1 ▪ Important Safety Instructions

Before using the touch monitor, please read this user manual thoroughly to help protect against damage to your own and other people's property and ensure your own and other people personal safety.

- Be sure to observe the following instructions.
- For your safety, be sure to observe the warnings located in this manual.
- For installation or adjustment, please follow this user manual instruction and refer all servicing to qualified service personnel.

Safety Precautions

If smoke or peculiar smell comes from the monitor, remove the power plug from the outlet immediately.

Failure to do so may result in fire or electrical shock.
Contact your dealer for inspection.

If the monitor has been turned on but there isn't a picture, remove the power plug from the outlet immediately.

Failure to do so may result in fire or electrical shock.
Contact your dealer for inspection.

If water is spilled or objects are dropped inside the monitor, remove the power plug from the outlet immediately.

Failure to do so may result in fire or electrical shock.
Contact your dealer for inspection.

If the monitor is dropped or the cabinet is damaged, remove the power plug from the outlet immediately.

Failure to do so may result in fire or electrical shock.
Contact your dealer for inspection.

To turn off the power of the monitor, press "O" on the main power switch at side of monitor.

The power standby/on indicator will go off and the monitor cannot be turned on/off by using the POWER button on the remote control. (To turn on/off the monitor by the remote control, press the main power switch again and light the power standby/on indicator.)

- When turning off the monitor by pressing the POWER button on the remote control, the main power of the monitor is not turned off completely.
- To disconnect the monitor completely from power supply, remove the power plug from the outlet.

Press "O" to turn off the monitor completely

If the power cord or plug is damaged or becomes hot, turn off the main power switch of the monitor, make sure the power plug has cooled down and remove the power plug from the outlet.

If the monitor is still used in this condition, it may cause a fire or an electrical shock.
Contact your dealer for replacement.

Installation

(when installing the monitor, please follow the instructions in the user manual)

Don't install in a high-temperature environment.

If the monitor is used in high-temperature or in direct sunlight, it may cause the case or other parts become distorted or damaged resulting in overheating or electric shock.

Don't install in a high-humidity environment.

This may cause overheating or electric shock.

Don't install near any heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.

This may cause a fire or electric shock.

Don't overload outlets or cables beyond electrical capacity.

Don't use extension cords as it may cause a fire or electric shock.

Don't insert the power plug into an outlet other than 100~240V AC.

This may cause a fire or electric shock.

- Don't use a damaged power plug or worn outlet.

- Don't insert the improper power plug it may cause a fire and electric shock.

Don't place the touch monitor on an unstable shelf or surface.

The monitor may fall causing injury. Please install on a horizontal, stable, level surface.

Don't place objects on the touch monitor.

- If the touch monitor is covered or the vents are blocked, the monitor could overheat and cause a fire.
- If metal or liquid gets into the monitor, it may cause a fire or an electrical shock.
- Do not put heavy objects on the monitor as it may fall causing injury.
- Please keep a 10 cm minimum distance between the monitor and the wall for sufficient ventilation.

Don't move the touch monitor when it is connected to the power cord and AV cables.

- When moving the monitor, make sure to remove the power plug and cables from the outlet or source.
- When unpacking or carrying the monitor, at least 2 people are needed. Make sure the monitor is carried upright.
- Transport the monitor upright. Avoid placing the monitor face up or down.
- Handle the monitor gently. Do not drop.

Use

If you encounter a problem during installation, please contact your dealer for assistance. Don't repair or open the monitor by yourself.

Failure to do so may result in fire or electrical shock. Contact your dealer for inspection.

Protect and correctly use the power cord/plug.

- Don't press heavily on the power cord/plug.
- Don't step on the power cord/plug.
- Before inserting the power plug into the wall outlet, connect the power cord to the monitor.
- Don't operate the monitor with a damaged power cord or it may damage the monitor.

Using the extension cords (not recommended)

If an extension cord must be used, ensure the voltage rating exceeds the max power consumption of the monitor, if the voltage rating is less than the monitor, it will cause the extension cord to overheat.

Don't use any kind of liquid on the monitor.

- If liquid is spilled on the monitor, remove the power and ask an qualified service personnel to check the monitor.
- If the liquid gets on the monitor's screen, please clean it with a dry and soft cloth immediately.
- Don't use any harsh chemical on the monitor.
- If metal or liquid gets into the monitor, it may cause a fire or an electrical shock.

Don't install or remove the power plug with wet hands.

This may cause an electric shock.

If the monitor will not be used for a long period of time, unplug the monitor.

This may cause premature wear of electrical components or fire.

Don't push or shake the monitor.

This may cause damage or injury.

- If the glass of the monitor panel is broken, liquid may escape. Please don't touch the liquid.
- If liquid get into your eyes or touches your skin, wash with the clean water and seek medical attention immediately.

Precautions with the remote control batteries.

- Please only use approved AAA type batteries.
- Please be sure to insert batteries by matching the + and -.
- Don't recharge, heat, disassemble, short or throw batteries into a fire.
- Don't mix a new battery with a used one.
- Don't mix different types of batteries together (only use the specified type). Or, it may cause burn and injury.

Cleaning

If dust has collected on the power plug, removed the plug from the outlet and clean off the dust. Dust build-up may cause a fire.

Take off the power plug before cleaning.

Failure to do so may result in electrical shock or damage.

Cleaning the surface of the monitor.

- When the surface of the monitor becomes dirty, please wipe the surface lightly with a soft clean cloth.
- If the surface requires additional cleaning, lightly moisten the cloth with rubbing alcohol.
- Do not to let alcohol enter the monitor as it may cause electrical shock or damage.

2 ▪ Warning For Use

Use

- Do not use this touch monitor on the ground.
- Transport the monitor upright with proper packaging. Avoid placing the monitor face up or down. Be careful not to bump to the monitor.
- Do not send a static (non moving) image this monitor, or it may cause image 'burn-in' or image retention.
- "Burn in" and/or image retention is not covered under warranty.
- Make sure to change the image on the monitor periodically. It is recommended to turn off the monitor for at least 6 hours after 18 hours of usage in a day to avoid image retention.

Warning:

This is a class A product. In a domestic environment, this product may cause radio interference in which case the user may be required to make adequate measures.

Exemptions

- This product isn't warranted for any damage caused by natural disaster (such as earthquake, thunder, etc), fire, acts by third parties, accidents, owner's intentional misuse and fault, or uses in other improper conditions.
- This product isn't warranted for incidental damages (such as profit loss or interruption in business, modification or erasure of record data, etc.) caused by use or inability to use of this product.
- This product isn't warranted for any damage caused by inappropriate operation, or from not following the user manual.
- This product isn't warranted for any damage caused by misuse or malfunction through simultaneous use of this product and the connected equipment or software.
- This product isn't warranted for any damage caused by neglect of the instructions described about installation.
- This product isn't warranted for any damage caused by improper installation.
- This product isn't warranted for any damage caused by disassembly, modification or repair by non-authorized service center or people.

3 ▪ Features

High-resolution Full-HD 120Hz panel

This monitor supports a **1920 x 1080 HDTV** format and can display true **1.073G colors**.

Full array of PID connectivity

Video system Input

- HDMI x2
- COMPONENT (RCA) x1
- VIDEO (RCA) x1
- S-VIDEO (Mini Din 4 pin) x1

RGB Input

- PC (VGA D-Sub 15pin) x1
- PC (DVI D-sub 24 pin) x1

Communication

- RS-232C in D-sub 9pin
- RS-485 in/out

Other functions

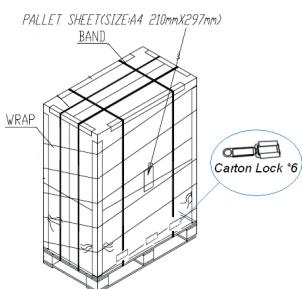

- High color saturation.
- 2 HDMI v1.3 inputs with HDCP.
- SPDIF output.
- Signal source auto detection.
- OSD keypad lock function.
- PIP/ PBP function. Please see the chapter "Display mode "
- Overscan function.
- Supports input main / sub source detection.

4 ▪ Package

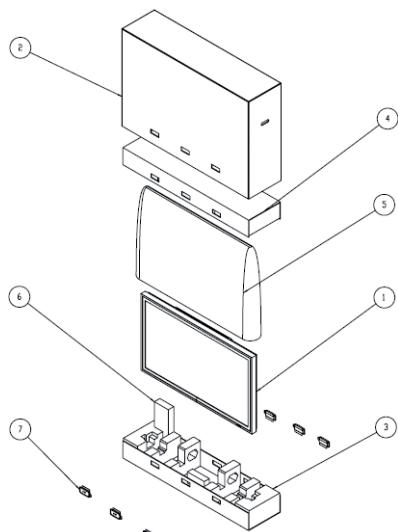

Unpacking

- The e-Screen 55" is packed in a carton box and may be banded to 2 types of custom pallet depends on the number of units shipped. The e-Screen 55" is packed using cushions to protect the monitor during shipping.
- Before unpacking your monitor, prepare a stable, level, and clean surface near a wall outlet.
- Set the LCD Monitor box in an upright position and open from the top of the box before removing the top cushions.

▪ Step 1: Remove the white handle and cut the banding

▪ Step 2: Remove the top cushion and take the accessories Bag out.

Item	Q'ty
1 e-Screen 55"	1 set
2 Carton	1 pcs
3 Bottom cushion	1 pcs
4 Top cushion	1 pcs
5 Packing bag	1 pcs
6 Accessories Bag	
Remote control	1 pcs

★ HOT KEY: OSD Menu Lock/Unlock Control

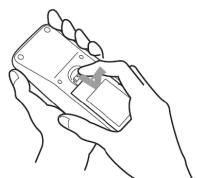

Lock: Press Enter, Enter, Exit, Enter, Enter and Exit on the controller by sequence and OSD will be locked.

Unlock: Press Enter, Enter, Exit, Enter, Enter and Exit on the controller by sequence and OSD will be unlocked.

Change the RCU Battery

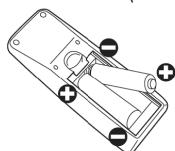

1. Remove the battery cover

- Slide back and remove the battery cover in the direction of the arrow.

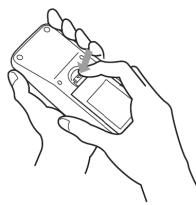

2. Insert the batteries

- Align and insert two AAA batteries according to their plus and minus ports (as indicated in the remote control)

3. Close the battery cover

- Replace the battery cover in the direction of the arrow and snap it back into place.
- Used batteries needed to follow the city rule to be discarded.
- Avoid keeping used, old batteries inside the remote control, causing leakage of internal liquid resulting metal rust or fatal damage to the remote control hand unit.
- Battery to be used according to the instruction

CAUTION

- Don't drop, shake or bump.
- Don't place on wet materials.
- Don't dismantle.
- Don't place in locations with exposure to high-temperature or high-humidity levels.

Display Mode

Turning the monitor on

1. Correctly insert the power cord into monitor and into the power outlet.
2. Ensure the AC switch is set to “—”.
3. Press the power button on the remote or side control panel.

Turning the monitor off

With the power on, press the power button on the remote or side control panel to put the monitor in a standby mode. To turn off power completely, turn the AC switch to “O” or disconnect the AC power cord from the power outlet.

NOTE:

If there is no signal input for a period of time, the monitor will automatically go to standby mode.

Adjusting the Volume

1. Using the remote, press the **VOLUME-** or **VOLUME+** to increase or decrease the volume.
2. Press the **MUTE** button to temporarily turn off all sound. To restore the sound, press the **MUTE** button again.

Selecting the input source

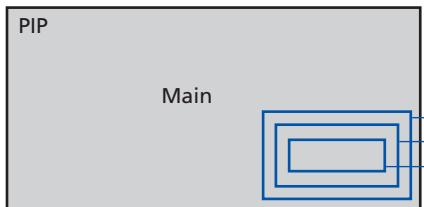

1. Using the remote, press the desired source button (VGA, HDMI1, HDMI2, COMP, VIDEO or S-V)
2. Or press **SOURCE** on the monitor keypad, use the arrow buttons (**▲ ▼**) to navigate to the desired input source, and press **ENTER**:
 - HDMI 1
 - HDMI 2
 - VGA
 - Component
 - S-Video
 - Composite Video
 - DVI
3. When the monitor cannot find a source, a “No signal” message will appear.

PIP mode

1. **Select the main source** – Using the remote, press the desired source button (VGA, HDMI1, HDMI2, COMP, VIDEO or S-V).

2. **Turn on PIP**: Using the remote, press **PIP**.

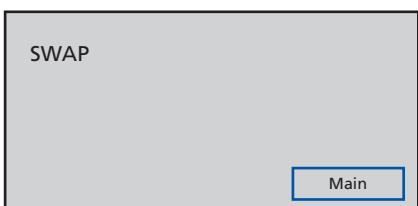

3. **To select the PIP/ sub-source**: Using the remote, press **P-SOURCE** and use the arrow buttons ($\blacktriangle \nabla$) to navigate to the desired sub-source. Press **ENTER**.

4. **To change the size and position of the sub-source**: Using the remote, press **P-POSITION** to toggle through the options.

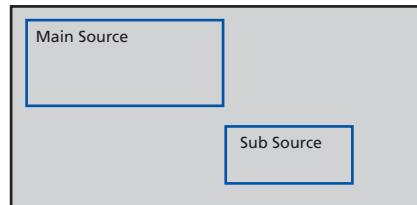

5. **To switch the main source and the subsource**: Using the remote, press **SWAP**.

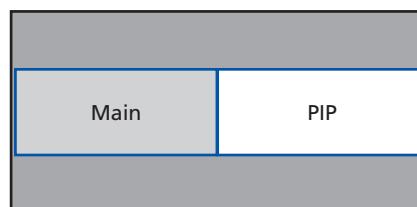

6. **To switch audio between the main source and the subsource**: Using the remote, press **AUDIO**.

7. **Note**: For additional **PIP** functionality, press **MENU** and navigate to the **Display Settings** menu. Use the arrow buttons ($\blacktriangle \nabla$) to navigate to the desired **PIP** feature and press **ENTER**. Press \blacktriangleright to toggle through the associated options and press **ENTER** to select the highlighted option.

8. **Side by Side (Picture-by-Picture)**: Press **P-POSITION** button choose "Side by side" mode, then the main source and the subsource will be on the screen display.

Default: Off

PIP Position

Options: Bottom-Right, Top-Left, Top-Right and Bottom-Left
Default: Bottom-Right

Aspect Ratio

Options: Full screen, Pillar Box, Letter Box
Default: Full screen

Side by Side Scale

Submenu Options: Zoom In, Zoom Out, Main, PIP, Default and Return

Auto Scan

Options: On, Off
Default: On

Select Source

Options: VGA, HDMI1, HDMI2, DVI, Video, S-Video, Component
Default: HDMI

Volume

Adjust the sound. Press **◀** or **▶**, select the desired level, and then press **ENTER**.
Range: 0~100
Default: 50

Bass

Adjust the sound in low tones (bass).
Press **◀** or **▶**, select the desired level, and then press **ENTER**.
Range: 0~20
Default: 10

Treble

Adjust the sound in high tones (Treble).
Press **◀** or **▶**, select the desired level, and then press **ENTER**.
Range: 0~20
Default: 10

Balance

Adjust the balance of the left and right speakers. Press **◀** or **▶**, select the desired level, and then press **ENTER**.
Range: 0~20
Default: 10

HDMI Audio Input

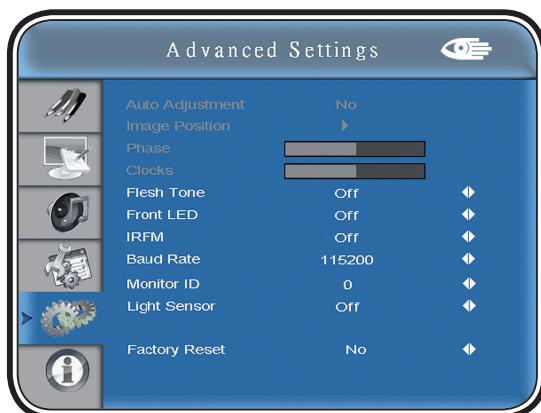

Select HDMI and PC audio input mode.
Default: HDMI

Basic Settings Menu

This menu is used to make initial set-up adjustments to the OSD (On-Screen Display) menu and other on-screen messages.

Advanced Settings Menu

OSD Transparent

Set the menu transparency. Press **◀** or **▶**, select the desired level, and then press **ENTER**.

Range: 0~100

Default: 0

OSD Location

Adjust the menu location on the monitor (Up, Down, Left, Right).

OSD Zoom

Options: On, Off
Default: Off

OSD Rotation

Select the OSD Rotation. Press **◀** **▶** select the rotation.

Options: 0, 90, 180, 270

Default: 0 degree

OSD Language

Options: English/German/Dutch/French
Default: English

OSD Timeout

Options: 5~120
Default: 30

Sleep Timer

Set a period of time after which the monitor will switch to standby mode automatically. Press **◀** **▶** to select the desired time limit.
Options: Off, 15, 30, 45, 60, 90, 120 Min
Default: Off

Real Time Clock

Set date, and switch alarm on and off. Use **▲**, **▼**, **◀**, **▶** to adjust these options.

Auto Adjustment

Forces the monitor to reacquire and lock to the input signal. This is useful when the signal quality is marginal. Note: This feature does not continually reacquire the signal.

Options: No, Yes; **Default:** No

Image Position

Image location can be adjusted (Only VGA Mode).
Options: Up, Down, Left, Right

Phase

Range: 0~63 (Only VGA Mode)

Clocks

Range: 0~100 (Only VGA Mode)

Flesh Tone

Options: Off, Low, Medium and High (Only Video Mode)
Default: Off

Front LED

Options: On and Off; **Default:** On

IRFM

Creates slight frame motion to help avoid image retention.
Options: On
Default: Off

Baud Rate

Options: 115200, 38400, 19200, 9600
Default: 115200

Monitor ID

Options: 1~ 255
Default: 0

Light Sensor

Options: On and Off; **Default:** Off

Factory Reset

Restores all settings to their default.
Options: No, Yes; **Default:** No

VGA ADC Settings

Select ADC setting, User ADC Calibration, and restore factory default ADC setting.
Options: Default, User
Default: Default

7 • Default Setting

System Status Menu

This read-only menu provides information on the active sources and the latest firmware version.

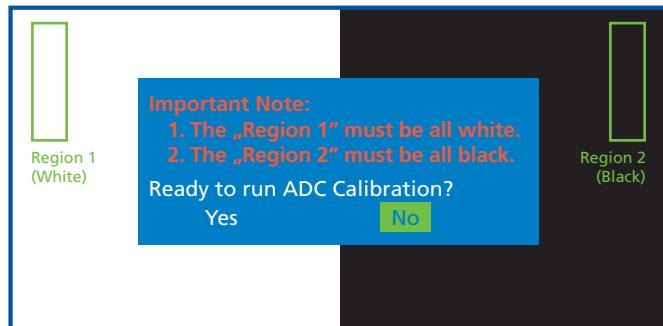

Item	Default Value
Power switch	Off
Brightness	50
Backlight	80
Contrast	50
Color Temp.	9300 K
Source Auto Detection	Off
OSD Language	English
Auto	Off
Monitor ID	01
IRFM	Off
Baud rate	115200

1. When using VGA as signal source, go to Advanced Settings in OSD menu and select VGA ADC Settings, then choose User ADC Calibration.

2. A warning message (see image below) will show to make sure proper image is displayed on screen before ADC calibration begins

- I. Image in the green boxes, displayed on both side of the screen, has to be white and black in order to run the calibration accurately (the black and white image can be made using software like Microsoft PowerPoint)
- II. The white in the left green box has to be the brightest white.
- III. The black in the right green box has to be the darkest black.

3. After proper image is displayed, click "Yes" to begin ADC calibration

4. During calibration process, the following image will show to notify user to wait for the calibration.

User ADC Calibration... Please Wait!

5. After calibration is completed, the display will notify user if the process is done successfully by different messages.

User ADC Calibration Finish!

User ADC Calibration Failure!

8 ▪ Touch Operation

1. Connect the signal cable to monitor, then turn on computer.
2. Connect the USB cable with monitor and computer.
3. Turn on the monitor (AC switch on).
4. Connect one side of USB cable (Type-B USB connector) on the monitor side. See below picture. (Check "Connection" section for exact location).
5. Connect the other side of USB cable (Type-A USB) to the USB port on computer.
6. Wait for 5 seconds and the touch function is ready to go. It can be activated by pen, finger, or any other pointer.
7. This touch monitor is Microsoft Windows 7 compatible. In order to activate, go to http://www.nextwindow.com/nextwindow_support/windriver.html to download the latest driver. Follow the direction in the **NW Multitouch Device Driver Installation Guide** (part of the compressed file along with the driver) to install the driver.
8. Once the driver is installed, restart the PC and the touch function is ready to go with MS Windows 7.
9. Operating Systems Supported:
 - I. Microsoft Windows:
 - i. Windows 2000, XP, Vista, and 7: Plug-and-play
 - ii. Driver required to run dual-touch/gesture on Windows 7 (works as a digitizer)
 - II. Mac OS: Plug-and-Play, Single touch only.
 - III. Linux: Supports Knoppix (based on Debian) distribution with the following requirements:
 - i. Linux 2.6 kernel series
 - ii. Evtouch Touchscreen Driver
<http://www.conan.de/touchscreen/evtouch.html>
 - iii. Single touch only
10. 4-Point Calibration Procedure: (Note: no calibration is required for first time use, however, the touch panel might be required for calibration over time depends on the usage)
 - I. Press the CAL button located next to the USB connector (see page 8, item 4 for location) or press the "Scroll Lock" key on the keyboard 6 times.

- II. Wait for the beep sound, and the cursor will move to near the upper left corner of the display automatically.
- III. Place finger, gloved hand, or any other pointer on the cursor, and stay for 2 seconds (a beep sound will occur when the pointer is placed on the cursor). Then the cursor will move to near the upper right corner automatically.
- IV. Repeat the procedure of item III until all 4 points is calibrated. (see image below for the places where cursor appears).
- V. Confirm by tapping anywhere between the 4 points. The calibration is completed and the touch monitor is ready to be used now.

	1280x720	33.716	59.94	74.176	○	○				○
		33.75	59.94	74.25	○	○				○
		27	24	74.25	○					
		33.75	30	74.25						
	1080p 1920x1080	56.25	50	148.5	○	○				○
		67.433	59.94	148.352	○	○				○
		67.5	60	148.5	○	○				○

"O" means that the timing is supported

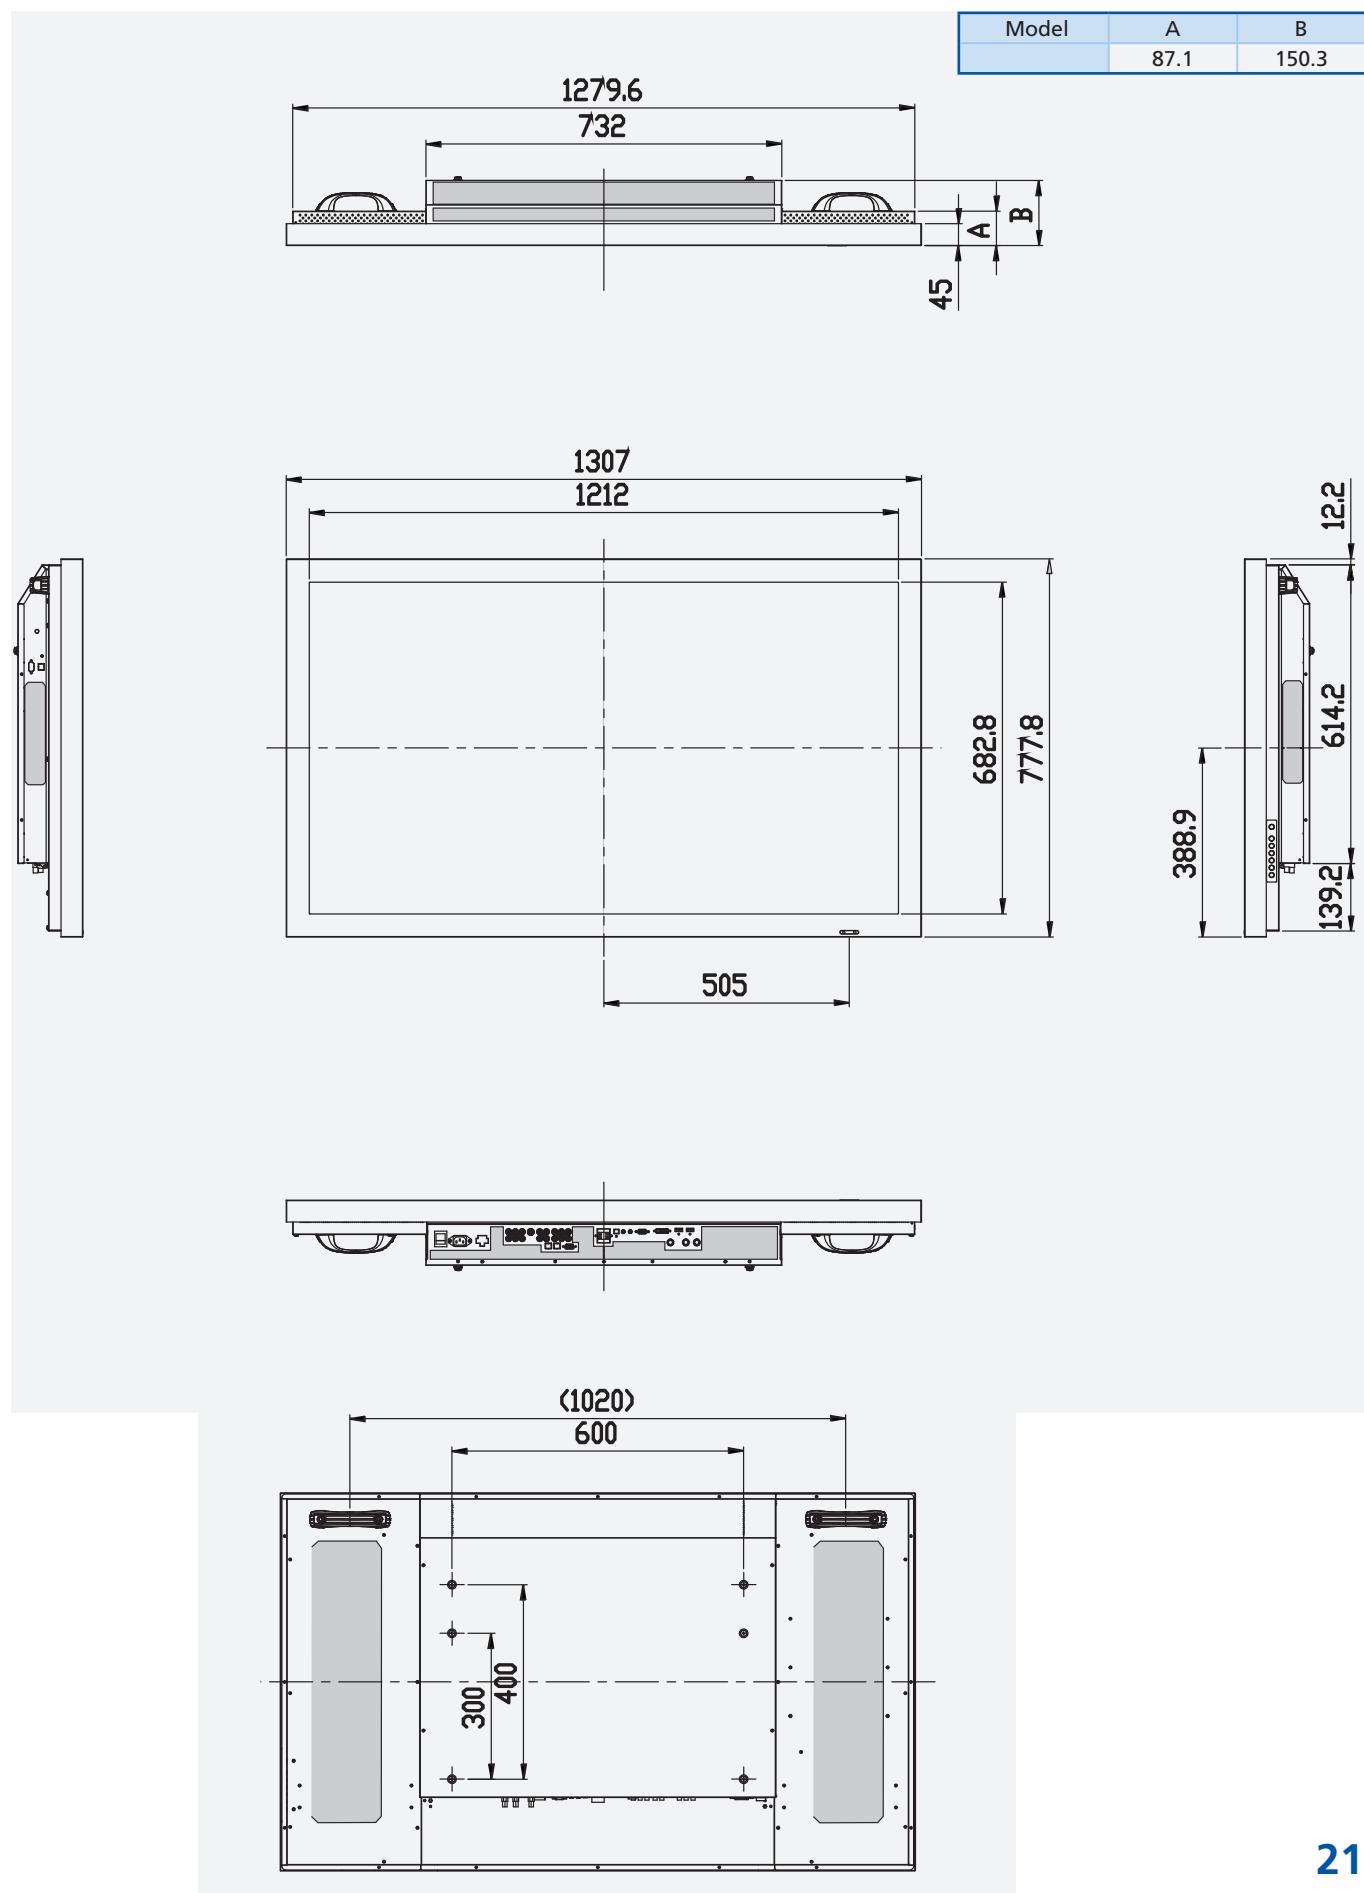

480i means that it supports 480i@60Hz(YPbPr)

576i means that it supports 576i@60Hz(YPbPr)

10 ▪ Specification

Item		Specification
LCD panel	Resolution	1920 x 1080 (HD monitor format)
	Brightness	450 cd/m ²
	Contrast Ratio	4000
	Response time (GTG)	4.5 ms
	Aspect Ratio	16:9
	Horizontal Sync.	Positive / Negative
	Vertical Sync.	Positive / Negative
	Connectors	HDMI x2/ VGA/ SPDIF/ DVI/ PC audio in/ IR Extender/ Audio amplifier (speaker ready)/ AV/Component/ S-V/ Audio in x2
Scan Rate	Horizontal	23~92 KHz (Analog) / 23~92 KHz (Digital)
	Horizontal	56~85 Hz (Analog) / 50~85 Hz (Digital)
Performance	Auto Adjust	Clock, Phase, H-Position and V-Position
	Screen Scaling	VGA/SVGA/XGA/WXGA/HD monitor Full Screen Display, WUXGA
	Power Management	VESA DPMS
	OSD Language	English/German/Dutch/French
	Power Input	AC 100V~240V
Dimensions & Weight	Operation Mode	≤273W
	Power Saving Mode	≤1W
	Input Frequency Range	50 - 60 Hz
	Rated Input Volt	AC 100-240V
	Dimension (WxHxD)	1307.0mm × 777.8mm × 150.3mm (61.7" x 37.1" x 5.9")
	Net Weight	56 KG
	Gross Weight w/ packing	66 KG
	Storage Temperature	Min -20°C ~ Max 60°C
	Operating Temperature	Min 0°C ~ Max 35°C
	Humidity	90% RH @40°C
Environmental & Safety	Plug and Play	DDC 2B Compliance
	RS232	D-Sub 9-pin / RJ-45 in & out
	OSD key	7 keys (, SOURCE, ▶, ◀, ▲, ▼, MENU /EXIT)
	Wall mount	Ø 400 x600 VESA standard
	Speaker	Input 1Vp-p, Output: 10W/4Ω x2
	Technology	Optical
	Method	Finger, gloved hand, or any other pointer
	Interface	USB (type B female)
	Transmittance	88%
	Operating System	Windows 2000 / XP / Vista, Window 7 (multi-touch requires driver), Mac OS X, Linux (requires ev touch)

Dimensions

11 ▪ Troubleshooting

Before calling service personnel, please check the following chart for a possible cause to the trouble you are experiencing. Perform the adjustments according to page 8 "Operation The Monitor".

- If the problem you have experienced isn't described below or you can't correct the problem, stop using the monitor and call service personnel or your dealer.

Problem	Check these things
No Display	Ensure the power plug is installed correctly on both ends. Check the main power switch is set to "—" Check that source equipment is operating correctly. Check the input signal is compatible with this display.
The image is not centered	Check the input signal is compatible with this display.
The image is not locked correctly	Check the input signal is compatible with this display.
The remote control doesn't work	Make sure the batteries fresh and are installed correctly. Ensure the remote is aimed at the IR sensor on the front of the display
The picture color looks poor	Check the picture settings. Reset the display. If you are using YUV terminals, make sure cables are correctly connected.

12 ▪ Compliance

FCC Compliance Statement:

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the quick setup guide and user manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at their own expense.

Warning

This is a Class A product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions :
 (1) this device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.

EN 55022_EN 61000-3-2_EN-61000-3-3

EN 55024_IEC61000-4

13 ▪ Appendix

Moving and Carrying Notice

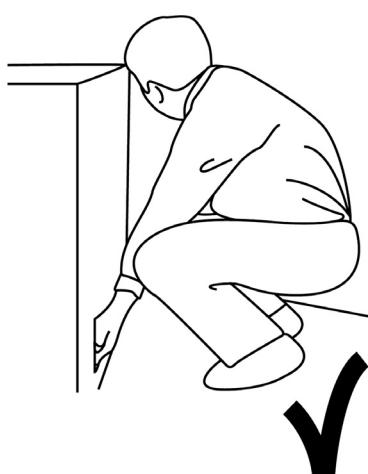

▪ Moving Notice:

Moving the monitor requires at least two people. If not, it may drop and a serious injury may result. Moving/shipping the monitor, please hold the white handles.

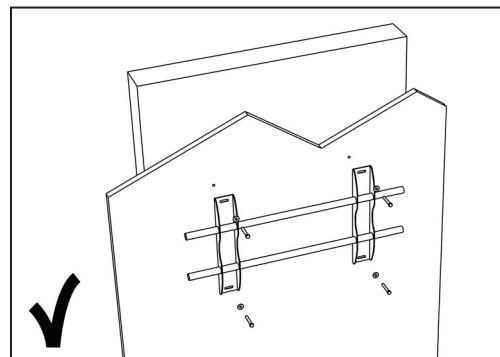

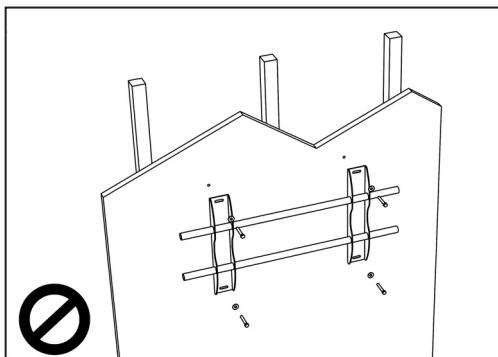

▪ Carrying Notice:

This monitor is heavy; please follow as below instruction, when you ready to carry the monitor. If not, it may cause an injury.

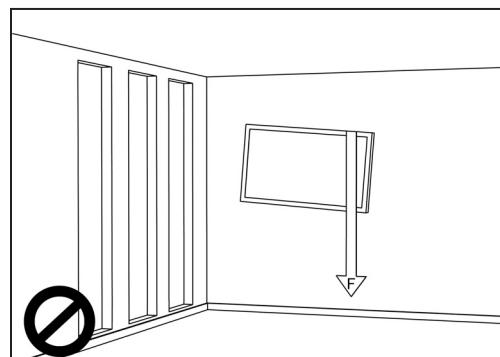

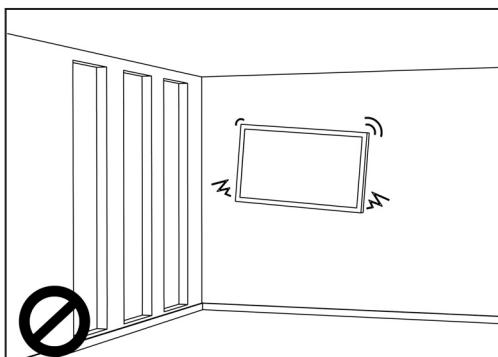

Wall Mount Safety Notes

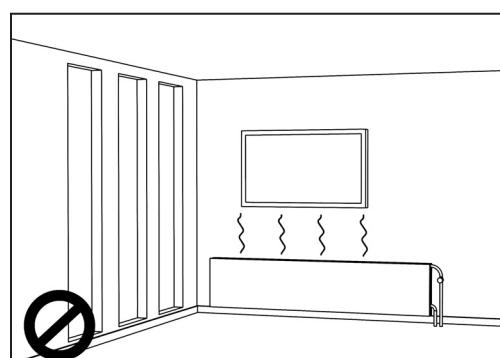

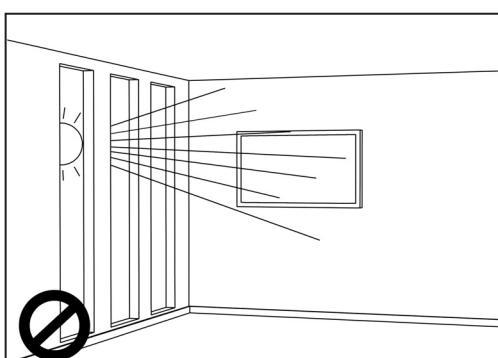

1. Please make sure if the bracket is fixed to the solid wall / solid pillar for fear of falling due to heavy weight.

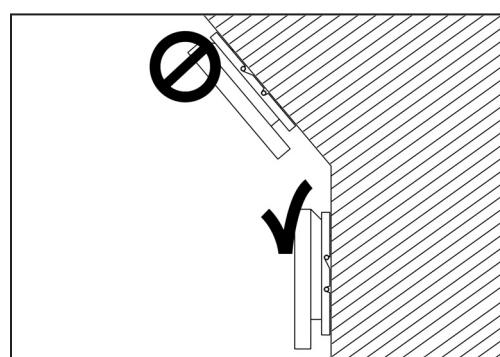

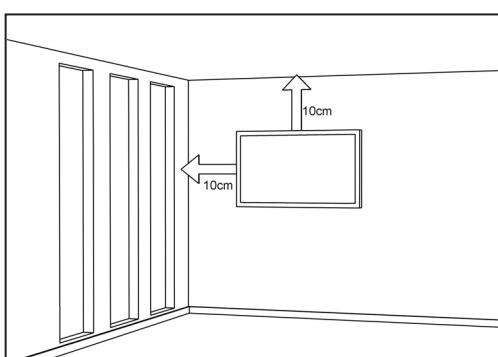

2. After assembling, please don't pull or shake violently.

3. Please don't install the bracket directly under the sunshine or humidity / high temperature places for fear that the quality is effected.

4. Installing the bracket over 10 cm from each wall side and begin vertical to the ground is the suggested installing position.
