FOR USE WITH
Wii™

DR-8012 Wii Charging Station User Manual

The Charging Station provides a convenient and impressive way to charge your remote.

Set Up

- 1. Plug the USB Cable of the Charging Station into your console.**
- 2. Replace your remote batteries and battery cover with the included rechargeable battery pack.**
- 3. Place your remote into the slot. RED glowing LED colour lets you know that your remote is charging.**
- 4. When the LED colour turns GREEN your remote is fully charged and ready for use.**
- 5. The battery pack will only charge when the Wii™ console is powered on.**

Rechargeable battery pack note: Battery pack features a small "sync" hole for syncing your remotes to your console without removing the cover.
