...don't worry – be happy :)

SR2 series

External 2x 3.5" SATA HDD RAID Subsystem

Key features

- External RAID subsystem with internal power supply
- 2x 3.5" SATA (1.5 und 3.0 Gbit/s) HDD up to 2 TB each
- Supports MAC Time Machine® Backup
- RAID Level 1
- Auto rebuilt (RAID 1)
- Host interface: 1x USB 2.0 + 1x eSATA (SB2) or 1x USB 2.0 + 1x eSATA + 2x FireWire 1394b (WBS2)
- Supports Hot Swap (in RAID 1 Mode)
- Plug & Play
- LCD Display management
- OS System independent

Packing content:

1x SR2-WBS2, 1x AC Power Cable, 1x eSATA Cable, 1x USB Cable, 1x User's Manual, 2x Accessory Kit
1x SR2-SB2, 1x AC Power Cable, 1x eSATA Cable, 1x USB Cable, 1x FireWire 800 (1394b) Cable, 1x User's Manual, 2x Accessory Kit

Technical data

Model	SR2-SB2	SR2-WBS2
Article No.	12142	12143
EAN code	4711132862379	4711132862225
Brand	Stardom	
Colour	Silver	
Material	Aluminium	
Form factor	External case	
Article text	External 2x 3.5" SATA HDD RAID subsystem with internal power supply	
Processor	SR2045 (Controller)	SR2045 (Controller) + OXUF934DSB (Bridge)
Operatin system	Windows XP/Vista; Mac OS 10.2 or later	
HDD interface	3.5" SATA	
HDD capacity	2x 2 TB	
External data interface	USB 2.0, eSATA	USB 2.0 + eSATA, FireWire 1394b
User interface	No	
Transfer rate	USB 2.0 up to 480 Mbit/s, eSATA up to 3.0 Gbit/s, FireWire 1394b up to 800 Mbit/s	
Raid level	RAID 1	
Auto rebuilding	Yes (in RAID 1 Mode)	
Hot Swap	Yes (in RAID 1 Mode)	
Plug & Play	Yes	
Display/Front panel	Display: Drive status, Data rebuild status, System temperature, Fan status Button: Up/Down ESC, MUTE, ENTER	
LED	Alarm	
Alarm	Acoustical and optical	
Fan	60x60 mm (low noise)	
Power switch	Yes	
Power connector	Internal power supply: AC 90-240 V, 70 W

The STARDOM SOHORAID SR2 has been the digital content storage system of choice among creative content professionals because it's one of the market's most compact and rugged RAID 1 mirroring backup solutions for content creation. Fully back up your entire digital photo and audio projects automatically.

Stylish and rugged

One of the most important features of the SOHORAID SR2 is its sleek exterior design and tough built that'll never go out of style when placed next to your Mac[®]. With three millimeter thickness in aluminum surroundings, the SR2's body shields the enclosed drives durably and at the same time dissipates the heat created by the drives greater and faster for the drives to work comfortably.

The core of SR2: RAID1 mirroring technology

The internally built RAID 1 controller in the SR2 controls all data entering the system by duplicating them into two sets and then storing them in real-time into the two drives enclosed so you'll always have two sets of the exact same data in the system to protect against possible drive failures.

Removable tray design

If drive replacement becomes necessary, the SR2 is modular designed for effortless removal and install of drives. It's also protected by a locking mechanism to secure the drive into place.

Time Machine[®] friendly

SR2 supports the Time Machine[®] included in the Mac OS X[®] via FireWire 800 or USB 2.0 connectivity (HFS+ drive format required), all of your system files can be speedily backed up to the RAID 1 unit to extend an extra level of protection for your contents

Logistical data

Packing unit:	8 pcs./carton	Dimension/carton:	555x395x455 mm	Import tax:	84733080
Total weight:	21.8 kg/carton	Dimension of packing box:	270x185x210 mm		
Gross weight (incl. packing):	2.6 kg	Dimension of article:	205x120x105 mm		
Net weight:	1.67 kg	Country of origin:	China
