area, or zoom in to 3X at a 28 degree angle of view to see objects farther away. On top of all these features, it also has Digital Noise Reduction (DNR). This is yet another feature that puts this camera above other cameras in the market. Most cameras on the market will display very grainy video during night time, with this camera featuring DNR; the noise is greatly reduced. This hi res security camera also has another trick - ATR (Adaptive Tone Reproduction) that improves visibility of the entire picture by adjusting contrast in specific areas that are too bright or too dim.

This camera also comes with an on screen display menu controlled by a small joystick located on the cord of the camera to navigate around the menu. This on screen display menu allows the user to adjust many camera settings and features. As for mounting this camera, it comes with a 3 axis bracket that lets you mount the camera on a wall, ceiling, or flat horizontal surface like the top of a roof. The bracket also allows the cable to run through the inside of the bracket, which protects your camera cable from being cut.

Features: Weatherproof IR Camera, SONY Exview HAD CCD II (ICX672/3AKA), 72 pcs 5mm IR-LED, IR Range 50M, OSD/2D-DNR/BLC/MD/Privacy Masking, 3-Axis Design, easy for installation, Built-in 2.8—12mm Manual Zoom Les

Specifications: Image Device: 1/3" Exview HAD CCD II, DSP Device: Effio-E, Resolution: Color Mode: 700TVL; B/W Mode: 700TVL, Picture Elements: PAL: 976(H) × 582(V) NTSC: 976(H) × 494(V), IR Led & IR Range: 72pcs 5 IR Led; 150 feet IR Distance, Min. Illumination: 0.001 Lux (F2.0)/ 0 Lux IR On, Lens Furnished: Built-in 2.8--12mm Manual Zoom Lens, TV System: PAL/NTSC, Electronic Shutter: NTSC: 1/60~1/100,000, PAL: 1/50~1/110,000, Gamma: 0.45, Exposure: Auto, Shutter/ AGC: Auto/Manual, White Balance: ATW / User1/User2, Backlight: OFF/ON/BLC/ HLC, Picture Adjust: Mirror/Brightness/Contrast/Sharpness/Hue/Gain, ATR: ON/OFF, Motion Detection: OFF/ ON (Detect sense/ Area Sel.), Privacy Masking: OFF/ON (4 Zone), Day/Night: True Day and Night (Auto/ Day / Night / Ext. HD WEATHERPROOF CAMERA WITH 150 FOOT NIGHT VISION

- The new technology of high definition over coax cable is here. This technology combines the low cost and easy installation of the CCTV technology with the incredibly clear HD video of the HD-IP technology. The best of both technologies adapted into an affordable solution. These HD cameras work with our spools of Siamese coax cable on page 65 and HD DVR's on page 58. If you want exceptional clarity these cameras and HD DVR's are for you. The cameras and DVR's feature HD Video quality (1080p), Plug & play installation, Cost effective (best value)

Crystal Clear HD 1080p Video - Easy Installation - Low Cost

The BC-HDWC-150DN is a full HD weather proof camera with 150 feet of night vision. This camera is great for indoor and outdoor applications. It comes with a 2.8-12mm varifocal lens and has a 3 axis bracket with hidden cable design so it mounts easily to ceilings or walls. This camera works with the HD DVR's.

Features and Specifications: Weatherproof IR Camera, Full HD 1920x 1080p, OSD Menu Control Button Built-in the Cable, 2D Noise Reductions & Sense up functions, 72 pcs *5mm IR LED, IR Range 150 feet, 3-Axis Bracket, Hidden cable design ; Suitable for Wall & Ceiling install, Built-in 2.8-12mm 2.1M Pixels ICR Lens, Image Sensor 1/2.8"Sony 2.1 Megapixel Progressive Exmor™ CMOS sensor, Frame Rates 30 fps at 1080p, Minimum Illuminations Color: 0.1lux@F1.2,B/W:0.01LUX@F1.2, Sense-up: 0.001LUX@F1.2, 0 Lux IR On, Digital Video Output BNC Connector, Weatherproof rating IP66, Dimensions 11.74" x 4" x 3.83"

BC-HDWC-150DN • \$192.00 HD Weatherproof Camera with Night Vision

HIGH RESOLUTION COLOR CMOS CAMERA WITH - Very small audio/video camera. High Resolution CMOS camera. CMOS technology that virtually matches CCD quality at half the size. Plastic ABS enclosure.

Specifications: Image Sensor = 1/3" CMOS, Resolution 400 Lines, Min. Illumination = 1 Lux (Color), Lens: 6 mm (Color), Current Consumption = 26 mA Max, Power Supply= 9 Volt. Dimensions= 3/4" x 3/4"

BD-127WC • \$44.00 Wired Color Camera with Plug & Play

Dome Cameras

Dome cameras are similar to board cameras built-into a dome housing. These domes are equipped with high-power infrared LEDs for use indoors, outdoors and in low-light conditions. Sleek and unassuming, perfect for many locations.

Day/Night Infrared Dome Camera - This unique day/night dome incorporates a 1/3" SONY CCD chip, which automatically switches from color to black & white in low-light conditions. It comes with high-power LED's to enhance low light viewing and allows you to see up to 20 feet in total darkness. Dome is 4" in diameter. **Includes:** 12 Volt DC Power Adapter

Specifications: Image Sensor = 1/3" CCD, Resolution = 400 TV Lines, Min. Illum. = 0.4 Lux, Lens: Pin Hole Lens F3.7/F 2.0, Power: 12V DC \pm 10%, Consumption = 110 mA Max.

DC-1214WC-DN • \$74.00 Wired Day/Night Color Dome Camera

FULL HD WEATHER PROOF VANDAL IR DOME CAMERA WITH NIGHT VISION - The new technology of high definition over coax cable is here. This technology combines the low cost and easy installation of the CCTV technology with the incredibly clear HD video of the HD-IP technology. The best of both technologies adapted into an affordable solution. These HD cameras work with our spools of Siamese coax cable on page 65 and HD DVR's on page 58. If you want exceptional clarity these cameras and HD DVR's are for you. The cameras and DVR's feature HD Video quality (1080p), Plug & play installation, Cost effective (best value)

Crystal Clear HD 1080p Video - Easy Installation - Low Cost

The DC-HDWC-60DN is a full HD weather proof vandal IR dome camera with 60 feet of night vision. This camera is great for indoor and outdoor applications. It comes with a 2.8-12mm varifocal lens and has a heavy duty bracket with hidden cable design so it mounts easily to ceilings or walls. This camera works with the HD DVR's.

Features and Specifications: Weatherproof IR Camera, Full HD 1920x 1080p, OSD Menu Control Button Built-in the Cable, 2D Noise Reductions & Sense up functions, 21 pcs, 5mm IR LED, IR Range 60 feet, Heavy duty housing, Suitable for Wall & Ceiling install, Built-in 2.8-12mm 2.1M Pixels ICR Lens, Image Sensor 1/2.8" Sony 2.1 Megapixel Progressive Exmor™ CMOS sensor, Frame Rates 30 fps at 1080p, Minimum Illuminations Color: 0.1lux@F1.2, B/W: 0.01LUX@F1.2, Sense-up: 0.001LUX@F1.2, 0 Lux IR On, Digital Video Output BNC Connector, Weatherproof rating IP66, Dimensions 5.8" x 3.9"

DC-HDWC-60DN • \$115.00 HD Weather Proof Vandal IR Night Vision Dome Camera

VANDAL-RESISTANT IR DAY/NIGHT HIGH RESOLUTION COLOR DOME CAMERA - Protection in almost any environment! This Vandal-Resistant IR Day/Night Color Dome Camera is protected against nearly any kind of weather or attack by a tough, all-metal enclosure. It features a Sharp 1/3" CCD chip and 600TVL of resolution for superior picture quality under almost any lighting conditions, with 36 IR LEDs for 90' feet of illumination. The camera is fully adjustable; it manually rotates 360° and has a manual tilt of approximately 10° to 120°.

This dome camera has the highest IP (Ingress Protection) rating. A rating given to electronics as it relates to the amount of sealing they have against the entry of solid and liquid objects. It's IP66 rating means "dust tight; complete protection against contact" and "protection against heavy seas or powerful jets of water".

Features: Vandalproof IR Dome Camera, SHARP 600 TVL (Sharp 2365+Sharp 36B15), 36 pcs 5mm IR-LED, IR Range 30M, Built-in 4--9mm Manual Zoom Lens

Specifications: Image Device: 1/3 SHARP, Resolution: 600 TVL (Sharp 2365+Sharp 36B15), Picture Elements: PAL: 752(H)×582(V); NTSC: 768(H)×494(V), Min. Illumination: 0.2 Lux /F2.0, TV System: PAL/NTSC, Lens Furnished: 4-9mm Manual Zoom Lens, Infrared Luminary: 36 pieces 5 mm IR-LED, Illuminate Distance: 30 M, Wavelength: 850 nm, Waterproofing Criterion: IP 66, S/N Ratio: More than 48dB, Electronic Shutter: NTSC: 1/60~1/100,000, PAL: 1/50~1/110,000, Gamma: 0.45, White Balance: Auto, Gain Control: Auto, Sync System: Internal, Video Output: 1 Vp-p / 75 Ohms, Power Supply: DC12V \pm 10%, Operation Temperature: -10°C ~ +50°C RH95% Max, Dimension: 119 x 100 mm, Weight: 900g

Bug Detectors - Phone Recorders & GPS

If you think that someone is listening to your conversations or is watching you with a hidden camera, a bug detector will help you find the hidden microphone or camera. Our bug detector acts as a sweeper. You can turn it on, walk through a room and find any hidden devices. If any frequencies are detected the bug detector will notify you. The frequency detector must be within one foot of a wireless device before it can determine the frequency. Both detectors have a strength meter which measures how close you are to the bug. When searching your home or office for bugs be sure to search everywhere. Bugs come in many shapes and sizes some being smaller than a penny.

This **HAND-HELD RADIO FREQUENCY COUNTER** is compact, truly pocket-sized, versatile test instrument designed for measuring any digital, on/off keying or analog signal on frequencies between 30 MHz and 2.8 GHz. Comes complete with internal NiCd pack, AC wall charger and 7 section telescopic antenna.

Specifications: Impedance: 50 Ohms (BNC Socket) VSWR less than 2.1, Frequency Range: 30 MHz- 2.8 GHz, Sensitivity: less than 5 mV, Max input: 15 dBm, Resolution: 10 KHz for digital signals or On/Off Keying & 1 KHz for Analog Signals, Time base: Less than 1 PPM at room temperature, Weight: 210 g, Size: 80 mm high x 60 mm wide x 31 mm deep, Case: Stamped aluminum with black anodized finish, Batter: Internal 4 x AA 600 mAH NiCd pack, Power: 9VDC 300 mA

Features: 7 digit Liquid Crystal Display, Frequency counter for digital, on/off keying and analog signals with a minimum pulse width of 250 uS., Ultra sensitive synchronous detector - 16 section bargraph to show RF signal strength (-35dBm to 0 dBm), Two range positions - the 1 GHz position for frequencies between 30 MHz and 1 GHz and the 2.8 GHz position for frequencies between 500 MHz and 2.8 GHz., Squelch adjustment for input signals, Hold switch to lock display, Low battery indicator, Vibrating alert, Low power consumption (Average 5 hour battery life), Supplied with NiCd pack, AC wall charger and telescopic antenna (143 MHz to 460 MHz), 1 Year Warranty

AVD-110D • \$199.00 Hand-Held Radio Frequency Counter

LENS FINDER BUG DETECTOR - The Wired or Wireless Camera Multifunctional Detector combines the latest laser frequency visual detection methods, as well as detecting the wide band radio frequency (RF) of wireless video and/or audio transmitters (bugs), in an easy to use hidden bug detector.

To operate the visual detection feature simply look through the specially focused viewing port, and any camera lenses within a 10 foot range will appear to flash red, giving away their location. For wireless detection, just slide the control switch to the RF mode and wave it around the room and objects like you were dusting them off. For different environments, modulate the sensitivity tuner for distance adjustment

Specifications: Requires 2 AAA Batteries, Comes with lens cleaning cloth, Dual strength indication, Sound and Vibrate/LED, Switchable Sound/Silent detection, RF Frequency Detection 1 Mhz - 6 Ghz Dimensions = 4" x 2" x 1/2"

AVD-272 • \$71.00 Multifunctional Camera Detector

DIGITAL VOICE/TELEPHONE RECORDER WITH MP3 PLAYER FUNCTION

- There are many reasons why conversations may need to be recorded, and using the latest technology will allow users to do so with convenience and speed. With our audio recorder you can record phone or room conversations. Digital recordings can be played, replayed and recorded over without a loss in recording quality. These recorders have a voice activation feature which saves hours by only recording when sound is detected. This model provides both telephone and room recording. This voice recorder can record up to 864 hours in long play mode. It's simple and easy to use.

Specifications: Support 4GB capacity, Voice recorder and music player format: MP3, Three recording modes (HQ, LP, SP), External professional microphone, Built-in high grade microphone and louder speaker, Line-in recording, Digital voice recorder function, Removable flash disk, Support telephone conversation recording, Support VOR function, With mp3 player support A-B repeat function, Can record the date and time when recording start, Memory: 4GB, LP: 864hour, SP: 192 hour, One file, the files can store 99 recording messages, USB cable: PC Interface USB1.1 FULL Speed, Key lock function, S/N (ratio) 90dB, Power: 1.5V AAA Alkaline Batteryx2, Weight: About 32g (Except Battery), Dimensions: 28.2*111*13.8(mm), Battery life: 17hours

Includes: Manual, USB Transfer Cable, Microphone, Earphones, Software CD, 3.5mm Male to Male Audio Cable, Phone Adapter, Phone Cable.

BUG DETECTOR WITH STRENGTH METER

- High quality hand held bug detector great for detecting wireless audio/video products. Built-in signal strength meter and sensitivity control. Full detection range from 1 MHz to 3 GHz.

Specifications: Frequency Range = 1 MHz to 3 GHz, Battery = 5 x AA 600 M/AH NiCd, Battery Life = 6 Hours in use/500 stand-by, Ant. Impedance = 50 Ohms, Real Frequency Display= 30 Hr., Time Lapse Frequency Display= 960 Hour., Silent Alert Mode = No, Beeper = Yes, Low Battery Indicator = No, Barograph= Ultra Sensitive 5 Sections, Dimensions = 3.9" x 2.75" x 1.2"

Includes: Bug detector, Antenna, and Charger

AVD-101 • \$218.00 Bug Detector with Strength Meter

The **Mini Telephone Recorder** is a small, easy-to-use audio recording device that lets you record phone calls. Plug the Mini Telephone Recorder directly into your phone jack to record any phone conversation. It has a built-in speaker with adjustable volume for playback. The device easily fits next to your home or office phone letting you discreetly record a phone call without drawing extra attention.

Features: Manual recordings (press button to start recording) or automatic recordings (start when a phone call begins), Records high quality WAV files to SD card, Manage recordings in real time record and playback calls directly from this device, Up to 560 hours of recording on a 8 GB SD Card; All calls are time/date stamped to let you quickly skim through recorded phone calls, automatically overwrites earliest recorded phone calls to make space for new recordings.

PLEASE NOTE: The Mini Telephone Recorder Pro can **not** be connected between a digital phone and a wall-jack. It **must** be connected between a digital phone and the handset of your phone to convert a digital signal to analog. The handset option can be used to record a phone call on a digital phone line. You **can not** use this device to covertly record a phone call on a digital phone- the handset must be connected to the phone and will be clearly visible.

Specifications: Recording Format= SD Card, Power Supply= Battery and AC Adapter, No Computer Required, Connects directly to analog line or to digital/IP telephone handset cords, Automatic start, stop and record with Rapid search and playback controls, LCD displays for all call information, time and date stored, Dimensions= 2.5" x 4"

Includes: Mini Telephone Recorder, 8 GB SD Card, Replaceable 2 LR44 Button-Cell Batteries, AC Power Adapter, Telephone Cord, and User Manual

MTR • \$91.00 Mini Telephone Recorder

The **Mini GPS TRACKER** The Mini GPS Tracker works based on an existing GSM /GPRS network and GPS satellites, this tracker is a small and powerful tracking device that is developed for personal positioning, pet monitoring, vehicle, security etc. Not only transmitting the longitude and latitude coordinate to your cell phone by text message (SMS), but also transmitting the longitude and latitude coordinate to your PC and display the location using specific mapping software. The Mini GPS Tracker is a tracking device with built-in GPS and GSM/GPRS technology in compact size. It can be used for anti-theft of the vehicle/heavy equipment, protecting children, older loved ones, pets and personnel management etc.

All you need to do to activate is get your cell phone company to add a number to your service and send you a sim card for the new number. You will use this number and sim card to communicate with your tracker. The tracker is easy to set up by texting all your settings to the device. You may also use the software to make changes if needed.

When you want to find out where the unit is all you have to do is call or text it then it will text you a link that will give you the speed the device is traveling and will show you on a map where the unit is. The Mini GPS tracker has a call in feature that allows you to call the unit and listen to anything within 8 feet of the device.

Features: Real-time locating and tracking: locate and track by SMS or in the tracking software, Geo-fence function: It will alarm if it breaches the restricted area, SOS function: It sends a help message if SOS button is pressed, Speeding alarm: It will alarm if it is speeding, Low-battery alarm: It will alarm if the battery is low.

Specification: Dimension: 2 3/4 x 1 3/4 x 3/4, Weight/: 40g, Network: GSM/GPRS, Band: 900 / 1800 MHz or 850/900/1800/1900Mhz, GPS chip: SIRF3 chip, GPS sensitivity:-159dBm, GPS accuracy: 5-20m, Cold start: 42 sec., Warm starts: 35 sec., Hot start: 1 sec., Battery: Chargeable 3.7V 800mAh battery, Accessories: Charger 1pcs Cable 1pcs Instructions 1pcs

Dummy Cameras

Dummy cameras are non-functioning security cameras that are just as effective of a deterrent as real surveillance cameras. With a blinking red LED and fake power cords, they look just like real cameras. Although dummy cameras won't catch a criminal, studies have shown that just the presence of a camera can prevent crime.

The **DOME DUMMY CAMERA WITH FLASHING LED** Features a motion detection LED flashing light. Does not have a metal mounting bracket.

Requires 2 AA batteries, **(not included)**.

Specifications: Measures 4 1/2" x 2 3/4"

DM-DOML • \$4.00

Dome Dummy Camera
with Flashing LED

This **DOME DUMMY CAMERA** has the look of an expensive high definition camera and will help deter a robbery or theft. It has a flashing LED that gives the effect the camera is a working surveillance camera. Requires 3 AAA batteries **(not included)**.

Specifications: Measures 5 7/8" x 3 1/2"

DM-WHTCM • \$5.00

Dome Dummy Camera
with Flashing LED

This is a **MINI DUMMY CAMERA** made to look like a real IR dome surveillance camera. It has a red flashing light to help deter any criminal activity. Requires 3 AA batteries, **(not included)**.

Specifications: Measures 3 3/4" x 2 7/8"

DM-IRDOM • \$7.00

Mini Dummy Cameras

The **INDOOR MOTION DETECTING DUMMY CAMERA** deters any intruder without the expense of a real surveillance camera. It features a built in motion detector.

The dummy camera will remain still until someone passes by, then it will move back and forth and a red light will flash. It has a realistic appearance and comes with mounting bracket. Requires 3 AAA batteries **(not included)**.

Specifications: Measures 5" x 2" x 2"

DM-IDCAM • \$5.00

Indoor Motion Detection
Dummy Camera

This is a bullet style **IR DUMMY CAMERA**. It has a constant flashing red LED light. It's realistic looking can be mounted just about anywhere. It has an easy adjusting bracket so it sets up in minutes.

The batteries are easy to change by just sliding the sun shade off and inserting 2 AA batteries **(not included)**.

Specifications: Measures 6 11/16" x 8 1/4" x 3 1/8"

DM-IRCAM • \$10.00

IR Dummy Camera
with LED

This **PTZ DUMMY CAMERA** is made to look like a PTZ camera and will help reduce theft and vandalism. It's real look and red flashing light make it a perfect camera to put outdoors and make any criminal believe the area is guarded by a surveillance camera. It requires 2 AAA batteries **(not included)**.

Specifications: Measures 4 3/8" x 4 1/2" x 5"

Frequently Asked Questions About Cameras

What is a Wireless Security Camera? Most security cameras require two wires: one for power, and one to transmit the captured video to a display or recording device (TV or DVR, for example). Wireless cameras only require one wire - for power. The video is transmitted wirelessly via transmitter and receiver devices. A wireless camera is really a combination of the camera plus a built-in wireless transmitter to send the video, and a receiver to receive the video, which in turn plugs into the monitor or recorder.

For what applications should I consider IP? IP cameras should be considered for large installation sites that already have a high bandwidth network installed - especially if the cameras will be spread out over a wide area. For example; Hospitals, Schools, etc.

What features should I look for in a CCTV Digital Video Recorder (DVR)? All DVRs are definitely not made equal! There are several factors that are critical to consider when purchasing a DVR, especially when comparing price. The most important features to look at are the number of cameras supported, frames per second (fps), compression technology, hard drive space, network connection / remote viewing capability, motion detection, scheduling, and ability to save video and audio to a CD or flash drive.

Using RG59 Cable vs. Plug and Play Cable? There are two basic approaches to hooking up security cameras and digital video recorders (DVRs). You can use Plug and Play cable or you can use RG59 Siamese cable. Both cable types combine a cable for the video and a cable for the power. The advantage of plug and play cable is that it is very easy to use. The connectors for power, video and audio are all pre-attached. All you have to decide is what length you need (we offer 25, 50, 100, and 150 ft. models). This cable type is a good choice for homeowners who don't need a cable run longer than 150 ft. The RG59 Siamese cable is more heavily shielded so it's more durable and can be run longer distances (up to 1000 ft without a repeater). Its heavier shielding makes it less susceptible to interference. Florescent lighting in particular can interfere with camera signals. The RG59 is purchased in 500 or 1000 ft. rolls and each camera run is cut to the exact length needed. Since you need to cut the cable and attach the connectors, it is a little more involved to install.

Which type of Security Camera should I use? A security camera can come in many different styles including dome, professional (bullet), infrared and hidden. The security camera that will work best for your application will depend on several factors such as whether you will use the security cameras inside or out, during the day, night time, or both.

Can I get audio in my hidden camera? No you cannot. According to United States federal laws, audio should not be used in a surreptitious manner. One example of surreptitious interception is audio in a hidden camera. This includes pinhole board cameras and all covert or hidden cameras. Audio in a hidden camera or board camera is only available to law enforcement agencies, with the exception of body worn cameras. Title 18, Section 2512.

What is a wired Security camera? Wired cameras have a video cable that runs from the camera to your recording or viewing device such as a DVR or monitor. Wireless cameras have a built-in transmitter that sends the video signal to a receiver. The receiver connects to your recording or viewing device.

How many wireless cameras can you have in one location? The new digital wireless transmitters will support up to 8 wireless cameras in a location.

How many hours will a DVR record? The amount of time a DVR will record is based on the size of the hard drive, the number of cameras recording and the frames per second. A 4 camera stand alone DVR with a 500GB hard drive will record for 5 days of constant recording and around 2 weeks of motion recording. A 8 camera stand alone DVR with a 500GB hard drive will record for 2.5 days of constant recording and around 1 week of motion recording. A 16 camera stand alone DVR with a 1TB hard drive will record for 2.5 days of constant recording and around 1 week of motion recording.

What is a Plug and Play connection camera? It is a RCA or BNC video plug and a power plug on the camera for easy connection to DVR or TV. This is done by running the RCA/BNC (Aux) line into the VIDEO IN of the DVR or TV.

Do the plug and play connections require extra wire to run the signal back to the DVR or TV? Yes, you need to buy the length of cable you need. We offer the CA-25, CA-50, CA-100 and CA-150.

What is a varifocal lens? A varifocal lens is one where the focal length of the lens can be varied. This is a fancy way of saying it is a zoom lens. Most varifocal lenses have, and in almost all circumstances should have, an auto iris feature.

What is a fixed lens? A fixed focal length lens cannot zoom. The focus is fixed. A fixed focal length lens usually allows more light to pass through the lens at a given focal length than a varifocal, or zoom lens. This can be important in low light situations.
