

Traveler D6600

One Mouse Controls Two PCs

Genius introduces the latest device in the Traveler series- Traveler D6600. Use one wireless mouse on two devices - supports Tablet PCs and Notebooks. The OTG cable is for Android OS 4.0⁺ for tablet PCs and smartphones to connect to another device.

With a rubber grip that naturally conforms to your hand for optimum comfort, the bi-directional 2.4GHz anti-interference technology ensures a reliable working distance of up to 10 meters. It also has a convenient battery compartment design that fits either a AA or AAA battery. Plus, you can store the super mini receiver inside the mouse to prevent breakage or just leave it in the USB port and forget about it. The Stick-N-Go mount keeps your mouse in safe condition when you're moving around the office.

With the Traveler D6600 you get an all-in-one solution for notebooks/laptops, desktops, Tablet PCs and smartphones alike.
