## powercase 1500

protective case +  
dual USB portable battery charger

### User Manual

Congratulations on purchasing the Ventev powercase 1500, a high-capacity, dual USB portable charger.

Your new powercase 1500 delivers double duty peace of mind – rock solid protection your iPhone 5 and up to an additional 6 hours of talk time – keeping you connected to what's most important in your world.

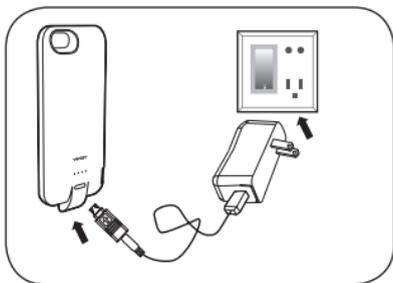

Please read the information in this manual carefully to ensure optimum performance of your new powercase 1500.

Discover all of Ventev's mobile power solutions online at [ventev.com](http://ventev.com).

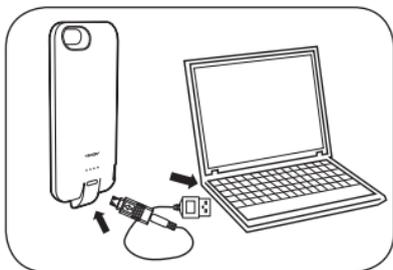

### Operating Guide

#### 1. Charging the powercase:

- Charging via compatible wall charger\*

- Charging via PC

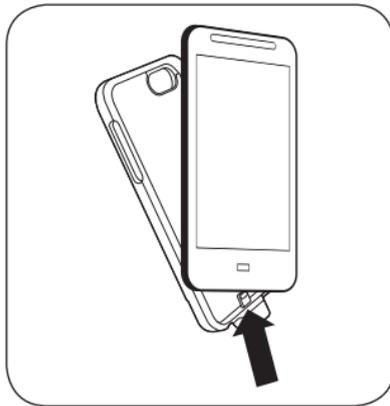

\*Optimum Wall charger is 5V/1A.  
(Wall charger sold separately)

Charging your iPhone 5 with the new powercase 1500 is easy:

- Slide your iPhone 5 into the powercase, making sure the connector at the inside bottom of the case is plugged into the port at the bottom of your phone.
- To begin charging your iPhone, hold down the case's power button until the LED light turns on.

Without a phone connected, the powercase will turn itself off automatically after 10 seconds.
