INSTALLATION

PREPARING FOR USE

Operating instructions and safety warnings are given in separate manual 306-997; service instructions are given in the manuals for the separate components.

CONNECTING HOSES

Connect fluid hose to nipple on outlet manifold. Do not use thread sealer. Connect spray gun to swivel.

WARNING

NEVER exceed 120 psi (8 bar) air pressure to pump. At 120 psi, the pump develops up to 3600 psi (248 bar) fluid pressure. Be sure that any hose, valve, etc., that you use will withstand the pressures developed.

Connect a 1/2 ID static grounded air hose to the 1/2 npt air inlet union. You should have a bleed type master air valve in your air supply line so that you can shut off air before it reaches unit.

Flush unit as described in 306-997. If you have the stationary unit, install the filter conversion kit. Refer to manual 306-812 for instructions.

Troubleshooting and service instructions are given in 306-997 and the separate manuals for each component assembly.

THE GRACO WARRANTY

Graco Inc. warrants all equipment manufactured by it and bearing its name to be free from defects in material and workmanship under normal use and service. Scope of this warranty extends to the original purchaser for a period of 12 months from the date of purchase and is applicable only when the equipment is installed and operated in accordance with factory recommendations. The warranty does not extend to damage or wear caused by misuse, abrasion, corrosion, negligence, accident, faulty installation or tampering in a manner to impair its normal operation.

In the event the equipment supplied by Graco Inc. is found to be defective within the above-stated 12-month period, Graco Inc. will repair or replace free of charge such defective parts if rendered prepaid to the factory or to an authorized Graco service agency and is found by Graco Inc.'s inspection to be truly defective in workmanship or material. In the event said material is deemed defective in workmanship or material, it will be corrected and shipped transportation prepaid within the continental U.S. If inspection of any such equipment by Graco Inc. does not disclose any defect in workmanship or material, repairs will be made at a reasonable charge. Purchased assemblies which are incorporated into Graco equipment, carry the manufacturer's regular warranty.

The foregoing warranties are exclusive, and are in lieu of all other warranties (whether written, oral or implied) including warranty of merchantability in other respects than expressly set forth above and warranty of fitness for a particular purpose. Except as herein provided, every form of liability for direct or consequential damages or loss is expressly excluded and denied.
