MemoryVue™

Product Description:	MemoryVue MV-1040 Plus Multi-function Digital Frame – N.America
	The MV-1040 Plus is a full feature Digital Frame with substantial state-of-the-art features not found elsewhere. The MV-1040 Plus sports a high resolution, bright 10.4″ TFT screen that displays digital photos and video in vivid color. Set up as a slide show and play directly from a memory card. Includes a bonus audio slideshow function, so you can listen to music while a slideshow is playing. The number of images is only limited by the capacity of the memory card being used.
