Frequently Asked Questions

• When will my computer arrive?

The finance program is fastest way to get your computer. Your order will be placed the same day you are approved. It should take about a week to ship.

Is this a lease?

No, this is a financing contract. This system belongs to you including any tax benefits that may be available, you are only granting us a security interest in the system (similar to how you would grant your bank a security interest in your truck if you were financing your truck with your bank).

- How long does the maintenance policy last? 48 months, same as your finance contract.
- Who may I call to find the status of my shipment? Sharita Nelson at (480) 940-6507.
- What about sales tax? Not to worry, we handle this for you. Sales tax will be financed over the remaining 47 months.
- What if I need more than one computer? No problem, just complete the same paperwork for each system. When you submit your packages, just note you are ordering multiple systems.
- If I have a company, why do I have to personally guarantee the financing? We require all closely-held companies to be guaranteed by their owner. Our faith is really in you.
- Will I get a bill every month?

No, for your convenience, we will draft your checking account once a month. Depending on when your contract was processed, payments will be due on the 5th OR 20th.

- If I have a spare or need to return a spare, who do I call? Call McKee at 800-251-6346 and ask for the Ideas group.
