Stayfit G Series: Treadmills - The Best in the Industry.

G Series Treadmills - Ensures that your motivation to reach your fitness goals will be there today and everyday.

The G Series from STAYFIT is the newest addition to an existing product line of top quality and precision to detail. These sleek new compact foot prints are some of the best in the industry, maximizing every square inch of space in your home. As in STAYFIT tradition, the G2/G3 Treadmill provides a softer deck cushion on front where foot impact takes place while providing dependable firm foot push off towards the back. This means significantly less stress on your ankles, knees, hips, and back. This provides the smoothest, most natural motion available. Find your motivation to reach your fitness goals by adding G Series Treadmill to your home today.

It's simple to monitor your progress with the easy-to-read LCD screen on G Series. Quick speed and incline keys, data feedback and challenging programs provide you all the tools necessary to meet your fitness or weight loss goals.
