CF4

The CF4 is a compact manual potato chipper useful in restaurants and collective kitchens, designed for high outputs. The CF4 can be used to cut potatoes into different sized chips, by simply changing the pressure block and grid.

Cleaning is made easier by the use of polished aluminium and the easy removal of the parts in contact with the potatoes.

FEATURES

- Cast-iron body.
- Polished aluminium guide chute.
- Removable nylon pressure block.
- Stainless steel cutter block.
- The cut is clean and does not shred or create waste, both detrimental to the appearance of the chip and the quality of the frying oil.
- An access chute holds the potato lengthways.

- Long lever to reduce the force required.
- Cleaning is made easier by the use of polished aluminium and the easy removal of the parts in contact with the potatoes.
- Suction cup to attach the machine to the table.
