### Technician Training

**Our specially designed training courses take you from Level I through to Level II Certification. The training certification programs are conducted by a Termatrac Certified Trained Specialist. Certificates are issued to those that complete Certification Level II.**

#### Certification Level I - Functional User

Includes a DVD and self-paced course material comprising an assessment which needs to be returned to Termatrac. Once returned, the Training & Support Center will contact you via telephone and assess how you have adapted to your new device. The aim is to ensure that you the technician understand the product's concepts, functionality, and capabilities. Only those that have successfully completed this level of certification will receive on-going technical support from our Help Desk.

#### Certification Level II - Power User

By now it is assumed the Termatrac device is being used in the field by a trained technician who has completed Certification Level I. At this point our Training & Support Center will contact you regarding your participation in a group training webinar. This is a two-way training program conducted via the internet. It is interactive and it is the perfect time for you to ask our specialist any questions you may have. It is preferable that you have internet access so you can view PowerPoint slides while you are listening to the presentation. Termatrac devices are easy to operate out of the box, however, we aim to make every operator a 'Power User' and we will teach you tips & tricks that we have discovered from users from over 22 countries over the last 10 years. You will be sent instructions on how to access the webinar.

**On completion of Certification Level II, you will be issued a Certificate of Competency as a "Termatrac Certified Technician".**

## Initial 12 Month Warranty Period

Termatrac warrants that under normal use and service the goods and services purchased will substantially conform with any accompanying Termatrac packaging and documentation, be free from defects in design, workmanship and materials for a period of twelve (12) months from previous calibration. For any defects discovered after the initial Warranty period there is no warranty or condition of any kind. This Warranty does not apply **(a)** to faulty and improper installation, maintenance, service, repair and/or alteration in any way that is not contemplated in the documentation for the product or covered in the operating manual for the product or normal maintenance, **(b)** to cosmetic damages, **(c)** if the product is modified or tampered with, **(d)** if the product is damaged by acts of God, misuse, abuse, negligence, accident, normal wear & tear and deterioration, improper environmental conditions (including, but not limited to, electrical surges, water damage and heat exposure) or lack of responsible care, **(e)** if the product has had the model or serial number altered, defaced or removed, **(f)** to consumables (such as batteries), **(g)** products purchased from an unauthorized distributor/reseller, **(h)** to damage that occurs in shipment or **(i)** to damages by any other causes not related to defective design, workmanship and/or materials.

*During the "Initial 12 Month Warranty Period", Termatrac will perform a calibration at no cost. It will be after the first 180 days and again after an additional further 180 days.*

## Annual On-Going Calibration

### After The "Initial 12 Month Warranty Period"

Termatrac devices are test & measurement instruments with sensitive circuitry that should be regularly tested and calibrated to ensure the sensors are operating within the expected range. The calibration process ensures that the 3 sensors and electronic components are working to specifications, and that all mechanical components, external connectors and outer case are in good condition. For instance, parts of the plastic casing are designed for sacrificial wear, and for optimum performance, these parts must be replaced at regular intervals. Software upgrades are included with calibration. From time to time we may introduce upgrades to our products outside the Terms & Conditions of the Annual On-going Calibration, and this may incur a cost. This would only be as a result of significant technological advances.

Freight cost to & from the Calibration Center is covered. Any components worn or damaged by normal use will be replaced. The calibration does not cover the PDA, batteries, power supplies, cables and connectors. It does not cover any damage caused by acts of God, misuse, abuse, water damage or excessive heat exposure.

Calibration cost will remain fixed for the first 3 years from date of purchase and thereafter will be adjusted for inflation.

## Terms & Conditions

**These are the Terms & Conditions upon which the Supplier may supply goods & services to an accepted payment plan Applicant.**

1. All goods and services supplied by the Supplier to the Applicant during any calendar month must be paid in full by the Applicant on or before the due date.
2. If the amount due is not paid in full on the due date by the Applicant, on or before the due date, then a CREDIT CHARGE will immediately become payable. This credit charge will be at the rate of 10% per month calculated on the amount remaining unpaid from the due date and until paid in full.
3. The Supplier reserves the right at all times to suspend or discontinue the supply of goods & services to the Applicant without being obliged to give any reason for this action.
4. Goods & services supplied by the Supplier shall remain the sole and absolute property of the Supplier as the legal and equitable owner until such time the Applicant has paid in full and including any outstanding charges. Goods supplied to the Applicant nevertheless are at the risk of the Applicant as soon as they are delivered to or ordered by the Applicant.
5. Such goods shall be held by the Applicant's bailee for the Supplier until payment in full has been made by the Applicant.
6. The Applicant's right to possession of the goods supplied by the Supplier shall cease if the Applicant, if not a company, commits an available act of bankruptcy, or if the Applicant is a company, a receiver or manager becomes entitled to take possession of assets associated with the company or any proceedings are instituted for the winding up of the company. Upon the happening of any such event, we may repossess the goods.
7. The equipment remains the property of Termatrac until the final payment is received. In the event that payments are not received as per your Termatrac Payment Plan agreement, the equipment will cease to operate. Upon receipt of final payment, the equipment will be reset to "purchased mode".
8. Laws are subject to the State of Nevada.

## Privacy

1. The Applicant is informed that personal information (including an opinion) relating to the Applicant be disclosed by the Supplier to a credit reporting agency.
2. The Applicant agrees:
  - a. To Supplier by obtaining from a business which provides information about the commercial credit worthiness of personal information concerning the Applicant or commercial activities or commercial credit worthiness and using this information for the purposes of assessing this application.
  - b. To any credit reporting agency giving to the Supplier a credit provider any credit information that may be bearing on the credit worthiness of the Applicant for any of the following purposes:-
    - i. To access an application from the Applicant
    - ii. To notify other credit providers of a default by the Applicant
    - iii. To exchange information with other credit providers as to the status of the account where the Applicant is in default with any other credit provider
    - iv. To access the credit worthiness of the Applicant at any time.

*The Applicant hereby agrees to the abovementioned and are bound by all the Terms & Conditions as set out above and expressly agrees and acknowledges that such Terms & Conditions have been read and fully understood. It is also warranted that the particulars are true and correct. This is a legal contract. Do not sign it unless you have read and understood the document.*
