

OAMS 1.2.04 Release Bulletin

Release Date: May 7, 2014

This release bulletin provides information on the fixes and improvements to OAMS slated for release.

Note

- If you would like to view a history of previous changes and release bulletins, kindly refer to: <https://confluence.id.ubc.ca:8443/display/OAMSH/OAMS+Release+Bulletins>
- In order to ensure you are accessing all the latest updates to OAMS please clear your cache and browsing history in your internet browser (Instructions for how to do this in Chrome and Mozilla are attached).

What's changed?

Bug ID	Category	Description
PROD-1470	Bug fix	Corrects problem where point of contacts were not displaying as a link if the "Unit" column was not added to the "My Point of Contact" dashlet.
PROD-1471	Bug fix	The "Previously Placed on Academic Discipline" and "Previously Placed on Non-Academic Discipline" checkbox displays have been removed from students' Academic profile tab. These displays were non-functional and have been removed to avoid confusion to users.
PROD-1472	Bug fix	<p>"Inbound/Outbound Documents" will now appear as one of the items listed under "Watch Events" when viewing your Watchlist, if you have chosen to watch for inbound or outbound documents. Previously this was displaying as a blank line.</p> <p style="text-align: center;">Watch Events:</p> <ul style="list-style-type: none"> • Changes to Advising Interaction • Changes to OAMS Student data • Inbound/Outbound Documents • Email Changes • Drop-In appointment • Front Desk inquiry • Phone appointment • Phone inquiry • Pre-booked appointment • Priority appointment • Other
PROD-1474	Bug fix	Some users were appearing more than once in drop-down lists because they had multiple SISC accounts. These user accounts have now been cleaned up.

Known Issues

The following list identifies items that the OAMS team has identified but has not yet resolved. The team appreciates your patience as we continue assessing defects and targeting fixes for future releases.
