Introduction

The Foursomes component of the ATMS is used in the event of a foursomes format of tournament being required. It is designed so that two players form a foursomes pair/team.

This manual merely covers the Foursomes component of the ATMS. The user should be familiar with the basic strokeplay tournament.

2 Creating a Foursomes Tournament

2.1 Creating a Tournament in Competitions

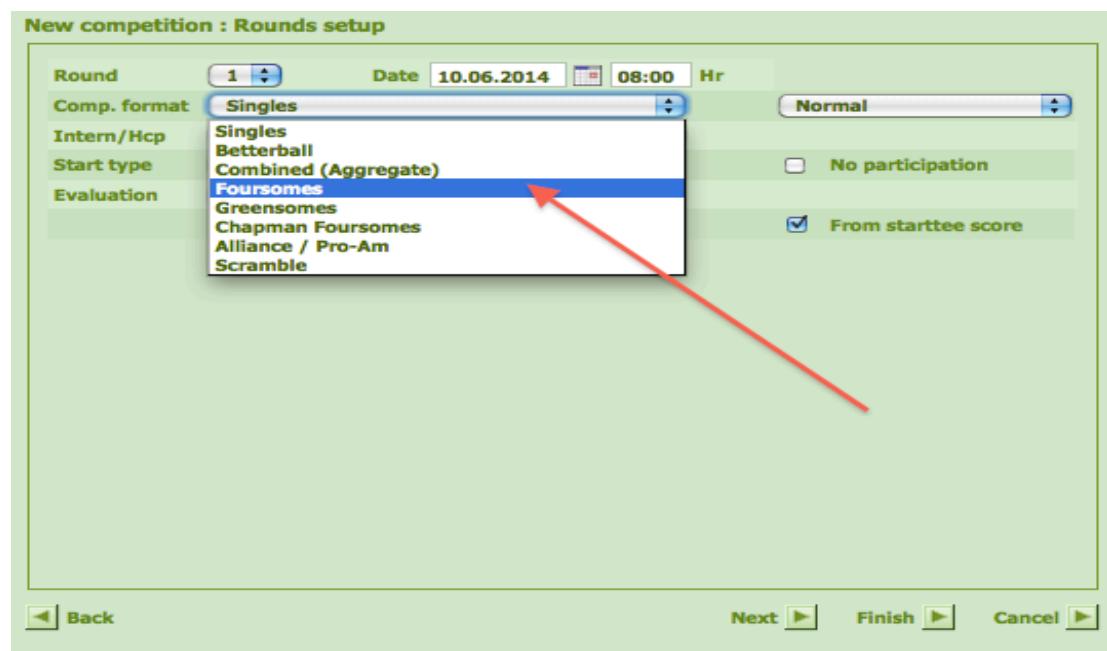

For a Foursomes event you need to create the tournament in the “Competitions” side of the ATMS as you would do for a Stroke Play event. To do this you need to click on “Competitions” and then click on “New competition”

The screenshot shows the ATMS interface with the 'Competitions' tab selected. A red box highlights the 'New competition' button. The main panel displays a form titled 'New competition : Enter initial parameters' with fields for Name, Club, Organizing club, Number of rounds, First round date, and various entry dates. Buttons at the bottom include Back, Next, Finish, and Cancel.

Figure 3

Enter all the parameters for the tournament. The name, club, date and number of rounds. Under round setup select Foursomes for the Comp. format. This needs to be done for all rounds. Medal or Stableford can be selected.

The screenshot shows the 'Rounds setup' screen with a dropdown menu for 'Comp. format'. The 'Foursomes' option is selected and highlighted with a blue bar. Other options in the list include Singles, Betterball, Combined (Aggregate), Greensomes, Chapman Foursomes, Alliance / Pro-Am, and Scramble. Buttons at the bottom include Back, Next, Finish, and Cancel.

Figure 4

Select Tie's and click 'Finish'

Figure 5

Loading of course, Tee allocation and adding players needs be done as per a stroke play tournament. If you require any assistance in setting up a tournament please consult the ATMS User Manual.

2.2 Creating the Foursomes Teams
