## Voice and Call Recorder for Mobile Phones - Bluetooth, 8GB

Product code: CVJP-B46

:  
Featuring one-button recording for phone calls and conversations, this Bluetooth Voice and Call Recorder is the easiest to use and most convenient digital audio recorder available. With plenty of features, 8GB built-in memory, and a free micro SD card slot, record everything!

Stylish and compact, this Bluetooth Voice and Call Recorder easily fits in your pocket to offer one-touch recording when you want it. Record on the fly as a instant voice

recorder, leave it in an empty room and set up voice activated recording, or even schedule recordings for a future date. Direct playback of the recordings is even made available through the built-in loudspeaker. With plenty of features and options, why buy a standalone digital voice recorder when this device offers so much more? But wait...

This Bluetooth Voice and Call Recorder also has the ability to record mobile phone calls! Simply connect it to your mobile phone through Bluetooth and keep a record of every call that comes in/goes out. Just imagine the uses: Your client calls and wants to negotiate a new contract with you, record the call to make sure you remember all the details! Or your wife calls with a shopping list for tonight's special dinner, record the call so you don't forget anything!
