

Congratulations on your new map single serve beverage system. For first time use, please follow these steps.

INITIAL INSTALLATION & SET UP

BELLA QUICK REFERENCE GUIDE

For household use only.

STEP 1 Carefully remove your new system from the box.

STEP 2 Fill water tank to maximum fill level.

STEP 3 Plug into grounded outlet and turn power switch on.

STEP 4 Place cup on drip tray.

STEP 5 All three beverage buttons and the red light should be blinking. Press the center button once and wait approximately 2 minutes for machine to dispense water from spout. The 3 beverage buttons will blink while the red light stops blinking to confirm the completion of this initial priming cycle. Repeat this step only if red light continues to blink.

STEP 6 After the priming cycle is complete, empty the cup and water from the used capsule drawer and then replace. The 3 beverage buttons will stop blinking to confirm that the machine is heated and ready to prepare your beverage.

USING YOUR SYSTEM

STEP 1 Select preferred capsule for brewing: MAP™ Capsules include espresso, brewed coffee and tea.

STEP 2 Raise the lever and gently place your selected MAP™ Capsule into the capsule compartment opening.
NOTE: Do not remove or puncture capsule foil.
CAUTION: Do not place fingers or other objects into the CBTL™ Capsule compartment opening.

STEP 3 Lower the lever completely. Wait for beverage buttons to be steadily lit.

STEP 4 Identify the appropriate beverage button based on your beverage selection

STEP 5 Push button. Brewing will begin in approximately 3 seconds, dispensing beverage into cup on drip tray (brewing process takes approximately 1 to 3 minutes depending on choice of beverage).

NOTE: Holding the button down for more than 2 seconds may recalibrate the machine's ideal beverage settings.
CAUTION: Extremely hot water is involved in making your perfect cup. DO NOT lift lever, open brewer assembly/water tank or place fingers under beverage dispensing area of drip tray while brewing..

STEP 6 Carefully remove your hot cup of delicious MAP™ espresso, brewed coffee or tea from the drip tray.

STEP 7 Raise and then lower lever to eject used capsule into drawer. Remove and dispose of the used capsule from used capsule drawer.
CAUTION: Capsule will be hot.
