WHAT IS INCLUDED:

CAUTION: Do not use sharp objects whilst unpacking this product

- 1x FLAT0307
- 1x Warranty Card
- 1x User Manual

Please note: Some of the items above may be fitted to the product by the manufacturer.

SAFETY INSTRUCTIONS:

Please read these instructions carefully. It includes important information about the installation usage and maintenance of this product.

- Please keep this User Manual for future consultation. If you sell the unit to another user, be sure that they also receive this instruction booklet.
- Always make sure that you are connecting to the proper voltage and that the line voltage you are connecting to is not higher than that stated on the rear panel of the fixture.
- This product is intended for indoor use only! To prevent risk of fire or shock, do not expose fixture to rain or moisture.
- Make sure there are no flammable materials close to the unit while operating.
- The unit must be installed in a location with adequate ventilation, at least 50cm from adjacent surface. Be sure that no ventilation slots are blocked.
- Always disconnect from power source before servicing or replacing fuse and be sure to replace with same fuse source.
- Secure fixture to fastening device using a safety chain.
- Maximum ambient temperature is 40°C. Do not operate fixture at temperatures higher than this.

- In the event of serious operating problem, stop using the unit immediately. Never try to repair the unit by yourself. Repairs carried out by unskilled people can lead to damage or malfunction. Please contact the nearest authorized technical assistance center.
- Never connect the device to dimmer pack.
- Make sure power cord is never crimped or damaged.
- Never disconnect power cord by pulling or tugging on the cord.
- Never carry the fixture directly from the cord. Always use the hanging/mounting bracket.
- Avoid direct eye exposure to the light source while it is on.

POWER:

CAUTION: This lighting effect is designed to operate at 240V.

Power Consumption: 23W

FUSE:

CAUTION: Only use the correct fuse as specified on the rear panel of the lighting effect.

Disconnect the lighting effect from the mains before attempting to replace the fuse.

To replace the fuse please follow the following steps:

- 1. Remove the fuse holder cover with a screwdriver.
- 2. Remove existing fuse.
- 3. Fit new fuse.
- 4. Refit the fuse holder.

Fuse: M205 1A fast blow

INSTALLATION:

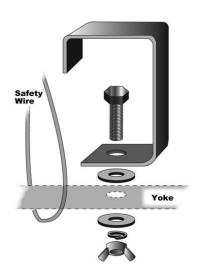

CAUTION: For safe mounting read the following instructions carefully.

- Use suitable hook clamps* for hanging the lighting effect.
- Use a safety wire* with a breaking strain of more than double the lighting effect.
- Do not look directly into the light source.
- Make sure the lighting effect has suitable ventilation as per the instructions below.
- This lighting effect is intended for indoor use only.
- To avoid electrical shock keep away from rain and moisture.
- Keep unit out of reach from children.

NOTE:

Use washers* and spring washers* when attaching your hook clamp* to the yoke.

- 1. For installation of the hook clamps* and safety wire*.
- 2. This lighting effect must be 0.5m away from any flammable materials or any walls or ceilings.

3. Do not block or inhibit the air flow from the ventilation holes.

Light Emotion have various hook clamps* and safety wires* suitable for your PAR 64LED Please contact your local dealer for more information *Not included.

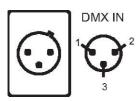

MAINTENANCE & PERIODIC CHECKS:

CAUTION:

Some maintenance and checks may require the product to be opened and should only be done by qualified persons. Warranty may be void if damage has been caused by improper maintenance.

DMX LEAD:

The DMX lead is used to link up multiple units.

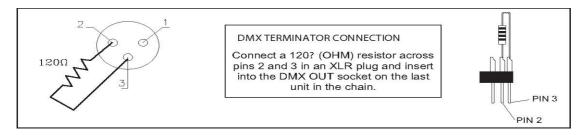

DMX512			
PIN	FUNCTION		
1	GND		
2	DATA		
3	DATA +		

DMX TERMINATOR:

A DMX terminator helps to reduce 'noise' on the DMX chain, and makes the light respond to control more accurately. It should be plugged in to the last fixture in any chain.

FEATURES:

Manual dimmer color mode Sound active mode Auto-run program mode Static color select mode Other program select mode DMX mode

OPERATION:

There are six kinds of running modes which are selected by 'MODE' button. The DP dot of fourth digital display will be flicking when you operate it, and then the DP dot will automatically turn off after 60 seconds if there is not any other operation. The four digit display will show the current operation mode. You have to press the 'MODE' button if you want the display to show again.
