## Product highlights

### OLED bright display

OLED technology offers a super-bright display, allowing better animation to share with others.

### Mirror FX

Discover a magic screen with a special effect hidden behind the mirror. Mirror FX magic display effect uses a mirror to conceal an external display screen. The display screen reveals itself when the phone rings.

### Crazy animations

Crazy animations allow you to either enjoy a personalized alarm clock every 15, 30 and 60 minutes with a "crazy clock" gong or bells, or to choose 1 of 5 animal animations (turtle, frog, tiger, rabbit, or panda) to share smiles with friends.

### MMS messaging

MMS (Multimedia Messaging Service) allows you to use your mobile phone to send and receive pictures, video, and audio files with your text messages.

### BeDJ

The amazing BeDJ feature allows you to easily create, enjoy, and share your own music mixes anytime, anywhere for unlimited creativity with this real, portable mixing studio. Create your own sounds using predefined styles provided by famous international DJs, your phone's own polyphonic ring tones, or by downloading content via WAP, infrared, or MMS to mix up to 9 different tracks in real time.

### 65K color TFT display

Brilliant 65K color TFT display offers high contrast and high brightness with 65,536 gorgeous colors and ultra fine pitch for clear, bright color graphics and photos.

### 32-tone polyphonic melodies

32-tone polyphonic melodies can create simultaneous tones of different notes using MIDI format for more natural and realistic musical results, sounding just like a small orchestra of different instruments for outstanding sound effects.
