TOSHIBA

Always connected.

Fully integrated Wireless LAN means the Pocket PC e750 WiFi lets you go anywhere in your work environment while staying connected to the network at all times. Out of the office, connect to the Internet through wireless Hot Spots. Built-in InfraRed also supports easy data transfer and synchronisation.

Phenomenal power.

Driven by the powerful new Intel® PXA 255 processor running at 400 MHz, the PDA breezes through web browsing, video streaming and spreadsheets. The multimedia performance is awesome too, thanks to ATI IMAGEON™ 100 graphics, audio and video technology, and a large 3.8" TFT colour display offering crystal sharpness in all light levels.

Totally expandable.

Use the Secure Digital™ slot to include instant Bluetooth™ capability or add up to 256 MB of extra storage. The standard CompactFlash™ slot provides even more expansion options, such as a modem card. Toshiba's optional Expansion Pack also enables direct USB porting and VGA output.

Maximum independence.

Use the exchangeable standard battery to stay on top of business. Or add the optional high-capacity power pack for greater independence. In addition to the 32 MB Flash ROM and 64 MB RAM, the e750 has a 32 MB NAND Flash Memory offering additional data reliability.

Ultra-stylish & ergonomic.

At just 125 x 80 x 16 mm and weighing 196.5 g, this lightweight powerhouse can be carried in a pocket all day long. Quick-access buttons and 5-way navigation make it supremely easy to use. Also included are an integrated microphone, speaker, headphone jack and one-touch voice recording function for memos.

Model	Pocket PC e750 WiFi
Processor	Intel® PXA 255 processor
Clock speed	400 MHz ¹⁾
Display	3.8" transreflective TFT colour display
Internal video mode	Maximum number of colours: 65,536, resolution: 240 x 320
System memory	64 MB SDRAM, 32 MB Flash ROM, 32 MB NAND
Graphics adapter	ATI IMAGEON™ 100
Pointing device	Touch screen for stylus or fingertip
Wireless communication	Wireless LAN (802.11b network support, Wi-Fi™ compliant), InfraRed (IrDA)
Sound system	16-bit stereo, built-in speaker, microphone
Interfaces	Built-in microphone, built-in speaker, cradle connector, DC-in, external microphone, headphone (stereo), InfraRed (IrDA), SD™ card slot (supports SD™ memory card, SD™ IO card, MultiMedia card), USB client via cradle connection, voice recorder, CF™ II card slot
AC adapter	Autosensing AC adapter (100/240 V) for worldwide usage
Battery	Technology: exchangeable advanced lithium-ion main battery, backup battery, optional high-capacity battery pack
Operating system	Microsoft® Pocket PC 2002
Bundled software	Adobe® Acrobat Reader® for Pocket PC, application launcher (home), back-up utility, backlight management tool, calculator, IA presenter, Microsoft Windows® Media™ Player 8.5 for Pocket PC, Microsoft® Active Sync® 3.5, Microsoft® Outlook 2000, Microsoft® Transcriber, MSN® Messenger, Pocket Excel, Pocket Outlook®, Pocket Word, power management tool, Solitaire, system information tool, Wireless projector utility for Pocket PC, Wireless LAN utility, Pocket Internet Explorer, Inbox
Bundled hardware	AC adapter, Quick Start guide, soft case, stylus, USB cradle, user manual
