Keep your address book in the palm of your hand with LG Helix.

Saving a Contact

1. Press the **Right Soft Key** for **Contacts** and then the **Left Soft Key** to add a new contact.
2. Enter the contact's information using the **Keypad**.
3. Press **OK** to save the contact.

Searching for a Contact Using Phone Dial Search

1. Touch the key on the **Keypad** that corresponds to the first letter in the contact's name. The phone displays the names of all relevant contacts.
2. Use the **Navigation Key** to highlight the contact's name, and press **OK** to call.

Bluetooth® Pairing

Let *Bluetooth* wireless technology set you free!
Enjoy the convenience of wireless accessories and information transfer with LG Helix.

1. Set your *Bluetooth* device into pairing mode.*
2. From standby mode and with the flip open, press **OK**, then select **Tools (7)**.
3. Select **Bluetooth (1)**, then select **Paired Devices (1)**.
4. Press the **Left Soft Key** for **Search**. When prompted to turn on *Bluetooth*, press **OK**.
5. Press **OK** to begin a new search.
6. Once the *Bluetooth* device is found, highlight the device and press **OK** for **Pair**.
7. Once paired, press **OK** to connect to the device.

*Refer to your *Bluetooth* device's user manual for information about initiating pairing mode and the passcode if asked (typically "0000").

Note: *Bluetooth* accessories sold separately.

Taking a Picture

With your 1.3 megapixel camera, you can capture all the magic moments—and with the flip closed, you can even take self-portraits.

Flip Open

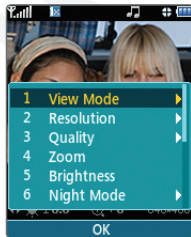

1. Press and *hold* .
2. Press **up** or **down** on the **Navigation Key** to zoom.* Press **left** or **right** to adjust brightness. To adjust other camera options, press the **Right Soft Key** for **Options**.
3. Press **OK** to take the picture.

Flip Closed

1. Press and *hold* , then quickly press the side **Volume Keys**  to unlock the phone.
2. Press  to take a picture.

*Camera setting of 960 x 1280 pixels does not support zoom function.
