IMPORTANT SAFEGUARDS

Before you use your Party Fridge, please read this owner's manual carefully.

Use this appliance only for its intended purpose as described in this owner's manual.

This portable party cooler must be properly installed in accordance with the installation instructions before it is used.

Never unplug your Party Fridge by pulling on the power cord. Always grasp the plug firmly and pull straight out from the wall outlet.

- 1) Repair or replace immediately, all electric service cords that have become frayed or otherwise damaged. Do not use a cord that shows cracks or abrasion damage along its length, the plug or the connector end.
- 2) Unplug your Party Fridge before cleaning or before making any repairs. **NOTE:** *If for any reason this product requires service, we strongly recommend that a certified technician perform the service.*
- 3) Do not operate your Party Fridge in the presence of explosive fumes.
- 4) The power supply must be properly grounded.
- 5) Do not use an adapter plug or extension cord.
- 6) Do not use the unit in the immediate surroundings of a bath, shower or swimming pool.
- 7) Before discarding or storing, we recommend that you remove the door and leave the shelves in place. This will reduce the possibility of danger to children.
- 8) Do not store food in party fridge as the interior temperature may not be cool enough to prevent spoilage.

INSTALLATION BEFORE USE

It is advisable to clean the inside of the Party Fridge with lukewarm water using a mild detergent, and then to dry it thoroughly prior to use.

The temperature in the appliance will depend on:

The temperature in the room

The frequency and duration of periods when the lid is open.

How many items are in the fridge

It may therefore be necessary to adjust the thermostat from time to time.

The refrigeration system of the cabinet is designed to operate with the cabinet located on a flat surface. Avoid tilting the cabinet side.

If the cabinet must be tilted on an angle for handling or moving purposes, allow it to sit in an upright position 20 to 30 minutes prior to plugging it in and starting the cooling of the storage compartment.

PROPER PARTY FRIDGE CARE AND CLEANING

Warning: To avoid electric shock always unplug you party fridge before cleaning. Ignoring this warning may result in injury.

General: Do not use harsh chemicals, abrasives, ammonia, chlorine bleach, concentrated detergents, solvents or metal scouring pads. SOME of these chemicals may dissolve, damage and/or discolor your party fridge.

- 1) Remove the contents of the appliance
- 2) Wipe the inside and outside surfaces with a damp cloth. The addition of vinegar to the water is good for the prevention of mold and fungus.
- 3) Take the lid apart as shown on the drawing and clean it.
- 4) Clean the bottom and the lid parts with lukewarm water and detergent.
- 5) Wipe all parts thoroughly after the cleaning.
- 6) Turn the slits in the sealing ring and in the hinge rubber strip downward when assembling the lid.

IMPORTANT:

When the Party Fridge is not in use it must be completely dry inside to avoid mold growth (if possible have the lid open).
