6. Operation steps

1. How to connect your U910 with Bluetooth-enabled playback devices?

① Be sure your speaker battery has sufficient power.

② Turn on your speaker and it will be in Bluetooth mode automatically and ready for connecting. The blue indicator flashes...

③ Open the Bluetooth® of your mobile, search the "Gsou U910" device and connect to it. Usually you needn't to input password for most of Bluetooth playback devices, but due to the Bluetooth version varies, sometimes, you need to input the default password "0000"(four zero) if required.

④ Blue light remains steadily on to indicate successfully connected.

⑤ Run the music player of your mobile, and enjoy the loud but clear sound from your U910.

2. How to connect the U910 with your notebook pc by Bluetooth®?

(1) In the case of your notebook with the Bluetooth® function.

① Start your notebook, search the Bluetooth® device by "Start—Setting—Control Panel".

② Start the Bluetooth® searching function of your notebook, blue light flashes when searching the Audio-in devices.

③ Blue indicator light remains steadily on after connecting successfully.

④ You can play the audio music of the notebook by the speaker.

(2) In the case of your notebook without Bluetooth® function.

Please buy the Bluetooth® adaptor additionally. We suggest the adaptor with Bluetooth 4.0 version for high quality audio experience. After installing please start the Bluetooth® from the "Control Panel" or the shortcut of your pc desktop, please search for connecting, and the instruction steps are the same as the first case.

3. Answer/reject incoming call

① Short press the play/pause button to answer the call, and short press the button again to hang off after answering.

② press and hold the button 3 seconds to reject call.

4. How to play music by AUX-in?

Your U910 comes with a standard 3.5mm Aux in jack for connecting with other non-Bluetooth audio devices, eg mobile phones, mp3/mp4 players.pc. tablet pc and etc.

① Plug one end of the audio cable to the AUX in jack of the speaker and the other end connect to audio source AUX jack. The green indicator will remains steadily on.

② Your speaker will disconnect the Bluetooth®, switches to the external source play, as the external source of AUX-in mode is prior.

5. Enhanced mode

Enhanced mode is designed for a premium level of sound intensity and bass.

① make sure you speaker is working properly.

② Press the volume up and volume down button simultaneously to enter into enhanced mode.

The Blue indicator flashes to indicate successful operation.

③ Press the two buttons simultaneously to resume default mode.

6. NFC power on/pairing.

① Make sure your mobile phone has NFC function.

② Start your NFC from settings of your phone.

③ Tap your mobile phone to NFC area of the speaker. Your speaker will power on automatically. The indicator will flash.

④ Five seconds later, tap your mobile to NFC area again to activate NFC pairing. Choose yes when your speaker mobile showed: Pairing with Bluetooth"?

⑤ Your mobile phone will indicates "Paired with Gsou U910" Now you can enjoy wireless music.

⑥ Tap your mobile phone to NFC area again to disconnect Bluetooth.

7. Pair your speaker with two playback devices

Your Bluetooth speaker support to pair two playback devices at the same time.

① Follow step one to pair your Bluetooth-enabled playback device 1 to your speaker.

② Press and hold the play/pause button for two seconds to disconnect the Bluetooth connection. then the speaker will memorize the mac address of the playback device 1.

③ Follow step one to pair your Bluetooth-enabled playback device 2 to your speaker.

④ Then pair your Bluetooth-enabled device 1 again. Now you can play music by two playback devices

Please note the other playback device can not play audio when one playback device is playing. You need to pause one player if you want to play music by other device.

Note :

1. Your speaker will power off automatically within 15 minutes if you did not pair it with playback devices in order to save energy. You need to power on speaker again when use..

2. Bluetooth® compatibility note: U910 can be compatible with most of Bluetooth® devices with the different brands and models, but some individual Bluetooth® devices may have compatibility problem with the U910. If you need further assistance, please contact our technical customer service: 0086-755-83222871.

3. If your speaker paired with over 8 playback devices already. There will be

2 or more seconds delay for scanning and pair with new playback devices. Because your speaker need to scan the previous paired devices firstly to re-pair with them automatically. Simply to hold the previous track and next track button at the same time for 3 seconds to clean all the memory devices and resume default settings.
